Mr. Farmer!

You can have 600 bushels of grain cleaned at your Seed Cleaning Plant for 12 years for what you would pay for a small fanning mill . . . after 12 years you will need a new one.

You can also get your grain treated the modern way for the price you pay for materials.

So why not have your grain Cleaned and Treated the modern way, instead of just removing the horse shoes and long straws?

your Local
Seed Cleaning Plant
AL. COULBOURN, MGR.

ELECTRICITY

Many, many homes today have wiring that is hopelessly inadequate. Following information from the Consumers' Reports is important for everyone.

With or without adequate total power, the layout of the wiring system may be inconvenient and inflexible. This is true if you have to grope through dark rooms to find a switch, swing your arms wildly to find the pull cord for a light, use many extension cords or harbour an "octopus" conglomeration of cords plugged into a single outlet.

A number of temporary solutions to these problems will occur to any ingenious home handyman. The most common "solution" to the problem of blowing fuses — inserting larger fuses — not only is no solution, but is a dangerous practice. The fuse is designed to protect your wiring against excess current which will make the wires heat up extensively. Such heating wastes electricity (for which you pay) and eventually may cause deterioration of the insulation, creating a fire hazard.

If total power is adequate, you can get rid of an octopus effectively by providing additional outlets, possibly with do-it-yourself surface wiring. Remember, however, that you do not get extra capacity by providing additional outlets.

As inadequately wired homes greatly outnumber those with adequate wiring, chances are that, unless your house is both new and well-planned, you will need some rewiring — possibly only to distribute the loads more efficiently between your various branch circuits but more likely to increase the total capacity.

If you do require more power, your chances of getting a thorough rewiring job suited to your needs can be greatly enhanced if you devote some study to the subject. The bulletin "Bright Ideas for Ladies" or "What to Teach Husbands About Electric Wiring" is available from my office, free of charge.

It is written so that anyone can understand it and tells how to determine if your wiring is adequate or if it is inadequate.

Once you are familiar with the information in this booklet, you should consult both a reliable contractor and your power company for help in drawing up detailed plans.

When you have a detailed plan that satisfies both present and future needs, you are ready to hire a contractor.

A home-owner who has not gone through the preparations just outlined, can be very much at the mercy of an electrical contractor.

The consumer can, however, protect himself to some extent by following these steps: Obtain bids from at least three contractors, with detailed specifications of the materials to be used. When comparing bids, be sure that all of them cover the same work and materials. Do not pay for the job until it has been inspected by an authorized building inspector.

Unless you happen to be a qualified electrician, you should not try to do the job yourself. Even an experienced amateur is likely to run into difficulties on a big installation. And, so nally, your fire insurance contract may be made invalid if you tract may be made inavlid if you do the electrical installation by yourself.

WILDWOOD EAST

Congratulations go to Mr. Marshall H. Stone who celebrated his 95th birthday last week.

Congratulations also, though belated, to Mr. and Mrs. Ralph Shaner (nee Alberta Drysdale), on the birth of a son in Edmonton.

Mrs. David Jack has returned to the Islay hospital for a few days rest.

Mr. and Mrs. Gale Gerbig and family spent the week end at Lashburn.

Mr. Clifford Shoidice made a week end trip to Edmonton.

Mrs. Robert Drysdale had her brother Mr. E. Simmons for a short visit recently.

Mr. and Mrs. Shaw and family were visitors at the Gerbig home last week.

The Hugh Hilts family of Lloydminster were guests of relatives and friends in the neighborhood. Their son Marshall and family for a week end visit.

Messrs. D. Jack and C. Shoidice made a hasty trip to Camrose recently.

Mr. Karl Marklund is representing this territory in the F.U.A. march on Ottawa.

Bowtell Bulletin

Nine members and one visitor, Mrs. K. Riedale, were present at the March meeting of the Loafer's club held at the Williams home. It was decided to hold a dance in the Morrison community hall on March 20. Six ladies have kindly consented to clean the hall for the occasion. Mrs. B. Gould won the lucky draw. The April meeting will be held at the home of Mrs. J. Payne. This is the annual meeting.

Mr. and Mrs. G. Millar visited Wednesday evening at ye writer's.

We are sorry to report at time of writing that Don Harrison and Mrs. J. Morrison are both patients in city hospitals.

A card party will be held on March 14 in the Bowtell hall sponsored by the Loafer's club.

McLaughlin's Self-Serve

Mannville and District Local News

Sympathy of the town and district is expressed to Mrs. Jensen and relatives of the late Chris Jensen, who passed away March 7th in the hospital.

Visiting at the home of the Rev. and Mrs. Harry Shell is Rev. Leslie Corness who served the Anglican parish here a few years ago. Les has been posted at Frobisher Bay for the past year or so and has some interesting stories of the Eskimo life. Ill health has forced him to return to his home in Edmonton. Mr. Shell and Mr. Corness were members of the same A.Y.P.A. in Edmonton.

OBITUARY

MINNIE E. McCLELLAN

Funeral services for Mrs. Minnie E. McClellan, widow of the late Norman McClellan, who passed away February 15th at the age of 84 years, were held at the Foster and McGarvey Funeral chapel, on Tuesday, Feb. 17th at 8 p.m. Rev. J. W. Bainbridge officiated and in the Vermilion United church on Thursday Feb. 19th, at 1 p.m. Rev. C. W. MacKay officiated. Queen Esther Chapter No. 22, Order of the Eastern Star assisted. Interment took place in the Vermilion cemetery. The pallbearers were Messrs. S. C. Heckbert, L. Robinson, A. Kibblewhite, O. Repp, M. Barr and F. Scott. She is survived by one daughter Mrs. L. E. (Evelyn) McEachern of Edmonton; two sisters-in-law, Mrs. W. S. Walker of Pompano Beach, Florida, and Mrs. G. H. Walker, Clifford, Ont; one brother-in-law, Mr. J. K. McClellan, Winnipeg.

Many beautiful floral tributes were received from:

The Family, Dan and Mabel; Eleanor, John and family, Gertrude, Clifford, Ont.; Mr. and Mrs. S. C. Heckbert; Officers and Members, Queen Esther Chapter, O.E.S.; Claude and Louise Bishop; Mrs. Beecroft; Bert and Beryl Rosebrough; Margaret and Harry; Howard and Dorothy Singleton; Mrs. Parker and Kathleen; The Vermilion Agricultural Society; Mrs. Dupuis, Lyle and Annabelle Robinson and family.

Flowers to the house: Rhodema Walker and family, Florida; Staff of Henry Birks; Bert; Pat, Lil, Doreen and Jim; Doris and Ken; Mr. and Mrs. O. Repp; Bean, Nan and family; Anne and Finlay Ross; Bob and Reg Scott.

Donations to the Cancer fund: Mr. and Mrs. R. Jory; Mr. and Mrs. Wm. Armstrong; Mr. and Mrs. Tom Sherwood; Miss A. Keith; Mr. and Mrs. Gerry [illegible]

Donations to the Eastern Star Memorial fund: Macnab Family; Mr. Roy Walker; E. M. Stewart Family; Mrs. S. Carroll.

Gideon Bibles: Mr. and Mrs. [illegible]

Donations to the United Church Memorial fund: The Kibblewhite Family; Hiram, Lena and Elma Hodgins; Mr. and Mrs. Bill Walker and son; Mr. and Mrs. M. Barr.

Donations to the Heart fund: Mrs. Nellie McFadden.

Donations to the Cemetery fund: Mr. and Mrs. Knutson, Maybelle and Harold; Mr. and Mrs. Bert Duncan; Mr. and Mrs. J. Hardie, Donald and Jean Harrison.

Donation to the St. Saviour's Memorial fund: Mrs. Elliott, Lottie and Ken.

CARD OF THANKS

Lloyd and I wish to thank the many friends for their kindness, sympathy, memorial gifts and floral tributes during our recent bereavement in the loss of my dear mother. Also for the lovely cards and letters of sympathy which we received. They are and will be a source of comfort for some time to come.

Evelyn McEachern.

Miss Betty Proudfoot was a visitor at the parental home this week end.

A new TV antenna is seen at the Spud Croft home.

Mrs. Bryden had her daughter Betty visiting her recently from Vancouver. Her married name is Mrs. Quackenbush.

Miss Kay Sutton motored to Edmonton Sunday and returned Monday afternoon accompanied by Harold Corkle.

Mr. and Mrs. Chris Hamilton returned from the capital city after spending a few days with their daughters.

Mr. and Mrs. Orville Boe were Mannville visitors with their family over the week end.

At least four Mannville rinks are entered in the Women's Bonspiel in Vermilion Tuesday and Wednesday. We hope to publish favorable results next issue.

Mrs. Ian Holter accompanying Mr. and Mrs. H. Doherty, journeyed to Edmonton to visit her husband who is a patient in the University hospital.

Miss Corinne Ewing is visiting at the home of Mr. and Mrs. Cliff Emmott.

Miss Susan Allen accompanied her grandfather home for a visit, on his return from a visit to son Bob in Edmonton.

The Mannville carnival was postponed to March 14 due to inclement weather. It is hoped that with the return of cooler temperatures the young folks may enjoy their annual event.

News from Tulliby Lake

The annual meeting of the Lea Park R.E.A.L. (power association) was held on the afternoon of Feb. 28th in the Tulliby Lake Central school with a rather disappointing attendance of only eight members and one visitor. The minutes of the previous meeting were read and adopted as such. This was followed by a general discussion period.

The latest arrangement of the Alec Marshe's to feed and water their cattle at Jimmie Lee's dam has run into a snag as the dam has gone dry. They are now caring for the herd at a slough on the St. Margaret's school section just north-west of Bill Warkentine's house.

Mr. and Mrs. Ingver Belsheim enjoyed themselves recently on a trip to B.C., taking in the sights of Vancouver and Victoria.

Molly Ward kept the home fires burning.

We hear with regret that Mrs. Wesley Hayes is a patient in the hospital at Elk Point.

Eric Rotherham and Charles Gullickson moved the telephone from the old teacherage into the new one.

Wesley Hayes and Charles Gullickson were on a fishing trip to Laurier Lake and came home with a good catch of lovely perch.

Mr. and Mrs. Johnnie Kipps Sr. are visiting several of their friends and relatives at various points in B.C.

It's nice to see Mrs. Roy Morris home again from the Elk Point hospital.

—S—

ELECTION CARD
TO THE RATEPAYERS OF DIVISION 1
M. D. OF MINBURN No. 72

I have served you faithfully as your Councillor for the past seven years. During that time I have gained a lot of valuable experience. I feel that I am in a position, having had that experience, to serve you better. I will be happy to continue if that is your wish.

Please vote at the coming election on the 23rd of March, and express your desire

Castle Scott.

Vancouver Sports Writer Has Praise For Brent Macnab, Vermilion Man

Al Hooper, sports writer for the Vancouver Province recently wrote a column entitled "Canuck Defence Great." In the article he has great praise for Brent Macnab of Vermilion in these words "Brent Macnab, who has arms like debarked trees and weighs 180 pounds and Garry Blaine who also has arms like debarked trees and weighs 200 pounds form the gristle of the best defence in the western hockey league. It belongs to the Vancouver Canucks, and has done all year. Macnab, known as "Stubs" to his friends and inmates, has seen a bit of the country. Two countries since he concentrated his activity in the American league before the Canucks got him last year.

Brenton Alexander, his legal handle, and a long way from "Stubs", is built so low to the road that it would take another truck to dent him in collision. He is five-foot-eight. At 28, he is not likely to grow much. He doesn't have to.

Altho he plays it with sanitary cleanliness, he is widely recognized as the toughest character in the league. He doesn't make as much noise as some, but it doesn't fool the hockey players."

Wins Challenge At Derwent 'Spiel

DERWENT - Many fine games were enjoyed by many spectators at the ladies curling spiel held recently.

The Grand Challenge shield was won by Mrs. Locke's rink of Vermilion, second to Mrs. Bulk of Two Hills, third to Mrs. Girling of Derwent and fourth to Mrs. Bruce of Clandonald.

In the 2nd event, 1st was won by Mrs. Eva Charchun, second by Mrs. Dryda of Elk Point, third, Mrs. Agnes McConnell of Derwent and fourth, Mrs. Ina Lynkowsky of Myrnam.

The 'hard luck' prize was won by Lillian Charchun, the biggest end prize by Mrs. Eva Charchun, and Mrs. Semiga of Myrnam won the ticket raffle.

A banquet was held at the National Hall with the Ukrainian Catholic Ladies' League catering.

Wildmere Winks

A well-filled church at the funeral of Mrs. Cavil bespoke the high esteem the deceased and family held in and around Vermilion. She was a grand old lady beloved by all and the service given by Rev. MacKay was very fitting to the life she had lived. We like to think that when one has lived a long and good life as had Mrs. Cavil she has now gone to her home to rest.

Don't forget to vote for your hospital candidate on March 21. J Wallington and Mrs. W. J. Garinett are in the running. Jim is the member at present for this ward. He is on the grounds committee and last fall he had some trees removed from the grounds, black dirt hauled and has plans to put in curbs and sidewalks around the hospital. He would like a chance to finish this work. However, that is up to the voters. Regardless of who you vote for, get out and vote on March 21st. You may vote at any of the polling places in the zone.

NEWS from KITSCOTY

The Kitscoty United Church W. A. will hold a spring tea, bazaar and sale of home baking on Friday, March 20, in the Tracy Memorial Hall from 3:00 to 5:00 p.m. A cordial invitation is extended to all.

Mr. John Dale left last week for Saskatoon where he will visit with his daughter and son-in-law, Mr. and Mrs. Ross Walker and family for several weeks.

Mrs. G. Christopher is at present visiting with relatives at different points in Saskatchewan.

Mr. Edward Gerritts who is attending a vocational training school in Calgary spent the week end here visiting with his parents Mr. and Mrs. Stan Gerritts and family.

Mr Peter Dzus, who has been employed in Calgary since last fall, returned to his home here at the week end to visit with his parents, Mr. and Mrs. Fred Dzus.

Mr. and Mrs. Chris Cairns Jr., and family of Edmonton spent the week end here visiting with Leata's parents, Mr. and Mrs. C. N. Gray and other relatives.

Mrs. James Beek, who attended the Miller business college in Lloydminster for the past term, has accepted a position with Checker Transport Co., in Vermilion.

Best wishes for a speedy recovery are extended to Mrs. C. K. Miller, Mrs. John Green and Mrs. J. Crews who, at time of writing, are all patients in the Lloydminster hospital.

Mrs. J. F. Finlin returned home from the Lloydminster hospital at the week end and is being cared for by her daughters, Mrs. T. Foley of Vegreville and Mrs. W. Curties of Marwayne.

Mrs. C. Sibley returned to her home at Hanna at the week end, after visiting with her mother, Mrs. A. McIntyre who is ill at the home of her daughter, Mrs. Elmer Lang and family.

MARTIN — Mr. and Mrs. Jeffrey Martin, Tolland, on March 10th, a girl.

Rotary Hears Story Of Hardware Trade

Rudi Renaud, a member of Vermilion Rotary club gave an address last Friday on the hardware business. Mr. Renaud's father has retailed hardware at Wostock for many years so Rudi had many incidents to talk about selling harness, neve lugs, etc. in the days when horses were more than a curiosity.

Curt Alfke in introducing the speaker said that he was an enthusiastic golfer and curler and since coming to Vermilion last fall he has taken part in a lot of community activities. Dr. Ben King thanked the speaker for a very fine vocational talk.

Corporal Harry Aime R.C.M.P. Vegreville urged that Vermilion get lined up for a car driver's school. Anyone interested should see Jack Koenig immediately.

President Jim Robson welcomed Brent Macnab, Frank Smith of Edmonton and Corp. Harry Aime as visitors to the club meeting.

Unusual Telephone System

It uses neither outside electricity nor even batteries — serves the 50 acre "city" which makes up Imperial Oil's new petrochemical plant at Sarnia, Ont. Here, 50 feet up a tower, Robert McLean makes a report to the six-sided control room in the background. The human voice, aided by only a tiny magnet, powers these phones which are less susceptible to the plant's noise and vibration than ordinary phones. The $28,500,000 plant has such phones at 30 locations, and is also equipped with its own sewers, fire hydrants, and two miles of paved streets. The chemical "building blocks" which the plant turns out finally end up in automobile tires, floor tile, plastic pipe and film, anti-freeze, detergents, and hundreds of other things.

Public Speaking Contest March 25th

HOME COOKING BINGO
A home cooking bingo will be held at Chatsworth school on Saturday evening, March 14th, sponsored by the Chatsworth Country club, commencing at 8 p.m. 34-5

PAID YOUR SUB. LATELY?

Mannville Students Present Enjoyable, Well-Prepared Concert

MANNVILLE — A capacity crowd enjoyed a well prepared concert at the school auditorium on Friday night, Feb. 27. Principal Doherty opened the concert with a few well chosen words following the singing of O Canada.

The first item on the program was a medley of songs and dialogue featuring the covered wagon days by Mrs. Don Lugg's grade 4 and 5 class suitably attired to match the theme. Some of the songs heard, "Oh What A Beautiful Morning," sung by the boys and girls alternately and together. "Here Comes The Sun and "Buttons and Bows", were well sung and enjoyed. Two waltz numbers were most appealing. "The Girl That I Marry" being a charming presentation of gracious ladies in party dress, demonstrated by pretty young misses; "It's The Loveliest Night of the Year" was a moonlight waltz number danced by a graceful young couple. For the theme of this item, Mrs. Lugg's class had a realistic fence and covered wagon in the background, with bars of music pennant style for the young actors to remove easily for the fancy dress number. The dialogue between the boys and girls was lively and entertaining.

For the first part of their contribution the Grade 6 class of Mrs. Enfield presented a Backwards Drill, which was most amusing and caused a ripple of merriment throughout the entire crowd. The clothes on backwards and the expressionless faces turned to the audience were hilariously funny. The main question seemed to be, "were they coming or going?" The rainbow drill by 14 girls was attractive and well executed, with girls carrying all colors of the rainbow, while attired in white dresses and skirts. Bandeaus matched the rainbow pieces. In conclusion, all sang "Somewhere Over the Rainbow."

The number "Bluebird on My Window Sill," was most appealing with actual window depicted on stage on which a bluebird reposed on the sill. This was well sung by a combined class.

Mrs. Hamilton's grade 4 room offered a play entitled "Artie's Birthday Party." (Here we might mention that Mrs Hamilton was taken ill during the preparation of the concert, and Mrs. W. Ross was complimented by Principal Doherty for the capable manner in which she added the finishing touches to the play.) Artie, it was soon learned by an attentive audience, did not believe in Mother Goose, a matter for serious concern by his friends. However Mother Goose herself appeared, complete with a huge white feather purported to have come from Goosey Gander. Apparent throughout the play was the complete nonchalance of the actors and actresses on stage. They felt at all times free to correct and prompt each other. All the characters in the nursery book came to life as Bo-Peep, Little Boy Blue, Cinderella, the Queen of Hearts, Old King Cole, Simple Simon, Little Jack Horner, the Cat out of Hi-Diddle-Diddle, made their entry. A pleasing duet by the Cat and Old Mother Goose was heard, while Artie entertained all with an exceptionally fine rendition of "I'm a Rascal." All ended well as Artie finally believed once more in Mother Goose and every one was happy.

Mr Misik's Grade 6 pupils gave a clever display of calisthenics in his physical education display, as some extremely difficult exercises were executed. This showed hours of drilling and patience on the teacher's and pupils part. Square dancing, to the accompaniment of Marty Park, was ably presented by the pupils of Mr. Misik.

The Grade 5 pupils of Mrs. Chester Gamble chose to exemplify the fishing industry of Nova Scotia, with realistic scenery boasting a lighthouse, sail boat, fishing nets and various types of fish noted in the water. Choral speech was very well done about "Mabel" with good expression. "Stormy Weather" was sung in unison by the class. Accompanist for the concert was thanked by Mr. Doherty, also teachers for hard work, were Lynne Kreller, Dawn Kreller, June Weaver, Faye Ellen Peden and Gloria Weaver for assistance backstage.

OBITUARY

LEWIS STEPHEN DAWSON

On March 8th, Lewis Stephen Dawson of Ponoka and formerly of Vermilion, passed away suddenly. He is survived by his wife Josephine; four daughters, Mrs. Bert Lundstrom (Helen) and Mrs. Wm. Wilson (Edith), both of Yellowknife, Mrs. John Mullan (Evelyne) of Edmonton, and Mrs. F. G. Johnston (Keitha) of Ponoka; two sons, Kenneth T and Ronald S both of Edmonton, one sister in Scotland and one brother at Kindersley, Sask. There are eight grandchildren.

Funeral services were held on Wednesday afternoon at 2:00 o'clock from Bowker and Bascom Funeral chapel and interment took place in the Ponoka cemetery.

PARADISE VALLEY NEWS

We wish to extend our sincere sympathy to the J. A. Lawrence family and the Bennett family on the death of Mrs. J. A. Lawrence who passed away recently. Mrs. Lawrence's death was very unexpected as she suffered a stroke and never regained consciousness.

We also extend sympathy to Mr. and Mrs. Don Purser on the death of their three year old daughter which occurred during the week.

The curlers taking part in the McLaughlin bonspiel are having a tough time trying to complete their games. Soft ice makes midnight curling the order of the day.

Mr Parke Dobson left for Ottawa on Friday, having been appointed by the F. U. A. as their delegate on the big march.

Dedication service for St. Peter's church was held on Thursday evening. The church was filled and a very fine service was held. The Rector was Rev. A. E. Potter, lay reader — Mr. Frank Ball, wardens — Bill Brassington, Howard Lawrence, vestry clerk — Colin Ball, chairman of the building committee — Lawrence Teasdale.

Mrs. W. A. Gunn attended the Presbytery W. A. annual meeting in Mannville on Wednesday.

March 4. The new Presbytery W. A. president is Mrs. J. H. Reddick of Viking.

On Sunday, March 1, a very fine memorial service was held in the United Church. The congregation wished to present a memorial to the late William McLean and since he was particularly interested in Sunday School and children, it was decided with the co-operation of the rest of the congregation, that a Sunday School attendance record board be chosen. Mrs. F. Kragness as Sunday School superintendent in a short speech asked Messrs. Joe and William McLean to accept this memorial from the Paradise Valley congregation. In accepting it, Joe and Bill paid tribute to their father's very fine Christian character.

Essay Contest On Aviation Open To High School Students

An essay contest open to all Alberta senior high school students on the subject "Aviation in Alberta" is currently under way under the sponsorship of the Alberta Division of the National Committee of the Golden Anniversary of Powered Flight, with the endorsement of the Alberta Department of Education. The contest offers as first award, a choice of a complete flying course or a $250 scholarship for aeronautical study in an approved Alberta school.

The contest, approved by the Alberta Department of Education, was undertaken in an effort to familiarize the young people of Alberta with the importance of the role of air power in the economic development of Canada and Alberta.

The essays must not exceed 500 words. They will be judged on the basis of originality of approach, clarity of exposition, grammar, spelling and neatness. Two top essays from each participating school as selected by school teachers will be submitted for final judging. Winners will be selected by a joint committee chosen from the Alberta committee of the national anniversary group, and from the Department of Education.

A total of eight awards are being offered. Second prize is $150, third, $100, fourth, $50, and $25 each for fifth, sixth, seventh and eighth prizes. Each winner will also receive a volume of "Canada's Flying Heritage", by Frank H. Ellis.

The contest opened February 1 and closes April 24. Award winners will be announced May 20th.

—S—

Last year almost 23,000 Canadians borrowed sickroom supplies from the Canadian Red Cross loan cupboards in over 300 communities. This is a free service.

OSHAWA — Excellent visibility and a light, airy appearance are features of a new Pontiac two-door hardtop announced by General Motors of Canada.

To be called the Laurentian Sport Coupe, the new car will complement the Laurentian top introduced earlier this year because of public demand for hardtop cars in the moderate price range.

A GM spokesman said that before the introduction of the new Laurentians, hardtop models were available only in the Parisienne series — Pontiac's top line.

Sport Sedan, a four-door hardtop. The Laurentian Sport Coupe can be identified by the absence of side pillars and the large rear window sweeping into the roof.

Production of the new model has started and dealers should have them in their showrooms within a few days, the GM spokesman said.

Still Openings For Safety Course

Red Cross Water Safety officials report there are still openings for additional applicants in the Easter Instructor Training courses being held in Edmonton and Calgary March 30 to April 3.

Candidates for the course must be 16 years of age and good swimmers.

As applicants for the course are limited persons wishing to take the course are asked to apply as soon as possible to the Director, Red Cross Water Safety Service, 9931 - 106 Street, Edmonton.

—S—

The only favorable thing that can be said about ignorance is that it causes many interesting arguments.

NEWS from ALLANDALE

March weather has been grand so far, with the temperature climbing to as high as 45 above some days.

On Feb. 23rd a low flying jet caused quite a sensation in the district with its sound and vibration.

The annual meeting of the community centre was held on Feb. 23rd with the following results: Board of Directors — Idelore Nelson, Herb McPhee, Joe Parchewsky; Secretary Treasurer — Alvin Throndson; Entertainment Committee — Evelyn Throndson, Mary Wilson, Herb McPhee, Ralph Strome and Orley Omness.

Mr and Mrs. Charlie Moore from Deer Lake were visitors at the Omness home on Feb. 24th.

On Feb. 28th Mr Joe Killion accompanied Mr. Gus Throndson from town to the Allandale district. Joe visiting at the Wm. Armstrong home and Gus at son Alvin's.

Mrs. Wm. Armstrong accompanied her son Albert to the city on Feb. 27th on his return to Eldorado, Sask. She visited her daughters and families and relatives at Fort Saskatchewan.

Mr and Mrs. Ray Stetson and sons Wayne, Bobby and Donald Allan of Fort Saskatchewan, were recent visitors at Betty's parents, the Wm. Cross home. We hope the boys are well again after having the flu.

On Feb. 28th an interesting evening was spent at the Legion hall in Kitscoty. The ladies are to be congratulated on such a delicious turkey dinner. This was their third banquet that week. It was good to see the men folk helping. The highlight of the evening was nomination of a Progressive Conservative candidate for Alexandra. Dr Sweet was elected to this by acclamation. Congratulations and best wishes to Dr. Sweet.

There was a good attendance at the centre on the evening of Feb. 27th. We are grateful to Mr Frank J. Norris, field secretary of the Alberta Division of the Canadian Cancer Society. The three cancer films were very interesting and educational and the sport and comic films were much enjoyed too. Mrs W. F. Cross, director on the Provincial board of directors of the Canadian Cancer Society spoke briefly on the benefit of the films. She and Mr. Norris reminded those present that Vermilion and districts had the highest per capita donations to the cancer fund in North America, of which we all should be very proud. Our appreciation to the ladies of the Princess Anne W.I. for sponsoring such a beneficial evening and for a delicious lunch.

Mr and Mrs. Selius Lee, Lynda and Gregory spent the week end of March 1st in the city with Mrs. Lee's father, Mr. Williamson.

Coming events at the community centre — on the 17th a dance with the Melody [illegible] orchestra, and on the 20th a card party. Everybody welcome.

We are pleased to note Mr Jack Cross was elected president of the Northern Alberta Hereford Association at a meeting held recently in the sales pavilion, Ed[illegible].

We were very pleased to meet so many old friends at Mr. and Mrs. Laird's home in Clandonald at Clarice and Cy's reception.

Moving pictures shown by the Tullson family of Greenlawn were very interesting. The films [illegible]vesting, a trip to Jasper, Banff showed wonderful scenery and pictures of many animals, the Wild Life exhibit in Lloydminster, the Lea Park bridge opening and the stampede. All enjoyed the holiday.

At the reception we were very pleased to meet Rev. and Mrs. Ray Clennett and family from the Frog Lake Anglican mission.

On March 6th a social evening was held at the centre. Prizes were won by: Ladies 1st, Ellen Omness, 2, Joan Nelson and consolation Elsa Nelson. Men — Woody Wilson, Johnny Starlon, Vic McKee.

Ort Strome and daughter Beverly accompanied Ralph and Delsie Strome to Englefeld, Sask., on March 2nd to attend Mr. and Mrs. A. E. Strome's 50th wedding anniversary on March 3rd. Mr and Mrs. Ivan Strome and son Wayne from Ft. St. John, B.C., visited at the home of the former's brothers Ort and Ralph while passing through to Englefeld. It was a happy event for the parents, families and community. It also happened to be Ralph's birthday on March 3rd, a double celebration, a lovely cake, candles, gifts and I hear the birthday bounce "how many". Mr Patchewsky Sr. from Vermilion was a passenger also with the Stromes. He went as far as Saskatoon to visit his son Nick who is in the hospital there, having suffered severe injuries some time ago.

Birthday greetings to Mrs. Mable Lee on her 73rd birthday. May you enjoy many more.

Mrs. Lee was sent as a delegate to Calgary to attend the Rebecca Lodge convention. While there she will visit her granddaughter Caroline and family.

Church service was held in Clandonald on March 8th by Rev. MacKay, assisted by Mr. Scharman. It was good to see Mr. Maddex along with them too. The service was very interesting, on "The First Commandment". The following services will be a series on the commandments.

Mr and Mrs. Norman Walling from Edmonton arrived at the Wilbur Fernstra home, Queenie Creek on the afternoon of March 8th. They will be attending Mr. Timanson's funeral in Dewberry on the 9th. Our deepest sympathy to the family.

Margaret and Norman are well known in the district.

Closing Thought: "The Bible, with its wonderful good news is something that overleaps the barrier of ocean, nationality and language. It belongs to all men, and its truth must be proclaimed to all."

OUR LETTER FROM EDMONTON

Alberta Social Credit Government Seeks To Ease Personal Debt Load

by KEN MASON

EDMONTON, Mar. 6 — Anyone struggling under a heavy accumulation of personal debts may find a more convenient way of paying them off under a bill introduced in the Legislature last week.

Premier Manning introduced the bill, which would permit a debtor to apply to a judge of the district court to have his debts consolidated.

When a consolidated order is in effect, the debtor would pay his money into the court and the court would distribute it among all the creditors on a pro rata basis.

A main feature of the scheme is that once a consolidation order is in effect, no creditor could slap a garnishee on the debtor and freeze other creditors out of the picture.

The bill has been given first reading but hasn't yet been discussed at length.

OPPOSITION FINDS LITTLE TO CRITICIZE

The budget debate ended in the House last week, clearing the way for the House to go into committee of the whole assembly for detailed study of the departmental estimates.

Opposition forces continued to concentrate their attack on the forecast deficit of $48,000,000, and seemed to be resigned to the fact that was about all they had to criticize.

Government members gleefully pointed out that Liberals and Conservatives in the past had advocated deficit spending as a means of getting things done now, when the government has decided to dip into its reserves the Opposition is critical.

In the midst of all the talk, a significant note crept into the debate last week.

Liberals Hugh John MacDonald of Calgary and J. Harper Prowse of Edmonton warned that a continued increase in [illegible]t spending is paving the way for introduction of a sales tax.

And they drew an agreement in part from Provincial Treasurer, Ted Hinman, the man who brought the deficit budget into the House and forecast record spending of $308,000,000.

Mr. Hinman, closing the budget debate, said if any new provincial tax is introduced, it will be the fault of the province's municipalities.

The treasurer said that if municipalities keep on demanding higher provincial grants, "the province will inevitably be forced to find a new tax."

Mr. Hinman and the Opposition spokesmen seem to be in complete agreement on the one point that a government's spending is controlled by the amount of revenue it receives. If the people want more services and bigger grants, they'll have to pay for them.

But at the same time, Mr. Hinman defended the government's decision to dip into its healthy reserves to finance this year's forecast deficit. He said the reserves were set aside against the day when they were needed, and the government feels they are needed now.

COULD END WITH SURPLUS

However, he did inject one note of optimism. If economic recovery is good in the coming year, provincial revenues may regain their buoyancy and if this happens the province could end the fiscal year with a surplus instead of a deficit.

The inevitable motion of non-confidence was introduced into the budget debate last week, but the Social Credit majority made short work of it and defeated it by a vote of 34 to 20.

Mr. Prowse introduced the motion, which would have put the House on record opposing deficit financing as "unnecessary and to be deplored."

ROYAL COMMISSION NOT NEEDED

Members last week began debating a Liberal motion calling for establishment of a royal commission to study the province's natural resources and assess provincial need for the next 30 years.

Liberal Opposition Leader, Grant MacEwan introduced the motion, and dealt mainly with soil, forest and water resources claiming there is growing concern about policies which have led to errors and waste.

The motion didn't come to a vote, but there seems little chance of its passing. Lands and Forests Minister Norman Willmore and Agriculture Minister L. C. Halmrast both spoke against it, claiming their departments have everything in hand and a royal commission study would make no valuable contribution.

ASK PAVING OF ALASKA HIGHWAY

Two northern Social Crediters, Ira McLaughlin of Grande Prairie and A. O. Fimrite of Spirit River — introduced a motion calling on the province to press Ottawa for completion of the paving of the Alaska Highway.

They rapped the federal government for its apparent refusal of a United States offer to share in the cost of paving the 1,200 mile Canadian section of the road.

Alberta has a big stake in the completion of the Alaska Highway because tourist and commercial travel is bound to increase as a result of Alaska's statehood. Alberta's section of the route will be blacktopped this year, but that still leaves a lot of rough road through northern B.C. and the Yukon.

OTHER HIGHLIGHTS OF THE WEEK

Health Minister Dr. J. Donovan Ross announced that poison control centres will be established to cope with the menace presented by increased use of deadly new insecticides and pest poisons.

The government majority defeated a Liberal motion seeking a House committee hearing on proposed increases in natural gas rates.

A Social Credit motion asking the province to pay back taxes to municipalities on repossessed crown lands was approved.

Roderick A. MacLeod, newly elected Social Credit MLA for Olds riding, was sworn in and took his seat in the House.

Premier Manning turned thumbs down on the idea of adjourning the House after its regular business is finished and calling it together again in June or July to discuss the Cameron Royal Commission report on education.

Girls' Auxiliary Members Attend Edmonton Festival

MANNVILLE. — G. A. members of the Anglican Church met at the home of their leader, Mrs. Joan Lugg on Tuesday, March 3rd, and opened with worship service. Study was reviewed on the mission book and plans were made for the festival held annually in Edmonton. Patterns for stuffed animals were cut out and assembled. A number of badges will be given out in the near future. The girls are working hard to keep the cup won last year for the out-of-town branch having the highest points in a[illegible]

Annual Hobby Fair Attracts Large Crowd At Marwayne

MARWAYNE — The eighth annual Hobby Fair, sponsored by the United Church W. A. on Feb. 26 in the Elks Hall, Marwayne, was another huge success.

The weather was ideal, the roads good, and close to 300 people paid admission to see the exhibits.

The quality of workmanship improves and more hobbies and collections seem to appear each year.

The children's group work was well done. There were not as many individual entries but all work was good. These were the only entries judged. Judging was very ably done by Mrs. Nona Peake and Mrs. Irene Boyce.

The exhibit which received the most attention was the collection of dolls owned by Miss Jean Allanach of Mannville. There were 53 dolls of all sizes, 7 from Austria; 3 from Israel, 2 from the Dominican Republic; 2 from Italy, and one each from other countries. In all there were 35 countries represented. On display also, was literature from each of these countries, stamps and seals, etc. Other organizations and schools may get the loan of this marvelous collection.

The Animal Tree just inside the door created quite a lot of interest and quite a sum of money was realized from the sale of these animals. They were made by the members of the W. A.

Other group displays were: The collection of foam rubber flowers by the C. G. I. T.; the display of articles made from flour bags by the F. W. U. A.; the display of sewing done by the 4-H Sewing Club; the bird houses made by the Wolf Cubs. Mr. E. P. Sanders of Lindbergh, collection of hammered copper. Mr Sanders had learned the coppersmith trade in the eastern U. S. more than 60 years ago.

Bob Dudlyke had an exhibit of copper tooled pictures centered around the beautiful picture of "The Last Supper."

A choir, carved in Norway from bass wood, was shown by Knute Rinde of Lindbergh.

John Spence exhibited a plant stand finished beautifully from a root of drift wood from the Vermilion river.

Other collections and articles that merit special mention for the amount of time and labor spent on them were: the petite point pictures of birds by Mrs. Jim Hale, the petite point picture of a R. C. M. P. and horse by Mrs. A. Protch; the oil paintings of Mrs. Wilmer Allen, the collection of basketry by Mrs. I. Thompson, Edmonton, the rock collections of the Shaw boys and Larry Hillaby, the coin collection belonging to C. Kinsella.

The lunch counter, served by the W. A., was in operation all day.

The Community hall was filled to capacity for the local talent concert in the evening under the capable chairmanship of the Rev. J. Shortt.

The program consisted of vocal and instrumental numbers, recitations, drills, a dance and 2 plays. Mr. and Mrs. Kruger of Dewberry sang a duet and Mr. Kruger two solos. The first play, well acted by the grade 5 pupils and the other play, "The Bathroom Door," by some young people and others not so young, were very much enjoyed. Mr. Jack Swan directed the play. Altogether, it made a most enjoyable program.

The ladies of the W. A. wish to thank all those who attended and helped to make the day so successful.

DANCE AT UNION

Dance at Union hall on March 20th. Melody Ranch orchestra. Everybody welcome. 31-5

From 1948 to 1957 the average cost of plant and equipment to create one new job in manufacturing in Canada increased from $6,433 to $11,446.

Junior Auxiliary Plan Hike

MANNVILLE — Girls of the J.A. met at the home of Mrs. Joan Lugg on Friday, March 6, with leader Janet Peddilvets in attendance. Plans were made for a nature study hike in the near future as soon as weather permits. Work on stripes was also discussed after the worship period was over.

What does YOUR [illegible]?

HOW FERTILIZER BOOSTS YOUR PROFIT ON BARLEY
YOU CAN MAKE UP TO $9.00 PER ACRE MORE!
Actual field tests show how your net profit per acre of summerfallow barley is boosted by the use of Elephant Brand Fertilizer.
In the table below, note that the increased profit figure takes the cost of fertilizer into consideration. An increased profit of over $9.00 per acre is certainly worthwhile.
Fertilizer per acre .... 50 lb. 11-48-0 (Cost $2.60)
Increased yield per acre .... 16 bu. (worth $12.00)
Your INCREASED Profit per acre $9.40
or $940.00 on 100 acres
When properly fertilized, barley grown on stubble land will show an equally profitable return per acre . . . For greater net profits per acre from any crop on any soil, contact your Elephant Brand dealer listed below for the right information.
It pays to use Elephant Brand FERTILIZERS

News from Dewberry

After attending the show, "I Shot Jesse James," Mrs. Allen recalled hearing her father, the late Mr William Goad speak of the time when he and three other lads had just started school, were on their way home one afternoon and found the creek which they had to cross, was swollen after rain. While they were debating on how they were to cross, a young man came out of the woods at the foot of the Blue Ridge mountains of West Virginia and carried each boy over in turn and then disappeared back into the woods. It was later learned that their rescuer was the noted Jesse James, who was then being sought for bank robbery.

Belated but interesting news which I just heard recently, is the fact that Cheryl Jones was a runner up for the Governor General's medal for 1958. She and two others were very close. This is quite an achievement and worthy of congratulation. We offer our apologies to Cheryl and her teacher, Mrs. L. Witzaney that this item of news was not written earlier.

ANNUAL TOWN MEETING

Twenty-five interested rate payers attended the second annual meeting of our local town council on Feb. 18th. Mr. Alf Purser was in the chair. After the secretary, Mr Russell Garnier read the financial statement, which we think was very creditable was read and commented on, the question of sewer and water was discussed at length. More information is being sought on that subject. The question of attaining a constable for the village was also discussed and correspondence for same is being attended to. The new member of the council is Mr Neil Jones. Mr. Alf Purser is our worthy mayor.

Mrs. Munro and Mrs. Proud are attending the Civil Defence courses in Edmonton starting on March 2. They left on Sunday afternoon by car with Tom Jarett who had been down visiting.

Willa Bowman spent a few days at home. She is attending the Nurses' Aide training school in Edmonton.

We were pleased to meet and have a talk with Mr. Walter Brown of Innisfail while we were in Vermilion on Thursday. He and Mrs. Brown are visiting at the latter's sister's home Mr and Mrs. Ed. McFadyen.

Mr Bill Goad from north of Peace River has been visiting with his brother Ray, his sister, Mrs. Allen and other relatives. It is a number of years since the rest of the family have met Bill as he has been making his home in the north country for some time.

Several ladies from Dewberry took part in the curling bonspiel in Edmonton.

BINGO WINNERS

The bingo of Feb. 18 wasn't well attended, due to the curling, etc. on the same night, we suppose. Winners of the prizes were: suit case — Ed Hyatt; bread box and dust pan - Don Rainey; coffee pot - Mrs Alvin Curtis; blankets - Mrs. Hansen; grocery hamper — Mrs. Mary Bacala; set of ornaments — Mr. Ernie Laurence; cooking pot - Mrs M Philbin; flash camera - Mrs. Monica Garnier; set of bowls — Miss Verna Boyce; table lamp - Lorne Applegate; canister set — Mrs. Allen Benmiller; set of kitchen utensils - Mrs. Rainey; blackout set of dishes - Mrs. Rhena Craige. As no bingo was called for the jack pot, it will be $35.00 at the bingo to be held on March 18.

H. & S. CARD PARTY

Curling, hockey and other activities were responsible for a poor attendance at the Home and School card party on the 20th. Five tables of whist and one of bridge were played.

After the card party, a number of young and not so young folks got together and chivareed Mr and Mrs. Joe Philbin. The young couple had been at the card party and had retired for the night when they were awakened as were the neighbors, and a party arrived equipped with sandwiches, cake and all the rest that goes to make a party. They report a good time.

The Ladies Aid sponsored a "Round the World" exhibition on Friday, Feb 27. About sixty people attended. There was a collection of dolls representing different parts of the world and also a collection of objects belonging to Mr. and Mrs. Krueger which they had collected during their six years teaching in Ethiopia. This was really a worth while display and was very much enjoyed by all. Mr Buckingham, District Agriculturist from Vermilion gave a most interesting and informative talk on horticulture and on matters pertaining to flower show exhibits. The ladies of the Aid served a delightful tea after the talk.

Mrs. Jessie McGillivray and Mrs. Isabel Lawrence visited at the home of the writer on Monday morning.

WELL ATTENDED SHOWER

Around sixty ladies attended a shower for Miss Evelyn Purser prior to her wedding on Feb 9th. A contest was given by Miss Marie Maltais and was enjoyed by everyone. A hula hoop contest was very amusing as the ladies taking part did not know what they were being called upon to do and none of them had ever tried the "hoop." Nevertheless, everyone enjoyed the fun. A large box of gifts was [illegible] to the bride-to-be by [illegible] Hodgson with a nice speech. Helping Evelyn to open her gifts were her mother, Mrs. Walter Purser and Mrs. M. Philbin. The bride's sister, Mrs. [illegible] of Lloydminster recorded the gifts which were many and very useful. Evelyn thanked everyone for their kindness and thoughtfulness and also for the lovely gifts. A delightful and bountiful lunch was served by the joint hostesses, Mrs. Elsie Curtis, Mrs. Irma Purser, Mrs. Mellie Maltais and Mrs. Iris Hodgson.

Mr Gallagher is home from Islay hospital and staying with his daughter Mrs. John McGillivray. He would appreciate visitors at any time. Mr Gallagher is 86 years old.

Mr. and Mrs. Joe Philbin and Mrs. M. Philbin were dinner guests at the home of Mrs. Allen on Sunday, March 1st.

Several parties have been fishing through the ice and report a good catch and lots of fun.

Mannville Home And School Plan Panel Discussion

MANNVILLE — What promises to be an interesting evening will take place on March 19th at school gymnasium when members of the Home and School Association gather to hear a panel-discussion on "The English School System versus the Canadian One". Members of the panel for the English system are Mrs. Ian Holter, Mrs. Ronald Forsyth, Miss Jean Lovett. For the Canadian system are Joe Kufeldt, Miss Ruth Gray and Ronald Forsyth. During the course of the evening's meeting those present will be entertained with top local talent. Mr Jas. I. Jones, local barrister and solicitor is acting as moderator on the panel.

The story concerns [illegible] of the New Yorker who arrived at the height of the season and was told not a room was available. "There must be a room. There always is," [illegible]

"No," the desk clerk insisted.

"Look," said the man, "if you heard that Eisenhower was coming, you'd find a room. Right?"

"Right, for Eisenhower," said the clerk.

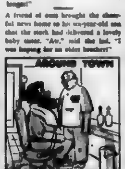
"Well, the President can't come," said the man, "so let me have his room."

Domestic Scene: No doubt about it—a woman's best beauty aid is a nearsighted man.

The instructor in a YWCA charm course was urging her students to give their escorts every chance to be gallant.

"Remain seated in the car until he has had time to step around and open the door for you," she said. Then, bowing to reality, she added, "But if he's already in the restaurant and starting to order, don't wait any longer!"

A friend of ours brought the cheerful news home to his six-year-old son that the stork had delivered a lovely baby sister. "Aw," said the lad, "I was hoping for an older brother!"



"How much do you want to spend?"

Released by APA [illegible] Service

Health Unit Notes

What do you know about T.B.? Answers [illegible].

1. Can you inherit T. B. from your parents? Yes No
2. Can healthy people catch tuberculosis? Yes No
3. Is there any age after which you are safe from catching tuberculosis? Yes No
4. If you caught T. B., would you know because you felt sick? Yes No
5. Can you tell by the way a person looks or acts that he has T. B.? Yes No
6. If you caught T. B., could you be cured? Yes No
7. If you had T. B., would you need to go to a different climate for treatment? Yes No
8. Is it dangerous to be around a person who has recovered from tuberculosis? Yes No
9. About how many persons in Canada catch tuberculosis on an average day? 5, 10, 20, 30.
10. If you're 15 or over, you should have a chest x-ray once every how many years? 1, 2, 3, 5

Count ten for each correct answer.

1. — No, you dont inherit tuberculosis — you get the germs from someone with T. B.
2. — Yes, anyone can catch T. B. but good health gives you a better chance to fight it off.
3. — No, there is no age limit for tuberculosis. People contract it at all ages.
4. — No, in the early stages a person with T. B. might not feel ill, but the x-ray would show it.
5. — No, there is no "T. B. look." Even doctors use x-rays and special tests to find T. B.
6. — Yes, almost everyone who catches T. B. can get well by getting medical treatment early.
7. — No, T. B. is cured in all climates. Usually the best place to go is the nearest sanitorium.
8. — No, a cured person won't spread germs, and wise ex-patients are checked regularly for safety's sake.
9. - There are about 30 new cases of tuberculosis a day in Canada — over 10,000 a year.
10. Every year. If you're over 15, get a chest x-ray once a year if you possibly can. If the [illegible] advice.

If you're under, it is unlikely you need a chest x-ray, but ask your doctor.

SCORING

100 —You're well-informed.
80-90 — Good, but read those answers carefully again.
Under 80 — What you don't know could hurt you.

Musical Comedy Presented By High School Students Is Decided Success

Ambitious Undertaking Greatly Enjoyed By Large Audience

Anyone who did not attend the operetta "Rose of the Danube" presented by the high school students in the auditorium last Friday evening, certainly missed the prize entertainment of the year. The musical comedy was a perfect choice in the first instance, every member of the cast suited his or her role perfectly, while the whole play was so excellently presented by the students that the large audience was sorry when the operetta reached its grand climax.

Replete with witty dialogue, duets, trios, quartets and choruses, with an abundance of action and opportunity for acting, the operetta was exuberantly an overwhelming success.

Another fine feature of the "Rose of the Danube" was that it offered so many major roles, ample opportunity for every member of the cast. Howard Robinson as Darrell Davis, as one of the persons around whom the play revolved, gave an outstanding performance with his dialogue and numerous songs, both solos, with the chorus, and duets with Rose. Bob Waldenberger as King Montmorency had a humorous role which he acted to perfection, bringing down the house time and time [illegible].

The leading lady, Margaret Rooks, sang beautifully throughout a major part, handled her dialogue in an excellent manner and certainly gave a lovely enactment of "Rose."

The three conspirators, Alex Russell, Ken Alfke, and Bob Carmichael, had roles with plenty of scope for comic enactment, and act it up they did. They had the audience just rolling in laughter on their every appearance. Adding mirth during the many numbers sung by the chorus were the actions of the spinster sisterz (Foladetpn nufoKffoiow 'Belladonna" taken by Margwynne Clendenning in her constant pursuit of "Galooski," Jim Reid. Both were exceptionally well made up suiting the parts admirably.

Helene McMeekin as Queen Florinda had another major role both in musical numbers and dialogue and was a natural. The same can be said of the Queen's son, Prince Karl taken by Keith Mayhew and Princess Daisy enacted by Louise Lawrence. Louise's pleasing voice portends leading musical roles for her in the future.

The American family in the European setting was the swaggering movie magnate Percival McPipp, suited perfectly by Roger Renaud, his wife enacted by Sylvia Wilson and daughter Pamela by Faye Wilson, made very [illegible] stage personalities.

The members of the chorus too had scope for action in all of their numbers and really made the most of every opportunity. The versatility and ability of each and every member of the cast were so pleasing and amazing as to delight the audience and to blend the presentation of the "Rose of the Danube" into such an outstanding success that the people of the audience are calling for more like it.

It was quite evident that a person with considerable musical ability and a genius for directing and producing such an ambitious undertaking must have been in charge and this was Mrs. W. Sutherland of the high school teaching staff, ably assisted by Miss K. Fulcher, another member of the staff.

Their efforts were fully recognized by the students and between acts each was presented with a lovely bouquet, in an inimitable manner by King Montmorency (Bob Waldenberger) — the audience is still laughing.

Mrs. Caruana, another newcomer to the teaching staff, who comes from England, was in charge of the make-up. Properties were the fine work of Henry Robinson, a high school student.

The background of the fine old castle was the work of art by Betty Robinson and a group of high school artists. So well done was it that the audience was of the general opinion that it was a purchased backdrop.

Costumes of the chorus were bright and colorful in keeping with a gay little country on the Danube where laughter and song usually hold sway but had received a momentary set-back, which resulted in a happier than ever ending.

Boys in the chorus were Raymond Kowalski, Dick Upshall, Ed Mistek, Murray Ross, Henry Robinson, Jack Marfleet, Allan Forbes, Miles Kneale, Bill Gannon, Dave Ackerman, Wayne Pockett, Jim Ferguson, Lawrence Forbes.

The girls in the chorus were Olive Semeniuk, Jean Forbes, Joan Stephens, Sharon Isley, Irene McPhee, Dorothy Scott, Ina de Bruin, Anne McCrae, Deanna Currie, Susan Wolters, Bonnie Lovell, Frances Sherwood, Helen Dollmann, Vivian Tillett, Elaine Shirreff.

The TOP picture shows the chorus singing the opening number "Roses" in the operetta "Rose of the Danube". Shown from left to right are Irene McPhee, Betty Forbes, Joan Stephens, Olive Semeniuk, Jim Ferguson, Myrna McPhee, Deanna Currie.

The CENTRE scene depicts Keith Mayhew in his role of Prince Karl, and Fay Wilson as Pamella McPipp, singing their duet "Though You Wander Away".

The background shows the superb work of high school students, under the direction of Betty Robinson who painted the [illegible].

BOTTOM at left is Howar Robinson in his enactment of an American reporter and photographer Darrell Davis, singing one of his solo numbers "Give Me a Banner".

FLASH Hockey Saturday night March 21st. Mannville Juveniles vs. the Vermilion Bob Cats in the Vermilion arena. Game time 8:15 p.m.

1959 Polio Fund Over $1000; More Needed To Reach Quota

At the regular monthly meeting of [illegible] last Friday it was reported by committee chairman Vic Tillett that over $1000.00 [illegible] in to the Polio Fund so far. This amount includes the proceeds of the two variety shows put on by Bob Carmichael.

The canvassing is almost completed but the fund is quite a bit short of the $1500.00 quota set last January. Anyone missed in [illegible] to any of the Legion officers or to the following E. H. Buckingham, Thos Watts, Vic Tillett and [illegible]. Not many farmers [illegible] canvassed so the committee would be pleased if country people would donate to the fund without being canvassed.

[illegible]

At the last meeting president Thompson announced that Vic Tillett had been elected Zone Commander for this area.

VIMY BANQUET

As usual a Vimy banquet is being arranged for April 9. There will be a Legion dance on April 1st and a smoker on April 4th. See any members of the executive for particulars.

Special Services At Alliance Chapel

The showing of the film "Preacher's Kid" attracted a crowd of over 200 to the Alliance chapel, Vermilion, on Friday March 13th. Besides local people there were many who came from Lloydminster, Marwayne and Mannville.

Guest speaker at the morning service, Sunday March 15th was Miss Pearl Fustey, missionary home on furlough from Taiwan where she has spent the past five years. Miss Fustey comes from the area north of Willingdon and makes her home at the present with a sister in Edmonton. She plans to return to the mission field in August of this year. Her vivid description of conditions in Taiwan together with pictures which she showed at the evening service stressed the great importance which missions of the Christian Church exert in those countries which are so underprivileged in comparison to ours.

Also in the morning service, the pastor J M Schroeder dedicated one hundred Bibles which are presently being placed in the dormitory rooms of the local School of Agriculture by The Gideons. This is part of the plan of The Gideons to place copies of the Bible in all colleges and universities of our land.

Harry Mazepa has moved his tailor shop to the premises formerly occupied by Boake's Drug store in the Vermilion Hotel block. The new shop has been entirely renovated and presents a very pleasing appearance.

Dist. Farm Forums Plan Spring Rally

Following the completion of another successful season of listening to Farm Forum broadcasts and discussing the matters at hand, the eleven district Forums extending from Vegreville to Vermilion are again planning to end the season with a spring rally. Scheduled for Monday March 23 at the Vegreville National Hall at 8:15 p.m. The spring rally this year is sponsored by the River Park forum.

An interesting program has been arranged, including films, listening to the final program of the season with reports from local forum secretaries from across Canada and entertainment. Ladies are again requested to bring along some lunch.

V.S.A., Lloydminster High Winners Eastern Alberta Basketball Tourney

Saturday, March 14th saw the Northeastern Alberta Basketball tournament held in Vermilion. Under sponsorship of the Vermilion School of Agriculture nine girls' and ten boys' teams competed for the Clendenning and Boake trophies, emblematic of basketball supremacy in north eastern Alberta. This tournament was operated on the 'double knockout' principle, guaranteeing each team a minimum of two games.

CLENDENNING TROPHY TO LLOYDMINSTER HIGH

Girls' teams were entered from Two Hills, Lloydminster, Vermilion High school, Vermilion School of Agriculture, Kitscoty, Dewberry, Wainwright, Vegreville and Derwent. The Lloydminster High school team won the Clendenning trophy for the second successive year, defeating Two Hills in the final game.

V.S.A WINS BOAKE TROPHY FOR BOYS

Boys' teams were entered from Lloydminster, Holden, Glendon, Two Hills, Vegreville, Dewberry, Derwent, Wainwright, Vermilion and Vermilion School of Agriculture. The V.S.A. boys team won the Boake trophy, defeating Holden in the final game.

It is noteworthy that both winning teams remained undefeated throughout the entire day.

V.S.A. Celebrates Basketball Victory

On Sunday March 15th a dinner in honor of the V.S.A basketball teams was held at the Vermilion School of Agriculture. At the dinner Mr Ross Boake, donor, officially presented the trophy denoting boys' basketball supremacy in Northeastern Alberta to Paul Fuhrman, captain of the college team. Paul thanked the coach, [illegible], the coach, [illegible], team statisticians, staff in charge of transportation, Miss Graham and all others who helped the team to its win.

Sudden Death Of Otto L. Wolters Of Tolland

Otto Louis Wolters of Tolland, one of the most highly regarded and esteemed farmers of the Vermilion district, passed away sudenly at the Lamont hospital on Friday, March 13, 1959. He was 58 years of age.

The deceased was born at Kimswick, Missouri and came to Canada and the Tolland district as a boy, 47 years ago. He grew to manhood here and conducted sucessful farming operations.

Left to mourn his passing are his loving wife Gladys, three daughters, Susan and Charlotte at home and Mrs John Wasylik of Vermilion, and two sons, Elmer and Franklin at home.

Funeral services were held at the First United Church, Vermilion on Wednesday, March 18 at 2:00 o'clock in the afternoon. The very large attendance of friends and sympathizers were a tribute to the respect and esteem felt for the deceased. Interment followed in the Vermilion cemetery. The services were conducted by Rev C. W. MacKay of Vermilion and Rev H. Morris of the Lloydminster Presbyterian Church.

Moyer's were in charge of funeral arrangements.

Death of Mrs. Mike Zaharko of Derwent

Mrs. Mary Ann Zaharko of Derwent passed away on Friday March 13th at the University hospital in Edmonton at the age of 71 years. She is survived by her loving husband Mike, two daughters, Mrs. Dan Pashulka and Mrs. Harry Yaceyko of Derwent. There are two sons John and Matt of Derwent, 19 grand children and two great-grand children.

Funeral services were held on Tuesday March 17th in the Derwent Ukrainian Catholic church. Interment followed in the Derwent cemetery.

Moyers were in charge of funeral arrangements.

Minor Leaguers To Be Banquetted

Minor league hockey players of Vermilion will be feted at a banquet on Wednesday April 1st in the Elks hall. The banquet is being arranged by the Vermilion Amateur Athletic Association and the organizations sponsoring the various boys' teams. 36-7

SPACE SHORTAGE

The Standard regrets that due to extra demands space in this week's paper ran out before all the advertisements could be accommodated. The result was that the display ads of McWilliam and Long, Macleods, Darr's photo studio and a display card of thanks from the Vermilion ladies curling club and one from the Wildmere ladies curling club all had to be held over. These will all receive priority in our next issue.

Lashburn Wins Championship

Lashburn Flyers won the championship of the Eastern Alberta Hockey League and the Craig cup by defeating Lloydminster Cheviots 4 games to 1 in the playoff. Mr A. M. West was present at Lloydminster on Monday night and after Lashburn had won the contest 4 goals to 2 and the series presented the winners with the handsome Craig trophy. This is about the thirtieth year that the hockey trophy has been presented to [illegible] playoff.

CORRECTION

The Standard regrets that the name [illegible] appeared in the heading of the item regarding the death of Mr. [illegible].

[illegible]

Public Speaking Contest March 25th

[illegible] in the United Nations [illegible] public speaking contest [illegible] to high school students will be held on Wednesday March [illegible] 8 p.m. in the west end elementary (brick) school. This annual contest is sponsored by the Britannia Rebekah Lodge. 34-5

Agricultural Society To Hold Annual Dinner Wednesday, April 1

The Vermilion Agricultural Society will hold its annual dinner get together on the evening of Wednesday, April 1st, in the St. Saviour's hall. Ladies of St. Saviour's Anglican church will [illegible].

The Society considers itself extremely fortunate in having been able to secure Mr. Newcombe N. Bentley on leave of absence from the Provincial School of Agriculture here, as the [illegible] speaker for [illegible] occasion and Mr Bentley will give an illustrated address covering a year in Egypt as adviser to the Government of that country on agricultural education. Mr Bentley went to Egypt in the fall of 1957 under the auspices of the United Nations and has a most interesting story to tell of conditions in that country. For the past few months he has been making a survey of agricultural education in Canada for the Dominion government.

It is hoped that Mrs Bentley may also tell something of her life in Egypt as regards the position of women in this foreign land, household marketing etc.

A number of musical selections will be given and altogether a pleasant evening is in store for all who attend.

The capacity of St. Saviour's parish hall is limited and the sale of tickets will necessarily have to be restricted to some extent. It is required that the ticket sale be closed on Saturday March 28th so that the caterers the St. Saviour's W.A. may be able to estimate food quantities. All who [illegible] this unusually interesting evening should make reservations for tickets at the office of S. C. Hashbart, secretary-manager of the Agricultural Society at the earliest possible date as it must be a matter of first come, first served. Telephone number [illegible] or call at the office and secure your reservations early.

— S —

30th Annual Little Royal April 1st

The V.S.A. will hold its annual Little Royal and Achievement Day on April 1st starting at 1:30 p.m. Classes and instructors are planning the many exhibits. This year marks the 30th anniversary of the Little Royal at the Vermilion school. Mr. Lyle Robinson of [illegible] and Mr. W.H.T. Mead, Livestock Commissioner with the Alberta Department of Agriculture, will be the guest judges. Messrs. Robinson and Mead are both graduates of the V.S.A. Everyone is invited to attend this interesting day.

— S —

Time Extended For Car License Purchase

[illegible] which normally would have expired at midnight March 31st, 1959 have now been [illegible] granted an extension until midnight April 30th 1959.

Word to this effect has been received locally from the [illegible], Department of Highways.

— S —

Gideons Place Bibles In Battle River Lodge

Gideon members Ernie Schurman and Ken Isley motored to Wainwright on Sunday March 15 to take part in the dedication and presentation of 30 Bibles for the rooms of the Battle River Lodge. Local members also took part in the service which was held in the Lodge lounge.

This Lodge is one which is provided for the comfort of senior citizens. The Gideons place a copy of the Holy Scriptures beside each bed of all such institutions including hospitals.

The co-operation of authorities in charge Mr C Wilbraham and Mrs. White is very much appreciated.

J. J. Mulgrew Awarded Ten-Year Elevator Master Merit Certificate

Mr. J. L. Mulgrew of the Searle Grain Co. Ltd. at Innisfree has been awarded a ten year Elevator Master Merit Certificate. This award is granted by Grain Insurance and Guarantee Company in [illegible] of proficiency in the care of grain elevator premises and to earn this, an elevator [illegible] have a perfect record for ten consecutive years.

Inspections of all plants insured by Grain Insurance and Guarantee Company are carried out by the Affiliated Inspection Bureau Limited which has for the past twenty-five years [illegible] in the inspection of grain elevators, flour and feed mill properties etc. The Bureau's inspection service is acknowledged by all as being extremely thorough and exacting. Winning the award is therefore recognized as an outstanding achievement by the grain trade and fire authorities throughout Western Canada.

Mr Mulgrew L. the son of Mr and Mrs Pat Mulgrew of Clandonald, and served his apprenticeship under Roy Jory in Vermilion.

[illegible] V. NICHOLLS

Company Honors Pioneers

Canadian Utilities, Limited, will pay tribute, March 14th, to eight long-time employees, still active in various phases of the electric utility company's operations. The thirty and twenty year awards will be presented by J. C. Dale president, at the company's 31st annual dinner at the MacDonald [illegible].

Honored for twenty years of service J. V. Nicholls rural supervisor at Vegreville was first shown on the Canadian Utilities payroll in 1939. It was in the Vegreville district where he learned to climb poles and operate diesel engines. From here he moved to Lloydminster as plant operator.

In 1941 Mr. Nicholls joined the Royal Canadian Navy and while in the service married Miss Margaret Frances Martin of Hamilton in 1942. They have one son and a daughter.

After discharge in 1945, Mr. Nicholls returned to the line crew at Vegreville. In 1949 he became plant operator and serviceman at Lloydminster. He was transferred to Vermilion as service supervisor in 1950 where he remained until 1954 when he came to Vegreville as rural supervisor.

The Vermilion Standard

VERMILION, ALBERTA

S. R. P. COOPER — — — FOUNDER

ESTABLISHED 1920

Published Every Thursday at the Office, Main Street
Authorized as Second Class Mail, Post Office Dept., Ottawa
COOPER BROS. — PUBLISHERS
VERMILION, ALBERTA, THURSDAY, MARCH 19th, 1959

St. Patrick, who "found Ireland all heathen and left it all Christian", founded more than 300 churches and baptized more than 120,000 persons according to the World Book Encyclopedia.

End of Big Ranches?

Within the next three months, the Alberta Government will probably decide to set aside community pastures for smaller farmers and feeder men in southern Alberta.

This policy if carried through, would take away crown grazing leases from some of the province's huge ranches and give them to community associations and co-ops.

It also could mean, in time the end of individual holding of Alberta crown grazing leases. Some Albertans call it a "Robin Hood" policy.

Many of the old timers in the industry deplore the passing of an era.

Alberta Farmers Weed Conscious

During the last ten years, chemicals have been a major factor in checking and decreasing weed infestation, reports Weed Control Supervisor W. Lobay. Farmers have accepted this economical aid to their weed control cultural practices he says. Continued research is producing even better herbicides while extension and teaching programs are bringing this information to the farmer.

The Field Crops Branch of the Alberta Department of Agriculture is alert and active concerning the weed problem and is continually shaping its own program to provide significant assistance in this matter to municipalities and others concerned.

Must Double Universities

In 20 years from now, the number of young Canadians trying to get into universities and with the mental capacity to benefit therefrom will be at least double the present figure warns The Financial Post.

This means that for the next two decades we will need to establish every year a brand new university each with capacity for handling 2,000 students or to enlarge existing institutions.

There is no utopian theorizing or do-goodism in these figures. This is just the mathematical reality of what is going to be needed based on population and assuming that only the present proportion of our youth want to or can get to university.

Clearly, higher education is our nation's most challenging domestic problem in the years just ahead of us.

More Married People In Canada

There are more married people in Canada today than ever before in Canadian history. This is one of the regular discoveries of the Bureau of Statistics, which keeps records of everything from girdle sales to mousetraps. In the 1956 census — latest available — 65.8 per cent of us reported we'd tied the knot, up from 64.2 per cent in 1951, 57 per cent in 1941 and 51.6 per cent in 1921.

Ontario is the "most married" province of all, with a rate of 68.7 per cent. B.C. and Alberta are close behind, followed by Manitoba, Saskatchewan, Nova Scotia and New Brunswick. The low men (and women) are Quebec, Yukon, Prince Edward Island and the Northwest Territories. The rate in the territories 58.8 per cent, down from 61 percent 15 years earlier.

The Arctic's frigid temperatures, however, probably have little to do with it. For, as everyone knows, two can live more warmly than one.

DRIVER TRAINING CLASSES

The Vermilion Rotary Club is arranging another series of Driver Training Classes for the spring.

Only 12 Students can be accommodated in each Class.

All interested may obtain the necessary application from—

Alberta Report

Anders O. Aalborg, M.L.A. for Alexandra

Agriculture held the spotlight in the Legislature last week as members discussed the estimates of the Department of Agriculture and paid tribute to one of Alberta's most distinguished farmers.

AGRICULTURAL HALL OF FAME

During his term of office as minister of agriculture, the late David A. Ure initiated a program to give recognition to outstanding farmers of the province. Two well-known main features of this program are the Master Farm Family Award and the Agricultural Hall of Fame. Since it was first established in 1950 the names of five very prominent men who have made signal contributions to the advancement of agriculture in Alberta have been admitted to this Hall of Fame which is housed in the west wing of the main floor of the Legislative building. They are: Claude Gallinger, Edmonton, outstanding Shorthorn breeder. Admitted in July 1951.

Henry Wise Wood, outstanding farmer and leader of farm organizations. Admitted in July, 1951.

Frank Collicutt, Calgary, outstanding Hereford breeder, admitted in July 1951.

Joseph H. Johnson, Edmonton homesteader, farm and livestock man. First herdsman of the University farm and later superintendent of the University farm. Admitted in July 1951.

Charles S. Noble, Nobleford, a long-time farm conservationist, farm equipment designer and manager. Inventor of the Noble cultivators. Admitted in July, 1951.

On Wednesday afternoon last, at an impressive ceremony in the Legislative chamber Mr Daniel J Morkeberg was admitted to the Agricultural Hall of Fame by Lieutenant-Governor Dr. J P Bowlen. Mr Morkeberg, who is 88, is a pioneer in the dairy industry of the province and at one time supervised the creameries at Innisfail, Elnora, Lacombe, Red Deer and Markerville, where he now makes his home.

He was elected to the Legislature in 1917 and two years later he was named to the first president of the Alberta Dairymen's Association, a position he held until 1952. The function was attended by representatives of the farm organizations and many other groups throughout the province together with numerous friends and members of the family. It was a very significant event in the history of Alberta and symbolic of the paramount importance of agriculture in the life of the province.

DEPARTMENT OF AGRICULTURE ESTIMATES

Consideration of the estimates of the Agriculture department occupied nearly all of two afternoon and two night sittings, as members spent over ten hours debating various policies and expenditures of this department. During the fiscal year ahead the Department of Agriculture will spend $6,729,404 of which $2,147,104 will be for capital and $4,582,300 for ordinary expenditures. A few of the main items in the 1959-60 budget of the department are:

Agricultural extension, including the salaries and expenses of sixty district agriculturists, $946,580; Field Crops Branch, including weed and pest control, $456,390; Livestock, Dairy and Poultry work, including veterinary services and control of communicable diseases, $1,030,400; Schools of Agriculture, $739,290; Agricultural Services Board work, $247,300.

RAT CONTROL PROGRAM

The rat control program of the department came in for lively and lengthy debate when some members took exception to an experiment being conducted by a farmer at Scapa to raise a small fur-bearing rodent known as "nutra" which it is alleged, is closely related to the Norway rat. Hon. L. C Halmrast, the minister of agriculture, informed the assembly that the experiment was being abandoned next month when all of the animals would be pelted. He assured the members that an official of his department would be on hand to see to it that all of these animals were exterminated.

Siamese Piglets Born, Mannville

MANNVILLE. Farming south of Mannville Mike Maruniak experienced an unusual sight when one of his sows gave birth to Siamese piglets recently. These were joined from the chest down to the stomach and were alive at birth, but died soon after. Other than being joined in this manner the twins appeared to be normal.

CLAYSHORE CLIPPINGS

Mr. and Mrs. Richard Stebner and family and Mr. and Mrs. Ronnie Bauer and family were Sunday visitors at Irma with Mr and Mrs. Bill Dunbar and family.

Sunday dinner guests at the Robert McMillan home were Mr. and Mrs Howard Rolph.

Mrs. Merna Williamson and [illegible] Dean of Saskatchewan are [illegible] at the Harry Williamson home.

Sandra Olstad was the lucky winner of the beautiful white satin bound blanket raffled at Chatsworth on Saturday.

Sunday evening callers at the Allan Olstad home were Mr. and Mrs. Frank Scott and June.

There wasn't a very good turnout at the card party at the Community center on Friday evening. Five tables of whist were played with the ladies high going to Sylvia Ludwig and the consolation to Mrs. Pete Pidrucheny. Gents high was won by Joe Gartner and the consolation by Bill Woyewitka.

Leslie Bauer celebrated his 8th birthday on Monday afternoon with several of his little friends present. The mothers joined Mrs. Bauer at coffee and everyone enjoyed the [illegible] lunch and [illegible] birthday cake served by Mrs. Bauer.

BUFFALO COULEE ACTIVITIES

It has been quite a battle between curlers and the weatherman. The B.C. ladies still have not finished the play-offs for their spiel but the Students' Union bonspiel was concluded last week end. In the first event the winner was Eddie Kochan's rink with Alayne Stone, Colleen Kennedy and Helen Phessey and second went to Grant Haverslew and his rink of Lyle Gabrielson, Jeanie Kochan and Ruby Boier. First in the consolation was won by the Colin Kennedy rink and second the Robert Cameron rink. What the young people lack in skill they make up in enthusiasm.

The two Buffalo Coulee rinks entered in the Wildmere ladies' spiel took first and second in the Challenge, first going to Lillian Phessey skip, Ruth Haverslew, Rita Smith and Glenys Bauman; second to Ruby Larsen, Lil Smith, Lois Staden and Mrs. Wilson.

Ruby Larsen with Ruth Haverslew, Rita and Lil Smith took second in the third competition of the Vermilion ladies' spiel.

The girls of the B.C. Junior high school have had a couple of games of basketball against the Wainwright Junior high at Wainwright. The first one was played at Wainwright last week and the second here in the gym on Monday night of this week. Wainwright came out victorious by rather one-sided scores in both games. However these were the first games for the B.C. girls and they no doubt will improve with practice.

Several people from the community went to Edmonton last Tuesday night to see the Vancouver-Edmonton hockey game. Brent Macnab spent Wednesday at home here before going on for the next game in Saskatoon. Mr. and Mrs. Brent Macnab Sr. went to Calgary for the week end taking in the game there Saturday night.

The Saltaux W.I. sponsored a court whist card party last Saturday night. There were ten tables, rather a small crowd but that is a bad night.

The Farm Forums held their last regular meetings for this season on Monday night with Auburndale at A. Stone's and Edenvale at George Eyben's. Most of the topics this year have been quite interesting with probably the greatest interest being centred on the subject of 'Vertical Integration'. The spring rally this year is being held at Vegreville next Monday night.

The regular Home and School meeting is being held this Wednesday evening with Mr. S. [illegible] superintendent of the Vermilion school division speaking on the Cameron Commission.

Quite a number of carloads of parents and families accompanied the Boy Scouts to Wainwright last Friday night to attend the bean supper put on by Camp Wainwright, and the program in the Camp theatre in which all the Scout and Cub groups present took part. These groups were from Edgerton, Chauvin, Irma, Vermilion, Buffalo Coulee, Wainwright and Camp Wainwright. A crowd of over 800 enjoyed the evening. It is certainly very encouraging to see so may boys in the uniforms of the Cubs and Scouts.

Ham Bingo Is Planned For Mannville

MANNVILLE — Members of the L. O. L. No. 1946 are busy planning an Easter Ham Bingo to be held on March 25 at 8:00 p.m. in the Orange Hall. Many residents are getting advance tickets as a door prize of a ham is offered on these tickets. Tickets may be procured from any Orangeman, and they will also be sold at the door, additional and otherwise. Lucky players will get a cheap Easter ham and we hear they are dandies.

—§—

SQUARE NOTES From Circle 8

Hi, square dancers, another dance has gone by bringing the end of the dancing season closer. We have two dances left, the next one being held on March 24th in the Legion hall, with Harold Schacher of Bawlf doing the calling.

Well, our friendship cup has started travelling. It was taken to Vegreville from here and from all reports there are a few clubs who are going to try to get it from the Vegreville group.

News is scarce this time, as we have not had any dances recently but we hope to see all square dancers out to the dance on the 24th.

MARWAYNE NEWS

At the Home and School card party on Friday, March 13, there were 6 tables for cribbage and 3 for whist. Cribbage winners were: high — Mrs. L. Dale and Mr. Guy Williams Sr., low — Mrs. H Tupper and Mr. R Peck.

Congratulations to Mr. and Mrs. Cecile Quist on the birth of a son.

Mr. and Mrs. Bert McClean and Sharon visited their daughter and son-in-law at Consort, Alberta last week.

Mrs Paula Lindberg of Edmonton and Mr Bevis Rowbottom of Tofield visited at the home of their sister, Mrs. E. Gray this week end.

Mr. and Mrs. "Bunny" Arsenault visited at the home of their parents, Mr and Mrs John Milne recently.

Miss Muriel Craig was at home for the week end.

Mrs Ferguson has gone to Prince Albert to spend a month at the home of her daughter and son-in-law Mr and Mrs J Ramsey.

The United Church W. A. will hold an Easter tea, home baking and apron sale in the church hall on Sat. March 28 from 2:30 to 5:30 p.m.

The 4-H Sewing Club held a very successful St. Patrick's tea in the school on Saturday, Mar. 14.

Mrs S. A. Anderson, Streamstown, was the owner of the lucky ticket for the lunch cloth raffled by the Ladies Auxiliary. The ticket was drawn by Neil Lowrie at the 4-H tea.

It is with regret that we mark the passing of two more old timers of the area. Sincere sympathy is extended to the Howard Hines family in the passing of Mrs Hines' father, Mr Alcock who farmed in the Jumbo Hill district for many years. Also to Stephen Edwards in the death of his father Mr S. Edwards in Camrose. Mr Edwards came by oxen to the Streamstown district in 1905.

More sad news was the death of David Snedden in a plane accident in B. C. Sympathy of the district is extended to Mr. and Mrs. Snedden.

1959 Fertilizer Recommendations For Alberta

What kind and how much fertilizer should I use on my soil for the crop I want to grow this year? Should I use fertilizer on my pasture and hay land? The answers to these and many other questions can be found in the recently revised publication, "Fertilizer Recommendations for Alberta (1959)".

The information contained in this pamphlet is brief and to the point. Every farmer should have a copy as part of his up-to-the-minute information kit, advises W. Lobay, Supervisor of Soils and Weed Control, Alberta Department of Agriculture.

"Fertilizer Recommendations for Alberta (1959)" can be obtained through your district agriculturist or from the Field Crops Branch, Alberta Department of Agriculture, Edmonton.

Gossips are people who have a habit of going around stabbing reputations in the back.

—§—

There is plenty of room for everybody in this world but we can't all have front rooms.

More Provincial Aid for Farmer In Cattle Improvement Policy

At the present session of the Alberta Legislature, the Honourable L. C. Halmrast, Minister of Agriculture announced a change in the Cattle Improvement Policy. This change will materially affect a lot of prospective buyers of purebred bulls at the Edmonton Spring Sale. Briefly the change as it affects the Spring Sale which is an approved contributor bull sale is as follows:

"An exhibition Association, Agricultural Society, Cattle Breeders' Association or Breed Club sponsoring a sale may apply to the Department to have the policy effective for the benefit of purchasers at their sale. In so doing they agree to establish a selection committee to check the bulls offered for sale. Only approved bulls are sold. The farmer buys his own bull and when making settlement for the animal he can apply for the assistance which is mailed to him at a later date. The Department's contribution or bonus will be made only where application is received by the Department within sixty days of date of sale.

The assistance which was formerly 10% to a maximum of $50 will now be 20% to a maximum of $75.

Any one farmer may obtain assistance on a total of two bull purchases, but there must be a two year period between the first and second application."

The Edmonton Spring Sale will comply with all the above requirements of a contributor sale as outlined. This will be an opportunity for those farmers in need of a purebred beef bull to make their choice from a large pool of bulls which will be offered for sale.

OBITUARY

Edward Waterworth

Mr Edward Waterworth of Clandonald passed away at the Vermilion hospital on February 11th after a long illness. The deceased came to Clandonald from England in 1934 and had farmed in the district since that time.

He leaves to mourn his loss his loving wife Elsie, one daughter Isabelle and two grandchildren. One brother resides in Australia.

The funeral services were held at the Roman Catholic church, Clandonald and interment followed in the church cemetery. The Rev. Father Nearing officiated. The pallbearers were P Mulgrew Sr. P Mulgrew Jr. J MacGillivray, M Shrenkowich, L. Hill and G Brodbin.

Donations to the Cancer fund were received from Jack Ruby and girls, Bill Lawrence, the Poluchuks, Mr and Mrs Jim Honey, Mr and Mrs F Mead, Mr and Mrs W Seal, Mrs Quick and Allan, Mr and Mrs Mulgrew and family; Mr and Mrs John Grant, Shrenkowich Family, Mr and Mrs Ernie Lawrence.

CARD OF THANKS

I would like to extend my sincere thanks to friends and neighbors for the kindness and help received during my great loss with special mention of Mr. J. C. Grant, Mr and Mrs J MacGillivray and L. Hill.

Mrs. Elsie Waterworth

DEATH OF MRS. E. J. deDELLY

Word has been received at Dewberry of the death on March 10 of Mrs E J deDelly at New Westminster, widow of the late Louis deDelly of Dewberry.

—S—

The following names were omitted from the obituary of Miss Fanny Radmore which appeared in last week's Standard.

Sympathy cards: Bill and Jessie Henry and Marion Clayton and Nancy, Christie Morrison, Ronnie and Della, Percy Robertson, Jack Thompson.

Mount Auburn Cemetery fund: Mr and Mrs Hugh Miskimmon.

Cancer Society: Grace Chris and Bill Bradshaw.

CARD OF THANKS

We wish to extend our heartfelt thanks to our friends and neighbors for the many acts of kindness and help received during our recent bereavement. Such kindness and consideration will ever be remembered.

E. J. Herzog and family.

IN MEMORIAM

In loving memory of
Dorothy Ann Le Brocq
and
Arthur Bruce Le Brocq
—who died on March 24, 1958.
"The blow was great,
The shock severe.
We little thought their death so near;
Only those who have lost can tell
The sorrow of parting without farewell."
—Lovingly remembered by Mummy and Daddy, Grandma and Grandad Baldwin, Bruce and Aunt Vivian; Aunt Ruth and Uncle Andy.

—S—

IN MEMORIAM

In loving memory of
Arthur Bruce Le Brocq
and
Dorothy Ann Le Brocq
who died March 24th, 1958.
"Safe in the arms of Jesus.
Safe on His loving breast.
There by His love o'ershaded
Sweetly their souls shall rest."
- Ever remembered by Auntie Belle, and cousins Ronald and Evelyn.

Wildmere Winks

The whole countryside was deeply shocked to hear on Saturday that Otto Welters had passed away on Friday at the [illegible] hospital. While all knew he was not well, they had hoped he would recover. He has spent most of his life in the Tulland district and was a good friend and neighbor to everyone and a willing community worker. To his sorrowing wife and family we extend our heartfelt sympathy in their hour of sorrow. May God comfort them.

The Wildmere W.I. will hold a bake sale in Macleod's store on April 18th. Keep this date in mind folks.

Golf Club Annual Meeting April 1st

When spring comes, can golf be far behind? In order to be ready for what may well be an early golf season, the Vermilion golf club will hold its annual meeting and election of officers on Wednesday, April 1st at 8.30 in the basement of the Masonic Temple. The film of the Canadian Open Championship, played in Edmonton last year will be shown at this meeting. All golfers and prospective new members are urged to attend the meeting on Wednesday, April 1st, 8.30 p.m., in the basement of the Masonic Temple. 36-7

—S—

Westpoint Snow Queen Now Open

The Westpoint Snow Queen has now re-opened for the spring and summer months. This popular spot which proved such a favorite rendezvous for lunches and refreshments last year is once again serving all the old favorite dishes such as hamburgers and chips, soft ice cream and all the delicious confections which go with it. Something new has been added and the Snow Queen is now serving whipped hot chocolate. Special equipment has been installed to prepare this delightful and nourishing drink.

—S—

Ed Toner of Clandonald brought in a large hornets' nest, one of the biggest he had ever seen and left it at the Standard office on display. He assured the staff that the inmates would never revive, heat or no heat! The nest measured 3 feet, 10 inches and 3 feet 3 inches and could probably offer living quarters to at least 10,000 hornets.

—S—

First Blackbirds

No wily old crows have been seen around to date but three blackbirds were noticed by Chris Bradshaw at his farm south of town on Friday last March 13th. Up to now the birds have no reason to regret their early return as it has been warm and springlike.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Ernest Jack of Kitscoty wish to announce the engagement of their daughter, Martha Eileen Mary, to Mr. La Vergne Conrad Lund, son of Mr. and Mrs. Charles Lund of Edmonton. The wedding will take place on Saturday, April 11th at the Immaculate Conception church, Edmonton.

Date of the annua golf meeting changed from Wed. Mar. 25 to Wed. April 1st -- Masonic Hall.

—S—

A. B. Wood of Dewberry, a member of the F. U. A. executive and, Karl Marklund of Kokiee, the local delegate, have both returned from the delegation to Ottawa.

—S—

BOND — Bob and Eleanor Bond (nee Eleanor Jory) are happy to announce the arrival of their daughter Heather Blanche at the Royal Alexandra hospital on Friday, March 13th, weight 6 lbs., 6 ounces.

Mr. and Mrs. V. H. Cooper spent the week end at Drayton Valley where they visited with their daughter Joanne (Mrs. Allan Gannon) and their two little grandsons, Monte and Tony.

—S—

Mr. and Mrs. David Kather and baby daughter of Edmonton spent some ten days in town visiting the parental homes, Mr. and Mrs. A. Kather, and Mrs. M. Jarock and family.

Miss Frances Pockett, Miss Margaret Watt, Misses Shirley and Dot McCormick and Miss Marjorie Maxwell were omitted from the list of guests attending the Zabel-Simonsen wedding.

Mr. and Mrs. John Nelson who have spent the winter at Valley Court, Loma Linda, Calif. plan to leave that warm southern spot on March 25th on the return trip to their home in Lloydminster. They have had a very enjoyable time in the south and found the weather warmer than the average winter there, according to California old timers. It was 88 above at time of writing.

Mr and Mrs Andrew Hlus have purchased the fine residential property on the south side, formerly owned by Dr. E. L. Young. They have already moved into their new home.

Mrs R. Butler was the winner of the nylon truck tires given away at the official opening of Macleod's store.

JOHNSON — Born to Mr and Mrs Donald H Johnson at the Vermilion municipal hospital on March 8th, 1959 a son Dennis Edward.

Mrs. M Lee and Mrs A. Cameron attended the Assembly of the Rebekah Lodge held in Calgary last week. Some time was spent on visiting friends and relatives while there. On the way home Mrs Cameron visited son Roy and family in Edmonton. Mrs. Cameron's daughter Mrs John King of Haney, B.C. is to visit in Edmonton this coming week.

Mrs. Jas. Champon and little daughter Gail returned home on Tuesday after visiting her mother and brothers at the old family home at Bruno, Sask.

THANK YOU

The Rebekah lodge wish to thank all those who bought tickets on the luggage which was raffled recently and all those who helped to make the tea the success it was. The lucky winner of the luggage was Mr Art Hughes of Vermilion who held ticket number 504.

Mr and Mrs. Jack Baddock spent Saturday evening and Sunday in Edmonton where they visited with their daughter Mrs Louise Telford.

HOSPITAL ELECTION CARD

As a candidate for Ward 1 of the Vermilion Hospital Board No. 2, I ask for the support of the electors at the polls on Saturday, March 21st. If elected I will serve you to the best of my ability.

Mr. Farmer!
You can have 800 bushels of grain cleaned at your Seed Cleaning Plant for 12 years for what you would pay for a small fanning mill . . . after 12 years you will need a new one.

You can also get your grain treated the modern way for the price you pay for materials.

So why not have your grain Cleaned and Treated the modern way, instead of just removing the horse shoes and long straws?

Letters to the Editor

Vermilion, Alberta,
March 16, 1959

Editor,
Vermilion Standard.
Dear Sir:

It is to be regretted that one of us, attending the operetta last Friday evening in the high school auditorium, did not take the opportunity to publicly thank Mrs. Sutherland, Miss Fulcher, others assisting, and particularly the students themselves, for the very fine and pleasing efforts put on, this certainly took a lot of work, but all concerned will feel it was fully justified when we say "thanks for doing it". The writer was afraid at first that we were all going to sit on our hands and not respond, but not knowing the proper place to applaud, it was hard to know just when to make the move. The second act we were all warmed up, and ready, so the students knew we were having a good time. It was all the more important to you, knowing it was not necessary to have a 'ballyhoo' with a creature waving on the applause. I am not going to single anyone out, just congratulate the whole cast and say "thank you". Please do another in the near future, this, I am sure, will be the wish of all who saw you on the stage.

Thos. Watts.

Vermilion, Alberta.
March 8th, 1959

The Editor, Standard,
Vermilion.
Dear Mr. Cooper:

May I please use a little space in your valued paper? This is about dogs. In our block we see daily from 12 to 15 dogs prancing around regardless of lawns, fences or hedges. I would like to emphasize that although a dog is wearing a tag this does not license him to run over or ruin private property of the neighboring citizens.

I am rather an enthusiastic gardener, and try to beautify my property but have little chance under present conditions with dogs running at large with no restraint whatever. I do not take kindly to my lawn being trampled to death, my flowers broken off, or my vegetables being decorated canine style. This does not have an appetizing effect on cabbage, lettuce, rhubarb, strawberries, etc.

I think that it is about time that the owners began abiding by the law and keep their dogs within the confines of their own yards. They probably do not realize what a nuisance and a source of trouble they are to uncomplaining neighbors.

"Advocate for town beautifying."

Mannville and District Local News

Adele and Twee Horton and family were recent visitors at the parental home of Mr. and Mrs. E. Matney recently. They also visited at Heinsburg.

Seen home over the weekend were James Croft, at the home of his parents and Hans Pedersen at his mother's home.

Ralph Jensen of Washington has been spending a few days with Mrs. Chris Jensen here.

Mr. and Mrs. R. Forsyth and boys, accompanied by Mrs. E. Hubbard and Mrs. R. Lugg, journeyed to Edmonton last Saturday.

Mr. H. T. Taylor of Vegreville, editor of the Mannville paper years ago, was a Sunday guest at the home of Mrs. A. M. Rutherford and the James Johnstone home.

Mr. and Mrs. Joe Thompson and family and Miss Annie Rutherford were week end guests at the home of Mr. and Mrs. James Johnstone.

Mrs. Betty Ramsey and children, accompanied by Miss Susan Allen of Edmonton, spent the week end in the capital city.

Further in this issue, readers will note an item about the "clean-up" sale of miscellaneous articles in the United Church basement rooms. Some of these items are: blinds, aisle carpeting, a rug, light fixtures, cupboards and stools etc. Anyone wishing to pick up any of the articles should be sure to attend the sale on March 21.

Fred Schock, his wife and family, accompanied by Kenny Schock all of Edmonton, visited their parents at Mannville and Vermilion recently.

We are happy to report that the Rev. Ian Holter has returned home from the University hospital in Edmonton.

Ivor Berg has left the hospital in Mannville and was driven to Edmonton to enter the University hospital.

Mrs. Mitchell from Barrhead is spending a few days at the home of her daughter and son-in-law, Jean and Stan Boe.

HAZELDINE W. I.

The March meeting of the Hazeldine W. I. took place at the home of Mrs. Frank MacLean. Speaker at the meeting was Mrs. J. K. Whiteside and she gave an excellent talk on the schools for the physically handicapped and mentally retarded children of the province.

Following the business meeting members competed in a contest sponsored by Mrs. N. Romanick, and lunch was served by the hostess assisted by Mrs. Whiteside and Mrs. Guy Williams.

The Homemaker

Donna Westendorf
District Home Economist
Lamont, Alberta.

Many homemakers are busy now with repainting. Here are some ideas that may help you. To estimate paint needs: Figure the area to be covered in square feet. Divide by 600 if painting over smooth plaster. Divide by 500 if painting over sand plaster. Answer is the number of gallons needed.

FOR TRIM
For trim estimate one quart of paint for every 5 openings in the room. This will give enough for one coat.

PAINTING TIPS:
(a) Strain out lumps — You must strain these out otherwise they will plague you throughout the entire paint job. One of the best strainers is a nylon stocking.

(b) Spatter control — If the rim of your can is filled with paint, control the inevitable spatter with a cloth placed over the lid before you begin to hammer.

(c) Glue a paper plate to the bottom of you paint can so that you can move from place to place without watching for drips.

(d) Lump remover — Try mixing up old paint, lumps and all, then cut a piece of window screening the size of the can. Drop in the screen, it will sink to the bottom, paint lumps and all.

(e) Avoid resting a brush on the bottom of the can. Hammer a tack into the heel of the brush and hang it on the rim of the paint can.

(f) No scum — Cover left-over paint with a film of turpentine. Stir this in as a thinner next time you use the paint. One other way — store your paint cans upside down.

(g) Paint guard — Use an old Venetian blind slat. A metal one works especially well.

WATCH OUT FOR:
1. Light colored backgrounds for your room settings — use of pastel greens, blues and grays, and off-white tones is becoming more and more popular.
2. White, or white plus a bit of the wall color, for ceilings.
3. Bold shapes, patterns — and colors in small accessories, i.e., pottery and cushions.
4. Bottle shapes in lamps.
5. Coming — bold stripes and geometric patterns in scatter rugs.
6. On the way in — an emphasis on texture for your drapes, rather than pattern, but tone on tone patterns are still a good bet.
7. On the way out — gold and silver metallic threads in drapes and upholstery, and gold-flecked counter tops and flooring.
8. On the way out — stippled plaster ceiling with plain border bands.

There are more people of Irish descent in the U.S. than there are in Ireland. The World Book Encyclopedia says New York City has the largest Irish population of any city in the world.

It's easy to find folks who say just what they think — in fact, they are more numerous than popular.

A REWARDING CAREER AS A
NURSING AIDE
IS OPEN TO YOU!
TRAIN NOW TO BE A VALUABLE MEMBER OF THE NURSING TEAM

Women of all ages may prepare for a career in this important field, through the Schools for Nursing Aides located at Calgary and Edmonton, sponsored by The Government of Alberta.

Complete training of bedside nursing care to patients in hospitals, institutions and homes, under the direction of a doctor or a professional nurse, is provided during a 40-week course. Training includes classroom instruction, as well as practical experience in Alberta hospitals.

NO TUITION FEE REQUIRED! Successful applicants receive a training allowance from The Government of Alberta, as well as transportation costs to the School and to training hospitals.

NEW CLASSES ENROL EVERY SIX WEEKS.
AT EDMONTON—March 30th, May 4th, June 8th, etc.
AT CALGARY—March 16th, April 20th, May 25th, etc.

Here is an opportunity for a satisfactory career that offers security for the future to all women 17½ years of age or older, who are in good general health, with a Grade Nine education or its equivalent. Special consideration will be given applicants who have been employed in allied fields. FOR COMPLETE INFORMATION REGARDING THE NURSING AIDE PROGRAM WRITE TO:

Director of Nursing Aide Education,
1221 - 14th Ave. N.W.,
CALGARY, Alberta.

Norma Fenton Becomes Bride Of Angus Donkin At United Church

First United Church, Vermilion was the scene of a quiet, very pretty wedding on February 23 when Norma Alice, youngest daughter of Mr. and Mrs. J. T. Fenton of Vermilion was united in holy matrimony with Mr Angus John Donkin, son of Mr. and Mrs R. Donkin of Red Deer. Rev C. W. MacKay performed the ceremony.

The bride entered the church on the arm of her [illegible] looked lovely in a [illegible] white wool dress with [illegible] series. She carried a bouquet of bronze chrysanthemums and her hat was fashioned in bronze leaves.

Miss Velda Donkin, sister of the groom was bridesmaid and she wore an off-white taffeta dress in princess style, featuring a harem hemline. Her accessories were pale green and she carried a bouquet of red and yellow chrysanthemums.

Mr. Bryan Fenton, brother of the bride, acted as best man and ushering were Mr Don Aldag, brother-in-law of the bride, and Mr Sid Ellis of Red Deer, bro-

Wedding music was played by ther-in-law of the groom. Mrs. Wm. Waterfield of Islay and Mr. R. Donkin, father of the groom, was soloist.

For her daughter's wedding, Mrs. Fenton wore a light blue [illegible] and Mrs. Donkin chose a navy blue afternoon dress. Each wore roses en corsage.

A reception was held at 6.00 p.m. for about fifty guests at the home of Mr and Mrs. Don Harrison of the Bowtell district. Mr. R. Donkin Jr., proposed the toast to the bride and the groom ably responded. Little Miss Helen Iwasiuk was in charge of the guest book.

For the present, the happy couple will make their home in Red Deer, but will move [illegible] to Waterton Lakes where the groom is employed with an oil company.

Out-of-town guests at the wedding were Mr. and Mrs. R. Donkin Sr., Velda and Janet, Mr. and Mrs. Sid Ellis, Mr and Mrs. R. Donkin Jr., all of Red Deer; Mr. and Mrs. S. Carlson of Marwayne and Mr. and Mrs. Don Aldag of Gull Lake, Sask.

Returns To England After 48 Years

Mrs. Ellen Heinemann of the Northern Valley district, flew by TCA from Edmonton to London, England, on March 7th to visit her two brothers, two sisters and two aunts whom she hadn't seen for 48 years. Mrs. Heinemann is 71 years of age and this was her first ride in a plane as well as being her first return trip to her old home. She plans to spend three months there. The send-off was highlighted by most of her family and many friends being present at the airport as well as at a gathering at her daughter's home in Edmonton to wish her bon voyage.

Local Elks Hold Enjoyable 'Spiel

The Vermilion Elks recently held a very enjoyable district bonspiel at the local rink when they entertained fourteen rinks from the surrounding Elks lodges.

Clubs represented were Wainwright, Derwent, Vegreville, Vermilion, Marwayne, Mannville, Viking and Myrnam.

Rusty Graham and his quartet from Marwayne were the champions of the spiel.

Hereford Club Plans Entertaiment at Sale

The Northern Alberta Hereford Club is busy again getting ready to do their part at the Edmonton Spring Show and Bull Sale which is being held the week of March 23 to 28 at the Edmonton Exhibition Sales Pavilion. There are about 250 Hereford bulls and 50 females to be sold besides the entries from the other two beef breeds.

The innovation of a two-day Hereford sale this year is being held in great anticipation.

On the Thursday night of that week, the Northern Alberta Hereford Club is presenting their annual Hoedown and are looking forward to entertaining their many members and friends in an evening of dancing. The orchestra will be the capable Len McDonald and his Saddle Tramps. A special feature of the evening will be the presentation of prizes in the form of flowers by Tyler's and western gear by the Boot and Saddle Shop.

St. Paul Presbytery W.A. Elects Mrs. J. H. Roddick of Viking

The seventh annual meeting of St. Paul Presbytery W. A. was held on March 4 at McQueen Memorial Church, Mannville, with 93 delegates in attendance.

The theme of the meeting, "The Forward Look" was the topic of the guest speaker, Rev. J. Shortt of Kitscoty. He stated that the loyalty of the women of the W. A. is to the total program of the church and that a Christ-like program for a Christ centered church is the only program that will fit and the only one that is right.

Mrs. J. H. Roddick of Viking gave the devotional, bearing the message that our faith must show in every act of our daily life before we can truly call ourselves Christian.

"Just For Today" was the selection chosen by the soloist, Mrs. W. C. Laird of Kitscoty. Mrs. C. G. Davidson, Lloydminster, was organist throughout the day and Mrs. B. Bird of Vegreville conducted a sing-song during the morning session.

A beautiful In Memoriam service was conducted by Mrs. J. Shortt and Mrs. Walton of Kitscoty honoring the memory of the following:

Mrs. E. Thurston, Rife Memorial Church, Bonnyville; Mrs. A. Pinsent, Marwayne United Church; Mrs. Frank Eyben, Auburndale United Church; Mrs. Frank Filgate, Clandonald United Church; Mrs J. A. Graham, Grace United Church, Lloydminster; Mrs. W. A. McCourt, Kitscoty United Church; Mrs. H. Taylor, Vegreville United Church.

The following slate of officers was installed by Rev. J. Shortt of Kitscoty: President — Mrs J. Roddick, Viking; 1st Vice President, Mrs. W. McLean, Lloydminster. 2nd Vice President — Mrs. H. C. Martin, Cold Lake. 3rd Vice President — Mrs. Manson Burr, Vermilion. Literature convener Mrs. J. C. McLean, Irma; Manse convener Mrs Manson Burr, Vermilion. Leadership training Mrs. C. Gamble, Mannville. Press and Publicity Miss E. Lothian, Ranfurly.

Mrs. W. C. Laird of Kitscoty was nominated official W. A. representative on the Lake Whitney camp committee.

Gracious hospitality was extended to the delegates by the Mannville W.A. and all enjoyed meeting in the new church building.

A vote of thanks was given Mrs. Lillian Graham of Lloydminster, past president, for the splendid work of organization she accomplished as president.

Viking will be host to the next annual meeting to be held the first Wednesday in March, 1960.

Dewberry L. A. Plans Easter Tea

The March meeting of the Dewberry Ladies' Aid was held at the home of Mrs W. Kruger with six members present. The opening hymn "Take Time to be Holy" was followed by the Lord's Prayer, after which Mrs. Kruger read from the Bible and Mrs. Windisch from the Upper Room.

The minutes of the previous meeting were read and adopted. Proceeds from Around the World exhibit were most gratifying.

Failing to elect a manse committee at this time it was tabled until a later date.

Arrangements were made for the Easter tea and apron sale to be held in the hall on Saturday afternoon, March 28th form 2.30 to 5.30. There will be home baking, home produce and candy for sale and also a "white elephant" table. Each member is to ask someone for a donation to the home produce or home baking table.

A motion was made to buy vitrophane to fill in the upper parts of the church windows. Curtains are to be put on the lower parts.

The Aid will again buy flowers for the church for Easter Sunday.

The meeting closed with the benediction and the hostess, assisted by her small daughter Nancy, served a most enjoyable lunch.

The next meeting will be held at the home of Mrs. W. R. Young.

Happy Hour Meets At Mannville

MANNVILLE — With seventeen members present and one visitor the Happy Hour group held its meeting at the home of Mrs. Joan Lugg. An interesting report was heard from Mrs. Albert E. Williams of the Diocesan annual meeting held in Edmonton recently disclosing some vital information to all W. A. members. Plans were made to cater to a wedding reception in the near future, and reports read from various committees. The minutes and financial reports were approved and adopted and all bills ordered paid. Edith Pedersen won the 'guess'. A delicious lunch was served by co-hostesses Mrs. Harry Shell and Mrs. Douglas Otto.

—S—

DANCE AT ISLAY
Dance at the Islay community hall on Monday, March 30th. Hanna's orchestra, door prize, lunch served. Sponsored by the Islay Community Assoc. Admission 75 cents. 35-7

NEWS from ISLAY

A group of Islay country folk surprised Mrs. Sybil Roebuck on her birthday, including Mr and Mrs Ulva McFadyen and Bill, Mr and Mrs Ternoster, Mr and Mrs. Bill Waterfield, Mr and Mrs Harry Waterfield, Mrs. Art Waterfield and Miss Eva Bramington, and Mr. and Mrs. Harold Roebuck. A happy evening with cards, crokinole and music was had.

Some will remember from 1939 to 1940 Islay had high school grades 10, 11, and 12. Miss W. E. C. Smith, B.A., B.Sc was the teacher and classes were held in the big building over on Main street owned by Hart Barnes. The school published a paper the I.S.U. News and Views at that time and we came across a packet of these the other day and really had some laughs. It was a good paper so we will give an item or two occasionally therefrom. Seems the I.S.U. had their first meeting Oct. 6th and officers elected were: President, Irene Sherback; Vice-Pres., Bob [illegible]; Sec.-Treas. Eletha Riley; Press Editor, Patsy Easton; Social Convener, Vera McNeeley. That was the year too that Hallowe'en's biggest trick was the goat of Harry Davies' ending up in the high school. The funniest thing seen was Ronnie Carter trying to test the air pressure in a flat tire. The latest howler in Islay was the answer to 'What is a volcano?' The answer — A mountain that shoots out hot saliva.

The Curling club agreed to assist in digging a well to supply both curling and skating rinks, according to the paper and in the same edition were the wedding announcements of Miss Ruby Hutchinson and Mr Donald Summers on Oct. 14th, and Miss Mae Armstrong and Mr Warren Edwards on Oct. 8th.

A humorous item taken from the paper read: Jim Hutchinson's saddle horse broke loose and stopped at McNeeley's gate as if used to it.

Mr. and Mrs. Jim Allen were Sunday visitors at the home of Frank Allen of Hazeldine.

Mr. Sol Kohn has installed a new John Deere chop mill and hopes to do considerable business during the winter.

News came in from several school districts, Bridstow, Morrison, Trimbleville and Kenilworth. From Kenilworth Ken Stone left Oct. 20th for agricultural school at Vermilion and Mr. Ray Stone is relaxing, he has reduced his working day to nineteen hours.

There are some of the students of those years still around and we hope they get a kick out of these few items. Oh, there [illegible] you may see some of it later.

"IMAGINATION RULES THE WORLD"
— *(Author's Name Below)* —
Scientists first use their imagination to figure out what can be the possible causes of a disease. Then they research each theory until they are positive of their basic facts.
Next, the chemists create a formula, or sometimes even a new man-made chemical, that will accomplish the desired result.
After it has been clinically tested for safe use, the new discoverey is sent to our prescription departments. Your physician prescribes it, we pharmacists compound it and another disease can be treated better than ever before.
A great many people entrust us with the responsibility of filling their prescriptions . . May we compound yours?

MARWAYNE

Mr. Pugh, Director of x-ray survey, Edmonton, will speak at a public meeting to be held in the school gym on Thursday, March 12, at 8 o'clock. It is to your best interest to attend this meeting. The x-ray unit is expected to be in Marwayne in April.

Congratulations to Mr. and Mrs. Alec MacDonald on the birth of a daughter Patricia Ellen in the Lloydminster hospital.

Congratulations also to Mr. and Mrs. Swensongaard, (nee Donna George) of Edmonton on the birth of a son Glen Brent. He is the first grandchild of Mr. and Mrs. Byron George.

Mrs. Rae visited at the home of her parents, Mr. and Mrs. McKinnon at Wetaskiwin, who celebrated their 35th wedding anniversary.

A carload of ladies a[illegible]l the St. Paul United Presbytery at Mannville on Wednesday last

Mrs. Rose Califord has been visiting at the Jack Califord home.

Sincere sympathy is extended to the Haskell family in the passing of their mother, Mrs. Dorothea Haskell at her home in Marwayne. Mrs. Haskell was an old timer of the Riverton district moving here a year and a half ago. The funeral service was held at Riverton hall with interment at Dewberry.

Sympathy is also extended to the Protsch family in the death of their mother Mrs. Protsch passed away after a lengthy illness. The funeral service and interment took place at Dewberry.

Mrs. J. Swan is a patient in Lloyd hospital. Other patients there are Mrs. Ed Viteychuk, Mrs. Curtis' mother Mrs. Finlin. Mr. Sonley is home after a week there.

A shower was held for Mr. and Mrs. Gordon Campbell at the home of Mrs. Elda Currie. Mr. and Mrs. Campbell lost their trailer and all contents by fire.

Mrs. Alton, Mrs. Ferguson's mother is a patient in the Lamont hospital. Mrs. Alton celebrated her [illegible] birthday recently.

Remember the 4-H Sewing Club St. Patrick's Tea in the school on Saturday afternoon, March 14 from 2:30 to 5:00 p.m.

The W. A. of St. George's church are having a bake sale and serving lunch on Saturday, April 25.

The Home and School card party will be held in the school on Friday, March 13th at 8:30 p.m.

OUR LETTER FROM EDMONTON

Alberta's Rat Extermination Program Rated As Best In North America

by KEN MASON

EDMONTON — For years Alberta has clung proudly to the claim that it is one of the few rat free areas in North America, if not the only one.

Last week the Legislature was plodding quietly through the agriculture department budget estimates when the discussion turned to the province's costly rat control program carried on along the Saskatchewan border.

Agriculture Minister Halmrast reported the program continues to be successful in restricting the rats to a narrow strip along the border — then the roof sagged.

Michael Maccagno, Liberal from Lac La Biche, informed the House that a farm at Scapa, about 25 miles south of Castor, is raising mutant but nonetheless genuine Norway rats. And under a provincial government fur farm licence, at that.

What followed was easily the wildest and best debate of the session to date. For more than an hour members exchanged angry words, tempered by the odd joke.

Mr Halmrast was caught off guard. So far as he knew, the animals at Scapa were brought into the province in the fall of 1956 as fur-bearers.

Maybe so, Mr. Maccagno replied, but despite the fancy name they're nothing but rats. Then to top it off he read from the annual report of Mr. Halmrast's department which said rodent experts at the British Museum had identified the critters as mutant Norway rats.

Mr Halmrast felt it was nothing to get excited about. He pointed out that the mura are kept in escape-proof buildings, and that they are under scrutiny of provincial pest control officers.

This didn't satisfy the Opposition members. They warned of the dire consequences if the animals escaped and began to multiply at their fantastically fast rate (the gestation period is around 17 days).

A word of background on mura. The animals were developed in Germany as a potential fur-bearer. They are rats which have undergone genetic changes to produce different colors. They come in shades of black, brown, white, palomino and sapphire blue.

The storm appeared to have subsided by the week end. The day after the debate, Mr. Halmrast informed the house that the owner of the farm had died and his family didn't seem interested in carrying on the enterprise. The animals probably will be killed and pelted this spring, he said.

If this happens, provincial pest officers probably will breathe easier. They've been wary of the mura ever since they arrived.

The pastel-tinted rats lack the characteristic hardiness and the adaptability of grey-brown Norway rats, and are unable to fend for themselves.

But if some escaped in the spring, successive generations might be tougher customers by fall. Another danger, apparently is that breeding by regressive strains could work the rats back to the original type.

It was the brightest debate the House has seen in a long time, but Agriculture Minister Halmrast didn't deserve the abuse which was heaped upon him. His department's rat control campaign is without doubt the best on the continent, probably the only one of its kind in North America.

[illegible]

Members of the House earned their sessional indemnities last week. They worked night and day plowing through the budget estimates which have to be finished by March 31 so the government will have some money to spend in the new fiscal year.

Opposition members are persistently questioning nearly every item in the estimates, with the result that the operation is moving at a painfully slow pace.

It begins to look now as though the session won't end by Easter. Once the estimates are passed, the House will have to give clause-by-clause study to a hundred or so bills. Opposition questioning could drag this out too.

Other highlights of the week: The assembly was unanimous in passing a Social Credit motion calling on the federal government to reach an agreement with the U. S. government on sharing the cost of paving the Alaska Highway through northern Canada. Ira McLaughlin (SC — Grande Prairie) introduced the motion and it was seconded by A O Gimrite (SC — Spirit River.)

Members were also unanimous on a Social Credit motion calling on the federal government to pass stronger laws against indecent literature.

A liberal resolution asking the government for a royal commission to assess Alberta's natural resources needs and policies for the next 50 years was defeated by the Social Credit majority.

Members finished a drawn out debate on farm credit by passing a motion asking the government to examine the whole field of agricultural credit. The examination will be carried out "with a view to evolving in conjunction with the federal government and existing loan agencies co-ordinated facilities to meet legimate needs of the agricultural industry."

This started as a Liberal motion seeking a provincial farm credit system which would make loans up to $25,000 available for all purposes. But the House passed an amendment introduced by Chester Sayers (SC — Camrose) striking out most of the original wording and substituting the wording above.

Legion Auxiliary Donates To Fund For Scholarship

MANNVILLE — Word has been received of a scholarship fund established by the Ladies Auxiliary to the [illegible] Legion Provincial Command. All the auxiliaries are asked to donate to this worthy cause and Mannville Branch donated $10. A notice has been sent to the principal of the high school here. Veterans' children as well as grandchildren are eligible and may apply for the scholarship. Further information may be obtained from the principal, Mr. Hugh Doherty, while Mrs. Elmer Kreller has the application forms.

DISTILLATES AVAILABLE FOR EARLIER MODEL TRACTORS

How to cut a FANCY figure ...without spending one!

The way to cut a fancy figure without spending one is to drop into your neighbourhood Ford Dealer and ask him to show you his Custom 300 Tudor Sedan with a Six engine. It's the lowest-priced of all Fords—in fact the lowest-priced car in its class.*

Ford also gives you a whole series of standard features that would cost you $87.25 *extra* in a directly competitive model which costs more to begin with. Examples? Foam cushioning in the front seat, extra body insulation, 66-plate battery, aluminized muffler that lasts up to twice as long . . . just to mention a few.

Sounds good? It *is* good. Drop into your nearest Ford Dealer's and see for yourself.

*According to recent comparisons of manufacturers' suggested retail prices.

All Phases of Health Covered In Annual Health Unit Report

The annual report of Dr. G. Bourke, the Medical Officer of Health of the Minburn-Vermilion Health Unit has recently been issued. Here is a summary of his report.

The Health Unit has a population of 28,094 and the area is 5,025 square miles. The staff consists of the medical officer of health, six nurses, one sanitary inspector and two stenographer-technicians, one of whom works on a part time basis. The main office is in Vermilion and there are sub-offices in Wainwright, Kitscoty and Innisfree.

COMMUNICABLE DISEASE

During the year, cases of measles, pertussis, acute anterior poliomyelitis, scarlet fever, chickenpox, mumps, infectious hepatitis (jaundice) rubella (german measles), impetigo, scabies, ringworm, and aseptic meningitis were brought to the attention of the Health Unit staff — a total of 322 cases in all.

The two cases of poliomyelitis notified had paralysis and one of these was extensively paralysed. Neither of these patients, both adults, had been vaccinated against the disease.

Two families who had been contacts of typhoid fever were immunized against the disease, all the necessary precautions were taken to prevent its spread. Both families remain in good health.

An outbreak of an upper respiratory tract infection due possibly to one of the adenoviruses took place during the early weeks of December in the south-western portion of the Health Unit area. Probably 25-30% of the population were attacked and especially school children. All those affected recovered. This outbreak was notified to Edmonton and Ottawa.

In special cases where persons had been exposed to poliomyelitis, infectious hepatitis (jaundice) measles and german measles, a serum to help prevent these infections was given by injection to contacts of these diseases.

When an infectious disease which is notifiable occurs or is suspected in a household, the householder is required by law to notify the Health Unit. Advice is always available on isolation, quarantine, and prevention of communicable disease. In certain cases home visits are made by the nursing staff.

RHEUMATIC FEVER

On April 1st, 1958, a scheme was introduced to issue free penicillin to all Alberta residents up to the age of 18 years who have had rheumatic fever and as a result a damaged heart. It is thought that penicillin will prevent re-infection and thus further damage to the heart. Sixteen children with rheumatic heart disease are now receiving penicillin tablets to prevent re-infection.

HEALTH EDUCATION

During 1958, 21 films were shown, 14 lectures and 18 classroom talks were given. Many topics of health interest received attention. A weekly health unit column is printed in the local newspapers and is always as interesting and as topical as possible. During the year 52 newspaper articles were written, each article being printed in six different newspapers. The list of forthcoming baby and pre-school clinics for the week is also printed and the time and location of clinics broadcast over the radio. Health education literature on many topics is always available for distribution to mothers and families. Literature especially on immunization together with a list of the baby clinics in the area is forwarded to every mother with a new-born baby.

The staff of the Health Unit is always available to speak on matters of health and show films to any group that might be interested.

WELL BABY AND PRE-SCHOOL CLINICS

The attendance at these clinics is very satisfactory. 364 clinics were held throughout the year with an attendance of 8,751. At these clinics babies are immunized and vaccinated if requested and advice on any matter relating to the health or management of the baby is given by the trained staff. The medical officer is available to examine children and babies and to give advice but if treatment is required, the child or baby will be referred to the family doctor.

These clinics are held weekly in Vermilion and Wainwright and monthly in Albert, Chauvin, Clandonald, Derwent, Dewberry, Edgerton, Innisfree, Irma, Kinsella, Kitscoty, Lloydminster, Marwayne, Mannville, Minburn, Paradise Valley, and Ranfurly. The hours and dates of these clinics are published weekly in the local papers and broadcast over the radio.

HOME VISITS

The number of home visits is increasing. Favourable road conditions throughout most of the year made this possible. Many visits were made in respect of tuberculosis, communicable disease, school follow-up, mental health, poliomyelitis follow-up, child welfare, pre-school and baby care. A total of 2,042 home visits were made during the year.

(continued next week)

PLAN TO TREAT YOUR SEED

Available today are a number of reliable organic mercury chemicals for the treatment of seed which give very satisfactory protection at a relatively small cost per bushel. In addition, there is now protection, in the form of dual purpose treatments, against seedling blight, root rot and wireworm damage.

It will pay to protect your 1959 crops against seed borne diseases and other hazards by using one of the recommended treatments.

SEARLE GRAIN COMPANY, LTD.

New LEYTOSAN Makes You 2-Way Profits!

It's money in your pocket when you buy Leytosan — a British product . . . the only British seed treatment on the Canadian market. When you buy British you help sell your own grain to Britain — one of Canada's best customers. There's extra profit for you with Leytosan.

And there's extra crop profits in one simple, easy treatment of seed grain with Leytosan. Because Leytosan pays off in the control of soil-borne diseases, increased germination. Remember — it's Leytosan for 2-way profits.

Check these features:
- ✓ Increases germination
- ✓ Stops smut
- ✓ Free-flowing
- ✓ Improves grades
- ✓ Helps check root rot
- ✓ Practically odorless

WILDMERE WINKS

The big bonspiel held at Wild[illegible] last week could hardly [illegible] good curling as the weather did not co-operate very well and the ice was very heavy most of the time. However that did not stop Mac Smith of Saltaux from making history as he chalked up an 8-ender. Quite a sight to see. Skip Albert Smith and his rink of Buster Newman, Jeff Martin and Ken Shepherd won the Grand Challenge, Mac Smith of Saltaux won second; Billie McGrath won first in the second event. Full results will probably be found elsewhere in the Standard. All in all it was a busy five days. The ladies took turns at working in the booth. The weather turned too mild for the ladies to hold their spiel last Saturday but here's hoping it turns colder soon so that this enjoyable and much looked for event can be run off.

On Wednesday Mrs. Holte and Mrs. Wallington, through the kindness of Albert Holte went to town and stopped off at Mrs. W. Edwards where later we were picked up by Mrs. R. Hawley and all attended the St. Paul United Presbytery W. A. meeting at Mannville. All together 93 ladies were registered and an interesting meeting was enjoyed. All had a good look at the nice new United church there where the meeting was held. Many thanks to the Mannville ladies for the lovely dinner they served us, and the good lunch before leaving for home in the evening. We missed seeing Mrs. E. Gerber of Lloydminster who usually attends. We were pleased to see members of the Saddle Lake W.A. present. It is a new group. Mrs. Graham, retiring president, has been a wonderful person in that capacity. We are sure her successor Mrs. J. H. Roddick of Viking will also fill that office to the satisfaction of all, too. Rev. Shortt of Kitscoty gave a very interesting talk on the theme "Forward Look".

Mrs. L. H. Fadden of Wildmere spent last week with her mother Mrs. A. Frissell in Vermilion, and also had some dental work done. We hope Mr Frissell is soon well and home again from Edmonton.

A good crowd attended the high school spiel on Saturday last in Vermilion, also the hockey games going on all that day.

Billie Smith has been selling a lot of baled hay lately as some are running short of feed.

Basswood has its first television set, at the home of Mr. and Mrs. Noel Garnett.

We had nice chats on Saturday with Mr. and Mrs. P. McGuigan, Mrs. A. Stone and her mother Mrs. Smith, Mr. and Mrs. J. Wilson, Mrs. A. Ross and Mrs. Fred Swan.

Sorry to hear that Alex Stone is a patient in the Lamont hospital. Best wishes for a quick return to health and home Alex.

Hello to Miss Craig and all our friends in the hospital. Also to Mrs. Kather, whom we hear is now home again.

Funniest thing heard: A small boy asking his dad on Saturday evening if he had got the 'week end'. They always have some way of explaining things don't they?

Lady Curlers Win At Fort Bonspiel

MANNVILLE — A rink of lady curlers comprised of Mrs. David Hasinoff, Mrs. Leonard Manz, Mrs. Alfred Gerhart and Mrs. Bruce Hubbard won third or fourth in the Grand Challenge at Fort Saskatchewan bonspiel, depending on the outcome of the final games, having returned home ere then.

Young P.C.'s Are Organizing Through Province

The amazingly fast rise of young politicians in Alberta has [illegible] members sit up and take notice.

All three major parties in Alberta have attempted to form young groups and of these the YPC's seem to have had the [illegible].

Some feel that the YPC's are worrying the Manning government and point to the attack on them by Mr Taylor in regards to a resolution passed by the young Tories at their Banff convention, asking for an investigation into the Alberta Government Telephone system.

Two hundred YPC's, including four carloads from the Peace River area were at the Banff convention while only 85 young Liberals attended their Edmonton convention of which 40 were Edmontonians.

Statistics show that half of Alberta voters are in the 18 to 35 age bracket and consequently the parties are realizing the value of young people and their ideas.

It is claimed that YPC movements are springing up all over the province and could be the beginning of a new era in Canadian politics.

The word "democracy", is of Greek origin, meaning "rule of the people."

BAKE SALE

A bake sale will be held on March 28th sponsored by the Princess Anne W.I. downstairs in Macleod's store commencing at 3 p.m. Hot Cross buns a specialty. 25-7

Health Unit Notes

SLEEP

Adequate sleep is very necessary for all of us. It gives our bodies a chance to recover from tiredness and fatigue. Tiredness is a blessing and a safety valve since without it we would wear our bodies out and die.

Use of our muscles produces a waste product called lactic acid which is removed by the blood and finally excreted. Excessive use of our muscles or group of muscles produces an accumulation of lactic acid which produces the sensation we know as fatigue. As with muscles so with all other processes of the body, activity leads to fatigue and recovery comes only by rest. Both mental work and emotional activity can tire the whole body.

When the whole body gets tired, we become sleepy and gradually lose consciousness. In sleep the activity of the mind (except in dreams) quietens, muscles relax, the heart beats fewer times per minute and respiration slows down. During sleep waste products are removed and the "wear and tear" repaired. We also lose around a pound in weight.

Loss of sleep affects speed, accuracy, alertness and learning capacity. These are of a temporary nature but lack of sleep may injure permanently. With boys, growth is rapid between the ages of 15 and 18 and in girls between ages 14 and 17 and if fatigue consumes energy then growth in size and weight is likely to suffer. Many children are underweight not because of poor feeding but due to lack of rest. When such children spend long hours in sleep and take rest periods during the day, they promptly gain weight. Lowering of body resistance is another injurious effect of fatigue and the body is left defenceless against infection and particularly TB. It is significant that between the ages of 15 and 25 the death rate from TB rises sharply.

A healthy tiredness produces the best sleep, but over-tiredness [redacted] restlessness and insomnia. The activities of the day should be turned off gradually during the evening hours, and exciting games and movies, bloodcurdling detective stories cannot do that. Routine is very important and if one forms the habit of being in bed at a certain time each night, slumber will come more quickly.

The bed, mattress and surroundings are most important for a good night's sleep. The mattress should be at least 18 inches wide the bed should be neither too hard nor too soft; coil springs are best. Sleeping on a very hard and stiff spring robs the sleeper (next day) of about 12% energy as measured by his ability to do severe mental work. Sheets and blankets should be wide enough to hang over the bed and should not be tucked in too tightly. Finally the surroundings should be carefully considered. Coolness, quiet colors and silence invite relaxation. Noises and light are the enemies of sleep.

THE QUANTITY OF SLEEP

Generally speaking, growing children should have about ten hours and youths in their teens at least eight hours sleep.

The use of sleeping powders in tablets should never be used in health but only when prescribed by a doctor. In spite of normal living, if sleep is poor a [redacted]

Tiredness is the signal for rest and tiredness carried to the point of fatigue is damaging. Adequate sleep is vital for mental and physical duties.

Artificial teeth were considered quite fashionable by early Roman women.

Wildmere Women's Institute Notes

[redacted] Wildmere W. I. meeting [redacted] at the home of Mrs. Noel Garnett on March 11th with [redacted] present.

The president, Mrs. L. Howard, was in the chair and after the usual preliminaries, the Creed, minutes, treasurer's report, etc., the roll call was "Name your favorite athlete".

The Canadian Association of Consumers yearly subscriptions were paid by the members and bulletins given out by Mrs. Jas. Wallington, who is again C.A.C. convener. The handicraft is to be brought to the April meeting in readiness for the constituency conference in the summer.

Mrs Roy Dibben and Mrs. W. J. Garnett told of attending the short course held the previous week at the V.S.A., and said it was a great pity that more women did not attend from around this area.

Members are to give serious consideration to the selection of a candidate to attend the provincial convention of the A.W.I. to be held in May at the University of Alberta. Thought was given to more attending if possible as it is the 30th anniversary of the founding of the A.W.I. this year and an excellent program is planned.

A discussion arose condemning the practice of the soap manufacturers putting in so-called "gifts" in the granulated soaps. This action is increasing the price which is already exorbitant they felt.

The topic was given by Mrs. A. Holte on "The Origin of Quilts".

Project for April will be a bake sale to be held during that month, further particulars to be advertised in the Standard. The committee is made up of Mrs. L. Howard, Mrs. A. Dibben and Mrs. Wallington.

April meeting is to be held on Wednesday, April 8th at the home of Mrs. W. J. Garnett.

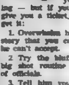
ATTENTION The change in date of the Irma clinic will be for the month of March only.

Thursday, March 26 — Irma (Rest Room) 2 to 4 p.m.

Tips on Touring

By Carol Lane
Women's Travel Authority



When that policeman stops you, you have in all probability, done something wrong — perhaps all he wants to give you is a warning — but if you want him to give you a ticket, here's how to get it:

1. Overwhelm him with a sad story that you can't prove and he can't accept.

2. Try the bluff, bluster, and big shot routine. Drop names of officials.

3. Tell him your speedometer is broken. This automatically makes you an illegal driver in some places — and that guarantees your ticket.

4. You can't understand him because you're hard of hearing. You don't speak English. (Physical defects must be listed on the license. The court can supply an interpreter.)

5. Argue, insult him, slap his face, try to bribe him. If he gets angry, threaten to report him to his superiors.

6. If number 5 fails, flatter him. Tell him he's tall, dark, handsome — and conscientious (for stopping you).

Got the idea? Seriously, a good move is to get out of the car walk over to the officer admit your mistake if you've made one, and accept what he says. He's just doing his job of protecting motorists, including you.

Islay Hospital Board Meets

The regular monthly meeting of the Islay Municipal hospital board was held in the hospital on March 3rd at 2 p.m. with Messrs. Shirreff, Shaw, Garnier and the secretary present.

The oath of office was taken by the newly-elected member, Mr. J. W. Shaw. Mr. G. Beckett was contacted and agreed to accept the position of board member for ward 1.

The minutes of the Feb. 10th meeting and the financial statement was adopted as read.

Officers and committees were appointed for 1959 as follows:

Chairman, D. B. Shirreff; Vice-chairman, J. W. Shaw; House and Grounds committee, Erven Garnier, G. Beckett; Finance committee, Messrs. Shirreff and Shaw.

Matron's report: In hospital 9, admitted 21, discharged 22, remaining Mar. 1, 8. Out-patients 3, births 1, deaths 0, operations 2, X-rays 9, receipts $3193.50.

Bank Bal. Feb. 1st	$11,149.00

Earl Grey, who donated football's Grey Cup, was Canada's Governor-General for six years and ten months, the longest term in office of any Governor-General to date.

WHIST DRIVE

A whist drive will be held in the Legion hall on Friday, Mar. [illegible], featuring the travelling prize. Cards commence at 8 p.m. 35-6

How about your SUB?

ECONOMY! CONVENIENCE! QUALITY!
You get all three with this money-saving 3 LB. PACK

*TRADE MARK REG'D.

Because each pound of delicious, all-vegetable Blue Bonnet is individually wrapped, you can color one pound at a time easily and quickly. The unused pounds stay fresh longer — free from ice-box odors — perfectly protected until needed!

All three...all new...
AND ONE JUST RIGHT FOR YOU!

CHRYSLER... Wonderful Windsor • Superb Saratoga • Exquisite New Yorker

New, with the new medium-priced Windsor, there's a Chrysler model to suit almost every new-car buyer. And every Chrysler offers you the ultimate in its particular price class... The unrivalled driving ease of push-button automatic Torque-Flite transmission, push-button heating controls, swing-out swivel front seats, the superb roadability and comfort of the industry's most advanced suspension system. And on the Saratoga or New Yorker you may have new Auto-Pilot, for effortless mastery of that big V-8 power.

PLYMOUTH... lively, lovely, new all over!

Look inside, outside, wherever, Plymouth '59 is really new, really different! It brings you features other cars wish they had. New, trend-setting swivel front seats, for instance. Newly improved, smoother-than-ever Torsion-AIRE Ride. New advanced-design "313" V-8 or Econo-Jet 6 engine. New push-button heating-defrosting system. And the marvelous convenience of push-button automatic drive. In every way, if it's new Plymouth's got it!

FARGO TRUCKS... New Sweptline styling for 1959!

You'll haul more, and look better doing it, in a Fargo Sweptline pick-up for '59! You can choose from three wheelbases, three body sizes, and each holds the most by volume, weight and load length of any pick-up in the industry. Fargo brings you more new features, too, new suspended brake and clutch pedals; new hydraulically actuated clutch; new bigger brakes, to mention just a few. Whatever your job requires, from 4,250 lbs. G.V.W. to 65,000 lbs. G.C.W., there's a Fargo truck to do it best!

Sites Recommended For Senior Citizens Homes At Lloydminster and Vermilion

Construction to Start Early In 1959 On $150,000.00 Lodges

The Provisional Board for Alberta Senior Citizens' Lodges in Vermilion River Municipal district, has announced the choice of sites for the new buildings at Lloydminster and Vermilion.

In Lloydminster three possible locations were inspected by five members of the board. Two sites are on the south boundary of the city, with the third adjoining the city to the west on property known as the Bailey subdivision. This latter was the choice of [redacted]

This site has now been recommended to the Department of Welfare Edmonton, and engineers of the Department of Public Works will conduct a site survey in order that plans for the Lodge may be prepared.

Following the decision on the Lloydminster site the board proceeded to Vermilion. Three locations were viewed here also [redacted] Both sites are on Vermilion School of Agriculture land. The first choice is located to the immediate west side of the agricultural society fair grounds looking north towards the hospital just on the south side of the Canadian National right-of-way. The second choice is south of highway 16 on the east end of Vermilion school of agriculture grounds, and fronting on highway 16.

These lands have been recommended and the Department of Public Works will conduct surveys. In the meantime negotiations have been commenced for the purchase of the land recommended.

In choosing the locations the Provisional Board had to consider easy access to sewer water and gas lines, particularly [redacted]; closeness to the city or town centre and travelling conditions such as highways to cross, railways to and from downtown, and the general lay of the land with a view to the drainage and landscaping.

The Provisional Board consists of Reeve J H Kelly representing the M.D of Vermilion River; Ashley H Cooper representing the Town of Vermilion, Russell Robertson, City of Lloydminster; Alan Batty of the Village of Kitscoty, O H Quist of the Village of Marwayne. The representative from Dewberry has yet to be appointed.

The organizational meeting of the board was held at the city hall in Lloydminster on Friday, March 13th. At this meeting Mr Kelly was appointed chairman and Mr Ashley Cooper, secretary.

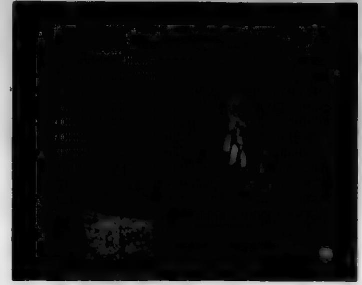
30th Little Royal, Achievement Day Next Wednesday, April 1st

This year marks the 30th birthday of the Vermilion School of Agriculture's "Little Royal". 1929 was the first time the name was applied to the V.S.A. livestock show. For a number of years prior to that time the livestock show was known as the "Little International". Until 1946 the Little Royal and Achievement Day were separate events but were combined at that time and have since continued as a double attraction.

The Little Royal begins at 1:30 p.m. Wednesday, April 1st in the Mechanics building at the V.S.A. The program features the showmanship competitions, this year to be judged by W H T Mead and W. L. Robinson. Following the livestock show tea will be served in the auditorium and classrooms will be open for inspection. The general public are cordially invited to attend.

GRADUATION AND FASHION [redacted]

The V.S.A. will be the scene of the annual fashion show and graduation exercises Wednesday afternoon, April 8th. Mr P Jamieson, former principal of the Fairview School of Agriculture, will be the guest speaker for the afternoon.



Vermilion Livestock Again Sweeping Edmonton Spring Show

Livestock raised by Vermilion breeders are again sweeping the Edmonton spring livestock show. Shown above is Betty Robinson, daughter of Mr. and Mrs. Lyle Robinson of Glenrobin Shorthorn farm. Betty, 17 years old, is holding a Shorthorn steer with which she won the Junior championship and the Reserve Grand championship. Betty also won first in the Shorthorn class in the calf feeding competition for juniors and won a prize for showmanship.

Keith Barr won honors in the Junior judging competition open to boys from 10 to 15 years.

In Shorthorn female class Glenrobin Secret owned by W.L. Robinson captured first in calves born from Sept. 1 to Dec. 31, 1957 and the female championship. He also won in the get-of-sire class.

No doubt other honors will be won by stockmen of the district as the judging progresses and will be reported in the Standard next week.

Frank Eyben Wins Seat Minburn Council

Election result in division 1 of the municipal district of Minburn gave Frank Eyben 221 votes to 131 for the sitting councillor, Castle Scott. The voting took place on Monday, March 23.

Wallington Retains Seat Hospital Board

In an election held on Saturday last in Ward 1 of the Vermilion municipal hospital district, James C. Wallington retained the seat in a close contest with Mrs. Annie Garnett. The electors [redacted] Wallington 47 votes and Mrs. Garnett 43 votes.

Kinsmen Plan Summer Activities

The regular supper meeting of the Vermilion Kinsmen club was held at the Brunswick Hotel on Monday, March 23 with twenty-one members present.

Ralph Cudmore was named convener of the Paddling Pool committee, while Johnny Sadownik is in charge of the Kinsmen entry in Little League baseball. After discussion centred on liability insurance for children involved in Kinsmen sponsored activities, Harry Kopinski was named convener of a committee to investigate all aspects of liability insurance. Another committee headed by Joe Hart will give a report at the next meeting on a recommended community project.

Bob Rowe introduced the guest speaker of the evening, Dr Bob Anderson, who gave a comprehensive vocational talk on veterinary medicine.

President Bill Novak thanked Bob for his address, and announced that because of the favorable response from club members, each Kinsman will have an opportunity to speak on his chosen career at future meet- [redacted]

N. N. Bentley To Speak At Agricultural Society Dinner

Reservations for places for the Agricultural Society dinner are rapidly being listed and all who desire to attend should make sure that their names are in the hands of the secretary of the society without delay. The dinner is to be held at St. Saviour's hall on the evening of Wednesday, April 1 and the special speaker for the evening will be Mr. N. N. Bentley, presently on leave of absence from the School of Agriculture, who will tell of his year as adviser to the Government of Egypt in connection with agricultural education.

Mr Bentley will show slides of Egypt and has a most interesting story to tell. Musical numbers will add to the program and a pleasant evening is assured. The ladies of St. Saviour's W. A. will serve a delightful dinner, starting at 6:30 p.m. on Wednesday, April 1st.

Reservations should be made by Saturday of this week, either by phoning 206 or calling at the office of B. C. Heckbert, Secretary-Manager.

Michael Mytz, 12, Dies at Mannville

Michael William Mytz, of Mannville, aged 12 years, passed away on March 25th in Mannville hospital. He is survived by his loving parents Mr and Mrs Michael Mytz of Mannville; two brothers, Walter and Fred, and one sister, Mrs. Wm. Borysiuk all of Mannville.

Funeral services will be held on Saturday, March 28th from the Mannville United church, Rev. Ian Holter officiating and interment will follow in the Mannville cemetery.

Moyers are in charge of the funeral arrangements.

Kitscoty Student Wins Highest Award

KITSCOTY — Albert Lang of Kitscoty, a student in Medicine at the University of Alberta has won the gold 'A' ring, the University's highest award recognizing leaders in student activities.

The ring was presented at the annual color night ceremonies held in the [redacted] hotel last Friday evening. Albert is completing his fourth year in Medicine and will graduate in the [redacted]

Before commencing his course in Medicine Albert was a teacher in the Vermilion school division.

Currah Rink Wins At Wainwright

Playing at Wainwright in the annual bonspiel last week, the Daryl Currah rink won eleven straight games before losing the final in the second open event. In doing so they won the Grand Challenge, second in the second primary, and the Grand [redacted]

Curling with Daryl were Glen Gibbons at third, George Webb Jr. second, and Roger Rowe lead.

WIN SECOND AT EDMONTON

The Standard neglected reporting last week that Aldous Kent, Dr Payment Gordon Park and Gordon Casey brought home second prize in the Gas Co. event from Edmonton. This rink had 10 wins and four losses.

New Business Opens

A new business opened in town this week when Danny Dostal, an experienced photographer commenced business in a studio in premises recently vacated by Harry's Tailor shop. The opening is being highlighted by a photo contest open to all children and teen agers. See the large display advertisement in this issue for particulars.

Winners At Wildmere Ladies' Bonspiel

In the Wildmere Ladies bonspiel [redacted] played at the Wildmere rink on Saturday, [redacted] eight rinks competing winners were: First event — Mrs. Art Pheasey Buffalo Coulee; 2nd Mrs. Lil Smith Buffalo Coulee; 3rd Mrs. D. Westman, Wildmere; 4th Mrs. J. Wilson Wildmere.

Second event: 1st Mrs. Flunes Dewberry; 2nd Miss M Flunes Wildmere; 3rd Miss M. Gibson; 4th Miss F. Wilson Battleview.

Kinsmen Zone Meeting, Kinette Gathering Both Well Attended

The March supper meeting of the Kinette club was held on the 19th at 7:00 o'clock at the Rio cafe with fifteen present.

[redacted] library to the Vermilion Municipal hospital we find we are in need of more books than can be obtained from our small group. It would be appreciated if any one having any hard cover books, pocket books or children's books that they no longer want, would call 208 and a member of the club would be most happy to pick them up.

A very successful [redacted] Zone 2 meeting was held in Vermilion on the week end of March 7th and 8th. A dance in the Elks hall on the evening of the 7th was attended by members and their wives from Edmonton, Grand Centre, Vegreville, Wainwright and of course Vermilion. A mixed dinner was held on the 8th at the Legion hall and was attended by representatives of the above clubs plus Provost. During the afternoon business sessions held by the Kinsmen the visiting Kinettes were taken on a conducted tour of the town which had its conclusion in a tea at the home of Helen Rogers.

The Kinette fashion show on March 18th was according to all reports, a huge success and we would like to thank all those who did so much to make it so. Long's is thanked for the Tussy display and samples given out during the evening as their name was inadvertently omitted from the list mentioned the evening of the fashion show. Door prize was won by Mrs. E Stewart and Mrs. Slim Ha[redacted] the bouquet of flowers.

Bulls From Robinson Farm In Demand

Vermilion cattlemen continue to bring honor to this district Shorthorns bred by W. L. Robinson found a good market at the recent Calgary sale. One sold to Dave Silver of Huxley for $1,075 and another went to Biddick Ranches, Laramie, Wyoming at [redacted]. Bidding was very brisk throughout and roan bulls were in great demand. American buyers took forty-seven Shorthorns from this sale, to set a [redacted].

Read Every Line

In this issue of the Standard as in every issue, there is a wealth of valuable information in the advertisements. Read every line of them there are announcements of new businesses, changes in locations, new goods, bargains, entertainments, that every one should know all about. To know your community thoroughly read every line of your home town paper. If you don't you miss something.

RECEIVES IMPORTANT [redacted]

Lieut. Commander B W Mead of Dartmouth, N.S., has recently received a new posting as Commanding Officer of the VX 10 Experimental Squadron at Shearwater. His new duties commence about April 14th. At the present time Lieut. Commander Mead is [redacted] Bermuda.

T. C. Milligan To Manage L. H. C.

The R H N[redacted] operate the LHC business and Mr Tom C Milligan has been appointed manager. Tom is well known over a wide territory and assures all patrons of the same efficient service which they have experienced in the past. He has been a long time employee of the firm.

Mrs. Norton will also help in c[redacted] be in charge of the bookkeeping.

Alexandra Socreds To Nominate April 8

Alexandra Social Crediters will nominate at Kitscoty town hall on Wednesday April 8th at 8 p.m. The present member of the Legislature for the constituency is Hon. Anders Aalborg, Minister of Education. 37-8

President-Elect

ROSS BOAKE

Ross Boake was elected president of the Vermilion Rotary club at the regular meeting held on Friday last. Elmore Stewart is the new vice-president. Reg Mitchell continues as secretary-treasurer, with the incoming directors being Stan Jones, Ben King and Fred Stewart. The newly elected officers do not take over their duties until July 1st.

Mr Boake is a charter member of the Rotary club of Vermilion. Mr E M Stewart and Dr King also being among the originals.

Guest speaker at the meeting was Jerry Wesley of Lloydminster who gave a talk on "Insurance Adjusting". Jerry was introduced by Charlie Heckbert and thanked on behalf of the club by President Jim Robson.

Follow Alberta's Lead

The provinces of Ontario and Manitoba are following Alberta's lead in establishing mobile tourist bureaus in the U S. The Alberta travel bureau will again have two mobile units in operation this year. These will be stationed at St Mary's, Montana and Deep Creek, Idaho.

Manyluk Named To Alberta Oil Sands Committee

A. F. 'Frank' Manyluk, son of Mrs. Alex Manyluk of Vermilion, has been named as a member of a technical committee which will watch public safety aspects of proposed nuclear tests in the Athabasca oil sands. Mr Manyluk is a graduate of the Vermilion high school and the University of Alberta. He holds the position of chief development engineer with the Alberta Con[redacted] board.

Other members of the special committee are Dr G W Govier, J W MacEwan, Hon. A. R Patrick, H. H. Somerville, D. R Craig, Dr H E Gunning, Dr. G Garland, Dr C. P Gravenor, Mr D A L. Dick.

[redacted] of the Minburn-Vermilion Health Unit will speak at the Home and School meeting at Tulliby Lake on April 8.

Successful Music Results Obtained By Dewberry Students

DEWBERRY — The following students were successful in passing the Theory of Music examinations given by the Royal Conservatory of Music. All are the pupils of Mrs. J Braithwaite of Dewberry.

Standings are in order of merit.

[redacted]

First Class Honors — Keith Sanders, Heinsberg; Karen Protsch, Dewberry; George Sanders, Heinsberg.

[redacted]

First Class Honors — Loretta Holtman, Dewberry; Johnny Kapjack, Heinsberg; Shirley Fellows, Dewberry; Judy Braithwaite, Lloydminster.

Golf Club Annual Meeting April 1st

When spring comes, can golf be far behind? In order to be ready for what may well be an early golf season, the Vermilion golf club will hold its annual meeting and election of officers on Wednesday April 1st at 8 30 in the basement of the Masonic Temple. The film of the Canadian Open Championship, played in Edmonton last year will be shown at this meeting. All golfers and prospective new members are urged to attend the meeting on Wednesday April 1st, 8 30 p.m., in the basement of the Masonic Temple. 36-7

District Breeders At Edmonton Show

The following district swine breeders are exhibiting at the Edmonton spring show on March 30 and 31. George Leighton of Dewberry with Landrace, Alex MacMillan, Rod MacMillan and Sandy MacMillan with Yorkshires, Peter J Noster of Derwent, Yorkshires, E. E. Prill of Mannville Yorkshires.

New West Constr. To Build Visual Omni Range Here

The New West Construction Company of Edmonton received the contract to build the new visual omni range in connection with the Department of Transport Beam station here. The new range is located some 27 miles south of Vermilion but is operated from the local beam [redacted]

Meanwhile work of enlarging the station at Vermilion airfield is proceeding rapidly with the former building now moved to a full basement and an addition built.

Home Building Boom Forecast By Number of Town Lot Sales

The following is a summary of the minutes of the regular meeting of the council, town of Vermilion, held on Monday, March 2.

Present were deputy mayor C. McCormick and Crs. Cooper, Heckbert, Ireland, Rowe, Thompson.

Correspondence: Dept. of Public Welfare re site for home for aged; Photographic Survey Corp. re sales tax; International Water Supply re iron removal plant; International Water Supply re standby engine; the Vermilion Board of Trade re railway underpass; Prov Planning Advisory Board re proposed subdivision of part of SE 36-50-7; Alberta Civil Defence re control room, procedure course.

The following motions carried:

That C. J McCormick be appointed deputy mayor for March and April.

That approval be granted for proposed subdivision on part of SE-36-50-7 as described in Provincial Planning Advisory Board correspondence, dated Feb. 26.

That A Claude Underdown be sold lots 13 and 14 Blk. 30, Plan 635V for $200, subject to town building bylaws.

That lot 7, and west half of Lot 8, Blk. 42, Plan 635V be sold to Norbert A. Herzog for $300, subject to town bylaws.

That Mrs. Josie Warawa be granted a permit to build a house on Lots 11 and 12, Blk. 30, Plan 635V, subject to town bylaws of the town.

That the two old boilers at the power plant be sold to the Canadian Consolidated Salvage Co for the sum of $500.

That permission be granted to Simonsen's Furniture to erect a neon sign, 5' x 5', subject to town by-laws.

Golden Age Friendship Club Members Gather For Social

Due to unforeseen circumstances the March social of the Golden Age Friendship Club held in the Legion Hall on March 5 was not quite as well attended as previous socials. Fifty-one members turned out for an afternoon of whist, bridge, cribbage, Chinese checkers etc. Prizes for the ladies were donated by Mrs. Hobbs and the lucky ladies were Mrs. Simmons, Mrs. [illegible] and Mrs. Jensen. The prizes for the men were donated by Mr. D. McMillan and were won by Mr. Jensen, Mr. [illegible] and Mr. Carl Johnson. Many thanks to Mrs. Hobbs and Mr. McMillan for the very generous prizes. After the games were finished a delightful lunch was served by the capable kitchen committee. The birthday cake which was delightfully decorated was from the Vermilion Bakery and Mrs. W. Waldenberger donated the fruit bread. Many thanks are extended to Mrs. Waldenberger, and it seems everyone wants that recipe! A vote of thanks is also extended to Mr. Stan Waldenberger for donating the bridge score pads; they are very much appreciated.

Through the medium of the Standard the Golden Age Friendship Club would like to send Easter greetings to Mr. and Mrs. I. Miller of Edmonton, Mrs. T. Beckett of Chilliwack B. C. and Mr. and Mrs. Tom Dick of Victoria, B. C. as well as to any members away on [redacted].

To the member who left a package of note paper etc. Mrs. Waldenberger has them, phone 15.

Once again we would like to mention that there is no entry fee to belong to the Golden Age Club. However as the club is self-supporting a tin box sits on the table as one enters the hall and the money put into that box is what keeps the club operating. Any donations are gratefully accepted. If any member has any questions regarding entertainment or some new ideas for an afternoon of fun please send it in to the president or to Mr. Carl Johnson or the secretary Mr. [illegible] and your suggestion will get every consideration.

The next social for April will be a whist drive. Watch the Standard for time and date. There will be the usual 3 prizes for the ladies and 3 for the men so come along and bring a [redacted]. Lunch will be served.

The afternoon's fun came to an end with the singing of the theme song and God Save the Queen.

Joint Meeting H & S Well Attended

Eighty-five parents attended the joint meeting of Home and School and school board annual meeting held in the west-end elementary (brick) school, Tuesday March 24.

A contrast with this attendance was marked when Ashley Cooper, reading from the minutes of the previous annual meeting of the board, named off those in attendan[redacted].

School superintendent R. [redacted]monson gave a short address and challenged Mr. Cooper to read off the names attending the present meeting in the minutes of the next annual outing.

Short reports of an informative nature were given by Mr C Brennan, J David, S Simonson and F Stewart.

Election of trustees resulted in Don Taylor, Claude Brennan and Gordon Ross being elected.

The guest speaker of the evening, Dr. Godfrey Bourke, was introduced by Mr. Ashley Cooper, and gave a most interesting and educational address on T. B., briefly [redacted] the beginning of the TB fight up to the present-day methods. A film was shown by the Doctor following his address and much valuable information [redacted] learned by those hearing the talk [redacted] seeing the film.

Mrs. West's room won the attendance shield with Mrs. Wilson's class runner-up for the third time. Both rooms will receive a small treat.

A special invitation from the Islay H. & S. to attend their next meeting on April 9 was received. Special speaker will be the Hon. A. O. Aalborg, Minister of Education, speaking on "Education in Alberta."

More Water Needed, Not Less

It is sincerely hoped that the suggestion made at a recent meeting that it was the intention to lower the water in the Vermilion Park lake from previous years by one and a half feet will not be carried out. The lowering of the water by this extent would ruin the lake which has become a favorite spot for thousands of people every summer. It would be a very unpopular move with the general public and is not necessary. The dam has held back the water with no trouble whatever. In fact, it would be highly desirable if the lake could be deepened by a foot. This added depth we are told would tend to kill out much of the vegetation that plagues the lake with weeds and [illegible] just at the height of the camping and holiday season. Deeper water would of course mean better boating also. In the winter the added depth would save hundreds of fish from suffocating allowing much more water for breathing purposes and would probably eliminate the annual battle to save them by circulating aerated water into the already too shallow lake.

In view of the large amount expended on this popular resort and the very commendable and extensive labor done by many, any move to lower the waters of the lake will no doubt meet with a mighty and district-wide protest.

The needless lowering of the lake would in the opinion of the Standard detract greatly from the attractiveness of the park and deprive many hundreds of people from enjoying lakeside pleasures practically within the town limits.

Master Farm Family Awards

Awards are to be presented again for the 11th consecutive year to Master Farm Families, announced Hon. L. C. Halmrast, Minister of the Alberta Department of Agriculture.

The basic provisions of the program remain unchanged from previous years. Provided suitable candidates are nominated, Master Farm Families will be chosen from five regions of the province. Nominees must be Canadian citizens and must have farmed in their own right, for 20 years or more. Families who are eligible must be nominated by three neighbors and each one that is declared will receive a cash prize of $1,000.00 and a bronze plaque.

Nomination forms are available from all district agriculturists' offices and should be returned to them upon completion.

To Publicize Tourist Attractions

Brooks and Bassano Boards of Trade are planning a joint program to publicize the tourist attractions in the area. Other districts might do well to follow their lead which will likely reap benefits in the form of increased tourist dollars.

Joint Board of Trade and Provincial Promotion

A joint Alberta Chamber of Commerce and Alberta government program will promote Alberta as the "Corridor to Alaska." Pamphlets and publicity are to be distributed to 1,100 centres in Canada and the United States this year. The program will cost an estimated $100,000. Aim, of course, is to cash-in on Alaska's statehood and resulting increase in travel to the new state.

Alberta Room in Character

None of the public rooms in the new 400 room addition to Toronto's Royal York Hotel, named and decorated for Canada's provinces and territories, is more in character than the Alberta Room. Walls of the room are almost covered with 91 leather panels bearing the brands of 243 Alberta cattle outfits, including that of J. C. Tucker of Vermilion. In addition, the Alberta Coat of Arms and genuine longhorns mounted on leather, [illegible] in the leather-covered walls, as are plywood panels of four paintings of Indians and their teepees, and seven by seventeen foot mural shows the Fairholme range and [illegible] of the Bow river as seen from the Banff Springs Hotel. Visitors will also see the Alberta Coat-of-Arms and provincial flower, the wild rose, woven into special carpeting. Etched glass panels set in broad expanses of mirror depict steer heads and the wild rose. The new addition of the Royal York was opened in February. Attending as a representative of Alberta was H. F. Martin, Director of Publications and Publicity for the provincial government.

"Cattle Finishing in Alberta" Publication Now Available

"Cattle Finishing in Alberta", a revision of one of the important publications of the Department of Animal Science of the University of Alberta, is now available to the farmers of Alberta.

This publication is based on the results of 30 years of experimental work conducted at the University of Alberta with some 2000 head of cattle.

Included in this pamphlet are such subjects as: Suggestions for the New Feeder, Feeds for Fattening, Capitalizing on Hay and Pasture, Livestock and Land Use, Buying and Selling; Treating Common Ailments.

Any farmer engaged in a beef cattle operation will find a wealth of information in this publication.

Copies of "Cattle Finishing in Alberta" can be obtained free of charge from the Department of Extension, University of Alberta, Edmonton.

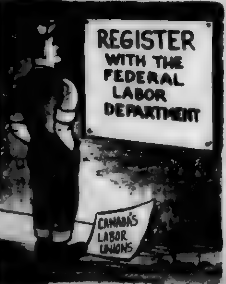
During 1958, Canadian National Railways took delivery of 204 diesel locomotives, bringing its roster of diesels to 1,730 units.

Think It Over



REGISTER WITH THE FEDERAL LABOR DEPARTMENT
CANADA'S LABOR UNIONS

Alberta Report

Anders O. Aalborg, M.L.A. for Alexandra

During the week of March 16th members of the Alberta Legislature made good progress in dealing with many items on its agenda. The estimates of a number of departments were discussed, three important issues were debated at some length, and two standing committees held meetings.

ESTIMATES

The appropriations of seven departments for the fiscal year 1959-60 were approved by the Legislature. Among the main items in these estimates were the sum of $54,000,000 for school grants to districts and divisions; $39,000,000 for hospitalization grants to municipal and private hospitals; $15,000,000 for unconditional grants to municipalities; over $10,000,000 for additional construction of university buildings at both Edmonton and Calgary, and $9,000,000 for the construction of Senior Citizen's homes.

As the Assembly moves into the third week in dealing with estimates the appropriations of the Department of Highways, Economic Affairs and Industries and Labour remain to be considered.

HIGHWAYS GRANTS
CIVIL DEFENCE AND
ELECTRIC POWER

Three private members came in for vigorous debate last week.

The Social Credit member for Wainwright, Mr. Henry Ruste, moved a resolution urging the Federal government to pay highway construction grants to the provinces on the same basis as has been used with such outstanding success in the U.S.A. for many years. All members of the Assembly strongly supported this resolution except the three Tory members who spoke and voted against it notwithstanding the lavish promises made by their party with respect to such matters during the 1958 Federal election campaign.

Because of the highly critical international situation which now prevails a motion regarding the subject of Civil Defence drew a great deal of attention from the members. This motion was introduced by two of the Tory members of the Assembly, Mr. Kirby and Mr. Watkins, and called upon the provincial government to reveal more of its plans and programs with respect to Civil Defence to the public. Strange as it may seem, these Tory members claimed that Civil Defence is entirely a responsibility of the provincial government and that the federal government should have nothing to do with it. Both Social Credit and Liberal members of the House took strong exception to this "buck passing" and had no difficulty in establishing very clearly that all aspects of national defence including "Civil" Defence is primarily a federal responsibility by constitution. Debate on this resolution will continue next week.

As at many previous sessions the two C.C.F. members again brought in a hardy perennial — a resolution calling for public ownership of electric power facilities. When a recorded vote was taken on this resolution it received the support of only six members, both the C.C.F. members and four Liberals.

COMMITTEE MEETINGS

Since early in the session the public accounts committee consisting of forty members from all parties has met on Wednesday and Friday mornings to examine the financial operations of the government with special attention this year to the expenditures of the departments of economic affairs and lands and forests which have both given a very good account of themselves during these meetings.

Last week another standing committee on private bills heard representations from various groups and organizations sponsoring these items of legislation. To date the most contentious private bill to come before the House this year is a bill to incorporate the Certified Public Accountants. Many witnesses have appeared, much evidence has been produced and it would appear that the committee has much work to do before it will be able to reach a decision in this matter. As might be expected, the Chartered Accountants are very strongly opposing this measure.

It is quite clear by now that the present session will not end before Easter as had been anticipated when it began on Feb. 5th. Over 100 bills await consideration and many resolutions are still on the agenda. At the moment it looks as though the session will not be able to wind up its business until sometime during the second week of April.

Successful Curling Bingo At Derwent

DERWENT — The Derwent curling club held a successful bingo at the town hall on March 20. The main prize of $30.00 was won by Terry Pankrato and the following nine winners won hams: Mr. Nahorniuk of Slawa, Joan Wysocki, Betty Ryan, Marshall Lychak, Steve Waryk, Vic Christensen, Mrs. Harry Wynnyk, Max Hanasyk, Mrs. Vic Melnyk, all of Derwent.

Buffalo Coulee

This should be the last of the curling results for the season since spring seems to be really with us and the ice will be going completely. The Buffalo Coulee ladies finished up their spiel on Vermilion ice on Saturday night. In the first event, the winner was the Joy Manz rink from Mannville with Ivy Pare of Vermilion second, an Irma rink third and Ruby Larsen of Buffalo Coulee fourth. In the second event it was Lillian Phaney of Buffalo Coulee, first; Mrs. Phaney of Wildmere, second, with third going to the Edgerton rink and fourth to Irene Wilson's rink from Wildmere.

The annual meeting of the Buffalo Coulee Curling Club will be held at the school on April 9 at 8.00 p.m. All shareholders and any interested persons are requested to attend.

Now that curling is over the ladies are taking up basketball. Apart from providing fun and good exercise, they want to give the school girls a chance to have some opposition for practice. The ladies held a practice on Monday night and on Tuesday night are to "clash" in a game against the school girls.

The regular Home and School meeting was held last Wednesday night with Mr. S. Simonson, superintendent of the Vermilion school division as guest speaker. Mr. Simonson spoke on thoughts given by Senator Cameron of the Cameron Royal Commission on Education. This talk was thoroughly enjoyed by all and gave some very challenging thoughts to be faced in the future regarding education. Lunch and a social half hour followed.

Congratulations to Mr. Frank Fyben who was elected as our new councillor on Monday, defeating Castle Scott 221 to 118.

Mrs. Brent Marnah Jr. and two children have arrived home after spending the winter in Vancouver. Hazel visited with her family in Calgary en route. Brent's team, the Vancouver Canucks are again in the play offs, starting on Tuesday night.

Mr. and Mrs. Gordon Larsen plan on spending a few days in the city this week taking in the Spring Stock Show.

People of Fenham District Decide Against Keeping School

MARWAYNE — It was with regret that the district of Fenham met as a community for the last time on Feb. 19 at the home of C. N. Crichton. Due to the trend of the times, the meeting decided against keeping the school as a community center.

Fenham District was organized in 1918 and the school built in the summer of 1920 and opened December of that year. The first trustees were the Messrs. J. Inglis, S. Heathcote and R. A. Sonley with Mr. Heathcote as the first secretary. The first teacher was Miss Elsie Simpson, the late Mrs. Fred Pickles. The school was in continuous operation until the end of June 1957. Since September of that year the pupils have been bussed to Kitscoty.

The people of the district were co-operative and community minded, the school was the center of all activities. The first organization at Fenham was the U. F. A. local formed in 1920.

In May 1921 a community Sunday school began and Rev. J. Nightingale, Methodist minister at Kitscoty started church services. Fenham remained a Methodist appointment until church union in 1925, then as a United church until June 30th, 1950. The ladies' aid was organized in August 1924 and remained active until December of 1957.

Annual picnics and sports days began soon after the school was built. The first baseball team, organized in 1925 functioned for 13 years and was followed by other baseball and softball teams, both adult and school age.

During the winter, well attended social activities for young and old were directed by the various community clubs.

And so, ends the story of another country school with all its happy memories.

Funeral Services for Vermilion Man

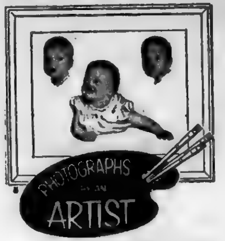
PONOKA — Funeral services were held Wednesday for L. S. Dawson, 69, formerly manager of Ponoka's Treasury Branch.

Mr. Dawson came to Canada from Scotland in 1910, joined the staff of the Union Bank and later the Royal Bank, serving in branches in Winnipeg and Saskatchewan, and at Chinook, Alberta. In 1938 he joined the Treasury Branch staff and was manager at Grande Prairie, Vermilion and Ponoka.

A member of the A. F. and A. M. he was a past member of the lodge at Chinook.

Surviving are his widow, two sons, Kenneth and Ronald, of Edmonton; daughters, Mrs. Bertil Lundstrom (Helen) of Yellowknife, Mrs. William Wilson (Edith) Yellowknife, Mrs. John Mullan (Evelyn), Edmonton, Mrs. F. G. Johnson (Keitha), Ponoka; a sister, Miss Esther Dawson in Scotland, and a brother, A. E. Dawson at Kindersley, Sask. There are eight grandchildren.

Rev. S. H. Irving officiated at the services at Bowker and Bascom Chapel. Burial was in Forest Home Cemetery.



. . . . WE'RE TRUE ARTISTS when it comes to capturing forever those precious fleeting moments of babyhood. Our camera records not just one, but a whole group of pictures that mirror baby's cutest and most endearing moods and expressions in a Composite Photograph.

Oversized Print Textbooks Help Defective Eyesight

School textbooks in oversized print may be loaned free of charge from the Alberta Department of Education to help students with defective eyesight continue their studies. The service was initiated in 1951, mainly to meet the needs of smaller communities whose school boards are unable to provide the costly texts.

Majority of sight-handicapped students in Alberta attend special classes in the Edmonton and Calgary systems. Edmonton has two sight-saving classrooms, Calgary one. These school boards receive an annual grant of $2,500 per special classroom, in addition to regular government [illegible]. School boards of other areas purchase their own magnitype textbooks to fill specific needs. [illegible] student users progress to a higher grade, the original set of books may be exchanged with the Department of Education library for stock on [illegible].

Since inception of the loan service, a total of 22 Alberta students in grades two to seven have borrowed books. Some of them used the service for several years. Student referrals for loan of magnitype books must come from school superintendents.

The Department of Education has in stock, a total of 94 text books, pertaining to basic subjects into junior high school level. Print size and shade of boldness, and spacing may vary from one textbook to another.

Extra large print and greater spacing often result in two and three volumes required to duplicate content of an ordinary single textbook. Increase in size and price of magnitype books over regular editions are substantial. A regular student edition of the Winston Dictionary has 325 pages and may be bought for $1.25. The large print version contains 630 pages and sells for $35.

Bowtell Bulletin

We are certainly enjoying spring-like weather. The men folk are busy getting grain cleaned and the women are house cleaning.

We wish to extend our deepest sympathy to the Wolters family in their recent sorrow.

Mrs. Wilson arrived in our midst recently from the coast and is visiting at the home of her daughter Mrs. D. Harrison at present.

Mr. and Mrs. Knutson and Harold visited Tuesday evening at the writer's.

Prizes went to the following at the last card party: Margaret Robinson, Mrs. Stocker and Barbara Payne, Joe Payne, Edgar Williams and Randy Freestone.

Mr. and Mrs. G. Millar were week end visitors in Edmonton.

Allen Coutts is spending a few days with his aunt and uncle Mr. and Mrs. T. Sherwood.

Don't forget the dance at Morrison hall on March 30. The price is only one dollar per couple folks.

Congratulations to Mr. and Mrs. Sayna (nee Mary Payne) on the birth of a baby boy in the Vermilion hospital recently.

Mr. and Mrs. McGaughey visited last Friday evening at the Robinson home.

To become a champion fight one more round.

WILDMERE WINKS

A [illegible] overflow [illegible] attendance [illegible] funeral [illegible] the deceased and [illegible] Vermilion [illegible] The Lord [illegible] by Mr. [illegible] Rev. [illegible] gave very [illegible] [illegible]

[illegible] our [illegible] to be [illegible] minds [illegible] Mr. [illegible] gopher [illegible]

[illegible] Mrs. Jeff Martin Mr. and Mrs. [illegible] of [illegible] all on [illegible]

[illegible] Buffalo [illegible] finished off [illegible] crowd [illegible] the [illegible] in Ward [illegible] the polls. Now he will [illegible] to finish up the work [illegible] started on the [illegible]

[illegible] winning [illegible] get the [illegible]

[illegible] Central Home and School [illegible] the March meeting at the school on Monday evening, March [illegible] with a good attendance. Mrs. [illegible] Wallington was chosen as delegate to the convention in May at Edmonton with Mrs. D. Hughes as alternative. After the meeting Mr. Sweet showed two very interesting films which were enjoyed by everyone. Mrs. [illegible] Smith and Miss Flaney served a tasty lunch at the close. Each family of our Home and School is asked to donate one dollar to raise funds to send a delegate.

On Tuesday evening March 17 Mr. and Mrs. Wm. Smith, Mr. and Mrs. C. Cruthers and the writer drove to Lloydminster to see the League curling. Billie Smith's team, the British Columbia rink, [illegible] quite interesting to watch. They played Alberta that evening and it was a good game to watch. We saw eight provinces of Canada playing at the same time. It may be quite a while again before we see the League championship games. Thanks [illegible] for your kindness.

[illegible] W. A. met in West [illegible] evening last week with a [illegible] attendance. After the usual [illegible] Mrs. Holt told of the Presbytery meeting at Mann[illegible] Mrs. Cruthers had the devotional and it proved a very interesting one enjoyed by all present. The W. A. is intending to help financially with the erection of the chimney on the church this spring. Don't forget they are sponsoring an Easter show of films and a little program on Monday evening March [illegible]. A silver collection will be [illegible] to defray expenses on the [illegible]. Plan to attend folks.

Mrs. F. Gibson of Dunwood [illegible] last Thursday evening and was rushed to the Vermilion hospital. We are pleased [illegible] that she is expected home [illegible] this week. Hope you are [illegible] better Margaret.

The W. W. I. are holding a [illegible] Mackeal's new store [illegible] Saturday the 18th of April.

Watch for date of a public auction sale for J. C. Wallington. Owing to ill health, Jim has been forced to give up farming.

Clendenning's Family Wear
"The Place to Buy the Brands You Know"

The Word was made flesh, and dwelt among us (and we beheld His glory, the glory as of the only begotten of the Father), full of grace and truth.

But He was wounded for our transgressions, he was bruised for our iniquities.

He was delivered for our offences and was raised again for our justification.

—Selections from The Bible.

12 Farm Forums Represented At Annual Spring Rally

Approximately one hundred persons attended the annual spring rally held Monday evening at the National hall, Vegreville. Representing twelve forums from Opal to the west, Vegreville in the centre and Vermilion to the [illegible], a varied program was presented by the sponsoring forum, [illegible] Park. Under the [illegible] of [illegible] the program was kept moving by speakers and participation of the audience.

Following the listening of the last broadcast for the 19th season of National Farm Radio Forum, a roll call of forums was made. Each forum secretary was asked to say a few words about their forum's activities and best discussion for the season after placing a pin on a map showing location of their forum. All groups were unanimous in concluding the season's programs were exceptionally good, "Equality for Women" proving a very humorous and interesting discussion and good humor served after the meeting.

Guests [illegible] including H. Young representing the Farmers Union of Alberta; W Fibrachuny D.A. from Vegreville; R. Cairns of the Dominion Experimental Station, Vegreville, H. Phelps manager Vegreville Co-op., Miss P Maschuk District Home Economist, Vegreville, and Milo Fleming fieldman for the Alberta Wheat Pool Vermilion.

"Revolution of the Land" an informative interesting and timely film on 'Vertical Integration' was shown by Mr Fleming followed by a hearty sing-song led by Mrs. Lee Giebelhaus. Members of the northern committee participated in a bean stunt with the winners Mrs. Cora Smiley of Lavoy and Ross Taylor Vermilion.

Howard Hulett, vice-chairman of the northern committee, introduced Henry Young of the F.U.A., stressing the need for closer neighborliness and working together between the F.U.A. and Farm Forum, two groups that must embrace each other to make the farmers' position known.

Mr Young, a member of Hillside Forum, near Millett, extended greetings and went on to state that rural people need organizations such as F.U.A. and Farm Forum to educate them to meet new problems with which they are faced such as Vertical Integration. Few realize the value of Farm Forum, and Mr Young went on to state he would like to see it expanded and more people using it.

Discussion was held on the annual banquet, a tentative date set for the picnic at Vermilion park and the election of two members for the northern committee to replace retiring members Mrs. A. Cleland and Mrs. L. L. Smiley. Those elected are Frank Roshko Opal Forum, Redwater and Mrs D. Giebelhaus, Martin's Forum, Vegreville.

A delicious lunch and social half hour concluded the evening.

TULLIBY LAKE

Mrs. Deschot senior nurse of the Minburn-Vermilion Health Unit will speak at the Home and School meeting at Tulliby Lake on April 8.

Minor Leaguers To Be Banquetted

Minor league hockey players of Vermilion will be feted at a banquet on Wednesday April 1st in the Elks hall. The banquet is being arranged by the Vermilion Amateur Athletic Association and the organizations sponsoring the various boys' teams. 26-7

Language may be a vehicle of thought, but in some cases it is just an empty wagon.

—S—

A committee is a group of the unfit appointed by the unwilling to do work no one else wants to do.

A person can't hope for success — he has to "hop" for it.

the Snapshot Guild

Canada's winter carnivals and other outdoor sports offer special opportunities for exciting snapshots.

Canadian Winter Sports Beckon All Camera Fans

Canadian winter sports offer unusual opportunities for snapshooters to get exciting and spectacular pictures. Winter carnivals, bonspiels, skiing, skijoring, skating, snowshoeing, and other activities that are taking place all over Canada, give camera fans a host of interesting subjects for black-and-white and color shots.

Quebec has its big Winter Carnival and others are held at Banff and Jasper Park in Alberta. Ontario will have at least five carnivals including Victoria Harbour, Midland, Parry Sound, Owen Sound and London. The Laurentians are famous for skiing and the Muskoka, Haliburton and other areas in Ontario have numerous ski-tows.

Curling, which is becoming more and more popular, and bonspiels, now an annual event in cities and towns all across the country, also are "naturals" for the amateur photographer.

Thanks to today's inexpensive cameras with which you only have to "aim and shoot", all these winter sports can be captured on film and you don't have to be an expert to do it. You can get good action shots, too, if you snap the shutter as the person or object is approaching you, and, preferably, at an angle.

Most cameras, even the popular-priced ones, have flash attachments these days. Not only does the flash increase the usefulness of your camera by making indoor and nighttime pictures possible, but it can often improve an out-of-doors, daytime picture by supplying fill-in light where there are shadows.

Of course, you really don't have to go beyond your own backyard to get your winter snapshots. Given a good snowfall and a few lively youngsters, you've got all the ingredients you need for a roll of exciting pictures.

And while you are in the mood, why not try some color shots because it's just as easy to take color pictures as black-and-white. All you do is put color film in your camera and follow the instructions that come with it. It's as simple as that.

16 —George E. Ray

Sports Leadership Courses Offered

Men and women interested in the organization and conduct of track and field competitions within their communities are invited to attend one of five regional coaching clinics scheduled at various locations in the province during the spring [illegible]. The clinics are sponsored by the Community Recreation Board, Cultural Activities Branch, Department of Economic Affairs.

The brief but [illegible] courses will place special emphasis on track and field activities designed for participants of all ages, ranging upwards from elementary school level. Conditioning, analysis of form, and techniques for instructing large groups will be on the curriculum.

Dates and locations for clinics are as follows: Fort Saskatchewan, March 20-21; Oyen, March 20-21; Taber, April 3-4; Forest Lawn, April 3-4; and Camrose, April 10-11. Dates were chosen to fall on week ends, providing for three hours of class Friday nights and all day Saturday to 5:00 p.m.

Prominent recreation personalities who will instruct at the clinics include Herb McLachlin, Miss Audrey Carson and Clare Drake from the physical education department of the University of Alberta; Rev H Miller from the Indian Residential School, Gleichen; Bill Faytor and Doug Kyle outstanding athletes and athletic teachers from Calgary. Each of the group has had instruction in Toronto under the Canadian Olympic Training plan.

The clinics are open to coaches of track and field, school teachers, recreation teachers and others who plan to give sports leadership in their communities. Applicants are required to post a nominal registration fee of one dollar. Because of the clinics' short duration, no meals or lodgings are provided.

Big Bingo On Saturday, April 18

Here's your chance to win a $100.00 door prize and also play bingo for 12 good prizes, all for one dollar.

On Saturday, April 18, in the Vermilion Armouries at 8:30 p.m. the Canadian Order of Foresters are sponsoring a 12-game bingo with a door prize of $100.00. Advance tickets are now available from any Forester.

All proceeds are for youth activities. Watch the Standard for advertising. 26-28

—S—

Vermilion River M.D. Office Closed Mar. 28

The office of the M.D. of Vermilion River will be closed all day Saturday, March 28th. This follows the Good Friday holiday, March 27th. 26-7

Letters to the Editor

Islay, Alberta.

The Editor,
The Vermilion Standard,
Vermilion, Alberta.
Dear Sir

To begin with, I'll go back to my earliest memory. I was sitting in my highchair with the table attached and for some reason which I do not recall, I dashed my spoon to the floor. My mother and my aunt simply looked at me but my father said, "get down and pick up that spoon." I remember quite distinctly how I sat quite sullen and sulky and my father said, "don't let me have to tell you again." I got down and picked up the spoon and never again threw it down, not only because I feared my father but because I knew perfectly well that I had done wrong.

If parents would take their cue from this they'd bring up fewer delinquents, vandals and hoodlums. If a boy does wrong, correct him, but good.

There would be fewer criminals, vandals and hoodlums in this world if more of this treatment was administered, in spite of those who say that parents should let the child develop his own personality and try not to suppress him or her. I know better, as I came from a family of seven and besides that, raised nine children myself.

Now to the hoodlums and vandals themselves: Do you think it's smart and manly to cause trouble, annoyance and loss to an old man with one foot in the grave and the other one too badly crippled to carry him?

I overheard one father say to his boy, "have your fun. I believe in a boy enjoying himself, but when you've had it, come home, there's a bed for you and food on the table." I wonder if that same father would want his boy to have this kind of fun if he was the one to suffer from it?

My grandfather was deaf and he had a horse which he used to haul milk to the cheese factory. There were a bunch of boys who delighted in heading off his horse, unsnapping the line from the bit etc. The old gentleman would get down, chase the boys, (of course he couldn't catch them) repair the damage, and go on again. A young man named Rossington Brown gave the boys a sound talking to, and told them to leave the old man alone or he'd take a hand in the game. When I was born, my father named me Rossington in gratefulness to that young man and I may say I'm proud of my name.

Now another word to the vandals who were at my place some three weeks or more ago. I can't get around to call on you, although I can get someone else to do so. If you boys don't gather here and make restitution to me by Tuesday, the 31st of March, I'll have to lay charges against you all.

Ross Leach
Islay, Alberta.

NEWS from ISLAY

As this is Red Cross month everyone has the privilege of contributing to this worthy cause of their own free will. Jars for donations, also receipt books, have been placed in all business places and in grain elevators in Islay. Make a generous donation voluntarily, as no canvassers have been in this area for some years.

Mr and Mrs. Clarence Robertson had a birthday supper on Sunday for Mrs. Win Torrance. Present were Dalt, Edna and Linda Torrance, Mr and Mrs. Bill Axley, Dorothy, Jeanie and Bill.

Mrs. Garfield Midgley was in town twice last week, and she was all smiles. Why? They had just installed their water system and now it's just turn the tap for hot or cold water! "Oh Boy!", says Ollie.

Mr and Mrs. Will Muir were in Islay on Tuesday.

The Islay Home and School held a social evening, free to all, on Wednesday night, March 18th in the school. Miss Janet Kent's pupils gave a puppet show depicting some of their enterprise work, very interesting and amusing too. Mrs Jean Axley sang an Irish song accompanied by Miss Kent. The guest of the evening was Mr Withington who showed colored slides of wild flowers found on his own farm and all within 150 yards of his buildings. A marvellous and most beautiful showing. He had 107 flowers, only two of which were found outside his own farm. Some specimens we see often, walk over them and even on them and never give them a thought. Every school child should see such an exhibit. A group put on a skit which was quite amusing and very worth-[illegible] "Why go to a H. & S. Association?" and Joe was con-[illegible] and went along. While lunch was being prepared all had a sing-song. The Association is very grateful to Mr Withington for a lovely hour. We all hope he will come to Islay again sometime.

Mr and Mrs. John Shaw were visitors at the home of her daughter Mrs. Teskey and Mr. Teskey over Wednesday night.

Nice to see Bill Gillies' picture in the Journal along with some other members of the staff of the store in which he works. Bill is meat supervisor and director of Thompson's Food Markets.

Noticed Syd Guerney in Islay the other day; also Doug Sherriff and Keith.

Oscar Easton is home again after being a patient for a time in Elk Point hospital.

Mr. Albert Van den Dolder is now a TV owner. The fifth set in Islay.

A nice afternoon was spent on Friday at Mrs. Moncrieff's in honor of Miss Muriel Hutton who was having a birthday. Mrs. Sweet, Gladys and Muriel Stone were present.

March 31st there will be a F.U.A. meeting at 8 p.m. in the school.

Here are more items taken from the I.S.U. paper "News and Views (1938)". These are from Bridstow: The Hancock family attended the wedding of their youngest son William to Janet Martin on Saturday, Oct. 22nd the home of Mr and Mrs. R Martin. The happy couple motored to Edmonton. On their return they will reside on their farm in the Bridstow district.

Visitors from Bridstow at the carnival in Vermilion were Mr and Mrs. Urquhart, Mr. and Mrs. Beck and Violet; R. Smith, Mr J. Barnett, Violet, Olive, Marjorie and Chas. Redmond.

A limerick by Bill MacFadyen:

"There was a young lad called Merle
Who was very fond of a girl—
Her name was Doreen,
He thought her a queen,
And now he calls her his pearl."

And in another edition, Vol 1, No. 2, here are the names of the newspaper staff — Editor, Patsy Easton, Business Manager, Jean McLennan; Sports, Willerne Riley, Literary, Lois Easton; Social, Alma Bristow; Humor, George Purves; Miscellaneous, Doreen Shaw and Lillian Danbrook.

Well, the rink looks like a sure thing. A committee comprising Pinkie McNeeley, G Edwards and M. Allen were to oversee it. Charlie Hanna was on [illegible] as caretaker. The ladies Curling club donated $20 to help with the repairs.

Trimbleville had a dance to raise funds for Christmas.

Kolsnee had a bingo party.

Bridstow was advertising a dance for December 2nd.

Humor: They talk about weak women. Did you ever get mixed up with them at a bargain sale?

Vera: I can feel a draught from that window. It goes right over our heads.

Miss Smith: Yes, like everything else!

An advt: Grain cleaning. No job too big or too small. Leave word at Ford's store. Charlie Redmond.

One sale leads to another.

Of Many Things . .

By AMBROSE HILLS

WHO DO YOU LOVE?

I visit frequently at the home of a couple where the wife, a beautiful woman, is in the habit of embracing her husband and asking him, "Who do you love?"

Jim is supposed to reply, ardently, overlooking the bad grammar, with a whispered, "You, of course, darling!" At least that is what I presume is expected, but that is not what comes out.

Jim looks sheepish, slightly annoyed, and reluctantly mutters, "You." He even giggles nervously — and Jim is not the giggling type. This seems to satisfy his wife: she giggles a little, too, and shrugs, and looks over at me with a sort of "Canadians are lousy lovers" expression. Then she cooks up such a peach of a dinner, and behaves so charmingly for the balance of the evening, that I forget her one bad habit and Jim looks moon-eyed at her and all is bliss. Seeing this obvious happiness, I refrain from pointing out to her that if she must discuss love in the presence of visitors, she should simply say, "I love you, Jim," and avoid the rhetorical question.

In fact, I even get to thinking that maybe I am wrong and she is right. Certainly, all of us should give some thought from time to time to the persons we love. The man who is not up to his neck in love with someone — woman, child or friend — is leading only half a life. I know a man who is desperately in love with an absolutely no-good wife — but in my opinion, he needs and would ask no pity. It is better to love a loon than to love no one but yourself.

So who, or whom, do you love? Give it a thought from time to time. And when you know the answer — tell it to the lucky boy or girl! And cut out those rhetorical questions.

NEWS from KITSCOTY

The Kitscoty United Church Sunday School invites all parents and friends to join in worship with them at their Easter service on March 29 at 9:45 a.m.

On Good Friday, March 27, the Kitscoty United Church choir will present a sacred canata "Olivet to Calvary," at the service which begins at 3:00 p.m.

Mr. A. W. Govier accompanied his son Clifford to Edmonton last week for a medical examination. Cliff will undergo surgery on his back this week and is a patient in the University hospital. Best wishes are extended to him for a speedy and complete recovery.

Mrs. C. K. Miller is again a patient in the Lloydminster hospital. Best wishes for a complete recovery to you Mrs. Miller and also to Mrs. J. Crewe who has been hospitalized for the past month.

We are pleased to report Mrs. Horace Parkin is home from the Lloydminster hospital and Mrs. W. Clifford returned home Sunday from Islay hospital. Both are improved in health.

Mr. Bob Howett and Miss Doreen Fihore of Edmonton spent last Sunday here visiting at the N. C. Browne and R. S. Pidcock homes and renewed acquaintances with Mayor H. Stokes.

Be sure to attend the Cub and Scout [illegible] Auxiliary sale of home baking on Thursday, March 26 in the Wilf Clifford hardware.

[illegible] and Mrs. Percy Willoughby of Edmonton spent last week end here visiting with relatives and friends.

The Cub and Scout mothers auxiliary will hold a sale of home baking on Thursday, March 26 in Wilf Clifford's Hardware from 3 to 5 p.m.

Miss Marion Thompson, field secretary for the W. M. S. from Toronto held a workshop for the C. G. I. T. and Explorer leaders on Tuesday, March 10 at the United Church manse. Eleven leaders were present from Dewberry, Marwayne and Kitscoty.

Mr. Sandy Gordey returned home last week from a holiday spent in Vancouver visiting with his son Fred, Mrs. Gordey and the girls. Mr. and Mrs. W. Sage and family of Edmonton were recent visitors at the home of [illegible] parents, Mr. and Mrs. A. W. Govier and family.

[illegible] and Mrs. C. N. Gray spent several days in Edmonton recently, visiting [illegible] daughter, son and their [illegible].

Mrs. R. M. [illegible] spent the week end in [illegible] visiting with her daughter Mrs. E. Tierney and family and other relatives.

Mrs. R. A. Evans and her daughter, Mrs. Homer Hines of the Marwayne district left last Sunday to spend a week at Dawson Creek visiting with Mr. and Mrs. Kirk Evans and the girls, and Mr. and Mrs. Russell Lang and family.

Mr. and Mrs. Vallie Watt and family of Vermilion were Sunday visitors at the home of Mr. and Mrs. Henry Joy.

Congratulations are extended to Mr. and Mrs. Edward Joy who celebrated their fifty-second wedding anniversary on March 14 and to Mr. and Mrs. Henry Joy whose twenty-fourth wedding anniversary falls on the same day. Mr. and Mrs. Cliff Pinder of Edmonton were home for the week end and helped their parents and grandparents celebrate the happy occasion. Other guests for dinner were Mr. and Mrs. J. Pinder of Lashburn.

Mrs. A. McClelland, Mrs. Newman Browne and Bill, and Mrs. R. S. Pidcock spent the week end in Edmonton visiting with relatives and friends.

We are pleased to report that Mrs. C. K. Miller and Mrs. J. McCorry have returned home from hospital and are much improved in health.

IN MEMORIAM

In loving memory of
ALBERT PORTER
—A devoted husband and father who passed away March 28th, 1958.
"At Rest."

—S—

IN MEMORIAM

In loving memory of
OTELIA EDWARDA RUUD
—who passed away March 31, 1942.
"A silent thought, a secret tear
Keeps her memory always [illegible]"
—Ever remembered by Mother, sister and brothers.

CARD OF THANKS

The Wildmere Curling club would like to take this opportunity to thank the business men of Vermilion who donated cash and prizes for our recent bonspiel.

—S—

CARD OF THANKS

We wish to extend our sincere thanks to our friends and relatives of Heinsberg and surrounding districts for the kind and generous help received following our fire loss. This help was certainly appreciated and will be long remembered. Special thanks to those responsible for sponsoring the shower and dance.

Paul Buck and family.

—S—

APPRECIATION

I wish to express my heartfelt thanks to Dr King, the matron nurses and staff of the Vermilion hospital for the care and patience that was shown me while I was a patient there. Thanks also to the many friends who sent cards and letters and visited me.

Gertrude Craig

—S—

CARD OF THANKS

We wish to thank the many friends for their kindness, sympathy and floral tributes during our recent bereavement in the loss of our dear mother; also a special thanks to the U.W.C.L. for their help.

Mike Zaharko and family.

CARD OF THANKS

I wish to express my thanks to Dr. Stephens, Mr Marian the X-ray technician, Miss McPhee and the nurses and staff of the Vermilion Municipal hospital for their care and attention while I was a patient there. Thanks also to my kind friends who sent flowers, cards and letters and who visited me in the hospital.

Grace A. Bury.

APPRECIATION

I wish to extend my thanks for the support accorded me in the recent election for member for Ward 7 of the Elk Point Municipal hospital.

Harry Palinka.

—S—

CARD OF THANKS

The Wildmere Ladies' Curling club wish to thank everyone who helped to make their recent bonspiel such a success. Special thanks to the Vermilion business places who were so generous with donations and prizes, the men who worked so hard to get the ice in shape beforehand and the ones who looked after it on the day of the spiel, the ladies who gave their time and worked so hard in the booth and who donated food and set up the banquet tables; and lastly to all the visiting rinks for attending and taking part in the bonspiel. Words fail to express the appreciation for all this kindness. Thanks a million.

WOODVALE

We are sorry that we are once again late in expressing the sympathy of ourselves, our readers and our community to Mrs. Gladys Wolters and her children in their recent bereavement. Through the long months of her husband's illness, hopes had been held out that all would be well, but after his still unexpected sudden death, many have come to the family privately and almost everyone in the community attended the funeral services to extend their sympathy. They know that the deceased had long lived in the community and had taken a full part in it, and he will long be remembered.

—S—

SEEDTIME and HARVEST

By
Dr. F. L. Greaney,
Director
Line Elevators Farm Service,
Winnipeg, Manitoba.

Sponsored by the following companies: Pioneer, Alberta Pacific, Canadian Consolidated, Paterson, McCabe, Parrish & Heimbecker, Inter-Ocean, Ellison Milling and Quaker Oats.

THE VALUE OF FERTILIZERS

Does it pay to use fertilizers on cereal crops? Yes. The results of extensive field tests made by soil scientists at our western Universities and Experimental Stations, and of hundreds of tests carried out on individual farms in Manitoba, Saskatchewan and Alberta have proven conclusively that a return of three dollars can be expected from every dollar spent on phosphatic fertilizer.

Why Use Fertilizer? Every bushel of grain delivered to the elevator contains part of the original fertility of the soil. Where fertilizers are not used a gradual depletion of soil fertility occurs, owing to the removal of plant food elements by successive crops. Eventually the point is reached where the growth of the crop is limited because of a deficiency in one or more plant food elements. Application of the right commercial fertilizer replaces these elements and again permits maximum crop returns.

What Fertilizers Do. Fertilizers offer these specific benefits: (1) They increase yields by providing the necessary plant foods. (2) They improve grades. A well-nourished crop produces plumper kernels. (3) They help to bring about greater uniformity in the crop. (4) Fertilizers assure earlier maturity of grain crops, reducing the hazards of frost. Five to ten days earlier ripening is common in experiments. (5) They reduce [illegible] and [illegible] damage and [illegible] weed growth. (6) Fertilizers improve the nutritional value of the crops produced.

[illegible] Recommendations Available. Western farmers should remember that the kind and amount of fertilizer required varies with different soil zones and crop rotations. Consequently, it is essential that the official fertilizer recommendations of [illegible] Provincial Advisory Fertilizer Committees, which are [illegible] annually, be followed. [illegible] copies of these recommendations and further information on the [illegible] fertilizer can, and should be obtained from your Agricultural Representative, Experimental Farm or University Department of Soil Science.

LOCAL NEWS

Mrs. Junior Williamson, of Lawson, Sask., is spending two weeks with Mr. and Mrs. Harry Williamson at Claysmore.

Leaving on Thursday to spend the Easter week end with their daughter and family, Mr. and Mrs. Rasmussen, are Mr. and Mrs. Harry Brown.

Mr. and Mrs. J. R. Robson plan to spend Easter in Calgary visiting various members of the family.

Mr. and Mrs. Ken Rowe are spending some time visiting at the west coast.

—S—

Roy Anderson returned recently from spending three weeks at the west coast during which time he visited his daughter and family Mrs. Jim Krosser at Chilliwack, another daughter and family Mrs. Zell Morris at [illegible] Burnaby, and called on [illegible] Vermilion old timers including J. J. Pechenpaugh, Ben Arnston and W. E. McCrea.

Mrs. M. Fair returned home this week from a visit to her son Robert at Abbotsford, B.C. The trip to the coast was made over the Hart highway in company with Mr. and Mrs. O. Gunderson.

Mrs. H. P. Long had as her guest last week, her daughter, Mrs. Morgan (Lois) of Calgary.

—S—

Mrs. Wm. Sinclair of Calgary was a recent visitor at the home of her parent Mr. and Mrs. A. E. Kaiser.

—S—

Mr. and Mrs. Elwyn Martin of Edmonton were week end visitors at the home of the latter's parents, Mr. and Mrs. J. W. Waldenberg r recently.

Mrs. Lloyd McFadden left by plane from Edmonton for the coast where she will visit at Vancouver and Victoria for the next month or two.

—S—

Ike Bronson of the Bank [illegible] transferred to the branch at Mannville. By a coincidence, the newly appointed manager there comes from Hardisty branch from which town Ike also came, so they are already well acquainted. Ike was the high scoring Tiger of the past hockey season and everyone hopes that the move to Mannville will still see him in a Tiger uniform next winter.

Mr. and Mrs. Curtis Martin and Mrs Norman Armstrong motored to Edmonton on Sunday to visit Norman Armstrong in the Aberhart Memorial sanitorium.

WINS VOLKSWAGEN

The draw for the Volkswagen at Edgerton was held with the winner being a three year old boy at Elk Point whose father purchased the ticket. The Standard regrets not having the name.

On Tuesday, March 10, Vermilion W. I. met at the home of Mrs. J. Perkins. Ten members answered the roll call, reporting a number of sick calls. Eight get-well cards were sent.

—S—

Mrs. Louise Giles of Uranium City was the winner of a lovely 52 piece dinnerware set, in a contest sponsored by the Robin Hood Flour Company.

Mrs. Jack Coward of Easyford was a guest at the Giles home while in Vermilion to attend the funeral of her brother, the late Otto Wolters.

Mrs. A. Cameron had her daughter, Mrs. John King of Haney, B. C. as her guest for a few days this week.

—S—

Mr. and Mrs. A. M. West left this week for Banff where they will spend Easter with their daughter and family, Mr. and Mrs. Ted Langridge.

Mr. and Mrs. Ken Holte and family of Winnipeg were recent visitors at the homes of their families, Mr. and Mrs. A. M. West and Mr. and Mrs. A. M. Holte.

Bob and Joyce Reid (nee Bauman) announce the arrival of a son Brian John on March 13 at Royal Alexandra hospital, Edmonton. Brian John has two brothers, Bob and Jim.

Preston 4-H

The fifth meeting of the Preston 4-H Beef Club was held on March 9 with 8 members present. Roll call was 'the name of my calf.' The club decided to make signs for each member's gate. A debate will be organized for the next meeting to give the members practice in public speaking. Next meeting will be held on April 13 with Joan, Lyle and Mary on the lunch committee. An interesting film was shown after the meeting and lunch was served.

—S—

Girls' Auxiliary Plan Edmonton Visit

MANNVILLE. Members of the G. A. group met at the home of their leader, Mrs. Joan Lugg on Tuesday, March 17th. Practice on the singing numbers for the forthcoming festival was begun, and practice for the dancing number was called for the following Thursday. Names were given in for those desiring hospitality at Edmonton during the festival. Transportation has not yet been decided on, but it is hoped to have definite plans completed before the next meeting.

When success turns a man's head, he is facing failure.

JIM JONES SCORES 3 IN PLAY-OFFS

Jim Jones of the University of Alberta Junior Golden Bears scored three goals and garnered one assist to lead the scoring in a Junior B play-off game in Edmonton last week. The winning team was the South Side Sunwaptas who thus won their third successive Junior B crown for Northern Alberta. Jim is the son of Mr. and Mrs. Neil Jones of Dewberry.

ISLAY MAN PASSES AWAY

The death is reported of John McGeough, formerly of Islay, who passed away in Edmonton on March 12. He is survived by his wife, four sons and two daughters all in Edmonton.

Culture, like custard, curdles when it's overdone.

[illegible] OF BIG EGGS

A series of eggs which should grade extra extra large and then an extra or two, are being laid on the farm of Mrs. Mary Hawryluk of Dewberry. Every day there is one of the [illegible] double yokers. The usual size measures 7 by 7 and 7/8 inches with weight at 4 ounces. The hen doing the extra big production isn't known, but the whole flock is Red Hampshire.

MARWAYNE

Sincere sympathy is extended to Mr. and Mrs. Reinheimer in the passing of Mrs. Reinheimer's father on Monday last. Mr. and Mrs. Reinheimer left on Tuesday morning to attend the funeral. Mrs. Anderson of Cardston is staying with Judy.

On Friday, Mr. and Mrs. Gardiner received word of the passing of Mrs. Gardiner's mother at Duhamel. Mr. and Mrs. Gardiner left for Duhamel on Saturday morning. Sincere sympathy is extended to them.

Mrs. Berry's house which was built in Vermilion has been moved on to the foundation next to J. Manson's. This makes three houses moved onto that block in 8 months. Mrs. Berry is in Regina at the present time.

The O. O. R. P. collected for the Red Cross this week, having a very successful drive.

Congratulations go to Mr. and Mrs. Paul Wack of Edmonton on the birth of a son and to Mr. and Mrs. Chester Quist, also of Edmonton, on the birth of a daughter.

Congratulations also to Mr. and Mrs. Donald Alward on the birth of twin sons. The folks of Fenham are having a shower for the new twins.

Mr. and Mrs. E. Gray and family were Edmonton visitors this week end where Mrs. Gray's sister and husband were celebrating their 25 wedding anniversary. John Williams was doing the chores during their absence.

Mr. Dow Sr., has sold the B. Murray house to Roy Bendixen.

Sorry to report that Mrs. Quist is a patient in Lloydminster hospital. Colin Midgley and J. Elliot have been sick at home.

Remember the Easter Tea sponsored by the W. A. of the United Church in the Church hall on Saturday, March 28 from 2:30 to 5:30 p.m. There will also be a sale of home baking and aprons.

Have you registered for your T.B. X-ray? Cards may be picked up at your local store.

NEWS from ISLAY

The Islay Senior room, grades 7, 8, 9, had the happy privilege of attending a session of the legislature. Mr. Redmond, Mr. Moncrieff and Mr. Van den Dolder were the drivers of the cars taking the students. Seeing is believing and of this the students were aware. From all the comments the day was enjoyed to the full, and now they understand better what they read about as to the procedures of parliament. Some thought the page boys were really kept on the move. A tour of the buildings proved enlightening and the dinner was thoroughly enjoyed.

Mr. Jack McNeeley went to Red Deer one day last week with Mr. and Mrs. McKerrihan when they went to get daughter Helen who had attended a semester at the composite high school here.

Get ready for the Islay amateur April 24th!

The Home and School Association met on Thursday March 12th with Mr. and Mrs. Simonson as [illegible]. Mr. Simonson talked [illegible] the address as given by Senator Donald Cameron on the commission studying our educational system. It was an enlightening talk. Education should be the concern of all, whether you have children in school or not. Those growing up now are the one who will have to take over the responsibilities when some of us are too old. All phases of life today are so advanced from the days of the walking plow, and so complicated, that a high standard of education is absolutely necessary. The trustee elected is Mr. B. Teskey. Next H. and S. meeting is April 9th at which the Hon. Mr. A. Aalborg, minister of education, will be the guest speaker. The topic will be "Education".

Noticed Sid Guerney in town one day recently, but didn't realize it was so close to his 35th wedding anniversary. Belated, but nevertheless sincere, here is a wish to Mr. and Mrs. Guerney that they may enjoy many more happy anniversaries.

Alfred Boyle of Minburn visited his sister Mrs. Potvin and Mr. Potvin on Sunday. They had much to discuss as Alfred hadn't been down for five years.

Mr. Bill 'Pinkie' McNeeley from The Pas, Man., was home calling on relatives and friends.

The man who always sees his duty sometimes takes advantage of the fact and dodges it.

Paradise Valley Students Attend Varsity Guest Week End

PARADISE VALLEY—Sleepy-eyed but excited, we gathered in the school at 7:00 a.m., Feb 27 and loaded in the buses, bound for Edmonton with 'Varsity Guest' week end as our main goal. Twenty-one girls and our chaperone Mrs. Walter, rode on Mr. Elliott's bus and 21 boys and their chaperone Mr. Lampitt, rode on Mr. Teasdale's bus.

The buses had a short stop at Vegreville where we all had a lunch. About noon we hit the city and went directly to the Administration cafeteria where the Hon. Mr. Aalborg entertained us to lunch. We toured the legislative buildings and at 2:00 p.m. attended the opening of the session. In our leisure time we went on a shopping tour. By 7:30 we were ready to load into the buses and attend the variety show in the Jubilee Auditorium. This was an exciting live performance about the imaginative celebration of the 100th birthday of the University of Alberta. We were all fascinated by the auditorium and many were astonished by the wonderful lighting and the [illegible]. Before returning to the hotel the girls were taken to the airport through the kindness of Mr. Elliott.

The next morning all went to the university. Most of the girls toured the nurses displays and the Medical building while the boys toured the Agricultural building, the Electrical [illegible], Arts and Science building and various others. At noon the girls met at the University cafeteria for dinner while the boys, finding it full on their arrival, ate at the Tuck shop.

At 2:00 o'clock a thrilling musical program was attended at Convocation hall. This proved to be interesting to most of us because we have never seen or heard live performances of music of this type before. After this we walked to the gymnasium for some interesting gymnastic displays including [illegible] basketball and judo. About 4:30 we loaded our respective buses bound for home.

Varsity Guest week-enders all wish to thank Mr. Clark for planning our trip, the chaperones Mrs. Walter and Mr. Lampitt, the bus drivers Mr. Teasdale and Mr. Elliott for making our trip such a success.

PV YR BOOK

Year books for 1958-59 school term are being designed. Anyone wishing to purchase a book must pay a down payment of $1 in order to have one ordered. This should be paid to Francis Howe before April 6th.

BASKETBALL

The Paradise Valley basketball teams have recently been competing in a number of games. We entertained the Chauvin teams, the P.V. boys turned in a victory but the girls lost. On [illegible] Dewberry played here, and again the P.V. boys won and the girls lost. Saturday, March 14th the teams made a trip to Provost where they participated in a tournament. Paradise Valley girls lost both their games with the boys winning their first game but losing the second. This brought the league to a close. Paradise Valley boys are tied with Dewberry for third spot.

SEWING NEW FABRICS

The basic procedure of sewing synthetic fibres is essentially the same as for natural fibres such as wool, cotton, silk and linen. However it is important to remember that because synthetics are stronger and resist stretching, shrinking and sagging there are some differences to observe in handling the fabrics.

FABRICS and PATTERNS

It is necessary to know your fabric and its characteristics in order to choose a suitable pattern. Firmly woven fabrics of man made fibres or those treated with special finishes often have a little 'give'. This means it is very difficult to shrink-fit set in sleeves or any style that requires easing of one part onto another. Therefore, it is best to buy patterns with the minimum ease in the sleeve or with the sleeve and bodice but in one piece. Buy the same size pattern as you would use for any fabric. If you are using a material that doesn't stretch, check to make certain you have sufficient ease across the shoulders, over the bust, upper sleeves and hips. The easiest type of material to sew is one of medium weight firm weave non-slippery and does not fray easily.

CUTTING. Pin the pattern securely with fine, sharp steel pins. It may be necessary to pin very sheer fabrics to paper before cutting. Use well sharpened shears and long even strokes for cutting synthetics and blends. Never use pinking shears for cutting out a garment as it is difficult to get an accurate cutting line. It is better to cut notches outside the seam allowance rather than into it.

MARKING. Marking with tailor's tacks can be used on all fabrics. This is the only type of marking recommended for sheers and on delicately colored fabrics. The dressmaker's carbon paper and tracing wheel or tailor's chalk can be readily used on medium weight or printed fabrics. Before using dressmaker's carbon paper test mark a double scrap of fabric and press to determine the acceptability of this method. Only use this method on the wrong side of the material. Dressmaker's carbon is different from the common carbon paper and is much easier to remove in cleaning and laundering whereas marking made with the ordinary carbon paper often cannot be removed.

THREAD. Selection of the thread depends on the type of fabric used. Nylon, silk, dacron or mercerized cotton can be used. If the fabric is sheer or silk-like, one of the synthetics will likely be most satisfactory. If your fabric texture is similar to cotton, wool or rayon suiting, then mercerized thread may be your best choice. Using a nylon or dacron thread on man-made fabrics will give better stitching durability and a more uniform drying speed than the cotton thread. When using synthetic thread on the machine here are a few points to remember.

1. There should be no tension on thread when the bobbin is being wound.

2. Be sure to use a felt pad under the spool pin so that the spool will be held steady both for sewing and winding the bobbin.

3. Cut nylon and dacron thread with sharp scissors as it is tough to break.

Dacron thread comes in limited number of colors but since it is translucent it blends readily with the color of the fabric.

More on sewing the new fabrics next week.

F.U.A. Evaluates Recent Delegation To Ottawa

The executive of the Farmers' Union met in Edmonton on Monday, March 16th and among other items on the agenda was an evaluation of recent delegation to Ottawa.

It was unanimously agreed that from a publicity point of view the delegation was an un[illegible] success. Certainly very few happenings in a year rate the number of press, radio and television people that covered the presentation to the government. Most of the publicity was good. While some of it was antagonistic, certainly all of it admired the conduct of the presentation.

It was not expected that the Prime Minister would be able to give an answer to the delegation immediately. He stated that the government would give the matter 'continuing consideration.' He also said that he was glad that "his colleagues had an opportunity to hear first hand from the farmers." He "welcomed an opportunity to discuss the problems with an open mind."

He stated firmly that he would not tamper with the "Crow's Nest Rate." He said "There can be no prosperity in Canada unless agriculture is maintained on a sound basis." He was, however, rather non-committal about deficiency payments, and still favors acreage payments as a means of getting cash into the farmers' hands.

Mr Diefenbaker made special reference to the fact that maladjustments in national income was of major concern to his government, and that the State has a responsibility for just treatment. He was prepared to do what he could to give agriculture fair profit within the framework of a national program.

From the context of the P.M.'s speech there was nothing that would indicate the closed door attitude indicated by Agriculture Minister Harkness previously.

From this it would seem that the Farmers' Union should watch developments over the next 3 to four weeks with a great deal of interest and be prepared to move in any direction a turn of events would point.

Bring Greetings From Old-Time Vermilion and Landonville Folks

Mr and Mrs. Jim Johnson recently returned to Vermilion after an extensive and very enjoyable trip which took them right into Mexico. Travel was by bus and the journey started here on December 26, with the first stop being Vancouver, U. S. A., where a visit was made at the home of Jim's sister Mrs. Nora Richardson and family. Travelling by car from that point they went to San Francisco and crossed the Golden Gate [illegible] and on to Los Angeles to visit cousins Mr and Mrs. Clark. At San Diego two earth tremors were experienced in one day [illegible] where it was 85 above and ripe oranges were picked from the trees, as well as lemons, grapefruit and olives. They found the ripe olives very bitter to taste. Dips were enjoyed in the ocean, then on to Tia Juana, old Mexico for just one day.

Back to Los Angeles via highway 99, then to Madera to visit those well remembered former Vermilion old timers, Mr and Mrs Ed Ivy who send kindest remembrances to old friends here and at Landonville and an extra hello to Mr and Mrs. Wes Waldenberger [illegible], a sister to the late Mr August Bensmiller was visited and at 76 years, she was well and happy. No stops were made in Oregon on the return to Vancouver Wash., but in Bellingham Mr and Mrs. Ollie Armstrong were called on. The Dahl family was visited at Powell River and they too send a big hello to Landonville friends. While at Powell River the Johnsons went oyster hunting and got a tub full. At Haney, B. C. Mr. and Mrs Paul Long were seen and wanted to be remembered to everyone hereabouts. The final stop before reaching home was at Mission City to visit sister-in-law Mrs. Wm. Johnson. After reaching Edmonton, Mr. and Mrs. Johnson visited son Jim, his wife and family at Edson. While in Edmonton they saw the McNamara's and Taylors, arriving back in Vermilion on March 4th, tired, well and happy. The only bad weather experienced in the more than two months away was in Washington state where it rained and was so foggy that the seagulls had to walk to follow the white line [illegible] the ocean.

Mr. and Mrs. Johnson both say "Don't think we are odd folks, but we still thing that Alberta is a little bit better than any other place."

Islay 4-H Food Club

The meeting of the Islay 4-H Food club was held at the teacherage on March 16th. Mr Ev Inman showed the girls how to fillet a fish. It was very interesting and worthwhile. Jean Hannon made croutons. The leader, Mrs. Moncrieff, made fish chowder.

Sandra Bell moved a vote of thanks to Mr Redmond for taking the girls of the club to Lloydminster on March 9th.

On March 25th the girls are holding a mother and daughter banquet. This banquet will be held at the church hall at 6 p.m. Miss Lent, Miss Brassington, Miss Anderson and Mrs. Sweet are invited in addition to the mothers.

NEXT MEETING APRIL 6th

The next meeting of the 4-H Food club will be held at the teacherage on April 6th at 7:30 p.m. Shirley Buchanan and Margaret Hanna are going to make biscuits and Sharon Redmond cocoa syrup. The roll call will be 'reasons for baking failures'.

Buffalo Coulee Ladies Complete 'Spiel On Vermilion Ice

The finals of the Buffalo Coulee ladies' bonspiel were completed last Saturday evening on Vermilion ice with the following results.

Grand Challenge — 1. Joy Manz, Mannville; 2. Ivy Pare, Vermilion; 3. Rink of Edgerton ladies; 4. Ruby Larson, B.C.

Merchants — Lillian Pheasey, B.C.; 2. May Fluney, Wildmere; 3. Mrs. Fisher, Irma; 4. Mrs. Wilson, Wildmere.

The Buffalo Coulee ladies' club wish to publicly express their thanks to the Vermilion Curling club for the free use of their ice. It would have been impossible to complete the spiel otherwise as the Buffalo Coulee ice had suffered under the mild spell and was too soft for play.

It takes wise [illegible] to know that their own [illegible] at fault as the neighbor's.

FILM AT CHATSWORTH

A film sponsored by the U.G.G. on 'Vertical Integration' will be shown at Chatsworth on April 1, commencing at 8 p.m. sharp. A reel or two of comics will be an added attraction. 37

Good Friday March 27

Good Friday comes next week and falls on March 27th. It is a Dominion holiday and will be observed as such in Vermilion. 36-7

Sidney Katz of Maclean's Magazine To Address H. & S. Convention

The 1959 convention of the Alberta Federation of Home and School Associations will be held at the University of Alberta, Edmonton, May 12 to 15. A registration of at least 400 delegates is expected, representing Associations as far north as Yellowknife and as far south as Coutts.

To spark the opening of the convention, Mr. Sidney Katz of Toronto, Associate Editor of MacLean's Magazine, will address a public meeting held in the Jubilee Auditorium on the evening of May 12, on a topic relating to Home and School.

The official opening of the convention will take place on Wednesday morning, May 13, under the chairmanship of President R. H. Jeacock of Lethbridge.

Highlighting the banquet at the closing session will be an address by Mrs. D. A. Hansen of Calgary, a past president of the Alberta Federation and a member of the Cameron Royal Commission on Education. Mrs. Hansen's topic will be "Roads to Understanding."

POWER IN STORE

Less than one quarter of Canada's hydro resources are in use.

Princess Anne W. I.

March meeting of the Princess Anne W.I. was held at the home of Mrs. Fred West with twelve members present and two visitors, Mrs. John Starko and Mrs. Fred Kenyon.

The vice-president, Mrs. Ralph Strome was in the chair for the meeting. Poetry, composed by members for roll call, was enjoyed by all. The committee reports followed and it was decided to help with the cancer fund canvass. A discussion of the card parties, and of the bake sale March 28th followed.

The [illegible] in Alberta' was given by Mrs. Rock Mead. The social, a [illegible] pin contest, [illegible] by Mrs. Norman Armstrong was hilarious. Mrs. Ort [illegible] was the winner.

Lunch was served by Mrs. R. Mead and Mrs. A. Mead, assisted by Mrs. F. West.

Admitted To Alberta's Agricultural Hall of Fame

Select membership of Alberta's Agricultural Hall of Fame was increased to six with the admission of 89 year old Daniel J. Morkeberg, of Markerville, at a public ceremony in the Legislative Chamber, Edmonton, the afternoon of March 11. Mr. Morkeberg is shown, left, receiving the certificate symbolic of admission to the historic ranks of agricultural province builders from His Honor, Lieut. Governor Dr. J. J. Bowlen. Looking on is Hon. L. C. Halmrast, Alberta Minister of Agriculture.

The first Hall of Fame representative from the dairy industry, Mr. Morkeberg has played an active role in Alberta dairying since 1899 when he was appointed superintendent of a creamery at Tindastoll. Name of that pioneer community was later changed to Markerville. As a member of the Alberta Legislature 1917-21, he was instrumental in drafting a complete revision of the Alberta Dairymen's Act.

Born in Denmark in 1870, Mr. Morkeberg emigrated to the U. S. A in 1892 and six years later came to Canada and Alberta. Shortly after his arrival, he settled permanently at Markerville and during recent years has lived there in retirement with a daughter and son-in-law on his original farm. At one time he operated creameries at Elnora, Lacombe, Red Deer and Innisfail in conjunction with his enterprise at Markerville. He was the first person to be awarded a life membership in the association. Throughout the years, he remained friend and counsellor to individuals and organizations connected with dairying in the province.

Mr. Morkeberg was married in Calgary in 1902, to Miss Hilma Nystrom. His wife passed on in 1951. Their family includes two sons and three daughters, all of them resident in Alberta.

A portrait of Mr. Morkeberg will join five others in the Agricultural Hall of Fame located on the main floor in the west wing of the Legislative Building. His predecessors named to the Hall of Fame in 1951 include Henry Wise Wood, J. H. Johnston, C. S. Noble, Claude Gallinger and Frank Collicutt. Three were livestock men, one was a co-operator and the other was a wheat producer.

The ceremony in the Legislative Chamber was attended by leading farm officials, personal friends of the guest, and others. Hon. L. C. Halmrast read the citation to Mr Morkeberg, and J. W. Grant MacEwan, Leader of the Opposition, brought congratulatory message.

Hugh Stewart Tells Fine Points Of Beef Feeding To Rotary Club

Hugh Stewart, a prominent livestock farmer, of this district, told the story of his farm business to the Rotary Club at last Friday's luncheon meeting.

Mr Stewart explained in detail the methods he uses in raising good beef type calves and fitting them for sale at around 21 months of age. The cheapest gains are made on pasture so the calves are carried through until the fall for finishing.

The last shipment of steers to [illegible] 72 red grade, 2 [illegible] two commercial. Good breeding and good feeding pay high dividends when the cattle are put on the market.

Mr Stewart uses mineral concentrate, molasses and stilbestrol in promoting rapid and economical gains in his feeding operations. Now that stilbestrol implants are approved and available the animals going on grass will be injected with implants in the ear and in the fall the same animals will get another treatment when they are put in the feed lot.

Before sitting down Mr. Stewart made a very pertinent statement, "The cattle industry is the back bone of this country."

The guest speaker was introduced by Carl Heckbert and thanked by [illegible] said that it was a very practical discussion on a very profitable industry in this area.

President Jim Robson introduced Dr. George Stafford Mayer of Camrose. Dr Stafford Mayer was at one time a member of the Rotary Club in Durban, Natal, South Africa. Now he belongs to the Camrose club. It is of interest to note that so much does Dr. Stafford Mayer value his perfect attendance that he drove all the way from Camrose to make up for the meeting he missed in his home club last week.

George Webb gave a resume of his recent trip to U. S. A. during the past two weeks.

Mention was made by [illegible] Kneale about the [illegible] school being organized here by the Rotary Club and the Alberta Motor Association. [illegible] applications can be accepted.

Elect Officers

MANNVILLE — The Mannville 4-H Clothing club held its meeting at the home of their leader Mrs. Melva Jackson in order to reorganize the club with nine members present. The club now consists of one fourth year member, Berna Cotter; two third-year members Rita Clennett, four second-year members Doris de la Salle, Dorothy de la Salle, Anita de la Salle and Lorraine Younge; two first-year members Karen Stephenson and Linda Ballentine.

New officers elected were as follows:

- President — Berna Cotter
- Vice-Pres. — Lorraine Younge
- Sec.-Treas. — Rita Clennett
- News Reporter — Doris de la Salle
- Entertainment — Arleigh Stephenson
- Clean-up Committee — Doris de la Salle

It was decided to hold meetings every second week and a membership fee of 5 cents was to be brought to each meeting. For entertainment a game of 'Consequence' was held after which lunch was enjoyed.

Judge Costumes

MANNVILLE — Despite unfavorable weather for the proposed carnival the Auxiliary to the Legion gave all who wished a chance to win a prize on Friday evening last at the Legion hall. Successful were:— Pre-school Brenda Marshall, a captivating figure in Dutch costume first, while Marlene Kreller with her enchanting Bo-Peep attire won first in the 6-7-8-year class and Roxanne Manz second as the Queen of Hearts, a most intriguing young miss. In the 9-10-11 and 12 class Leslie Kreller won first as a Japanese lady. Lorraine Boe and Corrine Ewing tied for second as a Spanish Girl and a Woodland Fairy respectively. Miriam Ewing was third as a Drum Majorette.

New Chevrolet Hardtop

OSHAWA — A new two-door hardtop sport coupe has been added to the Bel Air series of Chevrolets, General Motors of Canada announced today.

GM officials said the sport coupe will complement the Bel Air Sport Sedan, introduced earlier this year, and will make available both two and four-door hardtop models in Chevrolet's moderate price range.

Previously, two and four-door hardtops were available only in Chevrolet's top line Impala series.

"An overwhelming number of 1959 car buyers are demanding a distinctive hardtop styling," said a spokesman for General Motors. "The introduction of the Bel Air Sport Coupe, a two-door hardtop in the more moderate price range, has been made to meet this demand."

The sport coupe is distinguished by the absence of side pillars. Side windows roll completely into the body.

The sport coupe's styling gives the car a light, airy appearance and offers the driver exceptional visibility.

OUR LETTER FROM EDMONTON

Quiet Week In Alberta Legislature; Cannot Complete Session by Easter

by KEN MASON

EDMONTON — Social Crediters and Liberals joined forces in the Legislature last week to pass a harmless resolution everyone will favor and at the same time embarass the Conservatives.

The motion, introduced by Social Crediter Henry Ruste of Wainwright, put the House on record as asking Ottawa to help the provinces bear the cost of highway construction.

Liberals introduced an amendment which tacked on the request that Ottawa give immediate consideration to building another Trans Canada highway from Winnipeg to Vancouver via the Yellowhead route.

The Liberals had no objection to the Social Credit resolution, and Social Crediters were in favor of the Liberal amendment. But the Progressive Conservatives had committed themselves to opposing the original Socred motion.

For one thing, said Tory Leader Cam Kirby, Red Deer, federal aid for highways would mean increased taxes, and he didn't think the people of the province would go for that.

So when the vote was called, it was 51 to 3. The three Tory members were the only ones who stood to vote against it. "Three blind mice," shouted a voice from the Social Credit side.

It's extremely doubtful if passage of the resolution will prod Ottawa into helping the provinces build roads. But it is a good idea and permitted members from all parties to spend an entire afternoon playing politics to their hearts' content on a harmless subject.

In reply to an attack on the government's provincial treasury branches, Chester Sayers, Camrose Social Crediter, pointed out that the banks are moving out of many rural areas and that residents of some small centres would not have any banking services were it not for the government treasury branches.

Discussion ranged over a wide variety of subjects as the study of the budget estimates dragged on, and some interesting comments were made.

For example, some country members noted that the 1957 liquor plebiscite has made little difference to rural residents who still often have to travel long distances to reach government liquor stores.

A suggested solution came from J. Romeo Dechene, Lib., Grouard, who until this session had been the all-time champion 'silent' man of the Legislature.

He said the government should license a 'good store' in every town as a liquor board sub-agent. This way, he said, it would be more convenient for rural residents and the government would save the money it spends building new liquor stores.

The perennial CCF motion calling for public ownership of electric power generating and distribution facilities went down to defeat, as usual.

Stanley Ruzycki, CCFer from Vegreville, introduced the motion and it was seconded by Nick Dushenski, Willingdon. Industries and Labor Minister Raymond Reierson called it the CCF's "annual pilgrimage to the shrine of socialism."

The vote against public ownership was 50 to 6.

It gained unexpected support from four Liberals, Michael Maccagno, Lac La Biche; Alfred Macyk, Redwater; Harold Tanner, Edmonton, and Mr Dechene.

NO [illegible] FINISH

As the week ended it appeared almost certain the House would be back in session after Easter. Hope was that the session could be wound up before Easter but progress has been too slow.

Premier Manning was prepared to move that the House adjourn over the Easter weekend and start to work again on Tuesday of next week.

Members must still go through a mountain of legislation although as yet there has been nothing too contentious in the government bills introduced.

Other highlights of the week:

Opposition members attacked 'wide powers' given to utility companies and to government agencies to expropriate land. It drew from Premier Manning the announcement that an entirely new expropriation bill would be drawn up.

Debate on Civil Defence aimed at getting a clear picture of government planning to cope with the threat of missile attack.

The House learned that travelling expenses of provincial civil servants topped the 3 million mark for the first time last year.

The government's program of aid to Metis colonies was attacked and termed inadequate.

A bill introduced by Lands and Forests Minister Willmore will reduce to $25 from the present $50 the minimum fine for illegally shooting or possessing game birds.

Derwent H. & S. Meet

DERWENT — The Derwent branch of Home and School Associations, held a meeting on March 19 at the school auditorium.

Mr N. Myskiew, superintendent of schools gave an interesting talk on "Demonstration in Reading." The parents enjoyed the lesson and drill very much. Films were shown and lunch was served by the lunch committee.

Y. P. C. Organized At Derwent

DERWENT — At a meeting held on March 10th in the town hall, the Y.P.C.s were organized under the chairmanship of Mr Nick Boyko. Progressive Conservative candidate for Vermilion constituency, Mr Dave J. Frunchak, outlined the needs of Y.P.C. and reported on the Banff Y.P.C. convention held in February. The guest speaker for the evening was Mr Ralph Johnson, Y.P.C. northern organizer from Fairview. Mr Johnson expressed his appreciation for the turn-out and emphasized the importance of youth, and what part it can play in community affairs, as well as government policy-making. Rural problems were the big issue. An executive of Y.P.C.s were appointed.

Doughnuts and coffee were served at the end of the business.

CANADA LAGGING

Canada's recovery is lagging along behind the faster pace being set by U. S. industry. This lag persists despite the fact the recession began earlier here and Canada had less lost ground to recover than did the U. S. says Dalton Robertson in his review on the business outlook.

Industrial production in Canada has been stuck on a plateau for most of the year while output in the U. S. has been rising month by month.

Discounting seasonal factors to get a better guide, manufacturing output here is only halfway back to boomtime peaks and has been in that position since early last year. In the U. S., by contrast, factory output has recovered almost all of its 13% recession loss.

Mannville Ladies Win B. C. Challenge

MANNVILLE — Curling in the Grand Challenge event finals at Vermilion due to soft ice at the Buffalo Coulee rink, Mrs. Joy Menz, with Mae Proudfoot third, Marion Emmott second and Margaret Emmott lead, won the Grand Challenge. Her opposition was Mrs. Ivy Pare of Vermilion. A good game is reported.

Vermilion River M.D. Office Closed Mar. 28

The office of the M.D. of Vermilion River will be closed all day Saturday, March 28th. This follows the Good Friday holiday, March 27th. 36-7

—S—

When a man travels at too fast a gait it's no problem to determine which direction he is headed.

Evening Elegance

sleeveless wrap of sheer 'Terylene' boucle over a printed cotton sheath was used by designer France Davies in this ensemble for the spring collection of the Association of Canadian Couturiers. In shades of cocoa brown and white, the attached stole forms a cowl neckline and falls over the shoulder in a short train.

Marlborough House to be Commonwealth Centre

An exterior view of Marlborough House, which, it was announced recently, the Queen has decided to place at the disposal of the Government for use as a Commonwealth centre.

In a statement to Britain's House of Commons about this "generous and imaginative gesture on the Queen's part", the Prime Minister, Mr. Harold MacMillan said the founding of a Commonwealth House in London was the result of a suggestion made at last year's Montreal conference.

In future Marlborough House, which was built by Britain's great architect, Sir Christopher Wren, for John Churchill, the first Duke of Marlborough, would serve as a meeting place for Commonwealth prime ministers whenever they assembled in London, and would also be used for other Commonwealth meetings.

Marlborough House will remain a Royal Palace and will continue to be known as Marlborough House. It will need no major structural alterations for its new purpose but some adjustment and modernization will be required together with redecoration which will take about two years.

Marlborough House, which in the past has been the home either of the Queen Mother or the heir to the throne, has been empty since the death of Queen Mary in March, 1953.

Vermilion River M.D. Council Reports On February Meeting

At the council meeting of Feb. 10 and 11, fully attended by the entire council, the business of running the municipality and the report on the success or failure in this operation to be presented to the ratepayers' meeting on Feb. 21, was very much in the minds of the council. The financial statement for the year ended Dec. 31, 1958, had been received and from the statistics presented it was apparent that another fairly successful year had just been completed in the operations of the affairs of the M.D. of Vermilion River No. 71. While this was some cause for conservative satisfaction, a deep humility was also felt in that the trust placed in the hands of the council by the ratepayers of the M.D. had been carefully guarded in the operations of the municipality in another successful year.

Correspondence was received from the Department of Highways acknowledging request for a change of status in certain municipal roads, that is in recognizing the necessity for a change of certain roads from a municipal road to a district highway status or vice versa. A request was also forwarded to the Department of Highways for the cancellation of a diversion in Township 48 Range 1.

Financial statements were received from the Lloydminster Public school district No. 1606 and Vermilion S.D. No. 25 and these were presented to the council. They were examined and it was noted in connection with the Lloydminster Public S.D. statement that the other bodies contributing to the public school district charged off against their requisition any cancellation of taxes effective during the year. It has not been the practice of the M.D. of Vermilion River No. 71 to do this. Correspondence from the office of the city clerk, Lloydminster, dealing with alleged inequities in reporting the assessment for Lloydminster public school district were laid before the council.

Certain allegations by Excelsior Oil Refineries Ltd. representatives in Lloydminster regarding the responsibility for keeping open a water course in the NE 2301 W4th were caused to be referred to Brownlee, Brownlee and Fryett for advice. As a result, a letter had been written to the Excelsior Oil Refineries Ltd outlining the attitude of the M.D. in this matter. Prof. Blench of the U. of A. had been asked to come from Edmonton to report on this situation.

GROUP INSURANCE

The matter of group insurance coverage for employees of the municipal district received the attention of the council and certain changes were made in the coverage extended to employees on a 50-50 basis with the municipality contributing half the premium costs. The benefits of Medical Services (Alberta) Inc., have been adopted into the plan and it is felt that much better coverage is now being offered.

CIVIL DEFENCE

A Civil Defence budget calling for the expenditure of in excess of $4000 was approved for the year 1959 and this expenditure is based on an equal contribution from the Federal government, the Provincial government and the M. D. The municipality's share is one-third of the figure mentioned above as being the budgeted expenditure for 1959.

The report of the gas inspector for January was reviewed by the council and amendments were made to by-law 1033 covering the installation of gas-burning appliances in the M.D.

In response to a request by Canadian Utilities Ltd. that a notice of at least 60 days be given when the company is to be asked to move power lines, the public works program for 1959 as it affects district highways was reviewed and Canadian Utilities were to be notified of road building which might require the moving of power lines.

DELEGATION

A delegation from the Tulliby Lake district attended the meeting to discuss the various aspects of the nursing service at Tulliby Lake. The delegation consisted of J. Kay, E. Rotherham and T. Belsheim and after receiving a complete report of the situation to date it was decided to ask Mrs. Bailey from the Department of Health to attend a joint meeting of the Tulliby Lake Nursing Service board and the council of the M.D. on either March 10th or 11th.

BATTLE RIVER LODGE

Correspondence was received from the Battle River Lodge through the M.D. of Wainwright concerning the availability of accommodation and rates charged.

Representatives from the motor grader operators' group attended the council meeting to discuss the matter of wages. Negotiations were satisfactorily concluded for a wage schedule for the coming year.

Mannville W. A. Enjoy Visit From Minburn, Innisfree

MANNVILLE — At the recent meeting of the United Church W.A. a special treat was in store for them, as visiting sister groups attended from Minburn and Innisfree, making a total of 44 ladies present in the social rooms of the church. Most interesting was an informative talk on "Aprons for Teas" with which slides were shown by the Vegreville District Home Economist, Miss Patricia Masculak. Plans were discussed for the annual Mother's Day tea, and support was given the "clean-out" sale of miscellaneous articles from the previous church building, which proved most profitable. Lunch served by the four hostesses at the conclusion of a social hour, added to the evening's entertainment.

PARADISE VALLEY NEWS

Congratuulations to Mr and Mrs. Ben Lievers on the birth of a daughter, Rhoda Hannah, on Thursday night in the Lloydminster hospital.

Miss Sharon Walters, who is attending University at Edmonton spent the week end with her parents, Mr. and Mrs. E. H. Walters in town.

Mrs Nigel Aspeslet and son Timothy were week-end visitors at Mrs Aspeslet's parents, Mr and Mrs. A M Levitt. Mrs Aspeslet and son remained over till Thursday when Mr and Mrs. Levitt went to Edmonton.

Mrs Will Watt, Bruce and Willa May of Barrier, B.C. are visiting with Mrs. Watt's sister Mrs James Gordon and Mrs. Harold Fair

The Paradise Valley Sunday school of the United church held a very successful sale of home cooking on Thursday afternoon in Gunn's store. Over $30.00 was realized and the staff wish to thank all who brought or sent articles for the sale

Quite a few shareholders gathered in the community hall the first of the week to finish up the [illegible]. A second floor was laid and then battleship linoleum put down. This will be a great improvement as it will [illegible] easier to keep clean. The hall committee and hall club are to be congratulated on the sound financial condition of the hall

The weather has turned cold once more. Not as bad as they said but bad enough. A slight snowfall as well but not enough to [illegible] the roads.

A [illegible] house greeted the Cappella Choir of the Alberta Bible Institute of Camrose on Friday night when they put on a sacred concert in the hall. This was sponsored by the Church of God. The concert was followed by the showing of a film [illegible] which were very much enjoyed by the large crowd

Vermilion River Dam and Lake Discussed At Vermilion River M. D. Council Meeting

The March meeting was fully attended and the first day was entirely taken up by representations from various interested parties and their problems were carefully considered by the council. A delegation consisting of representatives of Canadian Utilities Ltd. the Provincial Government and the Vermilion Provincial Parks Board, attended the council meeting to discuss the matter of controlling the water flowing over the spillway at the dam on the Vermilion River at Vermilion. Canadian Utilities under whose auspices the dam had been built informed the Council that the spillway was designed to hold a head of 6 feet of water above the level of the old dam in the Vermilion River at Vermilion, and that the practice had been to carry in excess of this amount of water to provide the best possible accommodation at the Vermilion Provincial Park. It was also given as an opinion that the pondage area was too small considering the area which drained into it. It was also brought out that the removal of stop-logs at the dam was sometimes necessary when flood waters raised the level of the pond to a dangerous height. The ideal arrangement from the point of view of Canadian Utilities would be to have the spillway reconstructed in such a way as to make the removal of stop-logs unnecessary after the spring run-off was over and it was indicated that Canadian Utilities were not willing to undertake this work. The Council was informed that stop-logs had only been removed on [illegible] occasions after the spring run-off was over since the dam had been constructed and on two of these occasions the removal had been for repairs or rearrangement of the logs caused by someone interfering with them. Advice was given that the Parks Board desired to hold the level of the water in the pond down to a low level in the spring to allow a cleaning up of the area. As the time was now imminent when removal of the logs to allow for spring run-off would have to be made the co-operation of the Council was requested in publicizing this fact so that farmers down stream would have ample time to remove feed from the valley to prevent it being spoiled or destroyed by the resultant flood of water, as the removal of the logs would have to be undertaken at an early date. It was stressed that no time should be lost in advertising. The Council undertook to render this service to ratepayers who would be affected by such operations.

CULVERTS

Note was made of the change to be effected in dealing with those companies from whom the municipality purchases culverts. A new, lower price list had been received and it was noted that the municipality now had to arrange for the delivery of their own culverts from Edmonton or Calgary as the case may be and that the 2% discount for payment of the account within 30 days had been discontinued. Even with these rearrangements the new price list offered by the culvert companies results in a saving from 7 to 9% to the municipalities in the purchase of culverts.

Although application for grants had been made to the provincial government concerning certain types of roads in the municipality no information had been received on these applications at the time of the meeting.

A building permit was issued for a dwelling in Blackfoot, indicating an early start on what is hoped to be a record construction year for 1959.

The approval of the location of the stockyards at Paradise Valley was received from the Sanitary Inspector of the Minburn-Vermilion Health Unit and the council's approval as the result of the inspector's recommendations was ordered to the persons responsible for the stockyards.

RE-INSPECT LANDS

To allow time for the assessor to reinspect land appealed to the Court of Revision it was decided to again appeal to the Department of Municipal Affairs for a ministerial order setting back the date for the completion of the duties of the Court of Revision to such time as the farm land appealed had been re-inspected.

NEW R. E. A. ORGANIZED

The establishment of a new rural electrification association was approved by the council and extensions to existing R.E.A.L.s was given. The council also approved the route of the proposed water supply main to the city of Lloydminster from the point where it enters the municipality on the S.E. 36-51-1 with south to where it leaves the municipality on the S.E. 13-51-1, with, as outlined in a submission of the Associated Engineering Services on behalf of the City of Lloydminster

APPROVE T-V APPLICATION

The Council went on record as supporting in principle the application of CKSA at Lloydminster to the Board of Broadcast Governors for Canada to allow the establishment of a T-V station at Lloydminster, believing it to be of beneficial service to the residents of the municipality who at present have no access to television reception worthy of sponsoring

A report was received from the Alberta Municipal Financing Corporation showing the financial picture for the year ended December 31, 1958, and was placed before the council

S. D. DELEGATION

Members of the Vermilion School Division board and the secretary-treasurer of the board attended the council meeting to discuss the budget requirements for the Vermilion School Division for the year 1959. Many items of interest to the School Board, to the Council and ultimately to the ratepayers were discussed at great length. Further reports on future meetings which will no doubt take place between the two bodies will be made as they occur. It was moved by the council that representation from this municipal council was advisable and necessary at the Zone 3 Alberta School Trustees Association annual convention March 18, and provision was made for such representation.

HEALTH MATTERS ARE DISCUSSED

Dr O. Smith, of the Provincial Department of Health, and Dr G. Bourke Minburn-Vermilion Health Unit, joined with Eric Rotherham, John Kay, Tom Belsheim and Doug Cooke in a meeting with the council to discuss matters of mutual interest in the operation of the Tulliby Lake nursing service. It was noted with sorrow that Mrs. Bailey was unable to attend this meeting as she was confined to hospital. Dr. Smith proved to be a worthy substitute. After an interesting discussion all parties felt that real progress had been made to the solution of some of the problems which beset any public body sponsoring a service such as that provided in the Tulliby Lake area.

Reports of the public works superintendent and the gas inspector for the month of February were received by council. A representative from United Grain Growers Securities Company Ltd. attended the council meeting to discuss insurance coverage with the council.

APPRECIATE GOVT. HELP

Applications for jobs in the public works department were considered briefly and ordered filed for the public works committee meeting. An expression of appreciation was ordered to be sent to the Bridge Branch of the Department of Highways for having driven piles for the municipality at the bridge located on the S.W. 21-51-5, with.

MEAL CHECKS — For Cafes, lunch counters, dining rooms, etc. at the Standard Office —

SEEDTIME and HARVEST

By [illegible]
Assistant Director
Line Elevators Farm Service
Winnipeg, Manitoba

Sponsored by the following companies: Federal Pioneer, Alberta Pacific, Consolidated Paterson, McCabe, Parrish & Heimbecker, Inter Ocean, Ellison Milling and Quaker Oats

GOOD SEED—BETTER CROPS

Seed Drill surveys carried out periodically in each of the three Prairie Provinces [illegible] with the [illegible] farmers are going [illegible] [illegible] percentage [illegible] farmers [illegible] even No. 1 seed [illegible] the lowest commercial seed grade. Most of the samples are rejected on account of weed seeds, although poor germination and disease are important factors.

Prairie farmers grow, each year, over 40 million acres of wheat, oats, barley and flax. The value of the seed required to sow this acreage is roughly 80 million dollars. While the investment in seed may be only a small percentage of the cost of producing a crop, an investment of this magnitude deserves careful consideration. After all, poor seed will not produce maximum yields of high quality grain.

Members of the Canadian Seed Growers' Association in Western Canada produce millions of bushels of Registered and Certified seed every year. Because of the lack of demand for good seed, however, much of this high grade seed is sold as commercial grain while many farmers continue to sow material which only qualifies for the commercial "feed" grades.

Improving the quality of the seed you sow does not need to be a costly project. It is not necessary to purchase Registered seed for the whole acreage on your farm. A few bushels of Registered [illegible] sown on a clean [illegible] field [illegible] would produce enough good seed to meet next year's requirements. The cost to any one farmer would be small but if enough farmers followed this practice a considerable amount of the Registered grain grown each year would be used to improve Western crops instead of being sold at the [illegible].

A [illegible] seed plot on every farm [illegible] and more attention to proper seed treatment would soon change the dark picture now presented by the Seed Drill Surveys — and put dollars in the pockets of Western farmers.

"Go Now – Pay Later" Plan To Be Introduced By C. N. R.

MONTREAL — A "go now — pay later" plan will be introduced April 1 by Canadian National Railways — the only railway in Canada to provide travel accommodation on the instalment plan.

The plan includes unrestricted travel in Canada, one-way or return trips originating in Canada to any point on the North American continent, and combined rail and ocean voyages.

For a 10 per cent down payment and a minimum order of $100.00, permanent Canadian residents, over 21 years old, can purchase complete transportation, sleeping accommodations, hotel reservations, and even travellers' cheques to cover meals, incidentals. The balance can be paid up to two years from the time of [illegible] depending on the amount involved.

"The plan should be a great boon to Canadian holiday travellers on this continent, particularly on longer trips, as well as for travel to other countries," said J. T. Whitsford, general passenger traffic manager. "A person could travel from Vancouver to Montreal and enjoy a stopover at Jasper Park Lodge, all on the new instalment buying plan," he added.

Easter Greens Rushed To Maket By C. N. R. Express

WINNIPEG — More than 800 cartons of plants and flowers will pass through the Canadian National Express terminals here this week. The greens are being shipped from Eastern Canada to fill the annual Easter holiday demand. Some 400 cartons will be unloaded at Winnipeg, while the remainder will be shipped to various points in the prairie provinces.

OBITUARY

MRS. JULIANNA PROTSCH

Funeral services for the late Mrs. Julianna Protsch of Dewberry, were held on Saturday, March 7th in the Dewberry hall. Interment followed in the Dewberry cemetery. The Rev. Koehler of Lloydminster officiated. Pallbearers were Messrs. E. Mirbach, T. West, W. Lufthouse, J. Mergl, W. Hawrytuk and H. Websdale.

Mrs. Protsch passed away in the Lloydminster hospital March 4th at the age of 75 years. She is survived by five sons, William of Buenos Aires, Argentine; Waldemar and Robert of Dewberry, Arnold of Marwayne; and two daughters, Mrs. M. Klotzbucher of Germany and Mrs. Marquardt of Lloydminster. There are sixteen grandchildren and one great grandchild.

Moyer's were in charge of the funeral arrangements.

Beautiful floral tributes and memorial donations were received as follows.

Olga, Willi, Marquardt; Waldemar, Elsie, Garry, Karen; Robert, Mary, Herbert, Erwin, Lorna; Arnold, Adela, Bernard, Sonja; Harvey, Nita Corr; Mr and Mrs. L. Noetzel; Rueben and Martha Schmidt; Mr. and Mrs E. Mirbach and family; Mr and Mrs. T. Heuer; the Greenlawn Church; Jake Hubman; Mr. and Mrs. B. Laufert; Mr. and Mrs. H. Henningsen; Mr. and Mrs. J [illegible]

Flowers to the house: Mr and Mrs. Shortell; Dr. and Mrs. [illegible]

Donations to United Church: Mr. and Mrs. O. H. Quist; Mr and Mrs. R. Milne; Mrs. Roy [illegible]

CARD OF THANKS

We would like to take this opportunity to say a heartfelt thank you to all our friends and neighbors for their visits and the sending of flowers, cards and gifts to Mrs. Protsch Sr during her lengthy illness at home and in hospitals. Also to all those who have helped us in any way during our recent bereavement.

Protsch Families

Health Unit Notes

OVERWEIGHT

Anyone who is more than 10 per cent, above the "standard" weight for people of the same age, sex and race must be considered to be overweight.

The importance of overweight lies in the fact that such people are more prone to various disorders than the average population. It has been known for a long time that overweight people are a poor risk for life insurance companies. It is a common cause of ill-health.

Here are a few disorders to which overweight people are predisposed. Diabetes, heart disease, disease of the blood vessels, coronary thrombosis, varicose veins, gallstones, surgical post-operative complications, industrial, household and street accidents, abdominal rupture (hernia), back ache, flat foot, arthritis of the hips and knees.

This is a large list of disorders (and one could add more) caused to some extent and certainly exaggerated by being overweight.

WHAT IS THE CAUSE OF OBESITY?

1. Over eating is the common cause because people are too fond of their food and sometimes because they are unhappy, and food gives them solace. Whatever the particular cause of their over-eating, women are more afflicted than men.

2. Since the calorie requirements of the body diminish with advancing age, if there is no corresponding reduction in eating habits, obesity and overweight result.

3. There are some people who despite a very small appetite become obese through some obscure metabolic change.

4. Endocrine factors (glands) are a common cause of obesity and overweight

TREATMENT

Obesity is due to a greater intake of food than that person requires, whether that intake is large, small or whatever metabolic change may be involved. The essence of treatment is to reduce the quantity of food eaten.

It is essential in dieting that the decreased food intake be supervised by your doctor, in order that reduction in weight may not be overdone and to insure sufficient quantity of protein, iron, and vitamins.

PREVENTION rests with one consulting one's doctor when you are aware that you are becoming overweight. Young mothers especially after having a baby are liable to put on excessive weight.

Remember, diet only under the supervision of your doctor. Exercise in moderation is a useful adjunct to dieting but excessive exercise increases one's appetite with a consequent calorie increase and weight gain.

BABY & PRE-SCHOOL CLINICS

Monday, March 30 — Vermilion Clinic will be cancelled due to a holiday

HAVE FUN!
By LIB DRYAN

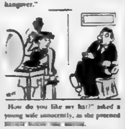
A friend of ours has two teen-age daughters. One, after a rather late party the night before, had been ordered to bed early. Sure enough the phone rang and her sister answered. It was the sleeping beauty's heavy date.

Next morning at breakfast there was quite a little scene "You surely didn't tell him I had gone to bed!" wailed the sleeper.

"Of course I did."

"That's the meanest thing I ever heard of in my life! Everybody will think I have to go to bed at 9 o'clock just like a child!"

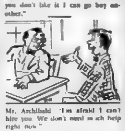
"That's all right," was the comforting reply. "I told him you had an awful hangover."



"How do you like my hat?" asked a young wife innocently, as she preened [illegible].

"It looks silly," said her tactless husband. "Why don't you return it?"

"Oh, I can't return it," was the reply. "You see it's my old one. But since you don't like it I can go buy another."



Mr. Archibald: "I'm afraid I can't hire you. We don't need much help right now."

[illegible]: "I won't be much help."

How about that SUB. dear?

Softer Handbags

Softer handbags are the fashion for spring. This one in supple "Fabrillite" with a dull kid finish is gracefully styled to avoid the hard lines of previous seasons. Even the narrow handles follow the 1959 trend toward softness and feminity. By Handbags Ltd., it comes in a wide range of colors to co-ordinate with shoes and gloves. Hat by Jerry Yates

HAZELDINE, ALBERTA

NEWS from ALLANDALE

March has been good to us so far. The storms and cold predicted did not materialize much to our relief bringing only a bit of snow.

Norman McPhee was released from the University hospital in Edmonton on March 11th. He has been convalescing at the Herb McPhee home.

The monthly meeting of the W.A. was held at the Omness home on March 12th. Lunch was looked after by Mrs. Erna Armstrong and Mrs. Gus Throndson.

Miss [illegible] and her friend from New Sarepta were on the Search for Talent program at Hay Lakes March 7th. On the 14th, they along with the other contestants were heard over CFRN.

Deepest sympathy to Mrs. Gladys Wolters and family on the loss of a dear husband and father. May they be comforted in their sorrow.

Princess Anne W.I. of Campbell Lake held a whist drive on March 14th at the Ralph Strong home with a record attendance. Prizes were won by Mrs. Evelyn Throndson, Mrs. Betty Richardson and Allan Good. Hank McKinnon, Joe Parchewsky and Bill Hall.

Congratulations to Mr. and Mrs. Wm. Cusack of Clandonald on the birth of a son on March 14th.

Through the kindness of the Laird family of Clandonald a 25-pound turkey was well made use of on March 15th at the Omness home. Dinner guests were Mr. and Mrs. Ike Huxley and family, Mr. and Mrs. Rock Mead, Mr. and Mrs. Gus Throndson, Mr. and Mrs. Alvin Throndson and Joanne, Mr. and Mrs. Don Wilson and family, Mr. and Mrs. Claremont Laird and daughters. There were 25 in all.

Cpl. Paul Whelan of the R.C.A.F. Lincoln Park, Alberta, left by plane on March 12th for Winisk, in northern Ontario.

Mrs. Nora Ronaghan from Islay has been visiting the home of her sister, the Wm. Armstrong's, and at her niece's Mrs. Thelma Armstrong.

Mr. and Mrs. Johnny Nelson and daughter Alva intend to leave Loma Linda, Calif. on March 28. They will be visiting relatives and friends on the way home.

A dance at the Centre on the 17th was well attended. Songs by the Melody Ranchers were enjoyed very much at lunch time as were other songs and duets.

Mr. and Mrs. Jimmy Armstrong and family motored to the city on March 20th visiting relatives. Ernie Strang from Lloydminster is helping with the chores.

A whist drive and social evening was enjoyed on March 20 at the Centre. Prizes were won by Mrs. Wm. McIntyre, Mrs. Evelyn Throndson and Ideloee Nelson. Wm. McIntyre, Herb McPhee and Ib Hansen.

A whist and social evening will be held at the Centre on April 3rd. Lunch will be served and a good time is promised for all. Proceeds for the Red Cross.

Closing thought. Is the Easter message "He is risen" a part of our mind and heart? Or does it end when the fashion parade goes down the sidewalk Easter morning?

During the Easter season the Church remembers that she lives in the power of the resurrection and rejoices in a Lord and Master, not in a tomb but alive and Head of the Church.

A ham and potato casserole made in the Hungarian style features packaged onion soup and sour cream. Quick and easy to make, it is a fascinating dish for a party menu.

Pleasant Valley News

It was a lovely spring like day on Saturday but a little colder again the beginning of this week but still very mild. However it might be well not to put the red woolies into mothballs yet.

The men folk went to the Fox esters ham shoot in town Saturday. Keith brought home a ham for Easter - good shooting [illegible].

Mrs. Gillies and Mrs. Bert Gould attended the fashion show on Wednesday evening last in Vermilion saw many lovely suits, [illegible] coats and hats. The clothes were simply lovely and the setting was just like a country garden. Let's see more of these shows in the future and we hope to see some of those hats in the Easter parade.

Mrs. Gillies spent a few days with the writer last week, walking down and enjoying the lovely spring air and keeping an eye out for some early robin but she didn't spy one maybe they are wise and aren't rushing the season.

Barbara Golby is working in Lloydminster and boarding with Mrs. Strang.

Mrs. Potvin had her brother Mr. Boyle from Minburn visiting her last week.

Mr. and Mrs. John Maire and boys visited at Gordon Gould's last Saturday night. Mr. and Mrs. Bert Gould visited the Golby home at the [illegible].

Nice to see some of the muddy places drying up so fast.

Kenny Gould celebrated his sixth birthday on Sunday. Chrissie Gould and family were supper guests at Betty's home.

Hi there Mrs. Burton, how did you enjoy the birthday party? Quite well we hope.

Had a nice chat on Saturday with Mr. and Mrs. George Lind who we had not met for quite [illegible].

Missed some old friends in town on Saturday including Mrs. Moore. Mrs. Carroll said she had tea with you Mrs. Moore; Mrs. Wallington too was in a big hurry that day. It seems to be on the street where old friends meet, while the men folk stand on the corners to see the pretty [illegible] by!

Who was that standing in the puddle of water on [illegible] Tommy?

Happy Easter folks.

Broaden Divorce Laws, Decision Of Tuxis and Older Boys Parliament

This was the unanimous opinion of the 39th session of the Alberta Tuxis and Older Boys Parliament which was held from the 26th to 31st of December in Edmonton. It was felt that the divorce laws today cause more grief than they prevent. It was felt that the children are the ones who really suffer and Christ was more concerned with the welfare of the children than the adults. The resolution suggested that the grounds for divorce be broadened to include adultery, cruelty, desertion, non-support, and insanity. Preventing divorce on these grounds encourages common law marriages and may ruin not only one but two and possibly more lives.

Among other resolutions debated were recognition of Red China, highway speed limits, banning of bingos and lotteries, french language in Alberta schools.

It was the majority opinion of the parliament that Canada should recognize Red China as at present there is no representative voice of one-quarter of the world's population. It was also pointed out that Canada would be in a much more favourable trading position if she were dealing with an official government. Highway speed limits were deemed quite satisfactory as they stand until the general calibre of Alberta's highways is improved. Although charitable bingos and lotteries were deemed undesirable from a Christian standpoint it was felt that the right of choice should not be taken away from the individual. If he wishes to participate it is his privilege. After a heated debate the resolution was finally defeated. One of the most pertinent resolutions debated was one in regards to French language education in Alberta schools. The resolution suggested that French language studies be begun in grade four as this is deemed by prominent authorities to be the best time to learn a foreign language. Where feasible, the student would be given the opportunity of branching out into some other language of his preference in future grades. This resolution was finally passed over the [illegible] protests of some members who felt that grade four was too early to start. After a short debate, the resolution re segregation of the sexes in Alberta high schools was defeated, as it was felt that such a move would do nothing but [illegible].

The Alberta Boys Parliament grew out of the Tuxis movement 39 years ago and is the oldest consecutively meeting boys parliament of which there are seven, in Canada. It is made up of some 80 boys between the ages of 15 and 21 representing the Protestant Christian Youth of Alberta. Any boy who is a member of a Christ centred youth group is eligible to attend.

The aims of the parliament are fourfold:

1. To encourage youth to seek out and face the challenge of christian living.
2. To train its members to think out problems logically and to express their opinions convincingly.
3. To co-[illegible] christian youth groups in Alberta.
4. To educate members in the processes of parliamentary procedure and the responsibilities of citizenship.

These aims are obviously far too demanding to be covered adequately in the duration of one week between Christmas and New Years but a balance between them is attempted. The enthusiasm generated is such that many boys give up their Christmas day travelling in order to be at Parliament on boxing day. The influence of this training is never forgotten and many famous personalities have grown out of it.

It is to be hoped that every district has a representative at the next session for it is one of the great experiences in any boys life. Here also, the youth of today is trained to be the leaders of tomorrow.

DISTRIBUTION OF THE IMPORTANT VARIETIES OF BARLEY SEEDED IN WESTERN CANADA IN 1958
MAP INDICATES WHERE EACH VARIETY IS DOMINANT
COMPILED AND CHARTED BY SEARLE GRAIN COMPANY LIMITED
ALBERTA
SASKATCHEWAN
MANITOBA
MONTCALM
PARKLAND
OLLI
O.A.C. 21
VANTAGE
COMPANA
HANNCHEN

The Searle Grain Company occupied by the leading varieties Western Canada shows that the three most commonly grown varieties (Montcalm, Parkland and Olli) now occupy almost two-thirds of the total acreage seeded to barley. In addition to these, four other varieties are grown to some extent and several other varieties occupy at least some acreage.

The percentage of the acreage occupied by the leading varieties in Western Canada is as follows: Montcalm 26.7%; Parkland 19.8%; Olli, 15.7%; Compana, 9.0%; Hanchen 6.3%; OA. C 21, 5.7%; and Vantage, 5.3%. In Alberta, Olli leads, occupying 35.0%; in Saskatchewan, Montcalm leads, occupying 40.9% and in Manitoba, Parkland is predominant, occupying 48.4% of the barley acreage.

Significant changes as between 1957 and 1958 are the increase in Compana acreage in Alberta which now exceeds that of Montcalm; the substantial increase in Parkland acreage in Saskatchewan, and the large increase in the acreage of Parkland in Manitoba, with a corresponding decrease in that sown to Montcalm.

News from Dewberry

Death has claimed three of our old timers lately in the persons of Mrs. Haskell Sr., Mrs. Protach Sr., and Mr. Nels Timanson. Our sympathy is extended to the families and all who are left to mourn their loss.

Mrs. J. Porter, Kenneth and Beverly were Sunday visitors at the Colin Midgley home in Marwayne and on returning visited at the home of the writer. Kenneth was home for the week end from Edmonton, prior to going to Claresholm where he has accepted a position in a bank in that town.

Mr. and Mrs. Dick Dudlyke, Mr. Will Dudlyke and Kenny were also Sunday visitors at the writer's home.

Mr. and Mrs. Lawrence Habstritt of Vermilion and Mr. and Mrs. Joe Philbin went fishing on Sunday and report a good catch.

We are sorry to report that Mr. Jim Strachan is a patient in the Elk Point hospital. A speedy recovery is wished him.

The 'flu (a very unwelcome visitor) is making the rounds in the district.

On Sunday, March 8, five ladies of the local C. W. L. attended the business-social meeting in Clandonald. The evening started at 7:30 with the rosary and benediction in St. Columba's Church, and then on to the hall where a short business meeting was held. A film of Jasper Park was shown by Father Landrigan and Mr. Noonan of Vermilion. A bountiful lunch was served by the Clandonald C. W. L. ladies who were hostesses for the evening. A number of the St. Andrew's C. W. L. attended also and several of the Marwayne Altar Society ladies. A very enjoyable time was spent.

A good attendance at the annual meeting of the Dewberry Co-op on the 11th was very encouraging. Several films were shown and enjoyed. Mr. Cecil Grant was chairman at the meeting and Mr. Ben Timanson was secretary. After the minutes and the financial statement were read and adopted a business session was followed by elections to the board of directors. Mr. Cecil Grant was re-elected and Mr. Don Wilson is the new member of the board. Coffee and doughnuts were served by the staff and helpers after the meeting.

On March 25th a variety night will be held in the school auditorium. This will include a play "Willie and the Bearded Lady" and other items by the D. H. S. students' union.

On Easter Saturday, March 28, the Dewberry Ladies' Aid are holding an Easter tea, sale of home cooking, candy and aprons, and a farm produce stall. Plan to attend.

The F. U. A. are sponsoring an amateur hour in the school auditorium with a dance to follow in the hall on Easter Monday. This has always proved to be very popular other years and it is hoped to see a good attendance this year, too.

—S—

DANCE AT ISLAY

Dance at the Islay community hall on Monday, March 30th. Hanna's orchestra, door prize, lunch served. Sponsored by the Islay Community Assoc. Admission 75 cents. 35-7

What does YOUR mind read?

Letters to the Editor

The Standard does not hold itself responsible for opinions expressed by correspondents

March 16, 1959

The Editor,
The Vermilion Standard,
Vermilion, Alberta.

Dear Sir:

In reply to the letter written by "a group of teenagers," which appeared in the Standard of Mar 12. We, in the country resent the reference to our dances as "drunken brawls." If they do fall into that category, it is mostly the grown up teenagers from town who cause it. If you want to attend a real "drunken brawl," just try one of the few open town dances. You had better go in disguise though, because mom and pop might be highly embarrassed if you saw them in the shape they are in.

By your reference to the high school dances, it seems pretty plain that they are too tame to suit you, so isn't it true that the "drunken brawls" suit you better? If not, perhaps you girls could help us clean up our dances by reporting your escorts or anyone else who offers you liquor.

If you really feel that a club room would help and be used properly, I'm sure something could be done but I think it would be considered too tame by most teenagers and you would be off in your cars to some distant and more exciting place. The Saturday night dances that used to be held petered out, apparently for lack of support, so what is the answer? Some suggestions are house parties, skating parties, square dancing in the basement, hobbies covering group activities. We sympathize with your problem but feel that you bring much of it on yourself by being so hard to entertain. Whenever you have a group of teenagers together and make a suggestion, "shall we do this?" "No." "Shall we do that?" "No." Finally, in disgust, you are left on your own.

Everything new isn't right or the best and everything old isn't useless. Some of the old forms of entertainment are fun if you give them a fair trial.

Sincerely,
"A gray-haired teenager."

BAKE SALE

A bake sale will be held on March 28th sponsored by the Princess Anne W.I. downstairs in Macleod's store commencing at 3 p.m. Hot Cross buns a specialty. 36-7

Minor Leaguers To Be Banquetted

$193,455 Collected In Red Cross Drive

After two weeks canvass in the annual March campaign for funds the Alberta Division C.R.C.S. reports returns of $193,455. This figure represents $155,357 received from points in southern Alberta and $38,097 from centres in the northern part of Alberta.

Provincial objective in the 1959 Red Cross appeal is $510,500.

BRANT REACHES GOAL

For the second consecutive year the town of Brant is the first Alberta community to reach its quota in the annual Red Cross campaign for funds. Red Cross campaign workers report they have raised $423 in the annual appeal to exceed their quota of $420.

Big Bingo On Saturday, April 18

All Phases of Health Covered In Annual Health Unit Report

(Continued from last week)

TUBERCULOSIS

All contacts of tuberculosis are tuberculin tested and irrespective of the result are X-rayed. The tuberculin testing of school children, teachers, school bus drivers and janitors is progressing satisfactorily and it is hoped to have this programme complete before the annual school vacation in the summer. The help received from the school divisions, principals, teachers and parents is noteworthy. When a child is found to be a positive reactor the household is tuberculin tested. All tuberculin positive reactors are x-rayed.

During 1958, 4,128 tuberculin tests were performed and 300 (7%) of these were positive. This is a satisfactory result. The tuberculin test affords the only means of determining the prevalence of tuberculosis infection in a population.

During the year, 13 persons from the Health Unit area were admitted to the sanitorium with tuberculosis, 11 of which had the disease in their lungs and two elsewhere in the body.

SCHOOL MEDICAL EXAMINATIONS

During the summer months, many of the pre-school children in the area who were due to start school in September were examined. Appointments were made and the attendance was very good. Each child was accompanied by one or other parent. All those examined had a tuberculin test. The school examination programme aims at examining all grade one children, grade two children not examined in grade one last year and grade five. This programme will be complete before the summer vacation. In the small rural schools all grades are examined. Only children whose parents have given written consent are examined, immunized, vaccinated or tuberculin tested. Consent cards are forwarded to the parents of children who do not have written consent. It is very unusual for parents to refuse consent for immunization which shows how interested the vast majority of people are to help make the community a healthier one.

2,980 children were examined by the nurses and 1,012 by the doctor. There were 479 teacher consultations and in all 313 visits were made to the schools. The vision of 4,011 children was tested and among these 873 (22%) were referred for defective vision or further examination.

Of the 1,012 children examined by the doctor, 1,234 defects were discovered, many children having two or more defects. Dental caries accounted for 48% and defective vision for 20% of the total defects. Much of the health education programme is directed towards the proper care of teeth. Many different types of defect requiring attention were discovered. One case of congenital heart disease seen has undergone surgery and since returned home in good health. Two children who were both blind in one eye were seen. The blindness had resulted from neglected squint. Many other defects far too numerous to mention here were discovered, some common, some rare.

SCHISTOSOME DERMATITIS

Two cases of schistosome dermatitis (swimmer's itch) were seen both in adults. One was acquired while swimming, the other by a man setting a duck trap in a slough. Apart from the intense itch, neither was any the worse from the infestation.

Notices issued by the Entomology and Vector Control Department in Edmonton to help prevent swimmer's itch were posted at all swimming beaches in the area.

ADULT POLIOMYELITIS IMMUNIZATION

The special sessions instituted for adult poliomyelitis have been discontinued since most of the adults in the area up to the age of 40 years who will be coming forward have already been immunized. Any unimmunized adults up to and including the age of 40 years who wish to receive this protection may still have their injections at any time at the baby and pre-school clinics. The response to these special clinics was excellent, although many young adult males in the area remain unimmunized. 2,538 doses of poliomyelitis vaccine were given to adults during the year.

Poliomyelitis vaccine gives good protection against poliomyelitis especially the paralytic type. The disease still occurs in epidemic form and it cannot be too strongly stressed that all those to whom vaccination is offered should have this protective immunization against a very crippling and disabling disease. Vaccination is not 100% effective but the protective effect lies between 75% and 80% it is thought. According to preliminary reports good vaccines are said to be "over 90% effective" after a three dose course such as is used in the Minburn-Vermilion Health Unit. This means that the risk of contracting paralytic poliomyelitis for the vaccinated is about one-tenth that of the unvaccinated. Cases which do occur in the vaccinated tend to be milder and with less paralysis.

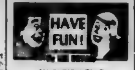
MENTAL HEALTH

Forty-seven home visits were made in respect of mental health throughout the year. The majority of these were in connection with the child guidance clinics held in the Health Unit area. Ten guidance clinics were held and the total attendance was 84. Children are seen by appointment only. Four children were recommended for admission to the Provincial Training School in Red Deer.

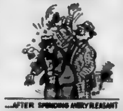
VENEREAL DISEASE

During 1958 nineteen cases of venereal disease were notified from the Health Unit area, sixteen cases of gonorrhoea and three of syphilis.

(To be Continued)

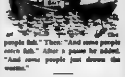


VACATION TIME



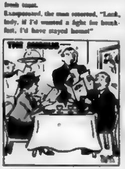
...AFTER SPENDING A VERY PLEASANT VACATION AT THE SEASHORE AND BURNED TO A CRISP, YOU MEET YOUR OLD PAL CHARLIE, WHO GIVES YOU THAT USUAL GREETING...

While on vacation last summer at a lake in Mississippi we got into conversation with an old-timer who rented boats. When we asked him if many people used his boats for fishing, he drawled, "Well, yes, some people fish." Then: "And some people catch fish." After a pause he added, "And some people just drown the worms."



At a Horn & Hardart automat during the breakfast rush the man ahead of me asked the server for the lone piece of dried-up French toast left in the warming tray. She refused to give it to him, telling him firmly that a fresh batch would be along any minute. Just as firmly the man replied that he would take it anyway. The woman, adamant, said he must wait for the fresh toast.

Exasperated, the man snorted, "Look, lady, if I'd wanted a fight for breakfast, I'd have stayed home!"



"Are you sure 'crepes suzettes' mean baked beans?"

WOODVALE NOTES

We are sorry that we are once again late with our notes and therefore also late in expressing the sympathy of the community to Mrs. Gladys Wolters and her family in their recent bereavement. Through the long months of illness of Mr Wolters all had hoped he would recover.

Early in March a Red Cross meeting was held at the home of Mrs. R. McQuid. After finishing a quilt a meeting was held. A donation was made to the Crippled Children's fund, a collection held for the Red Cross drive and it was decided to once again make a layette and baby quilts at the next meeting and bring used clothing for the Unitarian Service. If anyone else would like to contribute some clothes it will be welcomed by any of the members, or send to the Tolland store where the April meeting will be held on Wednesday the 8th at the home of Mrs. Betty Lysons. Lunch was much enjoyed after the meeting and was brought by several members, while Mrs. McQuid, who has been our hostess twice this winter, poured the coffee and tea. We were glad to see Mrs. Mable Webber at the meeting, coming all the way from Vermilion.

Mrs. Kaare Seite looked after her little nephew Roger Oldenburg while her mother underwent treatment in the hospital. Inez Anderson was a patient there too for a short time having tonsils removed.

Belated but still sincere good wishes to Mr. and Mrs. Wes Isley who had a silver wedding anniversary on March 14th which was celebrated quietly with [illegible] children and parents.

Spring seems to be early this year and with snow almost [illegible] gophers racing around and [illegible] returning, quite a number of the farmers hope to be able to get on the land early but still many are wishing for a foot or so of snow to bring needed moisture first.

Easter is early too this year and we wish that all of our readers may be filled by its spirit.

Vol. L. No. 38. $2.50 a Year Vermilion, Alberta, Thursday, April 2nd, 1959. 12 PAGES Single Copy 10c

AT THE KINETTE FASHION PARADE

There is not the slightest doubt that Vermilion and district women are interested in clothes. This was visibly proven at the recent fashion parade sponsored and carried out by the Kinettes, with the co-operation of five ladies' wear firms in town, Craig's, Stephens', Clendenning's, Dixon's and Vivian's.

Held in a pretty setting in the Elks hall, all the seating capacity was full long before the fashion parade commenced. Men of course were few and far between, but even a half dozen or so did brave the wave of femininity and al[illegible].

Over seventy of the very latest costumes, varying from baby doll pyjamas and beach suits, to wedding gowns and mink stoles, were modelled by teen-agers, the twenties, young and older matrons of the town. It was very well done. Mrs. Jean Wright was the commentator, describing each of the costumes and its possible uses in a vivid and interesting monologue.

All of the models taking part are shown in the above group gathered together in the grand finale of the show, centred by Miss Marlene McDonald in the wedding gown.

Shown left to right, back row are: Maxine King, Elizabeth Stewart, Helen Cudmore, Loretta McKernan, Marian Mead, Jo McCaig; Front Row: Agnes Killen, Frances Mihalchron, Ruby Samuelson, Norma Harle, Marlene McDonald, Madeleine Carroll, Hilda Cross, Marion Anderson and the commentator Jean Wright.

Awards Presented At Color Night At Agricultural School

The annual V. S. A. 'Color Night' was held in the school gymnasium the evening of March 20th. To conduct the proceedings for the evening the very capable president for the year, Jack Burlet, was in the chair. Presentation of crests, awards and shields for the various activities of the year including sports, drama, music and academic, were made by staff members or students who were leaders in particular fields. All in all, it was a very enjoyable evening full of anticipation and surprises regarding the announcement of awards and of course the president for the coming year.

The members of the Students' Council were awarded majors by Mr Godwin, and are as follows:

President — Jack Burlett, Barrhead
Vice-Pres — Bill Kuzen, Marwayne
Chairman of Athletic Com. — Gerald Mears, Peace River
Gym Com — Paul Fuhrman, Dawson Creek, B.C.
Literary Chairman — [illegible] Malone, Rosalind
Treasurer — Max Zeise, Dapp
Sec'y — Bill Newman, Lloydminster
Social Chairman — Josie McDonald, Mannville
Member Without Portfolio — [illegible] Ribstone

Academic awards were presented by Mr Palin to:

First Year — Ruth Andrishak, Elk Point; Chester Jacknisky [illegible]

Second Year — Loya Stonehocker, Cherry Grove, Gerald Mears, Peace River

Two-in-One — Emily Malowany; Star: John Hoegl, Lloydminster

The Service Awards were presented by Jack Burlet to:

Paul Nielsen, Watino, snack bar; Earl White, Rochfort Br., snack bar; Jack Sanderson, Meadowview, hockey equipment manager; Larry Paul, Namao, ticket manager.

The girls' basketball awards were presented by Miss Wyndler to:

Vreny Zellweger, Olwave; Josie McDonald, Mannville; Faye Paradis, Ribstone; Ghislaine Ouellet, La Corey; Laurie-Anne Campbell, Edmonton.

Team patches went to Sharon Davidson, Mervel; Margaret Hodgson, Cold Lake; June Sterling, Westlock.

The boys' basketball awards were given by Mr Smith to the following: Paul Fuhrman of Dawson Creek, Bill Glen, Edmonton, Ken Stafford, Athabasca; Henry Chateau, Fairview; John Taylor, Edmonton.

Team patches went to Ron Holmlund, Wetaskiwin; Joe Cameron, Lougheed; Byron, Beaver Lodge; Bill Newman, Lloydminster; Jack Burlet, Barrhead; Ardwyn Stonehocker, Cherry Grove; Bill Bentley, Progress B.C., Tom Kibblewhite, Vermilion.

Hockey awards were given by Mr Warner to the following: Jack Sanderson, Meadowview; Pat Mickey, Rimbey; Don Heie, Kingman; Orlando Omild, Valhalla Centre, Jim Schnettler, Killam; Dave Fedun, Andrew.

Team patches went to Jerry Mears, Peace River, Jack Burlet, Barrhead, Alfred Pelletier, Eaglesham; Geo Manley, Lloydminster, Larry Paul, Namao, Bert Smith, Irma, Bill Newman, Lloydminster, Bill Goldby, Pembridge.

The orchestra awards were given by Mr Harcus to the following: Glen Nicholson, Bonnyville; Roger Winnicky, Ballater; Byron Davis, Beaver Lodge, Norman Dreger, Woking.

Drama awards were presented by Mr Palin to the following: Doris O'Shea, Mayerthorpe, Jean Craige, Dewberry, Allen Hirsch, New Sarepta, Jerry Mears.

The yearbook awards were presented by Mr Godwin to the following: Loya Stonehocker, Cherry Grove, editor; Raymond Hurtubise, St Paul, advertising manager.

The school paper awards were [illegible]ted by Mr Palin to Arnold Malone, Rosalind, editor; Bill Glen, Edmonton, reporter.

The gymnastic awards were presented by Mr Skripitsky to Herb Plain, Pibroch, Bert Featherstone, Langford Park.

The public speaking shield was awarded to Arnold Malone by Mr Folk. The literary shield was won by X division 1st year and was awarded by Mr Folk. The house league hockey trophy was awarded to Don Heie by Gerald Mears.

Mr Palin then announced the new president and vice-president. The new president is Hartman Nagel of Woking and the vice-president Don Heie of Kingman.

Cantata Presented By Choir Of The Alliance Chapel

In presenting the Easter Cantata "Hallelujah! What a Saviour", members of the Alliance Chapel choir travelled to Irma on March 25th and to Marwayne on Good Friday, March 27th, with one performance in each of the local Alliance churches.

The Cantata was directed by Mr Roy Mix. The pianist was Mrs J M Schroeder and Mr E Clendenning narrator. Solo, duet and trio parts were taken by Mr Albert Mix, Miss Dorothy Grinde, Mrs Alton Curtis, Mrs Ben Francisco, Mrs Robert Tilsbury and Mr Ben Francisco.

The final performance was given in the Alliance Chapel Vermilion before a fair congregation on Easter Sunday March 29th at which there were many out of town guests.

Mannville Girl Picture On Easter Seals

MANNVILLE — Of great interest, especially to Mannville people is the picture on the seals sold to aid crippled children. The picture on the seal shows Shirley Rutter, daughter of Mr and Mrs Nelson Rutter of Mannville. She is seated [illegible] well [illegible] for and happy, visible evidence of the fine treatment received at the crippled children's hospital.

PENNY PICKS POSIES

[illegible]

Pick Crocus in March For First Time

Picking crocuses is not news but picking a crocus in full bloom in March is something else again. So says Scotty Hine who has seen quite a number of [illegible] early and otherwise come and go. Scotty picked a crocus on Saturday March 28 and this was the first time that he had ever known of a crocus to be picked in March.

Dewberry Man Wins With Landrace

In the Landrace boar [illegible] championship and the reserve championship with his two entries Garlin Goval 13N and Garlin Major 10H.

—S—

Jim Wallington To Hold Auction Sale

Jim Wallington pioneer farmer of the Wildmere district is retiring from farming and will hold a [illegible] sale at his farm on Wednesday April 8 commencing at 11 a.m. with [illegible] Jackson as the auctioneer.

Mr Wallington has an exceptional listing comprised of power machinery, registered Hereford cattle, horses, chickens, miscellaneous and household goods.

Socreds To Nominate April 15th

The Social Crediters of Vermilion Constituency will select a candidate for the forthcoming provincial election on Wednesday April 15th at Mannville in the Orange hall. Registration commences at 7:30 p.m.

With the possibility of four candidates being nominated, the registration of accredited delegates promises to be a large one, so everyone should try to be as early as possible. As a result of the interest in the nomination membership in the Alberta Social Credit league within the Vermilion constituency has risen to a new all time high mark.

Anyone wishing to have a say in who is to be the Social Credit candidate in the Vermilion constituency must have a membership not later than Monday April 6 as all must be registered in the league office in Edmonton one clear week before the nomination day, or by April 8.

Derwent Organizes Brownie Pack

DERWENT — The First Derwent Brownie Pack held an enrollment ceremony in the school auditorium on March 25th.

The pack consists of twelve members under the leadership of Mrs Helen Noster. A good crowd was in attendance. Coffee and doughnuts were served by the Brownies to conclude an interesting event.

—S—

PERFECT CRIB HAND

Mrs. Marilyn Kent formerly of the Dewberry district, now making her home in Edmonton, held a perfect 29 hand of crib recently. She went on to win the game by a skunk.

Trustees Are Elected

Home & School Take Interest In Annual School Meeting

The annual meeting of the Vermilion School District No 1116 was held this year in conjunction with the regular monthly Home and School meeting on Tuesday evening March 21st. There were 85 in attendance and considerable interest was evinced in school matters.

Mr Alex Palin acted as chairman for the meeting with Ashley Cooper being appointed secretary. The program included a short [illegible]

The latter is also a long-time member of the board commencing his 10th year on the town board and served on the divisional board for an additional five years.

The experiment of holding the annual meeting along with the Home and School proved a successful one with the thought expressed that it be repeated next year with more time to be given [illegible]

Drug Stores Plan Meeting To Study Animal Health

The two local drug stores [illegible] have planned an interesting meeting in the interest of animal health. This program comprised of talks, slides and films on various aspects of farm animal health [illegible] April [illegible]

Warwicks of Penticton V Fame To Attend Sports Banquet

Don Chevrier of CJCA to Emcee Event; John Ducey, Herbie Olson, Henry Martel on Speaking Agenda

The three famous Warwick brothers of the world champion hockey team the Penticton Vs, will be the guest speakers at the annual Vermilion Sportsmen's banquet which will be held in the Elks hall on Wednesday April 22nd at 6:30 p.m. The much anticipated event is sponsored by the Tigers' hockey club. Emceeing the event will be one very well known, by [illegible] least, to all sports [illegible] the area, Don Chevrier, sports editor of radio station CJCA.

In addition to these celebrities the speakers will be represented by Herbie Olson [illegible] in the [illegible] who forced Saskatchewan to an extra play off game to decide the championship. John Ducey of the baseball fraternity. [illegible] the newly signed Eskimo [illegible] and noted for being one of the finest kickers in Canadian football; Henry Martell, well known champion golfer, Hal Pawson, sports editor of the Edmonton Journal, and it is also hoped to have a representative of the Edmonton Flyers hockey club.

The Warwick Brothers are bringing with them the film of the game against Russia in which Penticton won the world's amateur hockey championship with a 5-0 victory.

This promises to be a phenomenal gathering with an intensely interesting program. It has been as previously stated arranged by the Tigers hockey club and tickets are $5 per plate. Proceeds are for expenses of operating the club for the past season. Tickets will be on sale this week end. The cause is a good one . . . the program an exceptional one so rally round and get your ticket or tickets early.

MacMillan Wins Top Honors At Edmonton Show

Sandy MacMillan won top honors at the Edmonton spring livestock show this week with a Yorkshire boar, which was awarded the Grand Championship. The boar subsequently sold for $140.00. The achievement was all the more remarkable due to the fact that there were over 400 entries in the class.

Sandy also won fourth prize with another York boar. He sold four boars for an average price of $120.00.

—S—

Pastoral Meeting Held At Kitscoty

The official board of the Kitscoty Pastoral Charge of the United Church of Canada met in Dewberry on March 23rd with an attendance of 11. Rev. Mr Shortt showed a film "John Grey Multiplied" dealing with the possibilities of leadership in the various departments of the church.

Further plans are being considered regarding the manse. A joint service and picnic were arranged to be held at Lake Whitney on the last Sunday in June at 11:00 a.m.

The next meeting will be held in Islay, date to be announced.

An Invitation

Library Book Week is from April 6th to 11th. The public are invited to visit the Vermilion public library any time during library hours. There are several new books on display which will be in circulation after this week.

Standard Founder 86 Years of Age

S. R. P. Cooper founder of the Vermilion Standard away back in the spring of 1908 celebrated his 86th birthday on Tuesday of last week March 24th. The birthday was spent at his home with all members of the family resident in town gathering at the old family home.

More Valuable Player Awards To Little League Hockey Players

At a rollicking banquet in the Elks Hall on Wednesday evening the little league hockey players of Vermilion were the guests along with their fathers. A feature of the evening was the presentations of trophies to the most valuable hockey players of the past season. Attending were the players of the Knights of Columbus Juvenile Bob Cats, the Kinsmen Midgets, the Pee Wees and the Bantams.

The [illegible] looking trophies were awarded to the player in each of the leagues represented as being the most valuable to his team during the season just completed. The winners were as follows:

Juveniles — Jim R[illegible] for the second successive year was awarded the A M West trophy.

Midgets — Walter Mialk was awarded the Renaud and Casey trophy.

Pee Wees — Bruce Chivers, awarded the Robin Hood Oats trophy.

Bantam — Terry Cooper was awarded the Robin Hood Oats trophy.

Reports On Farmers Delegation

Mr Karl Marklund who represented the Vermilion district F. U. A. local on the farmers' delegation to Ottawa was the guest speaker at the board of trade on Wednesday.

Mr Marklund gave an interesting and witty summary of the reception the delegates received in Ottawa. He stated that the delegation was strictly non-political and had made this widely known. Notwithstanding this, a certain political party had a brass band to welcome them.

Mr Marklund had a word of appreciation for the sitting member for Battle River-Camrose, Mr Cliff Smallwood, who he stated welcomed the delegates from this district and went to considerable trouble to assist the members of the delegation to meet the various members of parliament.

The speaker created some amusement when he mentioned that when he and some of the delegates visited the Senate Chamber he happened to rustle a paper and one of the attendants promptly asked him not to make any noise. He said that he realized why he was asked to be quiet when he noticed three members of the Senate sound asleep in their chairs.

Mr. Marklund stated that he was satisfied that the delegation had accomplished something which he hoped would be evident soon.

The speaker was introduced by Mr Ralph Wilson and at the conclusion of his talk was thanked by the chairman Mr Kreale.

Derwent Board Plans Interesting Meeting

N. N. Bentley of the Vermilion school of agriculture will be the guest speaker at a meeting of the Derwent Board of Trade which will be held on Tuesday April 7 at 8 p.m. Mr Bentley will speak on his experiences during his years stay in Egypt, and show slides of that far eastern country.

Mannville Man Achieves Honor

It is reported to us from the Grand Lodge held at Red Deer recently that Edwin Torrance was given the honor of becoming Grand Standard Bearer in the Royal Black Knights. Ed is a past master in the L.O.L. of Mannville.

Agriculturists Honored On Eve of Retirement

[illegible] gathered at the [illegible] Hotel in Edmonton Tuesday night last week to honor two retiring members, Ernest H. Buckingham of Vermilion [illegible] Alberta Department of Agriculture. He has since been at Drumheller and Calgary.

Bouquets of roses were presented to Mrs. Buckingham and [illegible]

[illegible] Mr Buckingham has been [illegible] agriculturist at Vermilion for the past seventeen years [illegible] he has not only [illegible] exemplary service in his official capacity, but has served the community in a great many ways, the church, Board of Trade, Rotary Club, Agricultural services board, Fair board, being but a few of the avenues of his very worthwhile endeavors.

He is being succeeded here by Mr Morley Douglas, who has already won recognition in the area as an agriculturist as he has been assistant to Mr Buckingham for the past year.

Shown in the picture from left to right are Mr. Bell, Mr. F. H. Newcombe of the Department of Agriculture who made the presentations, and Mr Buckingham.

The Canadian Cancer Society was organized in 1938 at the request of the Canadian Medical Association. One of its main functions is to teach Canadians that early diagnosis of cancer depends on the early reporting of suspicious symptoms to a doctor. It also supports cancer research and gives assistance to cancer patients.

Canadians Have Dismal Book Reading Record

Less than one Canadian in every three was reading a book at the time of the last survey by the Gallup organization.

This is not a situation of which we can be proud nor is the fact that only 61 per cent of our citizens have ready access to public library service, according to the most recent government survey.

Our reading record, by almost any yardstick, seems to be about the worst among western nations save for the United States.

Whatever the reasons for this dismal picture we are fortunate that a move is underway to change it. Our first Canadian Library Week is to be observed from April 12 to 18. The Week is actually the finishing touch to a two month, nationwide "Wake Up and Read" campaign to encourage more reading of all kinds by Canadians.

It is good to see public-spirited men and women from many fields tackling this problem in a practical way. For the question of reading should not be left entirely to librarians and educators. It is something with which every one of us should be concerned.

The key to our democratic method of government is an informed public. Such a state will remain but a dream if only 13 per cent of Canadians over six years borrow books from their public library (another government survey finding).

This is not nearly good enough for a country that is more than 95 per cent literate, has more leisure time and a larger income than ever before.

The Canadian Library Week program should remind us of the relationship between reading and knowledge of traditions of freedom. It should help re-kindle an interest in those of us who have lost touch with books, to open the way to new, worthwhile experience for others who have neglected the reading habit.

Canadian Library Week is drawing support from leading citizens in business and industry, libraries and publishing houses, newspapers, radio-tv, the educational and other fields.

But it deserves — and needs — the full support and active interest of all of us.

Ten Years of NATO

The tenth anniversary of the signing of the North Atlantic Treaty on April 4, comes at a new period of tension which underlines the importance of NATO for the security of the western world. The threat from Soviet imperialism that led to the formation of NATO is as real as ever. The need for continued unity on the part of the NATO partners is fully as great as it was ten years ago.

NATO was formed in the first instance to halt the westward spread of Russian domination which had already swallowed up the satellite states of eastern Europe. In this task, it has been fully successful. Its deterrent power has held Russian military expansion in check in the vital area of western Europe, and has forced Communism to turn to other areas and other methods in pursuit of its world-wide aims.

This shift in tactics, and particularly the Soviet campaign of infiltration in Asia and the Middle East, has presented the west with new and serious problems. Yet if these problems are to be solved, it is vital that the deterrent in Europe should be maintained at an effective level. Any weakening of defensive strength in this area would not only open the way to new Soviet thrusts, it would make it still harder — perhaps even impossible — to stiffen the uncommitted nations of Asia and Africa in their resistance to Communist pressure.

NATO thus remains the cornerstone of the Free World. Its effectiveness rests on the continued unity and resolution of the western democracies that form the North Atlantic Triangle. This is an enterprise in which Canada has played a significant part from the beginning. In her own national interests she must continue to make her fullest possible contribution during the years ahead.

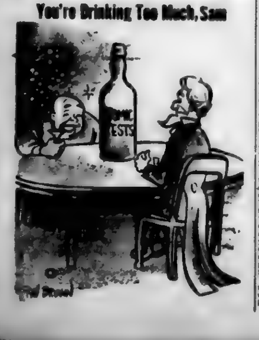
Super-Destruction

Dr. Linus Pauling, in his book entitled "No More War," says that all of the explosives released during the whole of World War II by participants on both sides, [illegible] to the equivalent of [illegible] ton of TNT. Thermonuclear bombs have now been produced and exploded, with a single bomb releasing an explosive force equal to that of 15 million tons of TNT. In other words, we now have in one bomb five times the total amount of explosive force set off during the whole of the second world war. No comment is needed.

Veterans Not Interested in Medals

Farm products, it seems, aren't the only kind of surplus to plague the government. Among the "commodities" in surplus at the moment are medals, upwards of a million of which are stacked up in the storerooms of the Veteran's Affairs Department at Ottawa. Trouble, it seems, is [illegible] away back in 1945 and 1946 [illegible] Defence Department figured [illegible] when the war ended, eligible veterans would be eager to claim the decorations to which their war service entitled them. But many veterans just haven't bothered to apply and to get the medals out of storage the Veterans' Affairs Department has started, uninvited, to mail out the surplus medals to all [illegible] servicemen. According to reports from Ottawa, it will take months, and maybe years, to get to the bottom of the [illegible].

You're Drinking Too Much, Sam



Alberta Report

Anders O. Aalborg, M.L.A. for Alexandra

When the Alberta Legislature adjourned on Thursday, March 26th for a four-day Easter recess, final approval had been given to the 1959 provincial budget, but several dozen bills and a few resolutions remain to be considered when the session reconvenes.

HOW LAWS ARE MADE

In this report I should like to deal briefly with the procedure followed by the assembly in passing new laws and amending an repealing laws already in force. The laws of the province are written in a form called an 'Act' or 'Statute' which covers any particular matter or thing that comes within the jurisdiction of the province. For example the law which governs the operation of elementary and secondary schools is known as The School Act, and the law which governs the operation of motor vehicles on a public highway is known as the Motor Vehicle and Highway Traffic Act.

Step by step the procedure used by the Legislature in passing a Bill providing for an ordinary public Act may be summarized as follows:

PREPARATION: Many weeks before the Legislature meets the various Departments of the Government have been drafting Bills providing new laws and changes in the present law. Proposed changes came from the people of the province through representations of many organizations, the suggestions of individual citizens, the members of the legislature themselves and the work of government officials. There is the democratic process through which the law originates and evolves. Each Bill is written in proper legal form by an officer of the Attorney General's department who is known as the Legislative Counsel and then printed.

FIRST READING: When a Bill has been drafted and printed the minister of the department which has prepared the Bill makes a motion to introduce the Bill into the Assembly. There is rarely any debate at this stage since members are only asked to agree that the Bill be brought in for consideration.

SECOND READING: At this stage members debate the contents of the Bill in principle only, that is, the pros and cons of the general purpose, intent and spirit of the Bill. For example, if a Bill authorizes the government to embark on a program of building senior citizens' homes, the members debate the merits of the proposal without getting into the details as to how such a program may be carried out.

STUDY BY COMMITTEE OF THE WHOLE: This is the point at which members go over the Bill with a "fine tooth comb" and examine the wording in great detail section by section, and clause by clause. Here the discussion is on a free and easy question and answer basis rather than in a formal style of debate.

THIRD READING: This is usually a formality to give all members a last opportunity to discuss the Bill or any feature of it. Only in the case of a very controversial measure will there be any debate at this stage. Sometimes members who are very strongly opposed to a measure may make a last ditch stand against it on third reading.

ROYAL ASSENT: At the close of the session the Lieutenant-Governor who is the Queen's representative in the province, visits the Assembly and approves the Bills that have been passed. The Bill then becomes an Act and comes into force on a date shown in the Act. Sometimes Acts comes into force immediately upon assent. Sometimes they come into force on any given date either before or after assent. In Alberta it has become a normal procedure or practice for laws to become effective on July 1st unless otherwise stated in the Bill.

ALCOHOL EDUCATION: On Tuesday, March 24th, the Assembly spent the entire afternoon sitting discussing a resolution on the subject of alcohol education. All members agreed that the rising rate of consumption of alcoholic beverages and the increasing number of alcoholics created serious problems. Some members felt that a new board or committee should be established to prepare and carry out a more extensive program of education and research to cope with these problems. Others lauded the splendid work of the Alcoholism Foundation which will receive a grant of $125,000 from the provincial government this year and of the Temperance Forces which receive a grant of $10,000, and Alcoholics Anonymous. Reference [illegible] made to the alcohol education program offered as a part of the Health course in grades 9 and 10 in Alberta schools. These members felt that these agencies could meet the problem by carrying [illegible] and expanding their programs as the need arose without the necessity of setting up any additional new agencies or boards.

TEACHER TRAINING: Thursday afternoon, March 26th was devoted to a debate on a resolution calling for further measures to provide more, well-trained teachers for Alberta schools. Members on both sides of the House agreed that recruiting and retaining an adequate number of well qualified teachers is the greatest single problem facing education today. When speaking in this debate I outlined the measures which the Social Credit Government of Alberta has taken down through the years to raise standards of the teaching profession, and indicated that the Government will continue to work for further improvements in this standard.

The Homemaker

Donna Westendorf
District Home Economist
Lamont, Alberta.

Last week in this column, I dealt with points to be considered when you select a pattern for man made fabrics, cutting marking and type of thread to choose. Now I would like to go on with the actual making of the garment.

STITCHING

Many of the new fabrics, especially the blends, require no special adjustment of the machine. Puckering at the seams has been a big problem with some of the smooth, firmly woven fabrics. When using this type of fabric choose a pattern with the long seams cut on the bias or semi-bias. Always test stitching on double thickness of the fabrics before starting to stitch the garment.

Many of the new fabrics require a loose tension for satisfactory stitching. Use a new, fine, sewing machine needle, number 9 (Singer) for light weight fabrics and number 11 for medium weight. Synthetics and special finishes dull needles quickly. For satisfactory sewing, the needle must be sharp and may need to be replaced fairly frequently. Care must also be taken when pulling the fabric away from the [illegible] so as not to bend the [illegible] needle.

The length of stitch should be adjusted to the thickness and texture of the fabric. A general guide is: light weight fabrics 15 to 18 stitches per in.; medium weight fabrics 12 to 15 stitches per in.; heavy weight fabrics 10 to 12 stitches per inch.

Seams should be stretched gently while stitching. This gives the stitching greater elasticity, helps prevent puckering and snapped threads in pressing and wearing. To avoid puckering run machine slowly and with consistent speed without pulling fabric. Seam ends should be fastened securely with back stitching. If ripping is necessary cut threads at frequent intervals before pulling out.

PRESSING

Press as you sew — with steam for best results. Set steam iron at 'steam' or use a damp cloth with a dry iron. Use 'nylon' 'rayon' or 'low' setting on iron when pressing without moisture. Before pressing with either dry or moist heat, try on a sample first. Make certain of your fit first for it is often very difficult to completely remove sharp creases if a change of press line is necessary.

SEAM FINISHES

The proper finish depends on the type of fabric. On firm weaves, pinking will be all that is needed. If fabrics fray badly, finish edges by one of the following methods: 1. pink edge and stitch. 2. Turn in outer edges and machine stitch; 3. French seams (sheers). 4. Bind seam edges with seam tape (tailored, unlined jackets.) If buttonholes are part of the design consider carefully the method best suited to the fabric. In sheers or fabrics which fray badly, machine-made or worked buttonholes are perhaps the best choice. On firmly woven fabrics, tailored or bound buttonholes could be used.

If your ladies club would be interested in holding a sewing course, contact my office for further details.

Wainwright Kin Newspaper Bingo

Number drawn on March 27th was: G 48.

Numbers drawn to date are:

B — 1, 8, 11, 13, 14, 10, 6, 5, 3, 15, 2

I — 18, 19, 20, [illegible], 25, 26, 27, 28, 21, 17, 29

N — [illegible], 34, 35, 39, 40, 41, [illegible], [illegible], 43, [illegible]

G — 47, 48, 54, [illegible], 56, 57, [illegible], [illegible], 53, 46

O — [illegible], [illegible], [illegible], 72, 74, 75, 70, 73, 71, 62, [illegible]

All prizes have been won except the car.

Cards available from Walter Fisk and [illegible].

Alexandra Socreds To Nominate April 8

Alexandra Social Crediters will nominate at Kitscoty town hall on Wednesday, April 8th at 8 p.m. The present member of the Legislature for the constituency is Hon. Anders Aalborg, Minister of Education. 37-8

Students Judge Grain

Six students from Alberta's schools of Agriculture were junior judges at the Provincial Junior Seed Fair in Calgary on March 3.

From the Vermilion school were John Hoegel of Lloydminster and Gerry Mears of Peace River. Representing the Olds school were Hans Rutz of Barons, Robert Kunkel of Lomond, Vernon Arnold of Medicine Hat and James Murray of Warner.

Hobby Fair Planned For Mannville

MANNVILLE. — Sponsored by the Happy Centre W.I. there is to be another popular Hobby fair at Mannville on May 23rd.

It should be remembered that no entry is too insignificant, in other words "to each his own", so get busy and assemble your collection. Look for further particulars in the near future in the Standard.

Marwayne Home and School Hears Civil Defence Talk

MARWAYNE. — The regular meeting of Marwayne Home and School Association was held on Tuesday, March 10th with a smaller attendance than usual. The meeting opened with the president, Mrs. Sinclair, reading an item on common accidents and their [illegible].

Mrs. Hughes' room won the book for February.

It was decided to hold the last card party of the season Thursday, March 26th. Mrs. Culford, the secretary, is to buy the [illegible] prizes. A discussion was held on the recent tuberculin tests.

In answer to a request from Mrs. Astley, H. & S. will buy a radio for grade 2. A cheque for $226 was received from the Silver Willow Community club, this was from the sale of certain articles in the school which belonged to them. The Home and School wish to thank these folks for their generous donation.

Mr. V. Smith gave a very interesting talk on 'Civil Defence'. Civil [illegible] is for survival and it was pointed out that Alberta has one of the best communication systems in Canada, the whole province can be covered in three minutes. Mrs. Smith would be very glad to talk to any of the ladies' organizations on civil defence, on clothing, rescue and nursing.

Following the talk a film was shown titled "The Gift of the Glaciers", on the new projector.

The next meeting will be on Tuesday, April 14th. Those on the lunch committee are, sandwiches, A. Nohnychuk, L. Dale and W. MacDonald; cake, R. Johnson, J. Barnett and R. Bendixen.

Across the Street from the Biggest Free Parking Lot in Vermilion

Pleasant Valley

It's getting to look like spring, — even the ducks are heard and seen and the tulips are peeping through the ground in Mrs. Van den Dolder's garden. Can it really be here? Has anyone heard a robin sing?

Mrs. Sylvia Gould is spending Easter at her old home.

Garfield Potvin is visiting his parents during the holidays.

Gordon Gould and family were guests at the home of Mr. and Mrs. Johnny Maxwell on Sunday where a big turkey dinner was enjoyed. Marjorie Maxwell was home from Edmonton for the Easter week end.

We do hope Mrs. Shaw will be feeling better again soon and also Mrs. Bothwell whom we hear is a patient in the hospital too. It is nice to see Mrs. Van den Dolder around town again following her illness.

Douglas Inman is down on the farm visiting his grandparents.

Marvin Gould certainly kept himself busy during the winter. He cut and sold about 3,000 willow posts. How many toes did you chop Marvin? One man said he cut 2200 in one day. We just can't believe that can we Marvin?

On Sunday, visitors at the Clarke home were Earl, Betty and Allan Coutts and on Friday Tommy and Bobby King paid a visit.

NEWS from ISLAY

Some further notes from the I.S.U. "News & Views".

Miss Edith Shaw is leaving Islay to spend a month with her aunts in Purdue.

Miss Phyllis Bristow and Mr Ernie Falkenburg spent Xmas day with Mr. and Mrs. Bristow.

Thanks to the school board and the Islay school club we have a new Ditto machine. It will be a great asset for school purposes and the "News & Views".

The Christmas concert was a huge success, honors going to Richard Sweet and Mary Lynn Houston for their impromptu pantomine which everyone enjoyed immensely.

Mr. and Mrs. Dave Martin are proud [illegible] of a baby daughter, first baby born in Islay hospital in [illegible] Jan 3rd.

First hockey game of the season was played, Trimbleville took Islay down the road with a 2-0 victory.

Kenilworth, Bridstow, Morrison and Holyrood all had Xmas concerts. Holyrood had some people from Vermilion take part.

We would like to see . . .

Alma Bristow reduce a little; Half-pint Patsy Easton a little taller; Harold McClelland and Gordon Gould walking.

We would like to know . . .

How Bill Beecroft got 100% in Social Studies; How Bob Baxter obtains such high marks in [illegible].

Max Grant has a coupe and can't get over it — he's always under it. And this cartoon is a dandy. Words coming from under — "Ah! Now I've found it, the pipe line's frozen!"

Ads: Inman's garage for your radio tune up; Islay Meat Market, J. W. McNeely.

Now for some present day [illegible].

Miss Betty Martin was home for the Easter week end.

Mr and Mrs. Jim Miller spent the holiday in Edmonton.

Mr and Mrs. Ken Shaw visited relatives and friends in and around Islay over the week end also Mr. and Mrs. Dick Boots-[illegible].

Miss Erva Sweet of Lacombe and Mr. Turner of Ponoka were Friday visitors at Erva's home Dr. and Mrs. Sweet.

Mr and Mrs. Clarence Robertson Wayne and Sharon went to Provost Sunday after Sunday school.

Mrs. Winnie Torrance spent Easter Sunday with some of her family in Islay.

Easter was observed in the Knox United Sunday school on Sunday morning when the children gave an entire Easter program. The tiny tots, to carry out the theme "Sharing" which is being studied, brought Easter eggs to fill an Easter basket and [illegible] gave it to the local hospital. It was very nicely done. Each class did its part well. The flowers were pretty and added to the spirit of Easter. An Easter lily, a vase of red tulips, one of daffodils and mixed bouquet on the table was in loving memory of the late Mr. and Mrs. R. Martin.

From "Olivet to Calvary" sung by the Kitscoty United Church choir in Kitscoty church was enjoyed immensely. Music was beautiful. Kitscoty may well be proud of Mrs. Batty and the choir.

The Islay folk are indeed grateful to Mrs. Lila Waterfield and the choir for the grand Easter music rendered at Knox United church Easter Sunday evening to [illegible] filled church. Rev. Mr. Short's sermon was [illegible] to take home and think [illegible]. [illegible] Around the Head [illegible] [illegible] with the [illegible] choir and [illegible] at [illegible]

[illegible] Dewberry [illegible] flute a [illegible] Mr. M [illegible] by Mr. [illegible] ally of [illegible] in the [illegible] was Mr. M [illegible] brother still [illegible]

Mr. and Mrs. [illegible] family of [illegible] were visitors at [illegible] Mr. and Mrs. [illegible] [illegible]

[illegible] about the only [illegible] to search for [illegible] found it.

—S—

One [illegible] is that tempta[illegible] comes [illegible] those who wait

Gulgan's and Shaw's.

Cold for camping? No, says Scout Gerald Inman who set up his tent, slept therein and cooked breakfast away out in the country. No, says Mayson Stone, I'm sleeping in the straw stack. Oh to be ten or twelve years old [illegible].

Congratulations to Mr. Dave Buchanan, 81 years young on March 31st. To celebrate the occasion three of his daughters with their husbands and families came Monday and brought all the eats, even a lovely cake with candles. Present were Mr and Mrs. Ed Dallyn (Hazel) Maxine and Sherrill, from Bruce; Mr and Mrs. Bill Kutny (Kay), Orval, Leslie and Tanga from Lloydminster, and Mr. and Mrs. Jim Hanna (Verna), Clifford, Larry and Grace from south of Islay. There were pretty birthday cards from other members of the family.

Mr. Moncrieff is attending an A.T.A. convention in Edmonton.

Mr. and Mrs. Sophus Olsen of Kitscoty were dinner guests on Sunday at Mr. and Mrs. Bruce McLennan's.

Mr and Mrs. Caro and Jack of Edmonton had dinner with Gladys and Muriel Stone Saturday.

Islay choir had a social half hour Sturday night after practise, a jolly time was had. Mrs. Lila Waterfield was presented with a beautiful Easter lily.

News from Tulliby Lake

At time of writing these notes signs of spring are about us everywhere. The sighting of crows and gophers is reported from every direction and even the summer night moths are out! Bill Nelson and Juvenile Behrens saw the latter while coming home in the car from Lloydminster.

Now to get down to business and report on what's been happening in Tulliby Lake-ites this past while.

The Nelson's Surge Sales and Service from Edmonton in conjunction with Willard's Electric of Marwayne presented a free color film demonstration of the Surge milking machine in the Central school on March 17th. A good attendance was recorded. The evening came to a close with a free lunch consisting of doughnuts and coffee.

The Cecil Trimble's had a cow that wound up upside down in their watering trough recently. Fortunately Jimmie Lee came along just in time to extricate the animal.

Herman Benson was home from the east to spend a while with his mother and brothers. He was forced however, because of developing weakness, to return prematurely. Dean accompanied him on the journey.

Many residents attended the 4-H amateur hour in Marwayne on March 6th. Juvenile Behrens entered the show and walked off the stage with second prize in the adult solo class. Congratulations.

Roy Wagner has purchased a second hand power chain saw from Everett Morton. Roy ac[illegible] by Gordon Coleman [illegible] to the bush where they will both get in some last minute logging before the snow goes.

Deanna Adamson was home for the week end from school. She is staying with the Carl Harrington's and rides on the bus from there to Marwayne.

Mr and Mrs. Art Marshall were week end visitors at the C Trimble home. They brought Cecil's mother home after her visit with relatives at Red Deer and [illegible].

[illegible] Sidener was discharged from the Lloydminster hospital recently and has returned to his home. He received serious injuries in a car accident last fall and has spent many weeks in hospital since.

Henry W[illegible] tried to put on one of his shoes in the usual way but found he could not do so due to the fact that a live mouse had taken up quarters therein. You can be sure that Henry gladly let the intruder depart before making any further attempts.

Juvenile Behrens spent a week in Lloydminster receiving chiropractic treatments for two misplaced vertebrae in his neck.

Mrs Louise Huntly was taken to the University hospital in Edmonton for another operation to try and help her previously broken hip.

Dennis Reed has been buying willow pickets and hauling them south into farming country where pickets are in short supply.

Jimmie Lee's knee received another set-back due to an accumulation of fluid. After having the knee drained Jim is on the mend once again.

Mrs Charlie McAdams is a patient in Elk Point hospital.

Big Bingo On Saturday, April 18

Here's your chance to win a $100.00 door prize and also play bingo for 12 good prizes, all for one dollar.

Funeral of Mrs. Dorthea Haskell

Friends and relatives gathered at the Riverton hall for the funeral service of Mrs Dorthea Haskell on Thursday afternoon, March 5th. Rev Koelher from the First Lutheran Church in Lloydminster, officiated. Mrs. Herbert Wehnlake presided at the piano. Interment was in the Dewberry cemetery.

The pallbearers were Clayton Hansen, Harold Hyatt, Tom Applegate, Wilfred Mathison, Gordon Fitzpatrick and Harold Carpenter.

In failing health for four months Mrs. Haskell passed away at her home in Marwayne on March 2nd. Born on March 14th, 1888, at Aalburg, Denmark, she was married in 1907 and came to Canada with her husband and children in March, 1910. They settled first in Winnipeg living there a short while before coming out to the Alberta prairies to the Metiskow area. In 1923 they settled in the Riverton district, farming there until moving into Marwayne in 1957.

Mrs. Haskell was often admired for her calm manner, courage, good cheer and quiet philosophy which has left a shining example. Always willing to lend a helping hand, she was very active in community work.

Mrs. Haskell was predeceased by her husband Christen in 1954, one daughter Mrs D Thomson (Lilly) in 1957, and three brothers. Left to cherish her memory are four sons, Raymond at home, Chris, Dewberry, Maynard at 100 Mile House, B.C., Elmer of Vancouver and six daughters, Mrs. A T Hines, Mrs. Cecil Sinclair, Mrs Gordon Hancock, all of Marwayne; Mrs. William Holmen, Dewberry; Mrs. William Nish, Edmonton, Mrs. Art Ieert, Port Coquitlam, B.C. There are forty-eight grandchildren, eight great-grandchildren. A brother, H Nilsson, resides at Seattle.

Mrs Glen Roache sang "Beyond the Sunset". Other hymns were "Rock of Ages", "Safe in the Arms of Jesus", "Nearer My God to Thee".

Floral tributes and donations were received from:

In loving memory of our dear Mom, Chris, Leo, Agnes, Dick, Dagmar, Bill, Raymond, Mildred, Cecil, Elva, Gordon, Doris, Art, Elmer and Ramon, Maynard and Edie, Eva and Bill. In loving memory of our dear Grandmother the Grandchildren. Ashworth; Mr. and Mrs. H. Tupper; Joyce and Verne Anderson; Mr. and Mrs A. Johnson; Mr. and Mrs. John Milne; Mr. and Mrs. W. Kvill; Bill and Tilda; Arnold and Delia.

CARD OF THANKS

The family would like to take this opportunity to send heartfelt thanks to all who sent flowers, donations and the many cards during their recent bereavement. To all friends and neighbors for their many acts of kindness during this time of sorrow a very sincere 'thank you'

A heated political argument is a perfect example of an irresistible force meeting an immovable object.

—S—

At least two countries use the eagle as the symbol of supremacy.

The Canadian Cancer Society was organized in 1938 at the re communities where it carries on education pro[illegible] and gives [illegible] to cancer patients. It also provides money for research.

CLAYSHORE CLIPPINGS

Mr. F. V. MacHardy and small son Gregory of Edmonton, spent the week end visiting his parents, Mr. and Mrs. N. MacHardy. Gregory is spending the week with his grandparents.

Mr and Mrs. Allen Olstad and family were visiting friends and relatives at Edburg and Meeting Creek, Alta., over the week end. They returned home Monday evening.

Congratulations to Mr. and Mrs. J. Septt on the birth of a son in Mannville hospital on March 20.

Visitors at the home of Mr and Mrs. J. Willes for the Easter holidays were Mr. and Mrs. E. Carlson of Lac la Nonne, Alta., Mr and Mrs. Alex MacKenzie, Patricia and Barbara of Edmonton and Glen Nelson of Calgary.

The ladies of the W. I. are sponsoring a dance at the Clayshore School on Friday evening, April 3. Lunch will be served and good music provided.

Mr. and Mrs. Stebner of Ponoka are spending a few days at the home of their son and family Mr. and Mrs. R. Stebner.

It is wise to see your doctor when you suspect the presence of cancer.

APPRECIATION . . .

I wish to publicly thank all those who supported me at the Municipal election on Monday, March 23rd, and will certainly serve the people of the Municipality to the best of my ability. Your confidence is deeply appreciated.

Frank Eyben.

GREENLAWN Goodwill Club

The March 19th meeting of the Greenlawn Goodwill Ladies was held at the home of Annabelle Stone. Eighteen members were present to answer the roll call by naming an ingredient for vegetable soup. Several ladies brought some interesting ideas to add interest to the club. We have decided to bring good outgrown clothes that are clean and mended to the April meeting to be shipped to the Korean needy. A layette project is being made to exhibit at the Vermilion Fair. We are to decide on a depot for our woolens for blankets at the April meeting. A cash donation was given to the Red Cross and the community hall.

A real live puppy, complete with ribbon was the door prize which was won by Mrs. Ada Lumley, causing lots of laughs and excitement. Our unlucky member still remains unlucky. It's got to change soon though, as there are only four names left in the hat.

A very tasty lunch was served by the hostess, her sister and children, rounding out a lovely afternoon.

The next meeting will be at Blanche Stone's on April 16th. See you there!

Many years ago a common "treatment" for skin cancer in England was to tie a live toad to the tumor. Of course, it did no good. Today 95% of skin cancers are cured when treated early with X-ray or surgery.

Check that date on your label.

Marwayne F.W.U.A. Donate To Red Cross and Summer Camp

MARWAYNE — The regular meeting of the Marwayne F W U A was held at the home of Ruby Peck with Doreen Allen and Irene Johnson as co-hostesses. There were 25 members present. The meeting opened with the singing of the "Easter Parade" and roll call was then answered by a "Hobby I Would Like to Cultivate."

Following a thorough investigation by the committee, an amendment was made and carried to the motion to buy a wheel chair. It was found that there were 2 wheel chairs available to the district in Vermilion and also the Red Cross at Edmonton loans chairs, crutches, beds, etc. to anyone needing them. They are loaned for a period up to 3 months. Should the need arise in this area that someone is unable to purchase one after the 3 months, we will buy one. In the meantime, a donation of $30.00 was made to the Red Cross. This was to be sent through the O O R P. who recently conducted a canvas.

Another donation of $50.00 was made to Camp Goldeye, a camp being built in the mountains this summer for our young people.

An invitation was received from the F. U. A. to attend a meeting in this hall on Monday, April 13 to hear speakers on the delegation to Ottawa.

Fifty-six Easter baskets were filled for the sick, those living alone and the aged.

The remnants from Eaton's and Simpson's were auctioned, netting a nice little sum of money.

The next meeting will be on April 27 at the home of Lil Quist and there will be an exchange of plant slips. Visitors are welcome.

—S—

F O Bob Hemmingway travelled by jet plane from North Bay, Ont., to Cold Lake on Good Friday and was met there by Mr and Mrs. Herb Hemmingway. He was thus able to spend from Friday to Tuesday at the family [illegible].

IN MEMORIAM

HARWAYNE

Congratulations go to Mrs. Bendixen Sr. on her recent birthday. Mrs. Bendixen is 98 years young.

We are glad to see Mr. Frank Cunningham back home after spending some time in the Col. Mewburn hospital.

Mr. and Mrs. Stanley Hayes are home from the coast where they spent the winter.

At the final Home and School card party there were five tables [redacted] cribbage and four for whist. Crib winners were: high, Mrs. E. Gray and Mr. John Milne; low, Mrs. Lucas and Mr. Gay Williams Sr. Whist, high Mrs. Geo. Kvill, Mr. Geo Kvill; low, Mrs. P. Miller, Mr. R. Golightly. The grand aggregate winners were, for cribbage, Mrs. L. Dale with a score of 4783, for whist, Mrs. G. Midgley with a score of 815. A thank you to all those who attended so faithfully and we are looking forward to more of these enjoyable evenings next winter.

Mr. and Mrs. H. Tupper are spending Easter with daughter Olive and family at Westlock.

Mr. and Mrs. J. Hale and Wayne are at Cando Sask. for the Easter season.

Some of those home for Easter are Mr. and Mrs. Walter Bobroski and family with Mrs. Bobroski; Mr. and Mrs. Al Lowrie; Iona Parker; Mrs. Mabel Onysko [redacted] Mrs. Violet Sarofen, Charlie [redacted] Miss Donna Lee at the Dow home; Mr. and Mrs. W. Wyatt and family of Calgary at the home of Mrs. Wyatt's parents, Mr. and Mrs. Swan. A further list will be coming next week.

The W.A. of St George's Anglican church will serve lunch and hold a home baking and apron sale in Mr. Elliot's office Saturday, April 18th. This is one week earlier than planned.

Gwen Arlene, infant daughter of Mr. and Mrs. Roy Hutchinson, was baptized in St. Georges church on Sunday, March 15th.

A meeting of the cenotaph committee was held on Thursday, March 26th. A larger design committee is now drawing up plans for the monument and at the meeting coming up the business will be to accept the plans and give contracts. Representatives of all organizations are asked to be present at this meeting in the Legion hall on Thursday, April 9th at 8:30 p.m. The Cenotaph committee is hopeful that everyone be represented with a subscription for the cenotaph. If you have been missed in the canvass, please leave your donation at the bank. Your subscription need not be big, even two bits will put your name on the list, the amounts won't be made public.

CLANDONALD HALL

Showing at the Clandonald hall this week end Fri. and Sat. Apr. 3 and 4, "The Little Hut" a family comedy in technicolor with Ava Gardner, David Niven and Stewart Granger; next week end, Apr. 10 and 11, "Black Patch" an outdoor drama with George Montgomery. News reel each week. 38

The underworld trusts any man who is good at making ex-[redacted]

Bad taste is just bad education.

Mr. Farmer!

You can have 600 bushels of grain cleaned at your Seed Cleaning Plant for 12 years for what you would pay for a small fanning mill . . . after 12 years you will need a new one.

You can also get your grain treated the modern way for the price you pay for materials.

So why not have your grain Cleaned and Treated the modern way, instead of just removing the horse shoes and long straws?

SALES EVERY TUESDAY

Sixteen Years Ago

April 1st, 1943

The post office department today announced that higher postal rates will go into effect Thursday. Under the new rates, local delivery letters require a 3-cent stamp instead of two.

There are at least nine oil wells pumping in the Vermilion oil field at present and these wells have never stopped producing according to word given the Standard by oil company field men.

March violated the tradition of the lamb-like exit tradition this year and wound up with an intense 12 hour blizzard on Monday night and Tuesday followed by the rapid descent of the mercury to 10 [redacted] on Wednesday morning. To all appearances we have as much snow now as at any time during the winter.

Thirty-six rinks competed in the mixed bonspiel held during the week. The rink skipped by H. R. Parkker provd the big winner, going through the spiel without a set-back.

A local of the Alberta Farmers' Union has been organized at Autumn Leaf with Frank Eyben as president.

32 Years Ago

March 31st, 1927

George W. Field who has spent the past year at his old home at Clifford, Ont., returned to Vermilion on Saturday and went north to his farm.

Ronnie Barwick has returned to Vermilion after living in Los Angeles and expects to remain here.

J. Raymond Taylor is advertising a clearing off auction sale and intends to move into Vermilion.

The Vermilion Versatiles presented "Here We Are Again" at the Columbia.

Harry Doan has returned from spending the winter in San Diego.

The tax rate for 1927 has been set at 48 mills.

48 YEARS AGO

March 23rd, 1911

James Lipsey and family of Leeds Village, Que., have taken up residence in Vermilion. Mr. Lipsey will engage in carpentry and contracting.

Edwin Hagen of Dewberry, died at the Lloydminster hospital from injuries received from jumping off the train at Islay, the night before.

Ed Ivy of Landonville started plowing on Tuesday, March 21.

Percy Long has entered the office of C. V. Caesar, general agent, Vermilion.

The snow is all gone and the streets are drying up fast.

The Royal Bank of Canada will open a branch here on May 1st.

PARADISE VALLEY NEWS

The Paradise Valley Stars held their regular modern square dance on March 25th. Ken Waring called a very enjoyable dance for the twelve [redacted] present. Seven clubs were represented. The Marsden Friendship cup which Paradise Valley held went to the Streamstown club. Next dance in P.V. will be on Wednesday, April 8th with Henry Lien as caller.

Mr. and Mrs. M. Hoskins, Mr. Miss Lynn Venner left on Friday morning for Calgary to spend the Easter holiday with relatives in the city.

Mrs. Delva McLean and Mrs. Shirley Leighton left on Sunday for Edmonton where they will attend a week's leadership course being held at the Alberta college sponsored by the United Church.

The Church of God held a successful sale of home cooking in Henry's store on Thursday afternoon.

Please note that the hour of service in the United Church will be changed after April 1. Starting on April 6th the service will be at 9:45 a.m. On April 13th at 7:30 p.m. They will be held alternately in this way until further notice.

On Friday a short visit was enjoyed with Mrs. Lloyd Pedden, Ken and Bertha Sears of Calgary; Mrs. Margaret McAfee, Merilyn and Judy; Ann Witzaney of Rosedale and Janie Nicholson of Calgary. It is quite a few years since the Pedden family left Paradise Valley. We were glad to see Mrs. Pedden looking so well. It is nice to see old friends again.

Guests at the home of Mr. and Mrs. D. B. Baxter for the long week end were Gordon Sampson, Miss Ruth Knowles, Cliff Mason, Bernie and Gloria Baxter.

Mr. and Mrs. Art Murphy Sr. and Mr. and Mrs. Art Murphy Jr. and family, all of Edmonton were down for the Easter holiday. Glad to see Mr. Murphy Sr. able to get around once more.

Home from the university at Edmonton for the holiday are Miss Helen Krawchuk, Miss Marion Holgate, and Miss Sharon Walters. Also Ernest Walters from Alberta college and Dan Swedak who is working in the city.

Mr. and Mrs. Stan Westly and Mr. and Mrs. Murray McDonald, all of Edmonton, are visiting at their old homes here.

Rev. Jarvis Wluff of Drayton Valley is conducting a series of meetings at the Church of God this week. Services will begin at 8 each evening. Rev. Wluff will also speak at the regular services on Sunday, April 5th. A cordial invitation is extended to all who may wish to attend.

About 43,000 new cases of cancer will be diagnosed in Canada this year. Early diagnosis and treatment can help save many of them . . . says the Canadian Cancer Society.

Many a man climbs out of the old rut only to fall into the ditch by the wayside.

Mannville and District Local News

•• •• ••

Mrs. C. Mercer and Miss Gail Mercer are spending holidays in Edmonton.

OBITUARY

CHRISTINA COLINA CAVIL

On March 4th in the chapel of Simmons and McBride Funeral Home, Vancouver, B.C., memorial services were held for the late Christina Colina Cavil, widow of James Cavil. Officiating was Captain Edward Read, of Chilliwack. Mrs. Read was soloist.

Following the service the remains were sent to Vermilion. Accompanying the body were a daughter and a son, Mrs. W. H. Douglas and Mr. Andrew Cavil of Vancouver. In Vermilion on March 6th at 2:00 p.m. at the United church, where the late Mrs. Cavil worshipped as a member for many years, services were conducted by the Rev. C. MacKay. Mr. W. Elford was organist. The pallbearers were Messrs. G. White, G. Martin, T. Watts, G. Harrison, W. Waterfield and C. Long.

The members of the Ladies' Auxiliary to the Canadian Legion, of which organization Mrs. Cavil was an honorary life member, attended the service in a body.

Mrs. Cavil was predeceased by a son and a daughter. Surviving are two sons, John of Ontario, Andrew of Vancouver and four daughters, Mrs. Florence Grant, Dewberry, Alta.; Mrs. Connie Capatus, Penticton, B.C.; Mrs. Margaret Reid, Chilliwack, B.C.; Mrs. Nancy Douglas, Vancouver, B.C.; three sisters, Mrs. Gavin Smith, Mrs. Leon Roy and Mrs. George Balfour, all of Quebec; a brother, Mr. John Meikle, Lacombe, Alta., and a sister-in-law, Mrs. J. Blue, Bradwell, Sask. There are also many grandchildren, great-grandchildren and two great-great-grandchildren.

Beautiful floral tributes were received from: The Family, Johnny; Jack and the girls, the Hartling Family, Ruby, Willie and Bessie; Edith, Howard, Uncle Andrew, Carrie, and Ted, the Allan, Dick and Morrow Families; Velma and Bill; Jean and Jim; Burnie, Bob, Will, Leona, Pat and Tony; Mrs. A. Fraser; Emily McLean; Ted and Madelon Edey; Wilfred Kay and Margaret McLennan; Green lawn Old Timers' Association, Mr. and Mrs. A. M. West and Mr. and Mrs. E. M. Stewart, Vermilion Old Timers' Association, Donald, Maisie and Mrs. Gilbert; Muriel, George and Sandra; Mr. and Mrs. D. Fisk and Mr. and Mrs. S. Fisk, Beth Witherite, Mac and Gertie Simonsen, Bert Horridge, B. F. Goodrich Co. Dept. 3040, B. F. Goodrich Co. Local 73.

CARD OF THANKS

It is with the sincerest gratitude that we express to our many friends and relatives our appreciation of their kindly expressions of esteem in the floral tributes, memorial contributions, and the words of sympathy which came to us during our bereavement. We thank especially Rev. McKay, Mr. and Mrs. Walter Fisk and Mr. and Mrs. Hodgins and Miss Hodgins. These tangible expressions of sympathy will ever be remembered.

Family of the late
Mrs. Cavil.

Cancer research is being carried out in 7 of the 10 Canadian provinces. Most of the money for its support is provided by the Canadian Cancer Society.

Investment Clubs Hopeful Sign

Investment clubs, made up of little groups of people who pool savings for purchases of common stock, are cited by The Financial Post as a major field where Canadian ownership of Canadian companies is increasing. It says "These clubs have been growing fast. As a group, they invest more money in Canadian stocks than the Canadian life insurance companies. They and their members as individuals represent one of the most hopeful avenues for teaching Canadians about the nation's industries and encouraging participation in ownership".

NEWS from KITSCOTY

St John's Anglican church W. A. groups will hold a sale of home baking in Wilf Clifford's hardware on Friday, April 10 at 3 00 p.m.

Mrs E H Sheppard returned home last Thursday after spending the winter in Vermilion at the home of her daughter and son-in-law Mr and Mrs. J I Parkin and grandson Ted.

Miss Anne Egtaver primary teacher here, and whose home is in the Blackfoot district, was the winner of the Easter dinner for eight persons which was sponsored by the Kitscoty Women's Institute and drawn for in Trask's General Store on Saturday March 28.

Mr and Mrs Harold Chisholm and family of Edmonton spent the Easter week end here visiting with Ollie's parents, Mr and Mrs C N Gray and other relatives

Mr Robert Sheppard returned to his home at the week end after working for the past three months at Fort McMurray with an oil company

Misses Sylvia and Donna Sheppard and Miss Carol Richardson all students at the U of A in Edmonton spent the Easter holiday week end at their homes here

Miss Judy Sheppard, nurse in training at the Archer Memorial hospital in Lamont, was a visitor for two days at the home of her parents, Mr and Mrs. Ted Sheppard

Miss Marion Inglis of Edmonton was a holiday week end visitor here. She was accompanied back to the city by her parents who spent a few days there

Week end guests at the home of Mr and Mrs. Charles Quinn were their daughter and son-in-law, Mr and Mrs. B. Duggan and girls from Edmonton.

Mr and Mrs. James A. Smith of Hythe were in town during the week end and called on some of their old friends.

Miss Alma Stevens of Edmonton spent the Easter week end here with her sister Mrs. O. Radcliffe and her parents Mr and Mrs. Harold Stevens

L. A. C Ted Conarroe and a friend from the Cold Lake air base and Ronald Conarroe from Grand Centre were week end visitors at the home of their parents, Mr. and Mrs C. Conarroe

Mr Stan Byrt and son Jim returned [illegible] on the week end from Meander River, Alberta where they were employed by an oil company for the winter months.

Mr and Mrs. R. Milligan and Robert of Edmonton spent the Easter week end here at the home of Mr. and Mrs. Henry Joy. Robert is spending two weeks holiday with his aunt and uncle on the farm.

Mr and Mrs. Jack Tyler and Leon of Drayton Valley were Easter week end guests with Jack's grandmother Mrs. W L. Aperson and his father Mr E. Tyler and family.

Sgt. K. Timney, Mrs. Timney and baby daughter of Edmonton were holiday week end visitors here to see Margaret's mother, Mrs R. M Mathewson. Guests on Easter Sunday were Mr. and Mrs. George Mathewson and family of Heath. The highlight of the family gathering was a telephone call from Mr. Mathewson who is enjoying a holiday in Scotland

Mr. and Mrs. Dick Bootsman of Edmonton were Sunday visitors at the home of Mr. and Mrs. C K Miller

Miss Peggy Hale and a friend from Saskatoon motored here and picked up Peggy's parents and drove on to Edmonton where a visit was enjoyed with Muriel (Mr and Mrs. E. Cattapan) and the boys for the week end.

An Easter week end guest at the home of Mr. and Mrs. E. Miller was their daughter Shirley from Edmonton

Mr and Mrs. L. E. Speelman spent the holiday in Edmonton visiting with relatives

Mr and Mrs. Alf Franklin and Lloyd spent Easter Sunday visiting with Mr and Mrs. Earl Frankle at Fort Saskatchewan.

Mr and Mrs. R D. Trask and Neta motored to Saskatoon and spent the holiday visiting with relatives.

Mr and Mrs. Mike Zubiak and the boys spent the Easter holidays with relatives in the Prince Albert district.

Mr. and Mrs. J Christensen motored to Edmonton on Easter Sunday to visit their sister-in-law who is ill in hospital. They were accompanied by Mrs. A. W Govier who stayed in the city for a few days to visit with her son Cliff, who is a patient in the University hospital. We are pleased to say he is improving

Mr M. K McDonald is at present a patient in the Islay hospital. Best wishes are extended to him for a complete recovery

Rev. J. Shortt, Mrs. Shortt and family are spending a holiday in Edmonton and district. They were accompanied by Mrs. P. Miles and Margaret who are visiting at Calmar for a few days with (Marie) Mr. and Mrs. Russell Sutton

Inspiring services were held in the Kitscoty United church and St. John's Anglican church on Easter Sunday with a large congregation in attendance. The beautiful flowers in St. John's were from Mrs. Eric Seward of Edmonton and placed there in memory of her mother and father.

"Cattle Finishing In Alberta"

A revision of one of the important publications of Alberta is now available to the farmers of Alberta.

This publication, "Cattle Finishing in Alberta", is based on the results of thirty-eight years of experimental work conducted at the University of Alberta with some 1800 head of cattle

Included in this pamphlet are such subjects as Suggestions for the New Feeder, Feeds for Fattening, Capitalizing on Hay and Pasture Livestock and Land Use, Buying and Selling, Treating Common Ailments

Any farmer engaged in a beef cattle operation will find a wealth of information in this publication. Copies of "Cattle Finishing in Alberta" can be obtained, free of charge, from the Department of Extension, University of Alberta, Edmonton.

Mannville Home and School Hear Lively Panel Discussion

MANNVILLE — A goodly crowd were present at the monthly meeting of the Home and School Association, on Thursday, March 19th, with Mrs. Ronald Forsyth in the chair. All reports were adopted as read and and approved. Mr. Nestor Bohaichuk's grade 8 room won the shield. The Majorettes are to entertain at the next meeting and Edith Gadke Report was heard of a concert to be given by the Lloydminster band on April 10th at 8 p.m. Correspondence was read re regional library matter. Delegates to Home and School convention are to be selected by the executive. The main highlight of the evening was a panel discussion on the British school system versus the Canadian one

Prior to this a pleasing selection of two vocal duets was heard by an appreciative audience when two young artists, Dawn Kreller and Gail [illegible] sang "Devoted" and "My Happiness".

[illegible] the panel discussion those on the British side were Mrs. Ian Holter, Mrs. Ronald Forsyth, Miss Laurie Lovett, and on the Canadian side were Ronald Forsyth, Miss Ruth Gray and Joe Kufeldt with J. I. Jones as moderator.

Mr. James I. Jones as moderator did an excellent job, holding the questions from the floor down to a minimum, and closely watching the time on each question. The panel was conducted in a fair and orderly manner. Mr Jones thanked all the panelists for a lively discussion and lauded Mannville High school for attaining the best average for all Alberta last year. Mrs. Forsyth, the president, thanked Mr Jones for a wonderful job of moderating, and thanked fellow panelists warmly. Mrs. George Younge thanked the young artists who entertained [illegible] audience in their usual charming manner.

Dewberry High School Presents Variety Night

DEWBERRY. — On March 25th the Dewberry High school put on a variety night in the gym to help raise money for the graduation.

Mr. Krugar was the master of ceremonies. The program opened with the Dewberry cheerleaders giving the yells they used when cheering on the basketball teams. The principal, Mr. Kelland, then gave an opening speech.

Some of the numbers were Violet Kraat and Wynona Lunden singing and dancing in older and modern day trends; piano solos by Cheryl Jones and Jean Holman; songs by Louise Rainey and Jean Holman; a pantomine 'Turkish Bath' by grade 12 students; the Elvis Presley act with Elvis acted by Martin Craige, Johnny Machon and Walter Elliot playing guitars and Joe Mistak playing the piano; the girls' chorus; the grade 9 pupils in a short one-act play" Wildcat Willie and the Bearded Lady".

The show was a real success and it is hoped to have more in the near future

Mannville Man Achieves Honor

It is reported to us from the Grand Lodge held at Red Deer recently that Edwin Torrance was given the honor of becoming Grand Standard Bearer in the Royal Black Knights. Edwin is a past master in the L.O.L. at Mannville

Jehovah Witnesses Attend Convention At Andrew

Eighteen delegates from Vermilion congregation travelled to Andrew last week end to attend a three day convention held in the Silver Glow Hall. The group was headed by Mr Abe Friesen who reports the assembly was a [illegible]

A peak attendance was reached on Sunday, when Mr. Charles Hepworth, principal speaker for the occasion, spoke to an audience on the bible subject, "Paradise Earth Through God's Kingdom." Referring to Matt 6 10 and many other scriptures the speaker stated comparing the unrest amongst the nations of the earth with bible prophecies is an undisputable proof that a government of lasting peace is at the door

Saturday afternoon attracted much attention when 5 new ministers were ordained by water immersion

One of the speakers during the three days was Mr Neil Huff of Vermilion. Mr Huff comes from a large family of Jehovah's Witnesses. He has two brothers who have been full time ministers and are now residents in Alaska. Mr Huff spoke Sunday afternoon on the theme 'Publicly Declare the News'

At the close of the convention the delegates were informed of a series of conventions slated for this summer. One of these will be held in Calgary Aug 27-30 and it is expected that the majority of the local members will attend

All present were encouraged to attend a public lecture on Sunday, April 5 "The Perfect Government for all Mankind" is the topic for discussion and will be considered in nearly 18,000 congregations the world around. At Vermilion the talk will be delivered by Mr Friesen in his home.

OUR LETTER FROM EDMONTON

Alberta Loans For Young Farmers Are Increased To $10,000.00

by KEN MASON

EDMONTON — Alberta's program of loans for young farmers should gain wider acceptance under a bill introduced and given first reading in the Legislature last week.

When the bill goes into effect, would-be farmers who want to become established on the land will be able to borrow from the government up to $10,000 instead of the present maximum of $7,[illegible]

The farm purchase credit plan was set up a year ago as a means of helping farmers acquire land, but the government has been disappointed at the response to it.

According to Agriculture Minister Leonard Halmrast, the changes outlined in the bill should remove some of the objections and encourage more farmers to take advantage of it.

A major objection in the past came from retiring farmers who were reluctant to sell their land under the plan because it meant waiting 20 years for full payment.

Under the new bill, the man who sells the land would have to wait only 10 years. The government has decided to let the seller be paid in full before the province receives its share of the money.

Other changes are designed to encourage more municipalities to set up farm purchase boards. While the goverment lends the [illegible] under the plan, loans must be processed by municipal boards. So far, the number of municipalities taking part has remained low.

The bill reduces to 10 per cent from the present 20 per cent the amount of liability the municipal board must carry to cover the risk of a borrower defaulting

In addition, the government will take over the responsibility of insuring the life of the borrower.

Changes in the program will be made retroactive to cover deals already in effect

BIG DEVELOPMENT IN PROSPECT

Members of the House last week received copies of a report from the oil and gas conservation board recommending [illegible] two companies be given permits to export 3.1 trillion cubic feet of natural gas to the United States.

A major debate on the report is shaping up in the House but there is little or no doubt the cabinet will approve the granting of export permits to Alberta and Southern Gas Co Ltd and Westcoast Transmission Co Ltd

Once that happens the companies will have to get federal approvement from the board of transport commissioners and the U. S. federal power commission.

If all this goes through it will be a big thing for Alberta. Among other things, it will mean construction of several major gas processing plants along the foothills of Alberta, a massive pipe line construction program by the Alberta Gas Trunk Line Company and a shot in the arm for provincial revenues when the gas begins moving to California and the Pacific Northwest.

It [illegible] mean [illegible] exploration and development activity in the foothills area from which the [illegible] will be taken for export.

This [illegible] bring about a strengthening of the economy, create plenty [illegible] employment and a long way toward offsetting the effect [illegible] recession.

HOMES FOR THE AGED

Opposition parties in the Legislature are [illegible] accused of obstructing the government. Their persistent questioning of items in the budget estimates this year slowed progress of the House to a snail's pace.

But last week gave a good example of the valuable service the Opposition can perform just by asking questions.

The members across the floor from the government gave the fine tooth comb treatment to a bill which authorizes the government to start building homes for the aged throughout the province.

Their questions turned up a number of loopholes and examples of loose wording and vague [illegible]

The budget estimates were finally approved last week at a night sitting which lasted nearly five hours. Then members concentrated on half a dozen bills which must be given Royal Assent this week so they can be in effect when the new fiscal year starts April 1.

Members are now back from their Easter recess, and have to plod clause-by-clause through 100-odd bills before the House can be prorogued.

NURSING AIDE

A REWARDING CAREER AS A NURSING AIDE

IS OPEN TO YOU! TRAIN NOW TO BE A VALUABLE MEMBER OF THE NURSING TEAM!

Women of all ages may prepare for a career in this important field, through the Schools for Nursing Aides located at Calgary and Edmonton, sponsored by The Government of Alberta.

Complete training of bedside nursing care to patients in hospitals, institutions and homes, under the direction of a doctor or a professional nurse, is provided during a 40-week course. Training includes classroom instruction, as well as practical experience in Alberta hospitals.

NO TUITION FEE REQUIRED! Successful applicants receive a training allowance from The Government of Alberta, as well as transportation costs to the School and to training hospitals.

NEW CLASSES ENROLL EVERY SIX WEEKS:
AT EDMONTON—March 30th, May 4th, June 8th, etc.
AT CALGARY—April 20th, May 25th, etc.

Here is an opportunity for a satisfactory career that offers security for the future to all women 17½ years of age or older, who are in good general health, with a Grade Nine education or its equivalent. Special consideration will be given applicants who have been employed in allied fields. FOR COMPLETE INFORMATION REGARDING THE NURSING AIDE PROGRAM WRITE TO:

Director of Nursing Aide Education,
3221 - 16th Ave. N.W.,
CALGARY, Alberta.

—*(Author's Name Below)—

The compounding of prescriptions requires an infinite amount of patience.

Pharmacists first check the dosage of every ingredient because it is our legal and moral duty to do so

We pharmacists must always make certain that, from the thousands of different medicines in our prescription departments, we select only the specific ones prescribed. We must carefully type on the label the directions, and permanently record the number for future reference. Because of these patient efforts your safety is assured. You can always be certain each prescription is exactly as specified.

A great many people entrust us with the responsibility of filling their prescriptions . . May we compound yours?

WILDMERE WINKS

Teachers and pupils are enjoying the Easter holiday before starting on the last heavy grind of the school term.

There was a nice attendance at church on Easter Sunday. The writer regrets that she was unable to attend. Rev and Mrs Mackay and [illegible] and then following the service they journeyed on to Calgary via Wainwright. Church will be held again on April 12.

On Saturday evening, Mr. and Mrs. Wm. Smith were pleasantly surprised when Mrs Cleland and Willie of Auburndale, and Mrs. Alex Smith and son Scott of Edmonton visited [illegible] Mr. and Mrs. Albert [illegible] and Adam and [illegible] C Cruthers were also visitors with [illegible] the same evening

Our weather has turned a bit cooler lately but it is not cold. We hear quite a lot of farm work has been done in the Auburndale corner. Up to now none has been done in Wildmere.

It must be spring as a bunch of young fellows were playing ball on Sunday afternoon on the diamond near Cruthers place

Mr and Mrs. Hughes of Edmonton visited their son Davis and family of Basswood over the long Easter week end

Mr and Mrs. P McCann from Chatsworth district were Sunday visitors to the Wallington home

Jimmie Wallington was heartily congratulated by many of his friends on Saturday on his election to the hospital board

[illegible] you seen the sale bills [illegible] the auction sale of J. C. Wallington? Many people have been asking whether I will continue the "Winks." Yes, I will be writing them as long as we are in this district and that may be for some time and then [illegible] someone else will carry on. Hope to see you all at the sale on April 8th.

On Sunday, Mr and Mrs. Cliff Cruthers served a buffet supper to thirty-two guests. Among those present were Mr. and Mrs R. Dutton and family of Edmonton Mr and Mrs. Hinchey and family of Edson and Mrs. Winters Mr and Mrs. William Shepherd of Vermilion, Jeanette and Larry Fortin of Edmonton It really was a house full and a good time was enjoyed by all present

On Monday evening the Wildmere W. A. had a social evening with a very good attendance. Three films were shown and a sing-song was enjoyed. Several numbers rendered: Mrs. Cruthers and Mrs. Holte sang "Beyond the Sunset" Albert Smith and daughter Marie sang "In the Garden"; Billie Smith and Linda sang 'Bless This House" and Dave Hughes' daughter Joanie sang "Leaning on the Everlasting Arms" and "A Garden of Prayer." The projector gave some trouble for a time but later everything went off smoothly and the films were enjoyed. It was nice to see Mrs. Marfleet there. She has been visiting her daughter Mrs. Gilbert Harrison and Mrs. Bathe who is visiting her daughter Mrs. Wally Westman and family of Basswood.

Sorry to hear that you have been ill Mrs Webster. Hope you are well soon.

HOW FERTILIZER BOOSTS YOUR PROFIT ON WHEAT

YOU CAN MAKE UP TO $8.00 PER ACRE MORE!

Actual field tests show how your net profit per acre of summer-fallow wheat is boosted by the use of Elephant Brand Fertilizer.

In the table below, note that the increased profit figure takes the cost of fertilizer into consideration. An increased profit of over $8.00 per acre is certainly worthwhile.

Fertilizer per acre . . . 50 lb. 11-48-0 (Cost $2.70)*
Increased yield per acre . . . 9 bu. (worth $10.80)
YOUR INCREASED PROFIT PER ACRE $8.10
OR $810.00 ON 100 ACRES OF WHEAT

*Fertilizer cost figures per acre are approximate.

When properly fertilized, wheat grown on stubble land will show an equally profitable return per acre . . . For greater net profit per acre from any crop on any soil, contact your Elephant Brand dealer listed below for the right information.

It pays to use Elephant Brand HIGH ANALYSIS FERTILIZERS

Health Unit Notes

YOUR CHILD'S SIGHT

Your child's sight is of such great importance that every consideration should be given to its care. If his eyes are injured or inflamed, get medical treatment at once. Do not delay with home remedies. However bathing the eyes copiously with good clean water is good emergency treatment if dirt or irritation gets into the eyes.

If your child has poor vision he is facing life with a difficult handicap. During his early years it limits his experience and lessens his abilities. Parents may not realize that the child's vision is defective He will not complain of poor sight because he has known no better vision. He may act and play as if he can see alright and it may not be until long after he starts school that something is suspected—especially when an apparently intelligent child makes slow progress. He may seem hesitant, awkward, even stupid at school when the real trouble is poor eyesight Many a child has been unjustly branded as backward for this reason.

HIS EYES SHOULD BE EXAMINED

Since a child does not know his vision is poor, parents should have him properly examined by an eye specialist as soon as he is old enough to walk and again at the time he commences school.

COMMON VISUAL DEFECTS [illegible]

Most children are born longsighted. By school age the vision has become normal in 80% of cases. Of the remaining 20% only a little more than half (12% of all children) need glasses. The others (8%) have some visual defect detectable by special tests. However, since their eyes have greater powers of accommodation, these children with slight visual defects are able to see quite well and do not need glasses. No child should be given glasses unnecessarily, but every child who needs glasses should have them. School surveys show that less than half the children who need glasses actually have them.

Glasses are needed if excessive long sightedness persists (hyperopia), if the eyes are irregular in curvature (astigmatism), or if short sight develops (myopia) Glasses and other treatment are needed if cross eyes develop. Short sightedness comes on between the ages of four and five years It may continue to progress until about age sixteen. It usually then becomes stationary. A few cases may deteriorate with great loss of vision in adult life. Children with glasses should wear them while reading or doing close work. Short-sighted children in particular should not try to read small print or hold their work too close to their eyes. Glasses may be worn while at play or games, but shatterproof lenses are recommended. These will crack only if badly damaged and eyes will not be cut by flying glass.

CROSS EYES

About 3% of children have cross eyes. Most cases appear between the ages of two and [illegible], often associated with excessive long sight. This type of cross eyes can be prevented provided an examination is done soon after the child learns to walk and proper glasses are prescribed. Small children [illegible] accept glasses because they [illegible] so much better

Cross eyes usually do not develop suddenly. They may be present to some extent for quite a while before the parents are sure about it. If the eyes are crossed or there is doubt, the child should be taken at once to the eye specialist. No child is too young for treatment. If the case is neglected for six months or longer, treatment will be more difficult and if left too [illegible], one eye may become permanently blind. The cross eyes which develop in early childhood can be straightened and good vision restored in both eyes if treatment is commenced in time. In early or moderate cases, the eyes may straighten with the constant wearing of glasses. In more advanced cases muscle excercises are needed as well as glasses. When the squint is quite pronounced, operating is essential to adjust the length and action of the eye muscles and glasses will be needed afterwards. About 25% of cases need operation This should not be a terrifying experience for a child. He will feel no pain and will only be in hospital for one or two days. There are other less common types of cross eyes, some of which respond to treatment.

Cross eyes are a decided handicap. The child tends to become shy and self-conscious when he learns his eyes are different from those of other children. Their taunts will trouble his peace of mind and may cause a feeling of inferiority When he grows up, he will resent the fact that his eyes could have been straightened. Every cross-eyed child should, therefore, have his chance of cure. No child will grow out of cross eyes and treatment should not be delayed until he is older.

[illegible]

Poor lighting is the commonest cause of eye strain. Even normal eyes tire rapidly when used continuously in poor light. Therefore, no matter how good your eyes or your child's eyes may be, make sure that good light is always available in your home so that your child may do his homework or reading without visual discomfort. There is no excuse for poor light these days.

It is important that schools have properly situated windows and adequate artificial lighting for dull days. This will enable every child to see clearly both close work and what is written on the black board

IN CONCLUSION

Secure medical treatment for eye inflammation or injuries. If your child squints (or one eye turns in, up down or out) or blinks, has marked redness of eyelids, is clumsy when playing, holds things too close in order to see them — he is showing signs of eye trouble. Do not delay Take the child to your doctor, the local health clinic or eye specialist.

All Phases of Health Covered In Annual Health Unit Report

(Continued from last week)

Several needy families received financial aid for spectacles for their children and in many cases the cost was born by the municipality. Some mothers who were left to look after their families with little or no income were interviewed and advised to seek help through the proper channels. Local organizations provided clothing for three families and spectacles for two children. One family of seven was taken into provincial care because these children were being neglected.

IMMUNIZATIONS AND VACCINATIONS

3,[illegible] doses of agents to give protection against a varying number of diseases were given such as diphtheria, whooping cough, tetanus (lock jaw), typhoid fever, and influenza. 811 smallpox vaccinations were performed. A preparation called D. P. T. gives protection against diphtheria, whooping cough and tetanus and very recently a [illegible] preparation D. P. T. Polio provides protection against the three aforementioned and poliomyelitis too. This reduces the number of injections each baby or child requires.

The need for protection of this kind cannot be over-emphasized. Only last December in Alberta a three year old child died from diphtheria: he had never been immunized. Diphtheria is endemic in the province and cases occur from time to time. Whooping cough too, is a dangerous disease and highly contagious. Children under five years of age are particularly susceptible and the majority of deaths occur among those less than two years of age. A special plea is made to all parents to have their babies immunized and as early as possible, preferably beginning at three months of [illegible]

Every child should be vaccinated against smallpox. All children vaccinated in infancy should certainly be re-vaccinated on entering school and again when leaving school. This is considered a minimum and vaccination against the disease should if possible be carried out at five yearly intervals. Parents should request that this is done Contrary to popular belief, vaccination is today as important as ever it was. With modern air travel a man who is a contact of a case of smallpox may arrive in Canada and during the illness which precedes the rash of smallpox may disseminate the disease before a diagnosis is reached. The picture of a smallpox outbreak in an unvaccinated and unimmune population is not a very pretty one.

POLIO VACCINATIONS

7,804 doses of this vaccine were administered to babies, pre-school children and school children throughout the year

DEATHS DURING 1958

During the year, 170 deaths were recorded from the Health Unit area. 37 deaths resulted from cardiovascular disease and in 24 of these deaths was due to coronary thrombosis. Cerebrovascular accidents caused 25 deaths. Deaths from cancer amounted to 26 and two of these both in males were due to cancer of the lung. Injuries from accidents caused 16 deaths and 6 of these deaths resulted from automobile collisions 15 deaths occurred under one year of age. 12 of these in the first 28 days of life.

[illegible]

624 births were recorded. 318 were females and 306 males

SANITATION

Towns and most villages in the area now have a regular garbage collection service. Householders have co-operated by providing covered metal garbage containers for storage of garbage while awaiting colection.

The following figures are quoted from the Department of Agriculture Annual Report on the Rat Control Programme being carried out in the eastern municipalities of this province. "During 1958, over ten tons of warfarin dry mix bait and over 10,000 quarts of water bait were used in the province. An estimated 58,000 rats were killed and 565 colonies of rats were exterminated." Of this total 193 colonies were exterminated on farms in this area bringing the total number of rat colonies exterminated in this area since 1956 to 530

While most infestations have been confined to farms in this area the figures stress the importance of maintaining a good sanitation programme

Regular inspection of dairy plants and dairy farms were made. Frequent samples were taken for bacteriolgical and other examination. The pasteurized milk was very satisfactory throughout the year. Raw milk supplies were fairly satisfactory. The results of all bacteriological samples are sent to all milk producers.

Inspections of grocery stores, warehouses, lockerplants, slaughterhouses and trucks delivering food were made at frequent intervals. Inspection of food stuffs were made on request. Several samples were forwarded to the Federal Food and Drugs authority on analysis.

Extensions to water and sewer services were made in the towns of Wainwright, Vermilion and the village of Kitscoty. A vote of ratepayers in Edgerton approved the installation of a water and sewer system to be commenced in 1959. Flush toilets and wash hand basins were installed at the Vermilion Fair grounds. Frequent chemical and bacterial samples were taken from all municipal water supplies which were very satisfactory. Many samples were taken on request from farm supplies and advice was given on the location and protection of water supplies. Private sewage disposal systems were also contructed on many farms

Sanitation guards the health of a community by inspection of water supplies, sewage disposal, garbage disposal, milk supplies, meat and other food, restaurants and other eating places.

DANCE AT BASSWOOD

There will be a dance at Basswood on Friday, April 3rd Martin music Everybody welcome 37-8

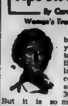
The Canadian Cancer Society was organized in 1938 at the request of the Canadian Medical Association. There are communities where it carries on education programmes and gives assistance to cancer patients It also provides money for re[illegible].

PAID YOUR SUB. LATELY?

Tips on Touring

By Carol Lane

Women's Travel Authority



One of the best bargains you can drive today is gasoline. Not counting taxes it costs about the same as it did 30 years ago. But it is so much better that two gallons of today's gasoline does as much as three gallons used to do.

A bargain like that is worth taking care of. Here are 10 tips on how to make a good buy seem better — by getting more miles per gallon

1. Start, drive and stop smoothly.
2. Drive at a moderate speed.
3. Turn off the engine during long waits.
4. Keep your tires at the pressure recommended by the manufacturer
5. Make sure your carburetor is in good condition.
6. Don't let the engine get overheated.
7. Use the right lubricants for the season in which you're driving
8. Keep the ignition system correctly timed.
9. Replace worn piston rings.
10. Shift to a low gear when going up steep hills.

—S—

The Canadian Cancer Society was organized at the request of the Canadian Medical Assoc

Girls' Auxiliary Enjoys Supper

MANNVILLE. — Completing the final requirement for their Cooking badge, members of the Girls' Auxiliary met at the home of their leader to prepare and cook a supper under supervision. A tasty meal was the result of this planning on Saturday, March 28th.

The girls have finished stuffing their toys, an elephant, dog and rabbit for the coming festival. Transportation for the girls to the festival is to be provided by the kindness of Elmer Kreiser and R. A. Lugg.

GAS NEWSLETTER

NEWS AND VIEWS FROM YOUR GAS COMPANY

Northwestern Utilities, Limited

MODERN HEATING MIRACLE - "INFRA-RED"

Now gas heats anything, anywhere — even out of doors

A new type of heater is now on the market! It uses low cost natural gas — but is different from normal space heaters as it converts the gas into infra radiant heat.

Scientists know that the sun heats the earth with infra radiant heat, not the air around the earth. This is proved by the low temperatures 8 miles up. Likewise, the infra-red gas heater heats only the objects the rays touch, not the air around them. And the life of an infra-red gas heater is practically unlimited, because the ceramic surface is the only part with high temperature.

The ceramic surface of an infra-red heater has up to 300 holes per square inch, and each perforation is an individual gas burner. Combustion takes place below the surface of the ceramic catalyst, producing a surface temperature of 1,400° to 1,600° F. This gives off intense infra-red heat.

The burners are being used to heat sports arenas, stadiums, parking lots, bus stations, garages, airplane hangars, and for other indoor and outdoor applications. In industry, they can be used for many drying operations.

Northwestern Utilities, Limited has a number of infra-red units installed in a [illegible] garage at the Viking Field camp to test their effectiveness in our climate. These units are providing comfortable heat and the saving in fuel costs has been [illegible]

Infra-red heaters . . . another application of economical, versatile natural gas!

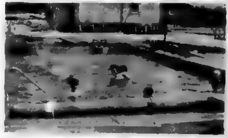
Checked your FURNACE FILTER lately?

If it seems like you've had a long winter — remember, it has been just as long for that filter in your gas furnace. Don't neglect to replace or clean it.

A small replacement cost will be more than repaid in continued top performance — and the discarded filter may be considered to have many times paid for itself in the cleaning and laundry saving it has brought about.

The dust, of course, comes from the house, not the fuel. Air from all parts of the home constantly is being recirculated through the system, and even the most spic and span dwelling constantly is generating countless tiny air-carried dust particles.

Signs of a clogged filter include failure of registers to deliver enough warm air — but the good housekeeper won't wait until that stage.



Come on in . . . the water's fine!

We may be living in the "Frozen North," but our friendly servant, natural gas helps in more ways than one to keep us comfortable during winter. Here's a report for those who long for the pleasures of summer heat January.

Mr. and Mrs. Nick Wilson and family, proprietors of Wilson's Trailer Court east of Edmonton on Highway 14 swam in their own outdoor pool all winter! Using a gas-fired boiler which once was part of the heating plant in an Edmonton institution, the water temperature in the pool is quickly brought up to a comfortable temperature for swimming. The water from the 20 by 40 foot pool is filtered and recirculated through the boiler, and temperatures equivalent to that of natural hot-spring pools are enjoyed.

Here again is one of the many ways that economical gas contributes to enjoyable modern living.

FEATURE by FEATURE . . .

today's Gas Ranges are all new

In the field of gas appliances, models complete with the latest improvements are referred to as "top-of-the-line" models. And during March we have suggested that you look at the "top-of-the-line" gas ranges now on display. The many improvements included in the 1959 gas ranges make all other cooking methods old fashioned! Here are some of the features available on today's better [illegible]

Separate meat ovens grill broil, rotisserie broil or deep pan barbecue broil. Radiants give that ember-like glow and the sealed-in flavor of charcoal broiling.

Some meat specialities are readily cooked in flexible motorized rotisseries. These come with smaller ranges, too

Many gas ranges have a second broiler for party snacks. The good-looking broiling trays double as serving trays.

With a built-in meat thermometer you merely set a dial, insert a probe, turn on the oven and forget it. In some models a signal light tells you when your roast is ready.

Bake ovens feature thick insulation, good circulation and improved door seals for even heat. Oven windows, interior lighting and extra-capacity removable side racks are in various combinations. One maker offers an "oven ready" signal.

Oven controls give extra freedom. One controls six hours of cooking time. New oven burners are faster yet use less gas.

Top "burners with a brain" are being used with built-in griddles for sure results without burning, sticking or smoking.

Super-speed burners, simmer units and disposable aluminum liners for burner bowls are some other features. All gas ranges are easy to clean. In one model the entire top lifts off as a single unit!

Built-in ovens, broilers and surface units offer the widest flexibility of arrangement in cooking history. Their popularity is still increasing.

Lloydminster Band At Mannville

MANNVILLE. What promises to be an evening of fine entertainment is the presenting of a concert by the Lloydminster band. This concert will be sponsored by the Home and School Association on Friday evening, April 10th in the high school gymnasium at 8:00 p.m. Tickets are being sold by the Junior High students and will also be available at the door the night of the concert.

CARD OF THANKS

We would like to take this opportunity to say a heartfelt thank you to all our relatives, friends and neighbors for their comforting visits, flowers, cards, gifts, memorial donations, and help in any way during Otto's illness and our recent bereavement.

Gladys Wolters and family

Otto Louis Wolters Laid To Rest

Funeral services for the late Otto Louis Wolters who passed away on March 13th were held at the First United Church, Vermilion, on Wednesday, March 18 at 2:00 o'clock in the afternoon. Interment was made in the Vermilion cemetery.

The services were conducted by the Rev. C. W. MacKay of Vermilion, assisted by the Rev. Harold Morris of the Presbyterian Church in Lloydminster. Rev. Morris gave a very comforting message to the bereaved. The hymns sung were "My Faith Looks Up To Thee" and "Abide With Me". "The Lord's Prayer" was beautifully rendered by Mr John Webb.

The pallbearers were Messrs Wm. Dyck, Chris Thomsen, D C McGrath, A. Lysons, Andrew McQuid and Etheridge Webber.

Otto Louis Wolters was born in Kimmswick, Jefferson County Missouri, on Jan. 19th. 1901. At the age of ten years he came with his parents to Canada, settling on a homestead in the Tolland district. He attended school at Ganton and later, in 1930 furthered his education by attending Coyne Electrical school at Chicago.

On November 7th, 1934 he married Gladys Evelyn Wilson and the couple settled on the farm in Tolland where he and his family lived until his early passing on March 13th at the age of 58 years, one month and twenty-two days.

He leaves to mourn his loss his loving wife Gladys, two sons Elmer and Franklin of Tolland, three daughters, Susan Alice and Charlotte at home, and Mrs. John Wasylik (Irene) of Vermilion. Since his passing one grandson has been born. He is also survived by three brothers, Elmer Kottmeier of 3708 SW 13th street Des Moines Iowa, Fred Kottmeier and Herman Wolters of Tolland and three sisters, Mrs Orah Dudley of 16228 3rd. Milwaukee Wis. Mrs J W Coward Easyford Alta. and Miss Rosa Wolters of 10834-67th ave Edmonton.

Moyers were in charge of the funeral arrangements.

Beautiful floral and memorial tributes were received as follows:

Memorial fund Ganton-Watson Presbyterian Church: The Preston Families; Watson Family, Procter Family; Wm. Luchyk Family, Eileen and Wes Funnell and Larry, Mr and Mrs Harry Portsmith, Mrs. E Lysons and boys, Betty and Art Lysons and family, Mrs Mabel Webber and E. E. The Importance of Pedigreed Seed
Seed drill surveys conducted in Alberta by the Field Crops Branch in co-operation with the Plant Products Division Laboratories show that many farmers are planting seed that should be rejected for seeding purposes. These surveys show that many farmers are losing money every year by planting non-recommended varieties, seed with low germination and seed that is polluted with weed seeds.
Thinking farmers are ensuring better crops and higher yields by sowing pedigreed seed — registered or certified. This seed assures the purchaser of:
1. Varietal identity
2. Varietal purity
3. High Grade standards — high germination, high level of freedom from seeds of other crops and weed seeds and treatment against disease.
Pedigreed seed, tagged, registered and certified, may be obtained at reasonable prices from seed and elevator companies in Alberta. Good seed doesn't cost — it pays!
Published in the interest of the farmer by the Alberta Branch of the Canadian Seed Growers' Association, and Western Branch of the Canadian Seed Trade Association.

Best At The V. S. A. "Little Royal"

Pictured at the left receiving the grand championship ribbon at the Vermilion School of Agriculture "Little Royal" is Fred Wilson of Killam. The presentation is being made by J. E. Hawker, superintendent of agricultural schools in Alberta. Wilson showed a young Shorthorn beef animal to top the class. Showmanship, care and training of the animal are the basis for this award.

Sixty Students Awarded Diplomas at VSA Graduation

The graduation exercises of the Vermilion School of Agriculture and Home Economics were held on Wednesday afternoon when sixty students were awarded their graduation diplomas.

The program commenced with the fashion parade in which members of the home economics class modelled the costumes they had made during the sewing classes throughout the term. Commentary on each costume was made on each costume by Miss Elaine Rea of Mannville, a first year student.

Guest speaker at the graduation exercises during the afternoon was Mr. Peter Jamieson of Edmonton and former principal of the school of agriculture at Fairview. Bringing greetings from the Alberta department was Mr. Robert Putnam, deputy minister of agriculture. Presentation of the many awards, scholarships and prizes were made by acting principal J. A. R. Palin, Mr Putnam and Mr. Jamieson.

The valedictory address was delivered in a very able manner by Harvey Parlee of Sexsmith.

Winners of some of the major scholarships were as follows: —

Vermilion Board of Trade scholarship awarded to the first year agricultural student considered by the staff to have contributed most to the athletic, social, literary and academic life of the school: won by Miss Laurie Anne Campbell of Edmonton. Miss Campbell was the only girl taking the agricultural courses.

Vermilion Rotary Club scholarship to the first year girl who has made the greatest contribution to the athletic, social, literary and academic life of the school: won by Miss Faye Faresdis, Ribstone.

Monarch Lumber Company General Proficiency scholarship: won by Miss Ruth Andrishak, Elk Point.

Winnipeg Grain Exchange General Proficiency scholarship won by Chester Jarkinisky, Thorhild.

Line Elevators Plant Science scholarship: won by Raymond Bygrove, Hillmond, Sask.

Imperial Oil Farm Mechanics scholarship: won by Hartmann Nagel, Woking, Alberta.

Craig Brothers Animal Husbandry scholarship won by Ralph Grove, Daysland.

Alberta Poultry Producers Poultry scholarship: won by Allen Hirsch, New Sarepta.

The graduating students of the various classes are as follows: —

Wins Two Cars Two Weeks Apart

MORECAMBE March 4th and 18th will long be remembered by Mrs Emil Golinowski of Morecambe. On each date she was the proud winner of a car at the 10-car-bingo in the Edmonton Gardens.

P. V. Girl in Calgary Queen Contest

A former resident of Paradise Valley, Miss Joan Schlott, is the candidate of the special duty section of the Registered Nurses of Alberta for Queen of the Calgary Stampede. Joan was born in Lloydminster and is the granddaughter of the late Mr and Mrs. George Rehill.

Junior High Reporting . . .

Thursday afternoon, March 12, found the school auditorium filled with Junior High students as they watched the High School's operetta, "Rose of the Danube." Everyone enjoyed the play very much.

On Tuesday, March 17, the grade nine students were taken to Edmonton to see the Legislature in session. The students had dinner in the Administrative building. At 2:30 they were taken to the legislative chamber where they watched the legislature in action. At 4:00 p.m., they returned to Vermilion. The Junior High School wish to take this opportunity to thank the following for taking carloads of students to the city: Mrs. Moran, Mr A Jones, Mr H Ford, Mr N. Wasylik, Mr A. Bennett, M. E. Stewart, Mr C. Long, Mr W. Novak, Mr F Welch and Mr. M. Warawa. Thanks also, to Mr Russell Whitson, M. L. A. for Vermilion constituency, for making the various arrangements for the tour of the Legislative Buildings and the Jubilee Auditorium.

The Junior High annual bonspiel was held on Friday and Saturday, March 20 and 21 with Allan Hathaway's rink coming out on top. The members of the winning rink were: skip, Allan Hathaway; third, Tom Payne; second, Jim Leahy and lead, Mary Ann Noonan. Each player received a long playing record with 16 of today's top hit songs on it. Second prize was awarded to Colin Filby, whose rink had to play a tie-breaker with John Redden's rink. They played two ends and Colin won 4-0. Second prize was a box of chocolates for each player. Joe Beatty, boys' sports rep. made the presentations. Miss Sundby was in charge of the curling this year and the Junior High thanks her very much for the time and help she gave us.

In basketball the boys' and girls' 'A' teams played Buffalo Coulee in the school auditorium in Vermilion on Friday, March 13. The Vermilion boys won 28-8 and the Vermilion girls won 43-10.

Flee from Law But Return To Help Injured RCMP Officer

Wonderful Wacky Warwicks Have Strong Supporting Cast

Those wonderful, wacky Warwicks, Bill, Dick and Grant, who are the headline attractions at the Sportsmen's dinner here on April 22nd, will have a strong supporting cast. Besides all the sports celebrities mentioned last week, more seem to be coming all the time.

During the past few days Bud Poile has wired that he will be here, Johnny Bucyk scoring hero of the Boston Bruins in the recent National league play-offs, will be among those present, while Bill Gadsby of the New York Rangers has signified his intention to attend.

It is also hoped that Brent Macnab, local hockey star now with the Vancouver Canucks, will be here if he is within reasonable distance of Vermilion at banquet time.

Add to all these fellows like Don Chevrier, Herbie Olson, Hal Pawson, Henry Martell, and what a gang of athletes and sportswriters you have well worth the $5 a plate and then you are supporting the Vermilion Tigers Hockey club as well - also one last thing we should all remember no one has ever been asked to make an outright donation to the Tigers while under present management!

Tickets for the Sportsmen's banquet are now on sale and anyone wishing to purchase one may do so at Renaud & Casey hardware, Ireland's Wainoco service or from any member of the Vermilion Tigers hockey club.

—S—

Homesteader Of 1908, Fred Arthur Passes Away

Fred B Arthur well known pioneer farmer of the Auburndale district, passed away on Sunday April 5th at the Vermilion hospital. He was 82 years of age. He leaves his wife, two daughters Mrs Ivan McInnes of Auburndale, Mrs. Garwood Delainey of Oswego, Oregon, and one son Melvin of Vermilion.

Mr Arthur was born at Bradalbane P.E.I. on June 9 1876. He came to Alberta in 1907 and to Vermilion in 1908 when he commenced farming in the Auburndale district some 18 miles south of Vermilion. This has, ever since, been the family home.

Funeral services are being held this Thursday afternoon, April 9th at the Auburndale United Church at 2:00 o'clock with interment to follow in the Mount Auburn cemetery.

Moyers are in charge of arrangements.

$12,000 Fire Loss At Heinsberg

Fire destroyed the largest garage in Heinsberg last Tuesday afternoon. Loss is estimated at $12,000.00.

Owner Nick Mykitow said the 60-by-40 stucco building was built less than 10 years ago. It housed the town's only farm implement outlet.

Cause of the fire was an exploding acetylene tank. As the fire progressed, other tanks exploded to speed destruction of the structure.

While most of the firm's stock of machinery was stored outdoors, a late model car and garage equipment were lost.

The fire was the second in less than two months in Heinsberg. The town's hotel, a block from the garage burned to the ground Feb. 26.

Brownies Enrolled As Girl Guides

An impressive ceremony was held recently when Mrs. Callas, Brown Owl of the Vermilion Brownies enrolled the following girls into Girl Guides: Kamie McIntyre, Sandra Gould, Ruth Tovell, as well as Mrs Maxine King and Mrs. Helen Noster of Derwent to be Brownie leaders.

Kamie McIntyre also received her wings to "fly up" from Brownies to Guides.

Lunch was served and the meeting closed with "Taps."

To Celebrate 50 Years in Hardware Business At Mannville, Islay

MANNVILLE When the Leitch Hardware celebrates its official opening since the change-over to Marshall Wells it will be a double occasion for festivity as the business has been incorporated under the Leitch hardware name for 50 years. Starting in business in Islay, Alberta, east of here on the main highway, in the year 1909, Mr and Mrs. Leitch worked hard to build up their business. They came to Mannville to set up shop in 1921 and the store has been here ever since. Two sons blessed the union of Mr and Mrs Leitch, one of whom is owner manager at this time, namely Ross. His elder brother Malcolm along with his father and mother are deceased. Assisting Ross very ably is his wife Helen, a Mannville girl the former Helen [illegible], James Johnston (electrician) and Ralph Leitch (plumber) [illegible] to Ross. Ross is a member of the board of McQueen United Church, a member of the Masons and Elks lodges and as a hobby is extremely interested in the movie camera business, running a most satisfactory camera himself.

The new, renovated store is a fine example of modernism and efficiency and a decided asset to Mannville and the surrounding district.

Local Students At Regina Conference

During the Easter vacation it was the privilege of many of the local students connected with the Alliance Chapel to journey to Regina to attend a youth conference held in the Canadian Bible College of the Christian and Missionary Alliance.

Leaving early on Wednesday morning [illegible] arrived at the Saskatchewan capital [illegible] for the evening sessions of the conference. The trip was made [illegible] bus [illegible] Wm. [illegible] of Mannville.

The conference was [illegible] by the Western Canadian district of the Alliance and there were about 600 attending from the churches throughout Western Canada. There was a large delegation from the local Chapel and M[illegible] tabernacle. Those making the trip were [illegible] Curran, [illegible] Dicke, [illegible] McIntosh, [illegible] Miss Barbara Gunderson, [illegible] Sharon McGill, [illegible] Lenna [illegible] Grindle [illegible] Dibben, [illegible] Sturt [illegible] Hofstrand.

Returning with the group were Henry [illegible] and [illegible] Gunderson, students of the college who spent a few days in town before returning to their studies.

Socreds To Nominate April 15th

The Social Crediters of Vermilion Constituency will select a candidate for the forthcoming provincial election on Wednesday, April 15th at Mannville in the Orange hall. Registration commences at 7:30 p.m.

With the possibility of four candidates being nominated, the registration of accredited delegates promises to be a large one, so everyone should try to be as early as possible. As a result of the interest in the nomination membership in the Alberta Social Credit league within the Vermilion constituency has risen to a new all time high mark.

Humanity Prevails Following 100-m.p.h. Chase After Stolen Car

Two young men, fleeing in a stolen car and being closely pursued by an R.C.M.P. officer from Vermilion, rolled the car over when they failed to make a corner north of Claysmore at high speed and commenced to make their get-away on foot. The police car also failed to make the sharp turn and rolled over injuring the officer. The young car thieves [illegible] some distance away heard the crash and realizing what had happened returned to the scene of the double accident to find Constable Al Coker injured and pinned in the wrecked car. They took him out then sought the nearest telephone and called Moyer's ambulance from Vermilion. They were still at the scene when the ambulance and police arrived. Such briefly is the story of a dramatic car chase and the finale which took place at Vermilion last Saturday night.

Late in the evening Constable Coker of the local R.C.M.P. detachment received a police radio call that a 1959 model Ford had been stolen at Maidstone and [illegible] was believed travelling west on highway 16. Armed with the description and license number Constable Coker drove to the highway on the south side and almost immediately spotted the wanted car going by. He gave chase and high speeds were recorded in the ensuing pursuit. The stolen car left the highway at the north-east Robinson corner hoping to elude the officer and continued straight west to the Claysmore road, then turned north and travelling at high speed came to the sharp horseshoe curve leading down into the Vermilion River valley. They failed to negotiate the turn, crashed over a rough, deep [illegible] and high bank, and followed by chance an old trail leading down the hill for some 200 yards before the car careened into the trees and overturned. The machine is a total wreck but the two youths came out unharmed. The two immediately began to make tracks through the bush. Const. Coker upon reaching the sharp and dusty corner almost negotiated it but took to the ditch and overturned quite [illegible] the road. Hearing the crash, the humane side of the two fleeing car thieves triumphed and they returned fearful of serious injury to their pursuer. Their fears were justified and they helped the victim of the accident for which they were the cause.

Constable Coker is now in hospital suffering from a fractured jaw and a cracked pelvis. He also received a slight skull fracture and terrific jolting up with many bumps and bruises.

The two young men were Robert Beaudry of Lloydminster aged 19 years and Bernard Bourget 18 of Vegreville. The car was stolen in Maidstone being owned by George Brown and had been driven only some 2900 miles. The police car is also badly wrecked.

Beaudry and Bourget will face charges of theft of a car and will appear in police court at Lloydminster on April 14th.

T-V Aerial Blows Over Power Line, Causes Fire At Islay

ISLAY On Monday afternoon during the high wind the whole village of Islay was in a state of fear as the Ivan Inman house was on fire between the walls. The fire was caused by the T. V. aerial blowing over across the power lines causing a short.

Men and women rushed to the scene and how the fire was ever subdued with the fire fighting equipment on hand, was a miracle. Many have long contended that a better water supply is needed on the west side of town. It was the water carried by the women from nearby cisterns and a barrel of water hauled by tractor from the downtown well, 2½ blocks away by B. Teskey that really turned the tide in favor of the fire fighters. The C N R men helped nobly, bringing their equipment, glass bombs and extinguishers from many other places in the village all helped.

Tuesday the people of Islay were thankful that they had their homes, as with the wind prevailing at that time, if flames had broken out, little would be left of Islay today.

New Business Opens in Town

A new business Canadian Consolidated Sales is offering a new service to the Vermilion district. Official opening takes place on Saturday April 11th when there will be door prizes, free coffee, cokes, doughnuts and candy bars. Everybody is invited, bring along the kiddies too.

Complete details of the opening and of the many lines carried by the new retail outlet will be found in their big display advertisement elsewhere in this issue. On hand to serve the needs of the customers will be Roy Jory and Jack Trapp.

Location of the new store is in the former Underdown Wood working shop, between Herrog Motors and the Crown Lumber.

Public Speaking Contest April 10th

Eliminations in the United Nations Pilgrimage public speaking contest, open to high school students, will be held on Friday, April 10 at 8 p.m. in the west end elementary (brick) school. This annual contest is sponsored by the Britannia Rebekah Lodge.

Gideons Place Bibles In V.S.A.

On Sunday afternoon April 5th, local Gideon president Hartley Sorenson assisted by E. Clendenning and Oran Davis from Wainwright placed one hundred Bibles in the local School of Agriculture dormitory rooms.

This is part of the Gideons program of placing copies of the Bible in dormitory and common rooms of all universities and colleges of Canada.

The placing of these Bibles is made possible through the co-operation of university authorities and locally through the assistance of acting principal Alex Palin.

Liberals To Nominate For Vermilion Consty.

Liberals of Vermilion constituency will nominate at a meeting to be held in the Orange hall, Mannville on Tuesday Apr. 21st at 8 p.m.

HELPING HANDS

It's often claimed that the hand is quicker than the eye. Our manual swiftness probably accounts in part for the fact that most of us reach old age without some permanent hand injury.

Since many of us depend heavily on our hands for a livelihood, even a minor injury can be serious. Despite modern safety measures, one out of every four industrial accidents involves the hand.

Regardless of the cause, all hand injuries should be given immediate attention. Prompt care is the key factor in preventing permanent disability.

Everyone should be taught first aid for hand injuries, Dr. Robert H. Kennedy stresses in the New York State Journal of Medicine. He says that protection is the all-important consideration — protection from infection, from added injury and from future disability.

In the pre-antibiotic era, even relatively slight hand injuries led to mutilating surgery, amputation, and even death. Doctors still must resort to surgery for some bad hand injuries. But antibiotics protect the entire body against infection and ward off serious complications that follow even a minor hand cut. Dr. Kennedy, for example, uses antibiotics such as Terramycin and Tetracyn to prevent infection complications when treating hand injuries.

Dr. Kennedy offers these first aid rules for hand injuries: Cover the injured area with a sterile dressing, if available, or with the cleanest material at hand. No matter what cover it. Do not apply antiseptic of any kind to the wound. Bandage hand and separate each finger with gauze. Immobilize hand in position of rest. Contact a physician.

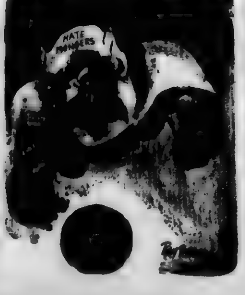
Mentally Healthy? Are You

The theme of World Health Day being that of Mental Health, the Health League of Canada, a Candian Citizens Committee for the World Health Organization puts forward this questionnaire to aid you in taking your mental health pulse. The list was drawn up by Dr. William C. Menninger, President of the Menninger Foundatio, Topeka, Kansas, U. S. A.

1. Are you always worrying?
2. Are you unable to concentrate because of unrecognized causes?
3. Are you continually unhappy without justified cause?
4. Do you lose your temper easily and often?
5. Are you troubled by regular insomnia?
6. Do you have wide fluctuations in your moods, from depression to elation, back to depression which incapacitate you?
7. Do you continually dislike to be with people?
8. Are you upset if the routine of your life is disturbed?
9. Do your children consistently "get on your nerves"?
10. Are you "browned off" and constantly bitter?
11. Are you afraid without real cause?
12. Are you always right and the other person wrong?
13. Do you have numerous aches and pains for which no doctor can find a physical cause?

The conditions chartered in these questions are the major warning signals of poor mental health in one degree or another. According to Dr. Menninger, help is necessary if your answer to any of these questions is definitely 'yes.'

Destroyer Of Worlds



Alberta Report

Anders O. Aalborg, M.L.A. for Alexandra

Alberta will have a record program of highway and bridge construction in 1959. This was made clear by the Minister of Highways, Hon. Gordon E. Taylor, when he discussed the estimates of his department in the Legislature last month.

HIGHWAY, BRIDGE PROGRAM

This year the Department of Highways will spend no less than $72,052,690. The main items in this budget are as follows:

Construction of main highways, $32,531,035; Grants for the construction of market roads, approach roads, natural resources roads and local roads in rural areas $12,450,000; construction of main bridges, $8,000,000; maintenance of main and secondary highways $4,500,000; to reconstruct portions of the MacKenzie Highway from Grimshaw to Great Slave Lake, $4,000,000; to complete the Trans-Canada highway in Alberta, $3,000,000.

SPEED LIMITS

For some years the maximum speed limit on all Alberta highways has been 60 miles per hour in daytime and 50 miles per hour at night. Trucks are restricted to 50 miles per hour at all times, and there is a general provision that traffic must not travel faster than road and weather conditions safely permit. After much debate the 1959 session of the legislature decided to authorize the Minister of Highways to raise the maximum speed limit to 65 miles per hour in daytime and 55 miles per hour at night on four lane highways only, and to reduce the present maximum of 60 miles per hour on highways where it is deemed unsafe to travel at this speed under the best of conditions. These changes will take effect on July 1st this year.

GASOLINE TAX

Alberta car and truck drivers pay the lowest rate of gasoline tax in Canada — 10 cents per gallon. In other provinces rates of gasoline tax are as follows: Newfoundland and Nova Scotia, 17 cents per gallon; P. E. I., 16 cents; New Brunswick, 15 cents; Ontario and Quebec, 13 cents; Saskatchewan, 12 cents; Manitoba, 11 cents; B.C. 10 cents. Over one-half of the gasoline tax collected by the Alberta government is turned over to the municipalities in the form of an unconditional grant over and above all of the usual school, road, hospital, municipal and welfare grants. During the fiscal year just begun it is estimated that the gasoline tax at 10 cents per gallon will yield a total revenue of $24,000,000 of which $15,000,000 will be paid over to the municipalities by the Treasury department to be used in any way which municipalities see fit. This grant is equal to about 12 mills on the total municipal assessment of the province.

DEPARTMENTAL REPORTS

Every department of the provincial government prepares and publishes an annual report of its activities and operations. These reports are tabled in the Legislature and provide a wealth of information and statistics. They may be obtained free of charge by any interested citizen of the province on request. Should any reader of this column wish to have a copy of one or more of these annual reports please drop a line directly to the department concerned or to me.

Rotary Club Discusses Objects

At the weekly luncheon meeting on Friday, Claude Brennan, chairman of the Rotary information committee quizzed the members on the objects of Rotary.

It will no doubt be of interest to many people to see these objects set down in print.

They are as follows:

To encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster

1. The development of acquaintance as an opporunity for service.

2. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opporunity to serve society.

3. The application of the ideal of service by every Rotarian to his personal, business and community life.

4. The advancement of international understanding, good will and peace through a world fellowship of business and professional men united in the ideal of service.

There were three visitors at the meeting: Doug Moore, formerly of the Estevan club, Richard Larsen and Harold Elliott of Lloydminster.

Ken Rowe gave an interesting report on his recent trip to Vancouver.

APPRECIATION

Islay, Alberta,
April 17, 1959.

Editor, Vermilion Standard.
Vermilion, Alta.

Dear Mr. Cooper:

Be it ever so humble there is no place like home. A friend in need is a friend indeed.

These old proverbs describe our thoughts last Monday when our house caught fire, and men and women alike courageously responded to the call for help.

Words alone could never describe our gratitude, so we take this means to simply say we are deeply grateful to all who worked under what appeared insurmountable odds, to save our home from complete destruction.

Ivan and Esther Inman.

SQUARE NOTES From Circle 8

Hi square dancers, another dance is coming up on April 14 in the Legion hall and as this is our last dance of the season we would like to see you all come out to it. The annual meeting is to be held immediately following this dance as it was thought there would be a better attendance after a dance than if it had been called on some other night.

Some of the local dancers went to Streamstown recently, hoping to bring back the friendship plaque but were outpointed by the Vegreville club. We hope to try again on the 8th. A few couples from here attended the recent evening of round dancing held at Blackfoot.

Well, that's all for now square dancers, we hope to see you all out on April 14th in the Legion hall when Art Zeigler of Vegreville will be doing the calling.

Dear Editor:

The response for funds to the Marwayne Cenotaph Committee was not as generous as we had hoped for. If this was because our canvasser failed to call upon you, please forgive us. Any contribution, large or small will be gratefully received to help build this beautiful spot in our community.

If it is more convenient for you, contributions may be sent or given to Mr. J. Reinheimer at the bank.

Thank you very kindly for your donation.

Yours truly,
Marwayne Cenotaph Committee.

Dewberry Ladies' Aid Discuss Projects for the Year

The April meeting of the Dewberry Ladies' Aid was held at the home of Mrs. Wm. R. Young with ten members present. Following the opening hymn, "Blest Be The Tie That Binds", Mrs. S. Websdale read from the Bible and Mrs. Pround from the Upper Room.

The minutes of the previous meeting were read and adopted. The Easter tea was most successful and it is desired to thank all those who made this possible, either by donations or their attendance at the tea.

Mrs. Wilson made communion cloths for the church and Mrs. Windlach donated material and made it into curtains for the church windows. Both these ladies are thanked for their generosity and kindness.

Motions were made to pay the required sums of money to the United Church hostel, the Bible Society and Lord's Day Alliance. A donation will also be sent to CARE.

Mrs. Websdale kindly donated ten dollars towards a United Church service at Lloydminster which will be sponsored by the Dewberry L.A.

It was decided that the old rug formerly used in the church be cut into two pieces and used elsewhere in the church.

A discussion on a Horticultural society took place. It is hoped that some organization will take this matter up. Although suggested by the Ladies Aid it is felt that the Aid should have no connection with the formation of a society. Several members made it known that they would like to join.

Even though chicken supper time is a long way off it was decided to again have one along with the fall bazaar. This will give an early start to all those wishing to do sewing for the bazaar.

Everybody was asked to act on the visiting committee. The meeting closed with the benediction after which lunch was served by the hostess.

The next meeting will be held at the home of Mrs. Harold Craige.

The Bible Today

The Austrian Bible Committee is working on the first edition of the new testament in the Ilamba language, which will be sent to the Ilamba speaking people in East Central Tanganyika as a gift from the Protestants in Austria.

The translation was made in Tanganyika by a committee appointed by the Lutheran Augustana Missions of America, while the original suggestion to undertake this project came from Bishop Eivind Berggrav, who was President of the United Bible Societies.

Suggested readings for next week:

Sunday, April 12 — 1 Sam 10: 14 - 27
Monday, April 13 — Rev. 3: 7-22
Tuesday, April 14 — Rev. 4: 1-11
Wednesday, April 15 — 1 Sam 14: 1-15
Thursday, April 16 — 1 Sam 14: 16-35
Friday, April 17 — 1 Sam 11: 36-52
Saturday, April 18 — 1 Sam 15: 1-16

Don't push the law of averages too far when it comes to taking chances on the highway.

NEWS from ISLAY

Mr. and Mrs. White and two children from Marysville, B.C., and Mr. Grech of Mannville, were visitors at Mr. and Mrs. Bruce McLennan's on Saturday. On Sunday Anne and Bruce attended a family gathering at the Grech home in Mannville. Mrs. White is a sister of Mrs. McLennan.

On Sunday evening there was a birthday supper at Mr. and Mrs. Neil McLennan's, being Ken's birthday April 4th. Mr. and Mrs. Sophus Olsen of Kitscoty, Miss Janet Kent, and Mr. and Mrs. Bruce McLennan were guests.

Mr. and Mrs. Dave Martin were in Edmonton over the week end. Mrs. Ollie Midgley was at the Martin home.

Miss Jeanie Axley spent the week in Edmonton at the Ken Reid home.

Mr. and Mrs. Jim Miller spent Easter week end in the city visiting their sons [illegible] and Russel. Son Gerald attended the store here.

Walter McCaughan and Mr. Joe Heslop had a very nice ten days at Vancouver and Chilliwack. Quite a rain was experienced at Chilliwack, in three days they had 12 inches. The grass is quite green and flowers are blooming.

The Islay United Church W.A. met at the 'manse' in Kitscoty last Thursday with 19 members present. Mrs. Lila Waterfield led the devotional period. Mrs. Axley and Mrs. Edna Torrance sang a duet "It Is No Secret", and Mrs. Inman and Mrs. Martin sang "In the Garden", both much enjoyed. Of the study book the chapter on "Alaska" was given. It was decided the W.A. would quilt a quilt for Mrs. Potvin on Tuesday afternoon in the church hall. Final arrangements were made for the tea on Friday, April 10th. To add to the Red Cross fund it was decided to invite Mr. Heckbert on April 17th to show pictures of his trip overseas at which a collection would be taken. This is to be held in the church hall. Coffee and real home made doughnuts will be served. Keep this date, Friday, April 17th, 8 p.m. free, thus aiding Red Cross funds.

On Friday April 10th Hon. Mr. Aalborg will address the Islay Home and School at 8 p.m. in the hall. Topic "Education". For this one time the H. & S. is meeting in the hall. Hope to see you all there.

WILDWOOD EAST

Mr. and Mrs. J. A. Smith of Hythe visited at the Alfred Jack home at the week end.

Mr. and Mrs. D. A. Drysdale, Carol and Gail spent Easter in Edmonton with the Stoddart and Shaner families.

Mr. J. G. McKay of Wainwright is visiting his daughter Mrs. A. S. Jack.

Mr. and Mrs. Bill Kachuk and family were guests at the C. N. Jeffery home recently.

The Gale Gertug family enjoyed an evening with the Fred Sparberg family last week.

At a recent meeting [illegible] F.U.A. heard a very interesting report given by Mr. Karl Mark and of his trip to Ottawa. The members also started on plans for their [illegible] Farmers day June 12th.

Mr. Allan Drysdale entertained at a stag party during the holidays.

Mr. and Mrs. M. I. Granger and family came from Stettler to spend Easter with Ada's parents Mr. and Mrs. C. D. Jack.

Mrs. [illegible] Stone entertained the W.W.W. ladies at the regular meeting of that club.

Mr. Dick Smith of the R.C.A.F. Edmonton spent last week with Mr. David Jack.

Mrs. [illegible] Jack was a holiday visitor in the capital.

Mrs. [illegible] Stone was hostess at a shower for Miss Elise Jack whose marriage to Mr. [illegible] takes place April 11th. When the teacher [illegible] rang the bell she found the little red schoolhouse filled with gift parcels instead of pupils as she was used to.

Mr. Alf [illegible] made a [illegible] trip to the city last week end.

The directors of the [illegible] telephone company held a special meeting [illegible] completion of the [illegible]

Miss [illegible] and Howard Stoddart visited their grandparents during the Easter holidays.

School Board Deals With Many Subjects in Two-day Session

The regular meeting of the Divisional Board of the Vermilion School Division was held at the Divisional Office on March 24 and 25, with all trustees in at[illegible].

Superintendent S. D. Simonson was present at the meeting.

Representatives from M. D. Vermilion River No. 71, J. H. Kelly, D Wilson with Secretary-Treasurer A. R. Kay, attended the meeting to discuss the 1959 budget. Particular attention was given to principal items showing considerable increase over 1958: Teachers' Salaries, Debenture Costs (buildings), Caretakers' salaries, Transportation of Pupils and 1959 Building Program.

KITSCOTY S. D.

Board approved rental of one room building as Scouts' Hall at Kitscoty for three years at nominal rental of $1.00 per year.

RIVERCOURSE S. D.

Trustee A. F. Weeks reported on gas explosion at well house at Rivercourse School. Provincial Inspector will be asked to make investigation.

TEACHERS SALARY SCHEDULE, 1959 - 1960

Messrs C. A. Richardson, John David and J. F. Welsh attended the meeting to submit proposal for consideration of the board for 1959-60 salary schedule. Limits as outlined in proposal are from minimum $3,000.00 for beginning teachers to $7,950.00 maximum for classroom teachers with additional amounts to be paid principals and vice-principals for supervision. Committee suggested that participation scheme in Medical Services be a condition of employment for new staff members. Divisional Board will study proposal at length and present counter proposal.

ANNUAL MEETING IN SUBDIVISIONS

Minutes of annual meetings in subdivisions were read. Board approved suggestion that one annual meeting be held for all subdivisions at Kitscoty.

CLANDONALD S. D.

Copy of minutes of annual meeting at Clandonald S. D. reported request for centralized board. Committee was appointed to report at next meeting.

DEWBERRY S. D.

Request for use of room for Sunday service by Alliance Chapel in a building not presently used as school was referred to local board at Dewberry.

ISLAY S. D.

Request for pupil, Rose Zuk, transfer from Louise Lake to Islay school was approved.

TENDERS

Tenders received for buildings advertised for sale were reviewed and successful tenderers were as follows:

Campbell Lake School — J. F. Tellner. Barn, Clear Range — D Ross.

Crown Hill School — tenders for school to be re-submitted.

Barn and Pump — Baron Bros.

Grainview S. D. — School, Barn and Site — H. K. and S. H. Gould. Toilets — W. Behnke.

Fenham S. D. School, barn, and site—Mrs. M. Flewell. Toilets — C. Cook. Teacherage — S. A. Anderson.

Lavada S. D. Barn — D. Ross.

Lea Park S. D. School — Mr H. Cundiffe. Barn — G. Hansen. Coalshed G. Hansen; Site — W. Hansen.

Vanesti S. D. Barn, M. Seite.

Westdene S. D. Barn - G. Finlay.

PRESTON S. D.—

Board considered proposal for provision in current budget for additional building at Preston Centralization. Proposal was deferred with present basement room to be continued in use for 1959-60.

BUS REPORTS—

Reports from Highway Traffic Board Inspector [illegible] new vehicles for C. McLean and G. Rainey at end of present term if extensive improvements are not effected.

GROUNDS EQUIPMENT—

Board approved provision of $5,000.00 in budget for grounds equipment at school grounds at various points.

Messrs. Miller and Brennan were appointed committee to investigate quality and cost of equipment made in Lloydminster.

Superintendent's Reports

Printed copies of report were studied on staff, visits to schools, building inspections, Lloydminster Retarded Children's School, Home and School meetings, physical education surveys, audio visual aid service. Report was adopted and ordered filed.

J. E. Miller and J. K. Hale reported on attendance at Zone 3 convention in Edmonton—lecture on health and personal development, value and functions of local board and provincial salary schedule negotiations.

CARETAKING SCHOOL

Board approved holding of courses for school custodians to be held at Dewberry school on Tuesday, March 31.

1959 BUDGET -

Representatives from councils of Town of Vermilion and M. D. Vermilion River were present as 1959 budget was reviewed. Expenditures for 1959 will exceed those of 1958 by approximately $110,000.00 with the following main items of expenditure: Administration $19,201.71, Instruction (Salaries) $480,000.00, Instructional aids $38,500.00, plant operation and maintenance $114,850.00, transportation $235,000.00, Dormitory $8,000.00, Tuition fees $25,000.00, Capital Expenditures from Revenue $27,500.00, Debenture Payments $105,986.85, Bursaries $4,000.00 and Miscellaneous $1,000.00.

New Buildings 1959

J. E. Miller was authorized to visit council meeting, M. D. Vermilion River, to discuss methods of financing cost of construction of new building at Louise Lake S. D.

Tributes, Certificates and Talks Feature Agricultural Banquet

Verbal tributes to E. H. Buckingham, retiring district agriculturist, and presentation of certificates to participants in a farm and home improvement project, were among highlights at the annual dinner meeting of the Vermilion Agricultural Society.

Also featured on the excellent dinner program were illustrated addresses on agriculture in Egypt given by Mr and Mrs. N. N. Bentley.

Mr Bentley, on leave as principal of the Vermilion School of Agriculture, spent one year in Egypt as an adviser on agricultural education, working with the UNESCO organization. Mrs. Bentley accompanied her husband and both showed color slides and explained many issues facing agriculture in Egypt.

Mr Bentley is at present conducting a survey for the federal government on agriculture.

Orton Strome, president of the society, presided, and S. Carl Heckbert, a past-president, introduced the head table and other special guests. Among special guests was J. W. G. Morrison, for many years a member of the society who received tribute for his efforts with the society.

Head table guests, besides Mr and Mrs. Bentley and Mr. Strome included Mr and Mrs. George Maggs, Mr and Mrs. W. H. Duncan, Mr and Mrs. Gordon Larsen, Mr and Mrs. J. A. R. Palin, Mr and Mrs. Morley Douglas, Mr and Mrs. A. Roland, Mr and Mrs. C. E. Thompson, Mr and Mrs. W. R. Cornish, Mr. and Mrs. E. H. Buckingham and Mr. and Mrs. W. D. Williams.

Mr Palin is the acting principal of the school of agriculture here and Mr Douglas will take over district agriculturist duties from Mr Buckingham. The latter, in reply to tributes paid to him, said he was pleased to see Mr Douglas appointed DA as many persons in the Vermilion district had favored such an appointment.

OUTLINED PROGRAM

Mr. Douglas gave an outline of the Vermilion district's farm home and improvement program and expressed himself as pleased with the results to date. He stressed that there are two methods of conducting such a program. One by group and the other by individuals. He added that so far the individual approach had received good results, but hoped that a group program could be carried out.

Mr Palin, in a brief address, congratulated outstanding livestock breeders in the Vermilion district, stating that they had brought great honor to the district. He expressed confidence that they would continue to add to their laurels.

Mr. Heckbert, speaking on the retirement of District Agriculturist Buckingham, stated that the DA had made a "great and magnificient" contribution to agriculture in the Vermilion district during his years as an agriculturist. On behalf of the society he extended to Mr. and Mrs. Buckingham good wishes on their retirement.

WILL [illegible] CLUBS

In reply Mr. Buckingham stated he had found residents of the district "most co-operative," and added that his major regret in leaving office would be the loss of contact with the Junior 4-H Clubs in the district.

"I found the club leaders and the 4-H Club membership most wonderful and I shall regret my loss of contact with them when I retire from office," Mr. Buckingham stated.

The color slides shown by Mr and Mrs. Bentley provided a vivid inside view of life in Egypt, not only in the field of agriculture but also on the social side. Each gave an exceptionally fine commentary as the slides were shown.

Among families receiving certificates in the farm and home improvement program were W. Linchbury, Mannville; E. G. Bauer, Mannville; Albert Duncan, Vermilion; Leonard Kenzie, Vermilion; Kenneth McCrae, Hector Cameron, Donald Wilson, J. M. Jarence and W. S. Jaremco, all of Vermilion; Sandy MacMillan, Clandonald; Keith King, Vermilion; Roy Oldenburg, Tolland; G. W. Funnell, Vermilion; J. Anderson, Dewberry; Ernie Davies, Dewberry; E. L. Garnier, Dewberry.

48 YEARS AGO

APRIL 3, 1911

New post offices have been opened at Claysmore and Frog Lake.

The A. E. Howard Company of Vancouver have sent the board of trade a complete set of cuts of views of Vermilion and district.

Unsettled weather prevails, and several inches of wet snow has fallen during the week.

—S—

The first oil well in the U. S. was drilled in Titusville, Pa., in 1859.

Easter Services At Dewberry

On Good Friday evening Rev. Shortt conducted a well attended and heart-warming service in Dewberry United church. Mr. Harlan Green favored with two flute solos, Mr W. L. Kruger sang "The Pierced Prince", and the choir rendered their special Easter music to lend much to the evening. New members were received and communion was held.

Easter Sunday morning the C.G.I.T. sang "He [illegible] Not Die in Vain". Mrs. Mary Davies sang "The Old Rugged Cross". Mrs. Don Maddex rendered the solo "Why Does He Love Me So?". Cheryl Jones was the organist. The picture "The Head of Christ" was presented by Miss Barbara Mead from the Sunday school and C.G.I.T. Mr. Neal Jones received it and Rev. Shortt dedicated it to the congregation for its use in the church.

Box No. 1 . care of The Vermilion Standard

Sixteen Years Ago

APRIL 8, 1943

W. H. Graham has tendered his resignation as secretary-treasurer of the town of Vermilion owing to ill health.

Barney Conlon, son of Mr. and Mrs. Conlon, well known farmers of the Rusylvia district, has just won the featherweight boxing championship of the 5th Canadian division overseas.

Homer Campbell, well known Hereford breeder, sold a bull recently for $1,320.00 at the Calgary Spring Livestock sale.

Judging from the present appearance of the town, spring is [illegible] here, and only the odd drift of snow is in evidence.

W. B. Mix is now engaged in a truck run over a 700 mile stretch of the Alaska highway from [illegible] Creek to Watson Lake.

Wm. Chase, local photographer, whose hobby is horses, has recently leased the Manyluk livery barn and has commenced a riding [illegible].

A large class of 157 C. W. A. C. graduates complete their basic training course at the Vermilion training centre this week end.

32 Years Ago

APRIL 7, 1927

J. W. G. Morrison was re-elected president of the Vermilion amateur athletic association. It was decided to make it an incorporated body.

Mr and Mrs. William Mace moved to Innisfail last week.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Mr. and Mrs. T. W. Scott of Vermilion wish to announce the engagement of their daughter, Joy Dalkin, to Mr. Cal Imrie, son of Mr. and Mrs. George Imrie of Neilburg, Sask. The wedding will take place on Saturday, April 18th at 5:00 p.m. in the St. Saviour's Anglican Church, Vermilion, with Lt. Moore of the Salvation Army officiating. Reception at the Legion hall at 7:00 p.m. Friends please accept this as your invitation.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Robert B. Carmichael of Vermilion, announce the engagement of their daughter Suzanne Lenore, to Mr. Edward A. Frissell, son of Mr. and Mrs. Wilbert A. Frissell of Vermilion. The wedding will take place at the First United Church, Vermilion, on Wednesday, April 29th, at 7 o'clock p.m. Reception to follow in the church basement.

—S—

Mr. and Mrs. Ken Rowe returned to Vermilion last week after a very enjoyable holiday spent visiting relatives and friends at several coastal points.

Mrs. J. S. Graham of Swift Current, Sask., visited her mother Mrs. L. Eidem over the Easter holidays.

Mr. and Mrs. Ralph Cudmore Sr. of the Millet district spent Saturday and Sunday in Vermilion, guests of Mr. Cudmore's son Ralph and family.

Master Wayne Cudmore spent the Easter week holiday at the home of his brother, Mr. and Mrs. Ralph Cudmore and family in town.

Mr. and Mrs. Bill Hunter and daughters Johanna and Gail, and baby, spent the week end visiting Mrs. Hunter's parents near Saskatoon.

—S—

Mr Wib Elliott, former Vermilion old timer now living in Fort Saskatchewan with his son Arthur, was an Easter week end visitor in Vermilion at the home of Mrs. H. Elliott. Also at the same home over Easter was Mrs. George Geurney of Edmonton. They both returned home Sunday afternoon with Mr. and Mrs. Robert Elliott of Edmonton who had been visiting relatives at Marshall, Sask., and at Dewberry.

—S—

IN MEMORIAM

In ever loving memory of *SARAH ELIZABETH HIND* who passed away Apr. 16, 1955.

"Deep in our hearts you will always stay,
Loved and remembered every day."

Ever remembered and sadly missed by her loving husband and brother.

Mr. and Mrs. Albert Miller and Miss Lena Miller were called to Medicine Hat last week by the illness and death of their father Mr. Fred Miller who passed away at the age of 78 years.

Surprise visitors at the home of Mr. Graham Skinner were his daughter Mrs. Gordon McIntosh with twin daughters and two sons from Vegreville, Mr. and Mrs. Gordon Mathison and son Jim of Dewberry, Miss Grace Smolyk of Vegreville, and Mrs. Oscar Peterson of Marwayne. The occasion was Graham's 78th birthday on April 2. A very delightful time was enjoyed.

—S—

Miss Alice Keith is in Calgary this week attending the Provincial annual meeting of the I. O. D. E.

Sympathy is extended to Mr. Milo Brower who was bereaved by the death of his brother Chester Leo Brower of Bluffton, Alberta. Chester passed away on April 2 at the early age of 45 [illegible]

Mrs. M. A. Fallow of Edmonton, son Bill and daughter Joanne were visitors in town during Easter week, guests at the home of the former's mother, Mrs. L. L. Kahoe.

—S—

Visitors in Vermilion and district for a day were Sgt and Mrs. Fred Waite and daughters Arundell and Kim. They visited Mrs. Waite's sister, Shirley Emsland and family at the farm south of town, and at the home of Mrs. Waite's parents, Mr. and Mrs. V. H. Cooper. On the return trip to Edmonton they were accompanied by Mrs. Emsland. On Sunday morning Mr and Mrs. Cooper, Jim Emsland, Sharon and Roddy journeyed to the city, returning Sunday evening, bringing Mrs. Emsland back with [illegible]

BORN — In the General hospital, Edmonton on March 22, to Rudy and Alice Scheibelhofer (nee Thompson) a son, James Anton, 9 lbs., 2½ ozs., a brother for Cammy.

Mr. and Mrs. Albert Mix and family motored to Cabri, Sask., near Swift Current, where they visited Mrs. Mix's parents during the Easter vacation.

Mr and Mrs. George Edgelow and family left Vermilion this week for Leduc where George has purchased a partnership in an I. H. C. agency. Other branches of the business are located in South Edmonton and Wilkie, Sask. He will be succeeded here as zone manager of the I. H. C. by Mr Mac MacLeod. Mr and Mrs. Edgelow and the children will be greatly missed in Vermilion, being very active in young peoples circles and in the work of the United Church.

—S—

Mr Morrison Smeltzer brought Gerry Smeltzer and Roland Trapp down from Edmonton to spend their Easter holidays with Keith King. They also visited their friend Richard Brennan. Little Miss Yvonne Puckett was a guest at the King's for Easter week.

The following names were omitted from the list of those donating to the crippled children's fund in memory of the late Mr James Waterworth of Clandonald: Mr and Mrs Ed Etherington, Mr and Mrs Fred Goddard, Mrs F. Etherington Sr., Mr and Mrs Roy Etherington, Bill and Mary Thompson, George and Thelma Carlton.

Hi-C Notes

The Hi-C young people met on Thursday, April 2nd for a social evening. It consisted of a weiner roast at the lake, followed by games, dancing and lunch at the church. It was thoroughly enjoyed by everyone present. We would like to thank Mr. and Mrs. Alfke for chaperoning the party. This was really appreciated. Thanks are also due to Judy Long and her group who organized the activities and to Margaret Rooks for her work with the games.

No Hi-C meeting was held on March 22nd because of exams, or on March 29th, but the regular meeting was held April 5th after which the young people joined the rest of the congregation for 'family night'.

Ushers for Sunday, April 12th will be Dick Upshall, Glen Manyluk, Alex Russel and Bob Waldenberger.

—S—

BORN — To Pat and Gus Thursby of Edson, on April 5, a daughter, Joan Elaine, weight 7 lbs. 2 ounces.

Mr. and Mrs. Albert Bonin of Leduc, parents of Mrs. Harold Moyer of Vermilion, observed the 50th anniversary of their wedding on March 31. They received congratulations from far and wide and many affairs were held in their honor, including a family gathering attended by twenty relatives.

—S—

Amateur Night and Dance at Islay

The Islay Community Association is sponsoring an amateur night and dance in the Islay community hall on Friday, April 24, commencing at 7:30 p.m. Entries may be placed with Mrs. B. Teskey ph. 28 or Mr D. Torrance ph. 32, Islay, before 6 p.m. Apr. 22nd. No contestant shall appear more than once in any class. [illegible]

Use of daylight saving time was first advocated in England in 1907.

Calf Oddities At Dewberry

Two calf oddities have recently made their appearance in the Dewberry district.

A two-headed calf was born on the Philip Porter farm. The heads were complete with four eyes, two noses and nostrils, two mouths but had only two ears. This calf did not survive. It will be stuffed and mounted.

A tiny heifer calf weighing only 28 pounds and standing 20 inches high and 24 inches long, was calved at the farm of John Maltais. It wasn't premature in any way and is lively and quite natural except for her size. Another calf born the same day on the Maltais farm weighed in at 65 pounds, which is about the average weight, but which made quite a contrast with the tiny one.

Whist Parties Much Enjoyed

The whist club started activities in January this past winter with parties being held at the homes of Mr and Mrs. Harold Cooper, Mr and Mrs. Sweet, Mr and Mrs. Frank Stone, Mr. and Mrs. Norman Stone, Mr. Ray and Richard Goad, Mr. Gerald and the Misses Verna and Gladys Boyce.

A pot luck supper was held at the home of Mr and Mrs. Norman Stone to complete the enjoyable series of parties and to present the grand prizes which were won by the following: — ladies 1st — Winnie Stone, 2nd — Verla Sweet. Gents — 1st — Allan Stone, 2nd — Frank Stone. The young people provided an evening of hilarious fun. The club is still without a name — any suggestions?

Dr McCrae of Lloydminster will re-open his Chiropractic office on Tuesday, April 14. Hours will be from 10 a.m. to 5 p.m. Tuesday through Saturday. Closed on Monday's. Phone 2834 Lloydminster. [illegible]

Geese Sighted

A small flock of five geese were sighted by Mrs. L. Van Nest of Claysmore on Friday April 3. They were flying in a south-westerly direction so may have been reconsidering their early migration.

IF YOU BREAK EM
WE REPLACE EM

. . . that's EMPIRE the sweep with the down-to-earth GUARANTEE

That's right! If an Empire sweep breaks — bring it back for free replacement. Of course, if long, hard service has worn it right down to the stem — or young Joe hits it with a sledge-hammer — we know you'll be only too pleased to buy a new one. Ordinary wear and tear won't shorten its long life one bit, thanks to Empire's exclusive "Isothermal" heat treatment for extra toughness.

In deep tillage cultivation, wear and tear on both sweep and cultivator, depend on perfect matching of sweep stem angle to chisel plow shank angle. Only Empire, specialists in tillage tools since 1840, make sweeps in 4 different stem angles.

Write for free literature on Empire high carbon steel sweeps, shovels, teeth, chisels, spikes and seeds — they draw light, scour freely and last, and last . . . under all soil conditions.

Mr. Farmer!

You can have 600 bushels of grain cleaned at your Seed Cleaning Plant for 12 years for what you would pay for a small fanning mill . . . after 12 years you will need a new one.

You can also get your grain treated the modern way for the price you pay for materials.

So why not have your grain Cleaned and Treated the modern way, instead of just removing the horse shoes and long straws?

McLaughlin's Self-Serve

The Homemaker
Donna Westendorf
District Home Economist
Lamont, Alberta.

It seems we get busier with each passing day, now that spring is here. If you have not already bought your seeds, the sheet "Vegetable Varieties Suitable for Freezing", available free from this office will be helpful. Horticulturists and home economists spend many hours testing various varieties. Learn from their experience, rather than poor quality products.

The bulletin "The Salad Bowl" is very good. It contains ideas that will be ideal for salads — right now while we are waiting for fresh vegetables from the garden. Try 'Swiss Steak' for a lift. It is so good and can be prepared early in the afternoon and by supper time a delicious meal is waiting. Try this method:

Choose a two-inch thick cut of round steak and cut in individual portions. Cover a board with flour seasoned with salt and pepper. Place pieces of steak on the board and flour top of meat. Pound steak with meat hammer (dinner plate) to force flour into the meat. Turn steak over and continue pounding until no more flour is taken up by the meat. The method of cooking is simmering.

Brown floured steaks on both sides in a little hot fat in a heavy skillet. Then, add a small amount of liquid-canned tomatoes or bouillon. Seasonings such as sliced onion may be combined.

Perfect Swiss steak requires no knife. It should be fork tender from long, slow cooking. Two hours is none too long for an inch cut of round steak. The gravy on the meat should not require extra thickening if you used just enough liquid to almost cover the meat but not drown it. Celery, onions, carrots and tomatoes are popular vegetable accompaniments for good Swiss steak.

Men who give in if wrong, are wise; men who give in if right—are married.

NEWS from KITSCOTY

Easter Sunday guests at the home of Mrs. J. Leighton and Art were Mr. and Mrs George Leighton and baby daughter of Sexsmith; Mrs. Hugh Leighton of Paradise Valley, and Mr. and Mrs. Bill Leighton and family from Streamstown district.

Mr. and Mrs. W. Clifford and the boys spent the long Easter week end visiting with relatives at Ending, Alberta.

Professor Edward McCourt, Mrs. McCourt and family of Saskatoon, spent the Easter week end here visiting with their father, Mr. W. A. McCourt, brother Bert and family.

Mr. and Mrs. Donald McLean and girls spent the Easter holidays visiting with relatives in Edmonton.

Miss Kathleen Lang and Miss Deanna Green spent part of the school holidays visiting relatives in Edmonton. They returned home with Mr. and Mrs. Elmer Lang and Mrs. W. Lang who spent two days in the city during Easter week.

Mr. and Mrs. Cliff Miller spent part of the holiday week at Westlock visiting with their aunt and uncle, Mr. and Mrs. Crone and family.

Mrs. V. Custer and boys from Baljennie, Sask., spent the holiday week with her parents, Mr. and Mrs. R. Besse and other relatives.

Mr. and Mrs. George Blanchard of Sonningdale, Saskatchewan and Mr. and Mrs. Claude Blanchard of Kamloops, B. C., visited at the R. Besse home last Thursday.

Mr. Merne Dale and daughter Merna of Calgary visited here last week for a few days with Mr. John Dale.

Mrs. A. E. Potter and Marcella were guests at the home of Miss Joanne Wutherick of Vegreville for two days last week.

1200 Attend The V.S.A. Little Royal and Achievement Day

Over 1200 people thronged the Vermilion Agricultural School on Wednesday last, the occasion of the Little Royal Stock Show and Achievement Day.

Fred Wilson, of Killam, showing a Shorthorn heifer, won grand championship honors at the Vermilion School of Agriculture's "Little Royal" fair here Wednesday.

Herbert Smith of Irma, showing a market class swine, was second and in third place was Joseph Cameron, of Sedgewick, showing a sheep.

The judges were two former graduates of schools of agriculture in Alberta, Charles Gordon of the provincial livestock branch, a former graduate of the Olds school, and W. Lyle Robinson of Vermilion, a prominent breeder of the Vermilion district, a graduate of the Vermilion school.

The hundreds of parents and friends of students of the Vermilion farm school were taken on a tour of the agricultural school and observed first hand the work of their sons during the school term in plant science, woodwork and other studies. Mothers were especially pleased to see the work of their daughters in the home economics classes, finished garments from sewing classes, various cooked meals and the finished work in general good housekeeping.

The fair started with a parade of livestock and the young showmen who were trying for top honors. The parade was led by Hartmen Nagel, of Woking, in the Peace River country who is president-elect of the students council. Also at the head of the parade was Laurie-Ann Campbell of Edmonton, a student in agriculture an accomplished bagpiper, who piped contestants and their prize animals through the show area in the mechanics building.

Many persons viewing the show expressed the opinion that it was the finest "Little Royal" in the history of the school.

The young showmen presenting dairy stock were dressed in dark slacks, white shirts and black bow ties. The beef classes featured students in cowboy hats and blue jeans.

Boys showing sheep were decked out in tan colored trousers and shirts to match.

The show of course was for showmanship only and judges did not judge the animals other than for grooming and obedience.

Complete results of the fair are as follows:

Aberdeen Angus steers — 1. Donald Victor, St Albert; 2. Raymond Hurtubise, St. Paul; 3. Wayne Connell, Buffalo Lakes; 4. Glenn Nicholson, Bonnyville.

Aberdeen Angus heifers — 1. John Taylor, Edmonton; 2. Geo. Manley, Lloydminster; 3. Allan Barnes, Enilda.

Hereford Steers — 1. John Hoegl, Lloydminster; 2. Patrick Mickey, Rimbey; 3. William Glen, Edmonton; 4. Orlando Omlid, Valhalla Centre.

Hereford Heifers — 1. Arnold Malone, Rosalind; 2. Norman Heim, Lloydminster, 3. Kenneth Nadkrynechny, Sunset House; 4. Wilson Zukiwski, Willingdon.

Shorthorn Steers — 1. John Robertson, Lloydminster, 2. Jas. Schnettler, Killam; 3. Joseph Prodaniuk, Red Water; 4. Melvin Peterson, Millet.

Shorthorn Heifers — 1. Fred Wilson, Killam; 2. William Bentley, Progress, B. C.; 3. Jack Burlet, Barrhead; 4. Gerald Mears, Peace River.

Holstein Yearlings — 1. John Gibb, High Level; 2. John Gouchey, Paddle Prairie; 3. David Dedu, Andrew; 4. Charles Thompson, Primrose; 5. Ken Enns, Beaverlodge; 6. Bryon Davis, Beaverlodge.

Holstein Calves — 1. John Sanderson, Meadowview; 2. Vernon Hauer, Greenstreet; 3. Kenneth Stafford, Athabaska; 4. Max Zeise, Dapp; 5. Thomas Kibblewhite, Vermilion.

Swine — 1. Herbert Smith, Irma; 2. Alfred Pelletier, Eaglesham; 3. Henry Chateau, Fairview; 4. Paul Neilsen, Watino.

Gilts — 1. Walter Huber, Calmar; 2. Orest Steinach, Andrew; 3. John Connelly, Elmworth; 4. Ronald Holmlund, Wetaskiwin.

Sheep — 1. Joseph Cameron, Sedgewick; 2. Paul Fuhrman, Dawson Creek; 3. Harvey Parlee, Sexsmith; 4. Charles White, Ballater; 5. Bert Featherstone, Langford Park; 6. Ardwyn Stonehocker, Cherry Grove; 7. Edward Henneberg, Grande Prairie.

Butchering — 1. Norman Dreger, Woking; 2. Roger Winnicky, Ballater; 3. Edward Broen, Jansen, Sask.; 4. James Lawton, Niton.

Poultry — 1. Walter Mackoway, Willingdon and 2. Edward Klymochko, Mundare.

Students came from as far north as High Level in the northern Peace district and from points in Saskatchewan to the east.

National Employment Office for This Area At Lloydminster

A National Employment Office will be opened in Lloydminster about May 1st, it was announced today by William Duncan of Winnipeg, Prairie Regional Director of the Unemployment Insurance Commission.

The new office at 50th Avenue and 49th Street will serve a radius of about 50 miles around the city. It will perform the dual function of the U.I.C., that of receiving applications for employment and orders for workers in all the occupational groups, through its National Employment Service and receiving applications for unemployment insurance benefits. Information relating to these operations will also be provided.

Mr. Duncan stated that appointment of a manager will be announced later this month. Meanwhile, G. E. Hignell of Winnipeg, Travelling Supervisor for the Commission, will be in Lloydminster shortly to arrange for the opening and to install the new operations.

MARWAYNE NEWS

Some more visitors at their respective homes for the Easter holiday were Maureen Culford, Lorna Katzmarzyk, Ella Doull, Mr and Mrs Alex Doull, Mr and Mrs. Tyson Spence and family, Mr. and Mrs. M. Gudzowaty and family, Eleanor Demchuk, Mr. and Mrs Doug Shaw.

Seven second year girls and three leaders of Marwayne 4-H clothing club attended a rally at Wainwright on Thursday, Apr. 2.

Work has now started on the Catholic Church. The basement of the United Church is being fixed up and work has also started on the Legion Hall.

Service in the United Church will be at 9.30 a.m. for the next 3 months.

Remember the meeting of the Cenotaph Committee in the Legion Hall on Thursday, April 9 at 8:30 p.m.

Mrs. Carson Sr., of Edmonton is here visiting with her sons and daughter and families.

Ronnie Parker is in the University hospital, Edmonton.

Grace Hale attended a United Church Youth Rally at the Alberta College, Edmonton, the past week.

Mannville Girls Attend Festival At All Saints in Edmonton

MANNVILLE. — Beginning the two-day festival held annually for the Girls' Auxiliary of the Anglican church, a worship service was held in All Saints cathedral, Edmonton, led by the Very Reverend Dean Burch, and address given by Rev. Harold McDonald. Groups from Holy Trinity, St. Faith's, St. John's, St. Michaels, St. Luke's, St. Mary's, St. Augustine's, Ponoka, Mannville, Hardisty, Fort Saskatchewan, Camrose, Tofield and Sherwood Park Anglican churches were in attendance, and competition.

The handicraft displays this year were outstanding. Stuffed toys, centre pieces with matching place cards, and promotional posters made up the display. Apparent throughout the entire festival was the increasing friendliness between the various groups, [illegible] as an important factor [illegible] fellowship. Mrs. J. A. L. Smith as Diocesan girls' secretary, possesses an unusual talent for leadership. Following the two days of competition in Missionary work study, Dancing, Miss G.A., and singing of both hymns and theme songs as well as handicrafts, a concert was held on Wednesay night, of selected items from the festival entries. Mannville's dance (Spanish), and theme song were chosen.

At the conclusion of the concert Mrs. Smith gave out the awards which were: Missionary cup donated by Mrs Chamberlain to St. Mary's Edmonton, with total of 97%; Cup for the city branches presented by Mrs. Hammet, Diocesan W.A. leader, to St. Mary's with 89.6%; out of town branch cup, the Irene Niblet cup, Hardisty, 81.7%, runner-up, Mannville with 2 points less. Pennants went to Camrose Dorothy Cobb, for Miss G.A., 1959; Individual Reading, Sylvia Shepherd, Holy Trinity; Handicraft, St. Mary's; Dancing, St. Mary's, runner-up, Mannville; Singing, St. Luke's; Drama, St. Michael's.

Two girls were selected by judges via interview, to attend the Dominion Diocesan meet, Betty Swanson of St. Faith's and Mary Harkness of Holy Trinity.

High Standard of Fire Protection Found In Alberta Communities

High standard of fire prevention activities conducted by Alberta communities during 1958 won for the Province of Alberta a certificate of merit from the National Fire Protection Association, a North American organization dedicated to reduce the toll from fires. E. R. Hughes, Deputy Provincial Secretary, is shown congratulating Austin E. Bridges, Provincial Fire Commissioner, on presentation of the framed certificate. Mr. Bridges' office conducts a vigorous program of assistance to communities in fireman's training, inspection services and general promotion of fire safety consciousness. During the year, Alberta centres submitted 198 reports in the international competition, the second highest number among the Canadian provinces.

Standings of Alberta communities on a provincial basis were: Class A — 1st Calgary; 2nd — Edmonton; Class B — Lethbridge; Class C — 1st Jasper Place; 2nd — Red Deer; 3rd — Medicine Hat; Class D — 1st — Grande Prairie; 2nd — Forest Lawn; 3rd — Bowness, honorable mention to Camrose; Montgomery, Lloydminster and Beverly; Class E — First — Peace River; 2nd — Vegreville, 3rd Fort Saskatchewan, honorable mentions to Lacombe, Taber, Hanna, Hardisty, Drumheller, and Stettler; Class F — 1st — Bonnyville, 2nd — Three Hills; 3rd — Innisfail, honorable mentions to Cochrane, Stony Plain, Fairview, Trochu, Grimshaw, Forestburg, Bashaw, Mayerthorpe, Waskatenau, Mundare, High Prairie, Rocky Mountain House and Bowden.

ART ZIEGLER

of Vegreville

Artist, Well Known Here, To Lecture In Berlin

Mr. Harry Wohlfarth, Assistant Professor of Art, Department of Extension, University of Alberta, has been invited to give a research paper at the Educational Institute, Free University of West Berlin on July 14, 1959.

The topic of the paper is "New Ways in Art — Adult Education" a Canadian project of international significance developed by the University of Alberta, Department of Extension Art Division on an eighty thousand square mile campus.

Professor Wohlfarth will also be guest lecturer at the University of Bonn, the University of Munich and the Academy of Munich on the theme 'Contemporary Canadian Art.' During his visit in Europe he will discuss further exhibition possibilities for University of Alberta Community Art Class students at the Ecole des Beaux Arts in Paris, the State Academy of Art in Munich and the Art Summer School in Salzburg and the Academy of Venice, Italy.

HOW FERTILIZER BOOSTS YOUR PROFIT ON OATS

YOU CAN MAKE UP TO $6.00 PER ACRE MORE!

Actual field tests show how your net profit per acre of summer-fallow oats is boosted by the use of Elephant Brand Fertilizer.

In the table below, note that the increased profit figure takes the cost of fertilizer into consideration. An increased profit of over $6.00 per acre is certainly worthwhile.

Fertilizer per acre . . . 50 lb. 11-48-0 (Cost $2.70)*
Increased yield per acre . . . 10 bu. (worth $9.00)
YOUR INCREASED PROFIT PER ACRE $6.30
OR $630.00 ON 100 ACRES OF OATS
* Fertilizer and figures per acre are approximate.

When properly fertilized, oats grown on stubble land will show an equally profitable return per acre. For greater net profits per acre from any crop on any soil, contact your Elephant Brand dealer listed below for the right information.

It pays to use

Health Unit Notes

T.B. TRENDS & T.B. TESTING

Over the past centuries, tuberculosis has been the foremost infectious disease causing death and disability in most parts of the world. Even today where it is coming under control in some countries, this is still true. In the Middle East, for instance, the number of cases of tuberculosis and the deaths from the disease are staggering. They are enough to make all but the courageous throw up their hands and do nothing. However, our experience is that sustained efforts bear fruit in such seemingly hopeless campaigns. Fifty years ago there were plenty of people who said to tuberculosis workers in this country, "tuberculosis is as old as the hills and you'll never get rid of it." We have come a long way since then but we still have a long way to go. It must be remembered that no country in the world has control of the disease. This may astound you but it is true. The more fortunate countries, like Canada, have reached the stage where they have placed control within the realms of possibility.

Throughout the past ten years the death rates from tuberculosis have dropped dramatically but the number of new cases being reported annually has not made a similar plunge though it is slowly and surely declining. The challenge is to have the incidence of new cases drop as strikingly in the years ahead as the deaths from tuberculosis have in the last decade. If we succeed we shall have saved thousands of Canadians from death or ill health and at the same time have demonstrated for the comfort and cheer of fellow workers throughout the world that tuberculosis can be controlled in a country where once it was the leading cause of death.

Here are some statistics relating to the number of deaths from tuberculosis, new cases reported, the average stay in hospital, the number of cases under treatment for the years 1955, 1956 and 1957.

	1955	1956	1957
Deaths	1382	1256	1183
New cases reported	10170	9370	9005
Average stay	282	328	310
Cases under treatment	14418	13317	12070

One of the reasons for complacency about tuberculosis by the general population is because the death rate from the disease has dropped so dramatically. This does not mean that tuberculosis has disappeared but that patients now live instead of dying from the disease. There is no room for complacency because the number of new cases reported each year is still a serious problem. One often hears that tuberculosis must be almost gone because there has been a steady decline in the number of sanitorium beds required. Unfortunately this is not so, the decline in the number of sanitorium beds required is due simply to the fact that with modern treatment patients spend a shorter time in hospital than previously. Tuberculosis is being seen at an earlier stage and the number of cases admitted to sanatoria with far - advanced disease is lessening.

Increasingly as the years go by a higher and higher percentage of newly discovered cases of tuberculosis are among older people, though young people now enter Canada's sanatoria in thousands. The idea that tuberculosis is a disease of the young is deeply imbedded in the minds of many persons, a fact which often interferes with the attendance of senior citizens at X-ray surveys. It is just as important for elderly people to have [redacted] tuberculin tests and x-ray of the chest if necessary, as for the young.

The social and economic burdens which tuberculosis imposes are particularly devastating because its impact is heavily felt during the productive years of life before the age at which cancer and heart disease take their heaviest toll. Tuberculosis is most often seen in regions with a low standard of living and among the underprivileged classes of the population. Although many other factors are involved, tuberculosis is to some degree an index of social welfare, the downward trend in many countries has followed improvements in housing, nutrition, working conditions and the general standard of living of the people.

While there is some difference of opinion as to whether or not the disease is hereditarily transmitted there would appear to be no doubt that hereditary factors in susceptibility exist, as do racial differences in susceptibility.

Accurate diagnosis of tuberculosis depends on three factors, tuberculin testing, x-ray findings, and isolation of the germs from the body fluids such as the sputum.

What is a tuberculin test? It is a simple skin test to show whether or not you have any TB germs in your body. Some clear fluid called tuberculin is injected between the layers of the skin, usually on the forearm. Where the test has been performed will be examined 2 to 4 days later. When the doctor or nurse has checked the size, shape and colour of the mark you will be told one of two things:

Your test is negative — this means that your body contains no TB germs.

Your test is positive — this does not mean that you have tuberculosis but only that some germs have entered your body at one time or another. If your health is good your body usually keeps these germs from doing any damage. However, you should have a chest x-ray to be sure. It can show whether or not any harm has been done.

SIGNIFICANCE OF A NEGATIVE T. B. TEST

As already mentioned it means that you have no T. B. germs in your body. A negative reaction to tuberculin is often of great value in diagnosis for one can almost certainly exclude active tuberculosis.

SIGNIFICANCE OF A POSITIVE T. B. TEST

A positive reaction indicates as stated that an individual has undergone what is known as a primary infection with the germ of tuberculosis either recently or in the more distant past. A positive reading does not distinguish between current or past infection and clinical disease. If it is known however, that a person has been negative recently, the development of a positive reaction is an indication of a new infection and the need for the maintenance of a high level of general health. The risk of developing progressive tuberculosis is greater during the first year or two after becoming positive. In children under the age of two years a positive reaction is regarded as an indication for full clinical investigation. An active infection may be developing rapidly and may have been acquired from home contact or less commonly today from tuberculous milk. In adult life the value of a positive reaction is less than in children, as the disease is less likely to be active. The test is becoming increasingly useful, however, in older subjects for with the decline in tuberculosis incidence in many communities a greater proportion of persons now reach adult life without becoming infected and are thus still tuberculin negative. It is not an idle forecast to state that the tuberculin test will be of greater significance in the next ten years.

Tuberculin testing is of increased value in ruling out tuberculosis in adults with x-ray evidence of the disease but from whom T. B germs cannot be recovered, since a large percentage of adults in many areas are now uninfected. The tuberculin test affords the only means of determining the prevalence of tuberculosis infection in a population. There are many methods used for performing the tuberculin test but the one we use has the greatest accuracy and is most generally accepted. It is called [redacted]. During the past twelve months in our Health Unit, we have performed 4,128 tuberculin tests and 300 of these, 7% have been positive. This is a very satisfactory result and shows that only 7 individuals per 100 have been infected with T. B. germs at some time in their lives. To insure that they are not at the moment harbouring an infection positive reactors are x-rayed and we tuberculin test the families of children found positive and again all positive reactors are x-rayed.

NEWS from ALLANDALE

March was truly a lamb all the way through.

On March 22nd we attended church service in Clandonald conducted by Rev MacKay, assisted by Mr. Schurman. The sermon on the "Third Commandment" was very inspiring and interesting.

Lunch and a visit were enjoyed at the Goddard home Sunday afternoon. A visit was also had with Mr. and Mrs. Earl Geake and boys. The Geake family visited at the Magistad home in Ponoka on the 15th and it was nice to get news of the family from them. In February the Magistads had visited in Lethbridge with daughter Georgetta and nephew Mr. and Mrs. Theo Throndson and family. On the 22nd while the Geake family were out travelling about they saw a crow and a gopher.

Visitors on March 22nd at the home of Mr. and Mrs. Alvin Thropdson were the latter's parents Mr. and Mrs. Cliff Sheppard and daughter Patsy from Kitscoty.

Edward Ostropolski left the latter part of February for a visit back home in Poland.

The W.A. notes got twisted a bit in our last news. The April meeting will be at the Idelore Nelson home. On the lunch will be Mrs. Erna Armstrong and Mrs. Flora Throndson.

On the morning of March 24th we heard Mr Andy Wood of Dewberry on the radio. He was one of the farmers who went to Ottawa on the recent delegation.

A belated congratulation to Mr. and Mrs. Wm. Armstrong on their 46th wedding anniversary on March 25th; to Mr. and Mrs. Gus Throndson on their 42nd; to their niece Joan and Art Roberge their third on April 4th; Mr. and Mrs. Herb McPhee, their 20th on April 8th.

Ib Hansen who has been working at the Jack Cross farm left for Waterways on March 24th. He will be employed by the Transport Company. He accompanied Gordon Malonek. Ib's brother Bent is now working at the Larsen farm south of Vermilion.

We welcome Mr and Mrs. Kenneth Risdale and son George to the district. They are working at the Jack Cross farm along with the Baldwin family.

Easter Sunday visitors at the Idelore Nelson home were daughters [redacted] and Frank Schmidt and family and Anna and Peter Lacusta from Lloydminster.

Mr and Mrs. Alvin Throndson and Joanne were at the home of the latter's parents, the Sheppard's, Kitscoty. The Misses Sylvia and Donna Sheppard were home from the university in Edmonton for the holidays.

Miss Patsy Cross R.N. from Edmonton, has been holidaying at the home of her parents Mr and Mrs. Wm Cross.

Idelore Nelson had the misfortune of losing two yearlings and a calf recently. They fell into a rat run apparently in the ice of a slough and drowned.

It was nice to see so many in attendance at Easter service in First United church in Vermilion. May we all benefit from the "Easter Message" given by Rev MacKay. The anthem "Festival Te Deum" sung by the choir added much to the service.

Rev and Mrs. MacKay and sons left Vermilion on Easter Sunday afternoon to spend the [redacted] in Calgary with relatives and friends.

Mrs. Idelore Nelson's sister Mrs. Lily Swanson and family Beverly and Rickey from Fort Saskatchewan were Easter Sunday visitors at the Nelson home and holidayed for the week.

On March 28th the McPhees Myrna, Irene, Leonard and Billie accompanied Bent Hansen to the city to visit Bent's brother Ib before he left for the north on the 30th.

Mrs. Della Walsh and family Adele, Doreen, Wayne and Laura arrived from the city on [redacted] 30th to visit at the Wilson and Omness homes for the holidays.

Mr and Mrs. I. Nelson and son Leslie and Mrs. Nelson's sister Mrs. Lily Swanson and family from Fort Saskatchewan motored to Ferguson Flats to visit their parents the Ochermans. On April 3rd they went to the city, taking Mrs. Swanson and family home en route.

Easter Sunday visitors at the Wm. Armstrong home were daughter Myrtle and Norman Anderson and family from Bonnyville, their son Gary from the city, and daughter Violet and Jack and family, also from the city.

We were pleased to receive a letter from our last year's student on this mission field, Mr. Hugh Farquhar from Halifax. He has done well for himself in the last year. I was quite thrilled with an item enclosed, quote "I read with great interest the Vermilion Standard and your very informative column. It is good to have some contact with the folks. Also your 'Closing Thoughts' are very thought provoking and inspiring." Thank you very much for the kind remarks Hugh.

Mrs. Dorothy Johnson who has been with daughter June and Allen Russell and son for the winter at Red Deer is back on the farm. She has sold her farm to son Ronnie and Doreen.

On March 31st Mr and Mrs. Rufus Omness and daughter Irene from New Serepta arrived at the home of their daughter Lurlene and Jack Hobbis' in town. The next day Rufus and Ruth and Mrs. Mabel Lee from town and Mrs. Stella Mayers of Irma visited relatives in Allandale. Rufus sold his land to [redacted]. It corners the Allandale community centre on the south-east.

Mr. and Mrs. Gus Throndson from town have sold their farm to the Goddard family of Clandonald. Mr. and Mrs. Johnny Forsyth and family will continue the farming operations thereon. Johnny's dad makes his home there with his son.

It was a pleasure to attend the agricultural banquet April 1st. The speeches were interesting. Mr and Mrs. Bentley's talk on Egypt and the pictures were intensely interesting. What a wonderful experience.

Wood-sawing bee at the Omnesses farm on April 2nd. There were 19 in all for a turkey dinner commemorating the 35th wedding anniversary of Mr. and [redacted].

The social party on April 3rd at the centre was well patronized. Whist prizes were won by Mrs. Thelma Armstrong, George Mand and Joe Parchewsky; Ed Sadownik, Lloyd Sadownik and Joe Gond. George Mand offered his prize for auction, a box of doughnuts. Curtis Wilson Jr was high bidder, $1. Proceeds were for the Red Cross. A short period of old time dancing was enjoyed, music by Herb McPhee and Ronnie Johnson.

The next entertainment at the centre will be a dance on April 17th with the Melody Ranch music.

Our sympathy to the Gordey family on the death of Steve's grandmother in her 80th year at Vegreville on April 3rd.

Mr. and Mrs. Milo Fleming and family from town visited at the Omness home on April 5th. Mrs. Fleming's mother who is in the University hospital is reported as getting on favorably.

Mrs. Nora Ronaghan of Islay was a visitor in the district on April 5th. Mr Bent Hansen from the Larsen farm south of town was a visitor at the McPhee home, later the boys called at the Selles Lee home.

VARIETY SHOW, APRIL 11

Union Community Association will present a variety show in the Vermilion high school auditorium on Saturday, April 11th commencing at 8:15 p.m. Admission, adults 50c, children under 12, 25c, kiddies under 6, free. 37-9

Closing thought: "Words fittingly spoken are like apples of gold in vases of silver."

The people who dodge work have never been known to try to dodge reward.

CHATSWORTH CHATTER

We are enjoying a nice moderate spring, although winds are rather unpleasantly monotonous. The roads have dried rapidly, and apart from an odd mud hole here and there, are fairly dry and dusty. Road maintaining has been carried out throughout the district during the past week.

Crows, gophers and blackbirds have been around for some time, also ducks, but as yet there has been no report of robins, meadowlarks, etc., so perhaps spring is not quite here yet.

On March 19, the Chatsworth Country club held the monthly meeting at Mrs. Matt Farkash's with 10 members and 6 visitors present. The visitors were Mrs. B. Moses, Mrs. Phillips, Mrs. Wemp, Mrs. Burton, and Mr. East who brought ladies to the meeting. As a special feature of this meeting, Mrs. Wemp of Vermilion displayed a number of plastic foam articles and gave a demonstration on the making of Easter lilies, roses, etc. A pattern of each flower was left with the secretary for the use of the members.

The sick committee reported nobody ill and continued in that capacity for the next month, being Kay Good and Ann Farkash. The April meeting is to be held at Ann Farkash's on the 23rd and the lunch committee is Mrs. Farkash, Sophie Jactzk, Kay Good and E. Henningsen.

The Home Cooking Bingo held at the school on March 14 was very successful, bolstering the funds of the Chatsworth Country Club. The woollen blanket which was drawn for that night, was won by Miss Sandra Olstad of Claysmore.

On March 20, a whist party was held at the school, under the auspices of the Community Club. There were 7 tables of whist, the winners being ladies Mrs. Erich Ludwig, 2nd, M. Thompson and Mrs. Julia Farkash. Men's prizes were won by George Farkash, Matt Farkash and Joe Farkash. A bountiful lunch was served by the ladies at the close of the evening.

On Wednesday April 1st, the U. G. G. sponsored a showing of films, and a talk on "Vertical Integration" at the school. The pictures were much enjoyed by all, a question period followed, and lunch was served. A hearty vote of thanks was tendered to Mr. F. Kleka for the evening's entertainment.

Mr. and Mrs. G. Honey, Jr., little daughter Brenda, Mr. and Mrs. G Honey, Sr. and Mrs. L. Honey, all of Edmonton, were visitors at the Henningsen home for the Easter week end. They arrived Friday afternoon and returned to the city on Sunday evening. Little Bobby Honey, who had been visiting since March 1, returned with them.

Visitors at the M. Tovell home are Mrs. Glen Hutchinson and family from Calgary.

Mr. and Mrs. J. Thompson spent the Easter week end in Edmonton, visiting at the home of daughter Alice and family, where a baby son arrived on March 22.

At the Harry Good home before Easter were the Bob Robson's from Regina.

Mr. and Mrs. Angus Anderson, who have been in Edmonton during the winter, have returned to Vermilion.

Arthur Tovell returned on March 19 from a holiday trip to the east where he visited with relatives for a month.

Mrs. Steve Sturt of town, has been spending a few days at the Ludwig and Hutchinson homes. Steve Sturt was at the Tovell's while Arthur was away.

Pleasant Valley

The winds are very cold these past few days and it looks like we may yet get more snow, so don't pack up those heaters yet folks, a little heat still feels pretty good.

It seems that housecleaning and baby chicks are the two main topics these days.

Our dance was greatly enjoyed by all who attended. The crowd was not so large but everyone was happy. Prizes were won by Thelma Armstrong, Katie Warawa, Mike Warawa and Gerald Miller. It is hoped to hold another dance in the not too distant future.

Lillie Gould and Cecil visited Mr Van Patten and Joe on Sunday.

Sylvia Gould has returned to Strome after spending the week visiting old friends.

Mrs. McClelland visited her son Harold and family at Camrose for a few days. Her granddaughter was born on Sylvia Gould's birthday.

Mrs. Purvis and Sylvia paid Mrs. McClelland a visit on Tuesday, and in the evening Marvin Gould and family were supper guests at the home of the writer.

Mrs. Potvin spent a few days in Edmonton, returning home on Saturday night.

Christie Clark and family journeyed to McLaughlin on Sunday to visit their sister and family.

News from Tullby Lake

[illegible] Ingver Reisheim family [illegible] the process of making [illegible] interior alterations to [illegible] home. The recently built addition on the south side will serve as a kitchen and most of the former kitchen space will house a bathroom. The extra electrical wiring needed is being taken care of by Eric Rotherham.

Good news has come through from Edmonton this week. Mrs. Louise Huntly has come through her second hip operation in fine style at the University hospital in Edmonton. The doctors seem very confident that she will now be able to walk again.

Charles Gullickson, Henry Whitstone and Jimmie Lee are in the full swing of trapping muskrats.

The Bill Robertson — Henry Benson sawmill is in operation, converting the winter's accumulation of logs into bright new shiny piles of lumber.

Congratulations are extended to Mr. and Mrs. Vernon Anderson on the arrival of their baby daughter in the Elk Point hospital.

Raymond Nolan is home after working for the last half of the winter months at a lumber camp in the vicinity of High Prairie, Alberta.

Mr and Mrs. Gunvick Ruud are visiting Mr and Mrs. Rosaire Arenteau and family and Mr and Mrs. Henry Ruud and family all of Drayton Valley, Alberta.

Our felicitations are extended to Mr. and Mrs. Robert John on the birth of a bouncing baby girl in the Lloydminster hospital.

Mr. and Mrs. Arthur Fortin Jr., and family motored to Elk Point on Wednesday to have some dental work done.

The doors of the Central School closed on March 26 for the annual Easter holidays.

Attention residents of Tullby Lake — An immunization clinic will be held in the cottage of the municipal nurse in Tullby Lake on the third Wednesday of every month, beginning Wednesday April 15th from 1 to 3 p.m.

These clinics are for babies, pre-school children and adults, and are concerned with immunization only against diptheria, tetanus, whooping cough, poliomyelitis and smallpox vaccination of children, and against poliomyelitis in adults.

This clinic will be part of the service of public health offered by the Minburn-Vermilion Health unit in conjunction with the municipal nurse. Residents are requested not to come for treatment during the hours of this clinic except in an emergency.

It's time enough to say it when you know it to be true.

To achieve success one must make an attempt.

Train For Civil Defence Exercise

Shown working on a problem during an Alberta Civil Defence Control Room Procedure Course in Edmonton are Mrs. Ina Spicer of Dewberry and Mrs. Austin Smith of Marwayne. The two ladies will take part in the Canada-wide Civil Defence Exercise "Co-operation 111", 24th and 25th of April.

Canadian Legion Observes Vimy Anniversary With Banquet

Once again Vermilion Branch of the Canadian Legion celebrated the battle and capture of Vimy Ridge by the Canadian Corps on April 9th, 1917.

The guests of the evening were 11 veterans of the battle and their wives. The invited guests were: Harry Scott, Harry Waterfield, George Chick, Ab Frissell, Bill Simmonds, A. Tuey, Jas. Duncan, Thos. Wilson, Rudy Fielding, Gordon Terry and Cliff McCormick.

The following veterans were unable to attend: Geo. Scarboro, Curtis Martin, Cliff Isley, Albert Beck, John Baldwin, A. Vaughan Smith and Bill Twining.

The guest speaker for the evening was Rev. Capt. Gordon Mercer, Anglican Padre at Wainwright camp. Capt. Mercer gave a history of the "ridge" from the start of the war and mentioned the three previous attacks which failed. It was strategically important to both armies as an observation position.

The speaker then told of the preparations for the battle and the tremendous artillery bombardment which preceded the attack. A creeping barrage kept just ahead of the troops.

All four Canadian divisions were in line on the attack which commenced at dawn on Easter Sunday morning and took place in a snow storm. Over 140,000 Canadians and some British troops swarmed over the ridge. Before evening practically the whole of Vimy Ridge was in possession of the attackers. The loss was appalling. There were over 10,000 casualties in the Canadian Corps alone.

Pres. Thos. Thompson, president of Vermilion branch, was toastmaster. The toast to the Queen was proposed by vice president Chas. Waldenberger. Ed Roberts then gave a toast to the men of Vimy. This toast was responded to by Harry Scott.

Vic Tillet, Zone Commander, proposed a toast to the Canadian Legion. It was replied to by George Martin, former president of Vermilion branch. The Ladies Auxiliary was toasted by Chas. Waldenberger and was responded to by Mrs. Ivy Pare, president of the auxiliary.

Presentations were made by Zone Commander Tillett on behalf of the branch. Each recipient was piped in by Rod McPhee. The parade was directed by Sgt.-at-Arms, Bob Allan.

The following members of Vermilion branch were awarded 25 year badges: Carl Heckbert, Alex Rankin, Thos. Wilson, Geo. Martin and Ernie Buckingham.

Bill Simmonds was given a life membership certificate and badge. Ernie Buckingham was awarded a certificate of merit for loyal service as secretary of Vermilion Branch.

Ladies' Auxiliary life membership certificates were presented by district commander Mrs. Ethel Thompson to Mrs. Anne Cameron and Mrs. Pauline Manyluk, long time members of the auxiliary.

Greetings from the town were given to the assembled veterans by Cliff McCormick, Deputy Mayor.

Russell Whitson, M. L. A. and J. W. G. Morrison, Q. C., both honorary presidents addressed the gathering.

Entertainment was supplied by the McCauleys, Donna, Mavis and Frankie. A number of musical selections rendered were greatly appreciated by everyone. by everyone.

To end a most enjoyable evening, Milo Fleming showed some very appropriate motion pictures.

Civil Defence To Participate In Canada-wide Exercises

George Martin, Director, Will Be In Charge Local Operations

The M. D. of Vermilion River Civil Defence will actively participate with Alberta Civil Defence and 19 other municipal civil defence organizations in the Canada-wide "Co-operation III", 24th and 25th of April.

The exercise is designed to train control centre staffs at all levels of government in Civil Defence functions, including the method of co-operation with the armed services. It will also test communications and warning system procedures on a provincial and national scale.

Mr. George Martin, Director of Civil Defence for the Municipal District of Vermilion River will be in charge of operations.

The exercise will begin at 9:00 a.m., 24th of April and will conclude at 9 a.m. on the 25th. Although no action will be taken outside control centres, the control room staffs will face problems identical to those which would result from an H-bomb attack.

Edmonton is the only federally designated target area in Alberta, but because of the province's strategic position there is the constant danger of random H-bomb bursts from shot-down and ditched aircraft.

Radioactive fallout from an H-bomb explosion presents a problem for civil defence workers almost as serious as the explosion itself. Fallout will extend downwind from the burst to cover an area 200 miles long and 30 miles wide. The furthest corner of Alberta is vulnerable to fallout, and random bombs.

Extensive training of civil defence personnel has preceded the exercise. More than 180 civil servants and municipal volunteers have recently completed control room procedure courses at the Alberta Civil Defence School in Edmonton.

S. D. Simonson Goes To High River

School superintendent for the past seven years for the Vermilion Division, S. D. Simonson has been transferred to the High River division of southern Alberta. At High River he succeeds Mr. C. M. Laverty who had previously gone from Vermilion to High River. Mr. Simonson came to Vermilion from the Wainwright S.D. The change is not effective until August.

Special Services At Alliance Chapel

Friday evening at the Alliance Chapel, the meeting of the Alliance Youth Fellowship was taken by the Couples Club of the church. The program was centred around the theme "If there was only one day more." Musical numbers, poems and short talks given by members of the Couples Club contributed to an enjoyable evening.

Special speaker at the Alliance Chapel Sunday evening, April 12 was Leonard Trews who plans to leave soon with his family as missionaries to Southern Rhodesia under the South Africa General Mission. Mr. Trews is a graduate of the Canadian Bible College of the Christian and Missionary Alliance in Regina. He is also a graduate teacher and together with his wife, who is a graduate nurse, they will serve as missionaries in the land of South Africa. Many interesting curios were shown and colored slides added to a very interesting service.

Board of Trade Formed at Dewberry

An organization known as the Dewberry and District Chamber of Commerce has recently been formed. The executive for 1959 is as follows:

President Hedley Dennill
Vice-Pres. - Al Hatelid
Sec'y Gerald Holman

The board plans to undertake many local projects such as sports and a swimming area on the Vermilion River beside the new government campsite on highway 45.

Meetings will be held on the first Tuesday of each month.

Anglican Men Plan Ladies' Night

The Anglican Men's club enjoyed a steak dinner, cooked on the spot by chief chef Alex Palk. The steaks were really high class, each member present stowing away a steak that would have served the whole family at home.

The next meeting on Monday May 4th will be the final men's club session for the season. On that occasion the wives and lady friends of the members will be the guests.

Lorne Puckett is convener for the dinner, while a short program is being arranged.

The President Gib Stephen was chairman for the evening with the guest speaker being J. W. G. Morrison who dealt with the amazing organization of the Dominion Parliament and Provincial Legislature.

The nickname of Hogtown was given the city of Toronto more than 100 years ago by visitors unfavourably impressed by the number of pigs permitted to roam the streets.

Drinking to another man's health isn't going to improve your own.

SOCIAL CREDIT CANDIDATE

ASHLEY H. COOPER

Ashley H. Cooper of Vermilion was elected the Social Credit candidate for Vermilion constituency at a spirited nomination convention held at Mannville on Wednesday evening.

Claimed to be the largest convention held in the constituency since 1935, it was attended by 223 accredited delegates from a possible 262. Another 100 visitors jammed the Orange Hall to capacity, and remained to the end of the proceedings.

Four candidates were [illegible]ed with Cooper the ultimate winner on the second ballot. Arthur Roland of Minburn and Castle Scott of Vermilion were eliminated on the first ballot, leaving the choice between Peter Noster of Derwent and Cooper.

Following the completion of the selection of the candidate, Mr. Orvis Kennedy, President of the Alberta Social Credit League, gave an inspiring address.

Interest in Social Credit party in the constituency is at a new high with the largest number of members ever enrolled, the number standing at 641 and still growing. From two organized groups last fall there are now 14 in the constituency.

Golfers Elect Warren Rosequist President At Annual Meeting

Warren Rosequist was elected president of the Vermilion Golf club at the annual meeting of that organization. The full roster of officers is:

Past Pres — Stan Waldenberger
Pres. W. Rosquist
Vice-Pres. L. McKernan
Sec.-Treas. W. McLaughlin
Groundsman L. H. Puckett
Executive Rudi Renaud, Ed Lyons, Slim Hammond, Reg Rowe, Curtis Alfke.

A very successful season was reported for 1958 with much playing activity which was reflected in the good financial showing.

Following the meeting a film showing the Canadian open was enjoyed.

"Ghosts" Fastball Team Organizes

On Saturday evening, April 11, a re-organization meeting of the "Ghosts", the Vermilion men's fastball club, was held at the home of Mr. Chas. Cawthorpe with about thirty in attendance.

Murray Millar was elected as president of the club with Tom Wilson secretary-treasurer.

BALL TOURNEY MAY 18

The Ghosts are again sponsoring a big sports day on May 18th which is the May 24th holiday week end this year. Plans for the open fastball tourney will be announced soon.

Jim Cameron was appointed coach and Charlie Cawthorpe the manager of the team.

Following the meeting all sat down to a sumptuous turkey dinner as guests of Mr. and Mrs. Cawthorpe with a very enjoyable social evening following.

Aalborg Choice Of Alexandra S.-C.'s

At a convention held in Kitscoty last Wednesday evening, Hon. Anders Aalborg, Minister of Education, was the unanimous choice of the Social Crediters of the Alexandra Constituency. Attendance at the convention was the largest since 1935 and included delegates from 35 of the 40 polling subdivisions.

To Command R.C.A.F. Experimental Sqdn.

Lt. Cdr. Bert Mead, 35, of Vermilion and Dartmouth, N. S., will take command of the Royal Canadian Navy's experimental squadron, VX-10, on April 20.

The experimental squadron based at HMCS Shearwater, naval air station near Dartmouth, is responsible for the evaluation and development of air equipment for the Navy.

Citizens Farewelled At Joint Party

Men of the town gathered together at the Elks Hall last Friday night to bid farewell and best success to three men of the town who are leaving for other points. Les Chivers who returns to his former city of Calgary, Charlie Calvert, who is now operating his own hardware store at Edson, and Rand Calvert who later on will open a hardware at Beaverlodge. Les Chivers has accepted a position as an engineer in a Calgary industrial plant where a fellow worker will be Karl Balzum.

Dr. Ron Payment was emcee and presented each of the boys with a pen and pencil set while each also received a multitude of good wishes.

Curling Club Bingos Planned

The Vermilion Curling club will distribute some much needed coin of the realm this summer as they plan to hold four $1000 cash bingos. The first of these will be held in the Vermilion arena in June followed by three others at regular intervals.

Public Speaking Contest Won By Dorothy Jean Stewart

Miss Dorothy Jean Stewart, grade 12 student of the Vermilion high school, was the winner in the United Nations Pilgrimage for the Youth Public speaking contest held at the Elementary school on Friday evening last. Miss Stewart now competes in the zone finals which will be held in Irma on April 20. Winner of the finals will receive a trip to New York to the United Nations Assembly.

There were three competitors for this district, all Vermilion high students, the other two were Howard Robinson, son of Mr. and Mrs. Walter Robinson and Allan Forbes, son of Mr. and Mrs. Mungo Forbes.

The judges were Mr. J. A. R. Palin, Mr. D. R. Mitchell and Mr. Ashley H. Cooper. In announcing the results Mr. Palin had considerable praise for all three of the young orators, stating that each had plenty of promise.

The contest was sponsored and arranged by the Britannia Rebekah Lodge.

Marv Little Battles Welterweight Champ In Feature Bout

According to the Edmonton Journal the main event at the boxing matches held at Wainwright recently saw Ernie Sayers of Edmonton, welterweight champion of Alberta, pound out a very close decision over Marvin Little of Vermilion. A nice exhibition, Marv.

Herbie Little fought Steve Stewart of Edmonton to a 3 round draw.

Allandale Church Damaged by Rifles

Vandals have caused considerable damage to the United Church at Allandale by the firing of rifles through the windows. Besides the breaking of the glass, the bullets damage the interior by chipping the pews, and by letting in snow, rain or dust.

On no less than five occasions throughout the winter have the windows been broken by rifle bullets.

Allandale church officials are seeking to stop the very dangerous practise of firing at the church and causing the damage by offering a $25.00 reward for information leading to the conviction of the person or persons responsible.

Sports Celebrities Galore At Banquet

All is now in readiness for one of the most outstanding events in sports history in the town of Vermilion, the Sportsmen's banquet sponsored by the Tigers Hockey club. This will be held in the Elks hall on Tuesday evening April 2nd. Don Chevrier, sports announcer of CJCA will emcee the event, generally introduce the guests and keep the program rolling along.

Jack Brown, Reg Ireland and the Tigers executive are to be commended for arranging the very ambitious event and it is hoped they receive the town wide support so justly deserved. The tickets are still on sale so pick yours up right now. See the advertisement elsewhere in this issue for details.

Youths Sentenced To 15 Months

The two youths who returned to help R. C. M. P. officers [illegible] were sentenced to 15 months [illegible] police court at North [illegible] on Tuesday.

[illegible] Robert M[illegible] Beverley [illegible] were convicted of theft.

Evidence showed that during a chase near Vermilion on Apr. 5 the car they had stolen left the road and overturned. The pursuing police car driven by Constable Coker of the Vermilion [illegible] skidded on the gravel in stopping [illegible] into the ditch.

The youths returned to aid the constable and telephoned R C M P at Vermilion. Constable Coker suffered a fractured jaw, cuts and bruises. He has a cracked pelvis also. He is making satisfactory recovery and is expected to leave the hospital next week.

Thieves Blow Safe At Islay, Escape With $6.00 in Pennies

ISLAY - Whoever said that nothing ever happens at the village of Islay? What with a fire at Ivan Inman's on Monday and a safe blowing at the Treasury Branch agency on Friday morning along with break-in at the C. N. R. tool shed, there has been plenty happening.

About 3 o'clock Friday morning last thieves broke into the C.N.R. tool shed and took some tools and a crow bar to use at the treasury branch agency. The safe was really blown and a mess made of the little office. The takings amounted to $6.00 [illegible] pennies which were in rolls. [illegible] and they made their get away before gathering up what little loot there was in the safe. Dr. Sweet drove around the Islay streets but could find no one moving.

The silver had been taken from the safe but was left on a table as if the thieves had left hurriedly.

Mr. A. Hollington is the Treasury agent and office space is rented from Hardy Ford at the lumber yard.

Fine Amateur Night Sponsored by Union

The amateur program [illegible] the high school auditorium [illegible] Saturday night last was [illegible] very enjoyable. There was a wide variety of numbers all very well done and the audience reaction was excellent.

Another pleasing feature was the fact that the big auditorium was filled with the appreciative audience.

Presents Betty Robinson With Trophy

At the Edmonton Exhibition Livestock Show and Sale, Mr. Al Anderson, general manager of the Exhibition Association presented a trophy to seventeen year old Miss Betty Robinson of Vermilion, Alberta. This Shorthorn steer captured the Edmonton Exhibition Association Challenge Trophy, presented for the championship junior steer and also won the reserve grand championship.

Last of Oil Royalty Dividend Cheques To Be Mailed This Week

The last of approximately 314,000 Oil Royalty Dividend cheques will be mailed this week by the Alberta Government to eligible applicants, F. O. Stewart, deputy provincial treasurer, said today. The final mailing of some 41,000 cheques, leaves fewer than 100 applications unprocessed. These are held pending further examination.

Each of the applicants was individually processed this year by a special branch set up to handle the flood of applications. There were more than 20,000 fewer dividends distributed this year than last. The 1958 dividend was for $17.50 and the 1957 dividend was for $20.00.

Cost of administration and total value of the 1958 dividends was within the $10,000,000 appropriation allotted to it. Payment of dividends has been suspended and the funds normally allocated to them devoted to implementing the government's Five Year Plan.

W. I. Do Valuable Safety Work

Farmers of the Echo Hill area north-west of [illegible] will be [illegible] wagons able to move their machinery on public roads this summer with greater safety than ever before, thanks to the district's Women's Institute.

Within the next fortnight, W. I. members are to visit 80 district farms and will fasten reflective tape on five pieces of equipment at each farm. The tape will be fastened to machinery most frequently moved on public roads, particularly seeding equipment [illegible] wagons.

The red tape, visible to oncoming traffic from distances of up to 1,300 feet, has been purchased through the Alberta Safety Council.

Cost of the project, believed to be the first of its type in the West, is approximately $180.00.

Mrs. Lloyd McMillan is convener of the Echo Hill Women's Institute safety committee, while other committee members include Mrs. William Price and Mrs. Sam Yeomans. Echo Hill is near Picardville, 37 miles north-west of Edmonton.

Fewer Traffic Accidents, Deaths So Far This Year

Fewer accidents, fewer injuries and fewer deaths occurred in Alberta traffic in the first two months of 1959 than in the same period of 1958, according to a study of police figures made by the Alberta Safety Council.

In the two-month period accidents were down from 1958 by 8.6% injuries by 10.2% and deaths by 48.7%. The death toll for all of 1958 was a sobering 295, the worst in the province's history.

To the end of February, 678 persons had been injured and 21 had died in 3,772 accidents in 1959. The figures for the same period in 1958 were 755, 39 and 4,127. Thirteen persons died in February and seven in January compared with 22 in February 1958, and 17 in January 1958.

Property damage in the first two months of this year amounted to $1,399,642.

Figures from urban areas are not as encouraging as those from non-urban.

The R. C. M. P. reported a sharp drop in the number of accidents it investigated: 938 in the two-month period, compared with 1,378 in the same period last year. Injuries totalled 291, compared with 430 last year, and fatalities totalled 15, compared with 26.

Legislative Costs

What does it cost Alberta to run a session of the legislature?

In salaries and expenses of members, it costs $258,119. That is the amount Raymond Crevolin, clerk of the House, had paid out by the time the session ended.

Every member receives a $3,600 indemnity. Out-of-town members receive an additional $15 daily subsistence allowance for every day spent away from home. The speaker, Hon. Peter Dawson, and Opposition Leader Grant MacEwan [illegible] additional allowance of $2,500. Deputy speaker Art Dixon of Calgary gets an extra $1,300.

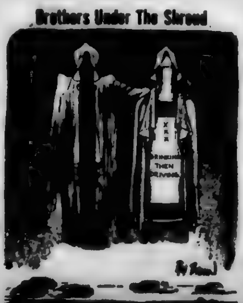
Sorghum Almum

Travelling salesman for Sorghum Almum have used glowing phrases to describe the virtues of this southern grass. According to these men and the literature they distribute, Sorghum Almum is a wonder grass, the equal of which has never been heard of before.

They fail to mention, however, that none of these claims can be substantiated by any experimental data under Alberta conditions. Nor is any mention made of the fact that in the state of Washington, Sorghum Almum has been placed in the primary (prohibited) noxious weed list, effective April 1st, 1959.

Farmers should bear these facts in mind when considering buying seed of an unproven grass at a high price from an over enthusiastic salesman, advises O. G. Bratvold, Supervisor of Crop Improvement Service, Alberta Department of Agriculture.

Brothers Under The Shroud



Alberta Report

Anders O. Aalborg, M.L.A. for Alexandra

The 1959 Session of the Alberta Legislature which convened on February 5 was prorogued on Tuesday morning, April 7th, at 10:30 a.m. when Lieutenant Governor Hon. J. J. Bowlen, gave Royal Assent to bills passed at the session.

SESSION IN RETROSPECT

During this session the Assembly held 44 afternoon and 16 evening sittings. It dealt with 110 bills, passed a record budget of $308,000,000.00 and debated [illegible] resolutions on a wide variety of subjects pertaining to the affairs of the province. Compared with previous sessions it was somewhat longer than average, but was not marked by any very highly controversial or spectacular issue, or issues, as so often is the case. Rather it was on the whole a quiet session which saw many worthwhile measures adopted, and much progress and improvement along many lines. The main theme throughout was the Government's five year anti-recession development program announced early last fall and which was printed in full in the September issue of the Vermilion Standard. Many items of legislation and of the budget were designed to implement various features of this broad and very substantial program.

Although the maximum term of the Legislature is five years it is a well known fact that the present Government has made a practice of calling a general election every fourth year. It will be recalled that there were elections in 1940, 1944, 1948 and 1952, but that because of unusual circumstances the last election was held only three years later on June 29, 1955. Because almost four years have now elapsed since that time, the 1959 session was held in a re-election atmosphere which was very noticeable at all times. Opposition members were more than usually active in probing the Government's record, policies and activities, and Government members were untiring in their efforts to carefully and fully explain and staunchly uphold their programs in all Departments.

NOMINATING CONVENTION

Social Crediters of the Alexandra Constituency held a nominating Convention at Kitscoty on Wednesday evening, April 8, at which I was again named as their candidate in the next general election. In accepting this nomination, which is the highest honor that the Social Crediters of the riding can bestow on one of their own number, I expressed to the delegates my very deep, sincere gratitude and appreciation for their continued confidence and pledged myself with their full support and encouragement to exert my best efforts during the campaign which lies ahead. Delegates represented 35 of the 40 polling subdivisions within the riding, and the total attendance was greater than at any Social Credit nominating convention held in Alexandra since 1935.

Amateur Program Provides Grand Entertainment At Mannville

MANNVILLE — A decided success was the Mannville High School Amateur Hour, held in the gymnasium on April 4, with 26 contestants. There was a varied programme, which made the contest more interesting. Beginning the concert with "O Canada," genial [illegible] of ceremonies Douglas Livingstone opened the evening's fun with many good jokes welcoming the large crowd warmly.

A break in the programme come where Carolyn Remples was crowned as Ice Carnival Queen by Mayor Williams. Mr. Williams expressed hope for better weather next year. The warm weather this year was the cause for cancellation of the 1959 carnival. Good wishes were brought from Canadian Legion president Lloyd Boe, while Ladies Auxiliary to that group president Nancy Coxford and Marion Emmett presented gifts to the Queen and her attendants, Lynne Kreller and Dianne Tymchychyn for a clean campaign, congratulating them through the mayor. Mr. Boe [illegible] thanks of Legion and the Auxiliary for privilege of [illegible] the Queen at this [illegible]. Besides the honor of winning the campaign for Queen, Miss Remples also received a trophy.

While judges retired for decision, entertainment was offered by local talent. Joan Lugg presented her impersonation of Gracie Fields' song, while Lillian Zaharia was heard in two very [illegible] vocal numbers, "I Forgive," and "I'm Forever Blowing Bubbles." Jim Scott, that very talented 'natural' in show business presented a variety of western numbers which brought down the house, two of which were "Lonesome Me" and "My Shoes Keep Walkin' Back to Me."

Judges decisions were as follows - Instrumental Seniors — 1st — The Weavers 2nd — Rose Semeniuk and Vera Howorko. Instrumental Juniors — Mavis McCauley: 2nd — Gertrude Prill. Vocal Seniors — 1st — Jim Scott: 2nd — Sharon Polishak and Faye Ellen Peden. Vocal Juniors — 1st — Geoffrey Holter, 2nd — Frank McCauley and Audrey Polishak (tied). 3rd — Teddy Wilmer.

Novelty — 1st — Karen Peden: 2nd — Irish Lilt.

At the close of the program, a vote of thanks was extended to the judges as well as to all those who assisted in any way.

Mannville Enjoys Concert By The Lloydminster Band

MANNVILLE. — To those who were unfortunate enough to miss the Lloydminster Band concert, sincere regrets are offered. Held on the evening of Friday, April 10th, in the high school gym, the concert was enjoyed from start to finish by all music lovers. Opening with "O Canada" the band was off to a lively start and with amiable Bob Carmichael of Vermilion as M.C. the concert was not lacking in humor between acts. Bandmaster Bob Bourassa was a most capable conductor throughout, keeping his band in perfect harmony.

Bandmaster Bourassa at the conclusion of the concert thanked all attending, also Cheryl Jones, Harlan Green and Jim Scott for their performances.

All hope along with Bandmaster Bourassa that they may return again in the future. It good music and an excellent performance.

RUMMAGE SALE

The United Church is holding a rummage sale on April 25th in the church basement beginning at 11 a.m. Tea will be served. Anyone having anything to donate is asked to call Mrs. E. T. Ronks, ph. 406, or Mrs. A. Cameron, 462. Pick-up on Friday April 24th. 40-1

A.T.A. Vermilion Sub-Local Meets

The Vermilion sub-local of the Alberta Teachers' Association held their monthly supper meeting at the Parish Hall on April 8 at 5 p.m. Thirty members of the Vermilion school staff sat down to a homey cafeteria-style dinner prepared by the W. A. of the Anglican church.

A business meeting followed with president Kay Fulcher in the chair. Miss Knapp gave a report of the annual general meeting of the Alberta Teachers' Association held in Edmonton during the Easter recess.

Clandonald United Church Notes

Mrs. Laird represented the Clandonald United Church W. A. at the annual meeting of St. Paul Presbytery W. A. held at Mannville. Accompanying her were Mrs. Feenstra, Mrs. Cooper and Mrs. V. Sweet of Dewberry. Mr. Harold Cooper kindly provided transportation. Sincere thanks are extended to the Mannville W. A. for their gracious hospitality.

Mrs. Laird was elected as representative on the Lake Whitney camp committee. Mrs. Cooper will attend conference W. A. in Edmonton April 7, 8, 9 as one of five delegates from the St. Paul presbytery.

The March meeting of the W. A. was held at the home of Mr. and Mrs. H. Cooper with ten members present. The ladies turned in a large quantity of sewing for the fall bazaar. The next meeting will be held at the home of Mr. and Mrs. Laird. Clandonald, on April 9th.

The W. A. catered for the Trudell-Laird wedding reception where everyone enjoyed a pleasant evening.

A meeting was held in the church to elect a new board and discuss plans to build a porch on the church. The retiring board was re-elected.

The meeting went on record as appreciating the visits of Rev. C. W. MacKay and Ernest Schurman during the winter. Mr. MacKay's sermons on the Ten Commandments provide much food for thought. It is pleasing to see that wonderful old timer Mr. Fred Madden out several times this winter also.

Mr. and Mrs. Cooper, Gail and Wayne Goddard were guests at the supper in honor of Professor Wishart and eight theological students from St. Stephens College, Edmonton. This was a very interesting evening indeed with a large number of young people in attendance. The film "Crossroad" was given and several students gave inspiring testimonies.

Among the students was Kees Hessels, a brother-in-law of Andrew de Jong.

Takes Seat On Islay Hospital Board

The regular monthly meeting of the Islay Municipal Hospital board was held in the hospital on April 7th at 2:00 p.m. with Messrs. Shirreff, Shaw, Erven, Garnier, Beckett and the secretary present.

The oath of office was taken by the newly-elected member, Mr. Gordon Beckett.

The minutes of the March 3rd meeting and the financial statement were adopted as read.

Matron's report: In hospital, 8, admitted 16, discharged 16, remaining April 1, 8. Out-patients 4, births 0, deaths 0, operations 1, X-rays 10. Receipts $2862.

Bank Bal. March 1	$10,983.54
March Receipts	2,862.00
	$13,845.54
March Accts. Payable	3,713.06
Bank Bal. March 31	$10,132.48
Earnings Unp'd Mar 1	$1,843.57

Mannville Boys' Rink Does Well In City

MANNVILLE — A rink composed of Jim Elliott skip, Barry Smith, Bill Tod and Hans Pedersen won three straight games in the recent Edmonton High school spiel, and lost one, thus winning 4th in that event. Had they been successful in their fourth game they would have met the champion high school rink.

Think before you act may be a good motto—but too many people think and then fail to act.

The man who wakes up and finds himself famous can never be accused of day dreaming.

Wheat Pool Sponsors 35 Boys and Girls At Farm Young People's Week

Thirty-five farm boys and girls will have the opportunity to attend Farm Young People's Week at the University of Alberta under sponsorship of the Alberta Wheat Pool. The course is being held in Edmonton from June 2 to 11.

This year the young people will be sent from the Wheat Pool's odd numbered sub-districts.

Any farm organization may nominate a farm boy or girl between the ages of 16 and 26 years. In doing so, preference should be given to the young people who are actively participating in community activities as this will be taken into consideration when the selection is made. Nomination forms and sub district maps are available from Wheat Pool agents.

As well as paying transportation costs, the Alberta Wheat Pool will pay $15.00 towards the cost of room and board of each of the young people while at the short course.

Farm Young People's Week has been held annually for the past 26 years at the University in Edmonton under direction of the Department of Extension. An interesting and entertaining program has been lined up that will benefit and appeal to all farm youth. Farm organizations are encouraged to see that young people are nominated who will take full advantage of the program offered.

This is the fifteenth year that the Alberta Wheat Pool has sponsored a group of young people at the short course.

The Bible Today

The British and Foreign Bible Society Branch in Belgrade has now obtained permission to import 200 Bibles a month in the form of registered parcels from abroad. This marks a relaxation of the prohibition against importing Bibles, in effect since September, 1956.

Suggested readings for next week:

Sunday, April 19 — 1. Sam. 17: 35.

Monday, April 20 — Rev. 5: 1-14.

Tuesday, April 21 — Rev. 6: 1-17.

Wednesday, April 22 — 1. Sam. 16: 1-23.

Thursday, April 23 — 1. Sam. 17: 1-23.

Friday, April 24 — 1. Sam. 17: 24-40.

Saturday, April 25 — 1. Sam. 17: 41-58.

Sportsmen's Dinner Wednesday, April 22
Outstanding Program. Ladies Are Welcome. 6:30 p.m. — $5.00 Plate. Support the Tigers Hockey Club

NEWS from ISLAY

Congratulations are in order for Mr and Mrs. Tom Lee of Riverton who celebrated their 56th wedding anniversary on April 13th.

Mr and Mrs. Rene Guitalle and daughter of Myrnam were Sunday visitors at the Potvin home. Rene once worked for Mr Potvin during 1927 and 1928 so there was much to recall.

(Remember folks, the following items are 20 years old, taken from the old school paper "News and Views 1939")

The A.T.A. is holding its third annual amateur program on Friday April 21st. By this means the track meet is financed. In 1937 Islay came out of the Alexandra track meet with a cup winner. Why not again?

Mr Purves returned home from Ontario on Jan. 11th. The Purves family can't seem to get along without father or maybe they can . . . they can pick up [illegible] cleaning the mumps.

Miss [illegible]ret Marain entertained at a delightful dinner party on Jan. 20th. Guests were Miss Gertrude Powers R.N., Miss W[illegible], Miss Eleanor Goodwin and Miss Willa Smith.

Mr and Mrs. Hardy Ford are receiving congratulations on the birth of a son.

The Olds house burnt Tuesday. Fire was noticed at 10 a.m. and in ten minutes the building was destroyed. No one was hurt. Mrs. Olds thought the chimney was on fire but realized almost as soon as she called her husband that it was more than the chimney because she could hear the crackling of burning wood. Mrs. Olds and her oldest daughter Violet ran into an inner room to get out the small children and as they reached the door they collided with Mr Olds rushing in from outside. He grabbed what belongings he could lay hands on in the dense smoke and threw it out. A trunk was saved, nothing more. (Per Sheila Purves)

What store in town had these ads? Try one of our tooth less combs: Glue sale next week, stick around. Cabbage 10c, buy one and get a head.

YOU BREAK EM
WE REPLACE EM

...that's **EMPIRE** the sweep with the down-to-earth GUARANTEE

That's right! If an Empire sweep breaks — bring it back for free replacement. Of course, if long, hard service has worn it right down to the stem — or young Joe hits it with a sledge-hammer — we know you'll be only too pleased to buy a new one. Ordinary wear and tear won't shorten its long life one bit, thanks to Empire's exclusive "Isotherm" heat treatment for stem toughness.

In deep tillage cultivation, wear and tear on both sweep and cultivator, depend on perfect matching of sweep stem angle to chisel plow shank angle. Only Empire, specialists in tillage tools since 1940, make sweeps in 4 different stem angles.

Write for free literature on Empire high carbon steel sweeps, shovels, teeth, chisels, spikes and seeds — they draw light, scour freely and last, and last . . . under all soil conditions.

OUR LETTER FROM EDMONTON

Major Question: When Will Alberta Election Be Held?

by KEN MASON

EDMONTON — One major question remained unanswered as the fifth session of the 13th Alberta Legislature came to an end.

And that's the question of when the election will be held. Premier Manning and some of his closest colleagues are the only ones who know and they aren't saying. But the talk among MLA's leaves little doubt they're prepared for a vote sometime this year.

As the session ended, members drifted home for a breather before they start getting into the thick of an election battle. Political observers have picked June or August as the most likely months for a vote.

LONG SESSION

For a pre-election session, it was a dull one with nothing that could be called a first rate controversy. But it was a long one, lasting a full eight weeks, and the legislative program was heavy enough to make members earn their pay.

Opposition members, looking desperately for a hot issue to carry them into the election campaign, prodded persistently at the government, and kept cabinet ministers on their feet almost constantly answering questions about specific items in the budget estimates and in government bills.

GAS RATES ISSUE FIZZLED

The Liberals tried hard to make proposed increases in the natural gas rates an issue of the session, claiming government gas export policy permits higher export prices to be reflected in higher domestic prices.

Natural gas was under discussion until the dying minutes. On the last night of the session Liberal Hugh John MacDonald of Calgary kept Premier Manning answering questions for 90 minutes on gas export policies.

Gas rates and export fizzled as a red-hot issue in the House, but the Liberals haven't given up. Watch for them to propose a preferential or "two-price" system for gas aimed at protecting Alberta consumers, as part of their platform in the election cam[illegible].

The session did produce these important items:

The government brought in a record $309,676,358 budget, abandoning pay-as-you-go financing and going into deficit financing out of accumulated reserves.

— A bill was passed giving the government authority to start building 32 homes for the aged throughout Alberta.

— Chronic hospital care was brought into the existing federal-provincial-municipal hospital insurance program.

The Government was empowered to raise speed limits to 65 m.p.h. on four-laned highways, and will probably make it effective this summer.

Maximum loans to would-be farmers under the province's Farm Purchase Credit Act were increased to $10,000 from $7,300.

The government introduced a program of guaranteeing 50% of principal and interest on farm home improvement loans up to a maximum loan of $2,000.

The Alberta Municipal Financing Corporation, idle for one year, was put back into business with its scope expanded, and will borrow $70,000,000 on behalf of municipalities in the coming year.

— Legislation trims the maximum size of crown grazing leases, as a means of making pastureland available to small ranchers and farmers. It may mean some big ranches in southern Alberta will have to reduce their size.

NEWS from KITSCOTY

The Reverend F. O. Seward, Mrs. Seward and family from Bentley spent several days here recently, visiting with their parents, Mr and Mrs. F. O. Seward.

Mrs. G. Christopher is at present visiting in Edmonton with her sister Mrs. Bert Duckering.

Mrs H. Batty was a week end visitor to Edmonton and was a guest at the Lund-Jack wedding on April 11.

Mr. and Mrs. R. Milligan and Mrs. Cliff Pinder of Edmonton were week end visitors with Mr. and Mrs. Henry Joy. Master Robert Milligan returned home with his parents after a holiday spent with his aunt and uncle.

Mr. and Mrs. Ross Steven of Edmonton were week end visitors here with their parents, Mr and Mrs. H. Steven and other relatives.

We are pleased to report baby Beverlie Gray is home after spending a few days in hospital last week.

Mr and Mrs C. K. Miller are Edmonton visitors at present. Mrs. Miller is having a medical check-up.

The Reverend A. E. Potter was in Edmonton for several days last week and attended the Edmonton Anglican Diocesan Synod which was held in All Saints Cathedral. Mrs Potter and Marcella visited at Drayton Valley with her brother Jack. Mrs. Tyler and family.

Best wishes for a speedy and complete recovery are extended to [illegible] Murray McLean who is a patient in the Lloydminster hospital.

Miss Margaret Miles left by bus last Thursday for Naramata, B. C. where she attended the graduation exercises at the Christian Leadership Training school.

Mr. and Mrs. Ted Sheppard and Kathleen visited with Mr and Mrs. E. Coppen of Streamstown last Sunday.

Mr. Herman Lenz is home from the Lloydminster hospital and much improved in health.

Sixteen Years Ago

April 15, 1943

The Board of Trade membership for 1943 has set an all time high record with 116 so far enrolled and prospects of several more to come.

O. Repp, well known Bowtell district farmer is in the Vermilion hospital recovering from an attack by his bull.

Vermilion stores and businesses will remain open on Saturday evening until 10:00 p.m. and every Saturday evening thereafter until the end of the year.

Water in the river valley is the highest since the spring of 1907 and may be even greater than in that year. Thursday and Friday last week saw the peak of the flood when practically an unbroken expanse of water right across the valley greeted the eye. Maybe as a post-war project, the long talked of and thought of dam will be built below the town, giving Vermilion a permanent lake.

32 Years Ago

April 14, 1927

The provincial government has enlarged its holdings by purchasing 80 acres of land adjoining its present demonstration farm from Blakely Barton.

C. L. Whitby was elected president of the golf club with Dr. Scott as secretary.

The first football practice of the season was held Tuesday evening on the east end grounds; work on putting the tennis courts into good condition is being done; ardent golfers have already been out on the links.

Work on the land has started with farmers doing considerable harrowing this week.

Archie McNell, wife and two children have left to make their home in Vancouver.

48 YEARS AGO

April 12, 1911

A large concert hall and theatre is now in the course of erection by H. C. Stiles on the premises just west of the town hall. Cost of the building is estimated at $5,000.00 and seating capacity at 500.

On Monday night the warehouse of Pilkie Bros., south of the track was completely consumed by fire with all contents, consisting of large quantities of flour, sugar, salt and smaller goods. Loss is estimated as in excess of $1,000.00

172 towns will be born in Western Canada this year. The C. P. R. will put on 50, the G. T. P and the Canadian Northern 50.

Plan To See Rock Picker In Action

All interested in seeing a rock picker at work kindly do so on Monday afternoon April 20th on land located one mile north from top of river hill and 1½ miles east. The demonstration is sponsored by W. H. Little & Sons, your J. I. Case dealer. 40

Dr. McCrae of Lloydminster will re-open his Chiropractic office on Tuesday, April 14. Hours will be from 10 a.m. to 5 p.m. Tuesday through Saturday. Closed on Monday's. Phone 2634 Lloydminster. 39-40

A NOTICE TO ALL
MOBILE HOME OWNERS

Bill 76, an Act to repeal the Mobile Homes Licensing Act, was assented to on March 23rd, 1959.

As a result, no further Mobile Homes Licenses will be issued by the Department of Municipal Affairs, Highways Building, Edmonton, or by any branch of the Department, except to Mobile Homes in improvement districts.

The power to license Mobile Homes is being given to the municipalities at their discretion. Mobile Home owners must now secure licenses from the authorities of any city, town, village, municipal district, improvement district or county in which the Mobile Home is being occupied where a Mobile Homes Licensing by-law is in effect.

The current licensing year begins April 1, 1959 and Mobile Home owners should acquaint themselves with licensing regulations in the municipality in which their Mobile Home is situated.

ENGAGEMENT ANNOUNCED

Mr and Mrs. Robert B. Carmichael of Vermilion, announce the engagement of their daughter, Suzanne Lenora, to Mr. Edward A. Frissell, son of Mr. and Mrs. Wilbert A. Frissell, of Vermilion. The wedding will take place at the First United Church, Vermilion, on Wednesday, April 29 at 7 o'clock p.m. Reception to follow in the church banquet room. Friends and acquaintances, kindly accept this as your invitation.

—S—

Dr. and Mrs. Ben King were recent week end visitors at Red Deer where they were guests of Mr and Mrs. Tom McPherson. Tom and Mona send very best regards to all friends here and are well and happy in their new home in the rapidly developing central Alberta city.

—S—

A welcome visitor at the Standard office on Saturday last was Elza Arthur who now lives some four miles north of Wainwright. Mr. Arthur was a pioneer of Vermilion, living here back in 1907 at which time he was printer's "devil" in the old Signal newspaper office. He then homesteaded half way between here and Wainwright, subsequently moving closer to the latter town.

The annual provincial I. O. D. E. three-day convention was held at the Palliser Hotel in Calgary on April 7, 8 and 9. Miss Alice Keith, Regent of the Frog Lake Chapter of the I. O. D. E., attended the convention.

Mrs. Amalia Bauer had her brother and wife, Mr. and Mrs. G. Maron of Mannville, and her sister, Mrs. John Muhlbier of Edmonton, as guests over the [illegible].

—S—

Mr. and Mrs. Curtis Martin left by C. N. R. Saturday morning for a holiday which will take them to Cloverdale B. C. to visit Mr. and Mrs. Herman Eyben and then to Portland, Oregon to visit Mrs. Martin's sister and family, Mr. and Mrs. Winge. They expect to be gone three weeks.

Mrs. Reg Ireland and little daughter Phyllis have returned to Vermilion after spending a most enjoyable holiday at Daytona, Florida, guests of Mrs. Ireland's father, Mr. and Mrs. James Reid. Mr. and Mrs. Reid returned with Mrs. Ireland and will spend a month visiting in Vermilion.

Mr. and Mrs Brower accompanied by son Joe, and daughter Mrs. Peter Wilkinson motored to Calgary on April 2nd to attend the funeral of Mr Brower's youngest brother.

Additional memorial tributes to the late Mr Otto L. Wolters were received from Canadian Order of Foresters, Les and Sophie Kreller, Peere and Betty Williams, Freeman Pringle and Doris Galloway, Clarence Lewis.

—S—

APPRECIATION

The Britannia Rebekah Lodge wish to thank the general public for the interest taken in the public speaking contest held last Friday evening, judges Messrs A. Pallie, D. H. Mitchell and Ashley Cooper and the school board for the use of the school auditorium, the teachers who helped to train the contestants and the Vermilion Standard for the valuable publicity given the event.

—S—

APPRECIATION

Charlie and Edna Calvert and [illegible] wish to take this opportunity of thanking friends and neighbors in Vermilion for the many acts of kindness and hospitality prior to their departure for their new home at Edson.

APPRECIATION

We wish to thank all those who gave us such an enjoyable farewell party at the Bowtell hall on the eve of our departure. We will always welcome visitors at our new home at 12936 Fort Rd. Edmonton.

Gerald and Jean Miller

—S—

CARD OF THANKS

J. C. Wallington wishes to take this means to heartily thank everyone who helped make his sale such a success, with special mention of the ladies of the Wildmere W.A. and others who served the lunch. They really made a wonderful job of serving such a huge crowd. Thanks again very [illegible]

IN MEMORIAM

In loving memory of
MR GEORGE H STONE
who passed away Apr 23, 1953.
- Ever remembered by Mr and Mrs. Walter Thompson.

While His Worship Mayor and Mrs. Hill have not officially reported to the Standard they returned last Friday from four months spent on a tour of eastern Canada, particularly Ontario and the Maritimes, and enjoyed an ocean voyage to Ber[illegible].

Bernie Klashinsky of the R. C. N., son of Mr. and Mrs. Leo Klashinsky, is home for 14 days furlough. Bernie is looking very fit and has recently been transferred from Cornwallis to Halifax.

Mrs. Allen Rasmussen and son Gordon of Calgary who have been visiting since Easter in Vermilion, guests at the home of Mrs. Rasmussen's parents, Mr. and Mrs. Harry Brown, returned to Calgary on Sunday.

BOWTELL BULLETIN

All are pleased to see Mr. L. Gow back in our midst again. He is looking very well after his holiday in the States.

It is nice also to have Mrs. A. Morrison with us after spending most of the past winter in Edmonton.

Sorry to report that George Lind Sr. is a patient in an Edmonton hospital. Best wishes for a speedy recovery to good health and home is wished him.

Jack Morrison had the phone installed recently, the number is R3013.

Mr and Mrs. T. Stocker and family were recent visitors at the Sherwood home.

Mrs. J. Payne made a trip to Vancouver on account of the serious illness of her father Mr Lippert. At time of writing we are pleased to report he is improving.

Frank Robinson was the first noticed working on the land. He started April 2nd.

A very nice letter was recently received from Robert Dibbon's mother thanking the Borradaile Telephone Co. for the lovely gift Robert received at Easter. Robert is still unable to write letters but wishes to be remembered to all of his friends here.

Quite a number have been ill with what appears to be the flu bug. Mrs. Harrison and Mrs. Knutson are the latest victims.

We are sorry to learn at time of writing that Charlie Burt is a patient in the Islay hospital.

Mr and Mrs. B. Hobbis and boys, Mr and Mrs. K. Riedale and George were Sunday visitors at the home of Mr. and Mrs. J. Repp.

—S—

Claysmore Old Timer Jim Naismith Passes Away In Edmonton

Jim Naismith, well remembered old timer of the Claysmore and Mannville districts, passed away on April 6th in Edmonton. He was 78 years of age.

Mr Naismith was born at Almonte Ont., lived for many years at Claysmore and of late years at Mannville and Edmonton.

He is survived by a sister at Almonte and a brother in California.

Funeral services were held at the Hainstock Funeral Home with interment in the Mount Pleasant cemetery, Edmonton.

TINY HEN'S EGG

Whether it was a first effort or not, little Miss Duane McCann left a tiny hen's egg with the Editor last week end. It was about the tiniest one ever seen in the office with the shell well developed.

On the Parisienne Scene

High fashion experts finally agree

Wonderful news . . . at last fashion experts are unanimous in their choice of the most glamorous creation of the year. It's the most exciting new look in ages . . . the 1959 Pontiac Parisienne! Daring Twin-Grilles are the focal point of this beauty—the lines are crisp, clean, fresh as a daisy. The rear deck is sculptured out to give a lower, sleeker look. Glass area goes up and down and all around—lets you watch all the heads turning as you sweep by. Interiors? Fabulous! Pontiac takes fine materials, dyes them all the colors of a summer sunset—mixes and matches them in the most exciting color trims and combinations of the year. How marvellous to show your new spring outfit off in interiors like these. And just to show you it's a woman's world, try driving this car. It's effortless—you float along.

A flick of the wrist and you're round the corner. A touch of your toe and you stop smoothly, steadily, surely. The Parisienne matches your love of luxury, flatters your fashion sense. Drive the Pontiac Parisienne soon. It does more for you than a hundred new hats.

McLaughlin's Self-Serve

The Homemaker

Donna Westendorf
District Home Economist
Lamont, Alberta.

It is not unusual for food materials in the home to become infested by insects which almost inevitably effect the quality and often render the food unfit for human consumption.

The eggs of moths, beetles and weevils hatch into tiny larvae that are worm-like in appearance and are usually associated with considerable webbing material in the food. If not detected and dealt with at an early stage the infestations may render food unfit for human consumption.

Much can be done in the home to prevent the occurrence and spread of insect infestations and to avoid losses resulting therefrom.

Food materials subject to insect attack such as flour, meal, and other cereals, dried fruits, nuts, cured meats and spices should, when practical, be purchased in quantities that are small enough to avoid the necessity of storage over lengthy periods.

Insects will not develop in cold storage, and, when possible, this means of protection should be utilized for fresh fruits, meats and such susceptible foods as dried fruit and nuts which are sometimes stored for lengthy periods.

Insects can enter containers through extremely small cracks and crevices and in some instances bore through the packages themselves. It is important therefore, that foods be stored in insect-proof receptacles. Glass jars, preferably with rubber seal tops, are ideal for this purpose.

All stages of insects, including their eggs, may be destroyed readily by placing infested food materials in the oven and heating them. When the quantity of food is small, it should be spread out in a pan so that it is not more than an inch or two in depth and it should be stirred frequently while heating. The temperature of material should be maintained at 140 degrees F for about 15 minutes. Larger quantities of food should be exposed to the heat for proportionately longer periods up to an hour or two. The dead insects may be removed from flour by sifting.

During the winter, insect infestations in small quantities of food may be destroyed by exposure to low temperatures outdoors in rodent-proof containers. When temperature goes below zero, a 24-hour exposure should be sufficient to kill any insects present.

Infested cupboards should be emptied and sprayed with a good household insect spray, preferably a residual spray, particular attention being given to cracks and crevices. After the sprayed surfaces have dried, cupboards may be washed with soap and water. Food materials, cooking utensils, dishes and food containers should be covered during the spraying, and care should be taken that they are free of insects in all their life-stages before replacing them in the cupboards.

Insects of other orders also commonly attack food supplies and include cockroaches, ants, silverfish, house flies, blow flies, fruit flies and the cheese skipper.

Information on the control of any of these insects may be obtained by writing to the Division of Entomology, Department of Agriculture, Ottawa.

WOODVALE NOTES

Not much news has come our way of late and now we have little time to write them up in time for publication on the 16th, so our notes will not be notes, but telegrams!

First, belated congratulations to Mr and Mrs. John Wasylik on the birth of their son Richard John Louis and a very cute baby he is. How proud his grandfather, the late Mr Otto Wolters would have been of him!

Freddy McGrath and Leo Lysons took a flying trip to Edson the end of March, bringing back a load of lumber. Herman Wolters helped with the chores while Leo was away.

Mr and Mrs. Camille Goutier and the two little boys have left the district to return to Tangent where Camille hopes to resume his teaching duties after going to summer school. George Gow will put the crops in on the Goutier farm.

Mrs. Mable Crooks of Airways left her four little daughters with her mother, Mrs. Euna Lysons, while she went to Edmonton to get some dental work done. Her brother Tommy Lyons and his wife from Vermilion brought Mable and the children back on the 8th while Grandma looked after their little boy Murray, bringing him to the Red Cross meeting held that day at the home of Mrs. Betty Lysons where nine ladies met to work on baby quilts and two layettes. All the unfinished work was taken home to be delivered to the store and Mrs. Amy Portsmith for packing and sending to the Unitarian Service Organization which collects used clothing. Books and magazines were exchanged, a lunch enjoyed and the date set for the next meeting, June 4th, a Thursday, at the home of Mrs. Margaret Watson.

On Thursday, April 9th people of the district went to the curling banquet at Basswood, the slides shown by Mr. Arnet Brown at Woodvale school, the show and lectures in Vermilion put on by the two drug stores and a few to the Art classes. The writer not attending any of them just heard these outings were enjoyed by all present.

Mr and Mrs. J. Smith and children of Banff, returning from a winter's holiday in the Netherlands, stayed the week end with the Van Wageningen family.

—S—

Many a man is misunderstood because there's nothing in him worth studying.

Mannville and District Local News

Sympathy of the district is extended to the members of the late E. P. Thompson family on his sudden passing.

* * *

Miss Lynne Nicholson is now employed at the telephone office.

* * *

Mrs. Emery Matney and Mrs. Fred Prill are working at the Mannville Hotel coffee shop.

* * *

Mrs. B. K. Jones, a former resident of Mannville has been renewing acquaintances here.

* * *

Mr and Mrs W. Osborn, Mr and Mrs. E. J. Lugg and Mr and Mrs. R. A. Lugg journeyed to Camrose on Sunday.

* * *

Sympathy of the district is expressed to Mr and Mrs. Doherty on the sad tragedy befalling a cousin of Mrs. Doherty's.

Mr and Mrs. E. Hubbard and Karen were visitors on Sunday to Edmonton at the home of their daughter Joan, when they took their granddaughter little Miss Joanne Dowicki home, after she had spent the Easter holidays here.

* * *

John Peskilivets is a patient in the local hospital at time of writing.

* * *

Mr Jack Shaw was a recent visitor to Mannville from Edmonton.

* * *

A number of ladies fr. Western Rose L.O.B.A., Edmonton, were visitors to Mannville Prince Edward Lodge here on Monday evening, April 13th.

* * *

Crocuses are blooming in profusion, trees are budding and grass is taking on a greenish hue making apparent the advent of another spring. All the usual harbingers of spring and summer have made their appearance and are to be seen busily engaged in nest building. Everyone should do their utmost in protecting our little songsters.

* * *

The Osborn brothers Harry and Tom and families left last week end for their respective homes in Saskatoon after completing work on the Alf Christensen home here.

* * *

Of interest to many Mannville residents is the report of the 25th wedding anniversary celebration of two of Mannville district's former residents Mr. and Mrs. Gerald Knight (nee Rosemary Schreyer) who entertained about forty guests among whom were Rev. and Mrs. Phillip Lindsey. Rev. Lindsey officiated at the Knights' wedding 25 years ago when he was in charge of the parish of Christ Church in Mannville.

Edward Thompson Dies at Mannville

Mr Edward Hardy Thompson, of Mannville passed away at his residence on April tenth.

Left to mourn his loss are five sons Garnet and Allan of Edmonton, Clayton of Mannville, Clarence Whitecourt and Morley of Gagetown N B. There are four daughters, Mrs. W. A. Webb of Mannville, Mrs J Donald, Mrs Marion Smith, and Mrs. Phil Bradley of Edmonton. There are fifteen grandchildren and five great-grandchildren.

Funeral services were held on Tuesday April 14 in the Mannville United Church, the Rev I Holtze officiating. Interment followed in the Mannville cemetery. Moyers were in charge of funeral arrangements.

DEAR EDITOR

Our post office is a lovely place
But I regret to say,
That most of us older folk
Think it's too far away.

A letter box is what we need
Somewhere in the east of town.
People west are served the best
While others fume and frown.

It's a long way to go,
Just to post a letter.
The older folks of Vermilion today
Need something a little better.

Maybe you could find a space
Just to print these few lines,
And help the people who run the town
Just to change their minds.

- Just an Old Timer

W.M.S. and C.G.I.T. Hold Impressive Affiliation Service

The Canadian Girls in Training held their annual affiliation service with the W M S. in the United Church on April 8. Mrs. Morgan of Ashmont, as the guest speaker chose for her topic, the four fold purpose of the C. G. I. T.

"As a Canadian Girl in Training, under the leadership of Jesus, it is my purpose to CHERISH HEALTH, SEEK TRUTH, KNOW GOD and to SERVE OTHERS, and thus with His help to become the girl God would have me be.

With her keen knowledge of social problems, duties, rights and responsibilities of the young women of today Mrs. Morgan encouraged and inspired the girls to use their young hearts and minds toward a fuller understanding of christian faith and living. Mrs Morgan has a vital interest in young people, and has held many important positions among youth groups. We were very fortunate and grateful to have her with us and address the girls.

Affiliation means something special. An affiliated group has a share in part of the Church's Mission, which is the responsibility of the W M S. It is a dedication to the way of World Friendship through the giving of a token money gift and a joining with the women of the church. The Society appreciates the share affiliated C. G. I. T. groups take in support of the Missionary cause.

We regret that due to illness Mrs Kathey, our C G. I. T. leader was unable to attend the Affiliation.

The following took part in the service: Marie Marshall, President of the C. G. I. T.; Ruth Stewart Secretary of C. G. I. T.; Mrs. Hathaway, Acting leader, Mrs. A M. West and Mrs H. J. Clarke represented the W. M. S. assisted by Mrs. Morgan.

World Friendship Badges Seals and Certificates were presented to the girls during the ceremony. Looking very earnest and trim in their C G. I. T. uniforms over thirty girls attended this event.

In the afternoon, previous to the affiliation, the W. M. S. held their regular monthly meeting. Worship service was ably conducted by Mrs. Good and Mrs. Robinson. During the business meeting, interesting reports were read and plans discussed for future work. Mrs. Folk was pianist for the afternoon.

At 6 p.m. a delicious supper was served to members and friends. Many thanks are due the ladies in charge.

Our supper guests were Rev. and Mrs. Morgan and the wee Morgans Charles and Ruth. We are looking forward to another visit.

Rotary Club Hears Talk on Outline And History of Kinsmen Club

Dr Bob Anderson gave the Rotary club a very interesting talk on the history of the Kinsmen clubs and their aims and objects.

The speaker said that the Kinsmen organization was started in Hamilton just after the first war. Although it has spread all across Canada, it is still entirely Canadian, having no clubs outside of this country.

Every Kinsmen club chooses one or more community projects which it supports in a big way. One of the popular projects of Vermilion club is the paddling pool for small youngsters. Paid attendants are provided as a safety measure.

Dr Ben King introduced the guest speaker and Fred Stewart thanked him on behalf of the club for a very interesting and informative talk.

Visitors were Dr Lavery of Kamloops, Nick Ewanowich of Lloydminster and Doug Moore of Estevan.

Ross Boake reported on the plans being made for the Rotary convention to be held in May.

Jack Kneale stated that a number of applications had been received for the car drivers school being sponsored jointly by the Alberta Motor Association and the Vermilion Rotary Club.

President Jim Robson presided at the meeting.

Curling Season Ends

MANNVILLE — The annual meeting of the Ladies' Curling Association was held recently and officers for the new year were elected. They are: President — Ethel Mercer; 1st Vice-Pres. — Theresa Matney; 2nd Vice-Pres. — Audrey Holden; Treasurer — Helen Bohaichuk; Secretary — Connie Ewing.

A vote of thanks was passed to the retiring president Cynthia Bee for past services. She in turn thanked all those officers who so ably assisted her. The delegates were appointed to meet the Men's Curling Association and discuss plans for renovation of the curling rink.

Pins were also presented at this time to the rink of Bren Hasinoff who won the square draw at the first of the season. These pins were of a trophy type with curling rock and broom cleverly placed on a pin making an attractive piece of jewelry for any lady to display when appearing in a future sports outfit.

Salvation Army Home League Notes

On March 4, Mrs. Maskell's group was in charge of an educational night. Two films from the film library were shown following a short devotional taken by members of the group.

A spiritual meeting was held on March 11 which took the form of a radio night. The group had the meeting taped and then presented it in the evening. A Gideon Bible was placed in memory of Mrs Cavil who was a member of the Home League.

"St Patrick's" was the theme of the Marc 18 meeting led by Mrs. Tory's group. After the opening devotional exercises, a musical contest and Irish games were enjoyed including a potato race and limerick composed by each group.

March 25 was not a regular meeting but the Home League attended the service held by the Ministerial association prior to Easter services.

Bowtell Farewells Miller Family

On Friday evening of last week over eighty friends and neighbors gathered at a very enjoyable farewell party at the Bowtell hall to honor Mr. and Mrs. Gerald Miller and family who are leaving to make their home in Edmonton.

Chairman of the evening was Mr. R. Freestone, and the program consisted of a few games of cards, and other games. After supper dancing was enjoyed for a few hours, music kindly supplied by Mr. and Mrs. C. Burt.

Mr Freestone made the presentation of lovely gifts from the community, the Foresters club and Square Dance club.

Mr. and Mrs. Miller thanked each and everyone in a very fitting manner after which the crowd sang "For They Are Jolly Good Fellows."

The very best wishes of the community go with them to their new location and we can only say our loss is someone else's gain.

Pleasant Valley

The news this week is that spring is definitely here, with lovely little crocuses blooming everywhere.

About 75 people thronged the Bowtell school on Friday night, the occasion being a farewell party for Mr and Mrs. Gerald Miller, who are leaving for Edmonton this week. Games and cards were enjoyed and lunch was served. Following this, the community presented the popular couple with a lovely dinner set and silverware. Also received were gifts from the Islay square dance club, the Loafers Club, and the Vermilion branch of the Canadian Order of Foresters, of which group Gerald was a member.

On Friday afternoon, Mrs. Gillies, Mrs. Potvin and the writer attended the tea and sale sponsored by the ladies W. A. of Islay and reports are that the group did quite well financially.

On Saturday, the writer and Mrs. Winnie Torrance enjoyed a chat and a cup of tea with Mrs. Jean Axley and her mother Mrs. Munro. We were sorry to hear of Mrs. Munro's illness.

Marvin Gould has been laid up with the flu while Percy Golby had the misfortune to break some ribs.

John Marie and family visited Gordon Gould's home on Sunday.

Noticed Mrs. Ekeland trying to drive Mr. Van Den Dalder's new car on Saturday.

Guides & Brownies

The executive of the Mothers' Association and the Guide and Brownie leaders met at the home of Mrs. Fred Stewart on Tuesday April 7th to bid farewell to the president of the association, Mrs. Charlie Calvert who has recently moved to Edson. Mrs. Stewart as a remembrance and to show the appreciation for her assistance, presented Mrs. Calvert with a souvenir spoon of Vermilion.

The annual meeting of the Guide and Brownie Association was held at the MacDonald Hotel last week end. Those attending from here were Brownie leaders Mrs. Alex Gillies and Mrs. Ben King, Guide leaders, Mrs Ernie Clendenning and Mrs. Lawrence Webb, vice-president Mrs Johnny Webb and treasurer Mrs. Fred Stewart. The ladies split up to attend as many sessions as possible and then make the most of the convention. Mrs. Stewart and Mrs. J. Webb had the pleasure of having tea at Government House with Mrs. Mooney.

It takes a raft of friends to keep some people afloat.

To most of us money is no object. It's a myth.

TOWN OF VERMILION NOTICE

SECTION 4 of BY-LAW No. 3-55 provides that every owner, harbourer or custodian of a male or female dog in the Town of Vermilion, shall restrain, tie up, or effectively confine such dog or bitch in or upon the premises of such owner, harbourer or custodian, and shall not permit or allow such animal to run at large.

SECTION 5 of BY-LAW No. 3-55 provides that every owner, habourer or custodian of a male or female dog, over four months of age, shall cause same to be licenced prior to January 31st of each year, or as soon thereafter, as the said dog or bitch becomes four months of age. The fee or tax payable under this by-law shall be as follows:

For a male or spayed female $3.00

For a female dog $5.00

The owner, harbourer or custodian of any dog found running at large, or without a licence, shall be guilty of an offence and liable on summary conviction, to the penalties provided for breach of Town by-laws.

Many Vital Matters Discussed By Agricultural Services Board

An important meeting of the Agricultural Services board of the Vermilion River M.D. was held in the municipal office at Kitscoty on March 20th. Those attending were Chairman John C. Anderson and members J D Stone, J. Hale, E. H. Buckingham, H. Haan, Morley Douglas and field supervisor Albert Hozack.

GOOD FARMING AWARD

The winners of the Good Farming Award competition sponsored by the Lloydminster and District C. of C. were announced as follows: Area 1, Melvin Clark, Lloydminster; Area 2, Ted George, Lloydminster; Area 3, Chris Oester, Paradise Valley.

The co-operation of the board was assured in such endeavors in the future. It was felt that nominations for the award for 1959 should be suggested to the selection committee at the May meeting.

F U A. CO-OPERATION

It was reported by A. Hozack that the fourteen meetings conducted by the board so far this winter season had been well attended. Favorable comment was expressed in noting the collaboration in holding these meetings between the Board and the Farmers' Union of Alberta, the latter organization frequently inviting the field supervisor and representation from the D.A.'s office to attend their meetings to discuss items of mutual interest. It was noted with regret that two meetings to discuss artificial insemination had been poorly attended.

Favorable comment on the appearance in the financial statement of the M.D of the field supervisor's report was reported as having been received by the members of the board.

REHABILITATION ACT

It was moved and carried that the northern boundary of the Prairie Farm Rehabilitation Act area in ranges 1 to 6 be extended northward to the North Saskatchewan River and that this recommendation be made to the Federal Department of Agriculture, passed at the board meeting of Oct. 9th, 1958, be amended to read as follows: That the northern boundary of the PFRA area be made co-terminus with the northern boundary of the M.D. Vermilion River No. 71 and that this recommendation be made to the Federal Department of Agriculture.

The board recommended that the Provincial Department of Agriculture be asked to extend the Farm Water Supply Assistance policy to include the area in the M.D. of Vermilion River not at present under PFRA regulations.

WEEDS ON FARMS, ROADS

Discussion by the board accentuated the severity of the problem of weeds on the farms and roads in the municipality. In this connection it was stated that many ratepayers have requested that the municipality assume the responsibility for and therefore treat weeds on the road allowances. With reference to Toad Flax the greater use of publicity was suggested to outline the responsibility of farm owners for weeds on road allowances and to solicit the support of the farm people in working out a plan to cope with the problem. Toad Flax did not occur in patches on the roads in the south-eastern section of the M.D but rather in stretches of from one-eighth of a mile upward, the supervisor warned the board. Tests conducted in 1958 with an application of 2,4-D at the rate of 25 pounds per acre showed that the tops of Toad Flax plants were burned off but multiple stooling of a very vigorous nature occurred at just below ground level shortly afterward.

The board recommended to the council that the sum of $700 be provided for the purchase of chemical sterilants to control this weed on road allowances.

It was also moved and carried that the council be asked to consider the feasibility of purchasing a spraying unit.

Instructions were given by the board to A. Hozack to visit the M.D. of Camrose for the purpose of examining their spraying unit used primarily in the control of brush on road allowances. The recommendation was made to the council that the same amount be provided for the purchase of soil sterilants as that made available in 1958 (approx $3200).

TOAD FLAX INSPECTORS

It was recommended that two weed inspectors be engaged for two months during the summer of 1959 to check for Toad Flax infestation throughout the M.D., issue notices where necessary and generally to enforce provisions of the Noxious Weeds act and that in addition extra consideration be given in the Toad Flax area as the council sees fit.

It was suggested that a long-term program waged by a conscientious and dedicated person be launched by the municipality in an effort to gradually clean up the badly infested area in the south-eastern corner of the M.D.

GULLY CONTROL

The work accomplished under the gully control program in 1958 was reviewed by the board and the results which should be in evidence this spring were awaited with considerable interest. It was recommended that council make available a sum not in excess of $400 for the purchase of grass seed to be used in a gully control program on the same basis as that which was conducted during 1958.

It was moved and carried that the council be asked to consider the purchase of a tree planter which would cost approximately $750.

(continued next week)

Marwayne 4-H Club Notes

BEEF CLUB

The monthly meeting of the Marwayne 4-H Beef Club was held on April 7 with 20 members present. A tour of all calves will be held on Saturday, April 18. Members will bring their own drink and weiner buns. A committee was appointed to get suggestions for a thematic display. Louise Parker and Eunice Gray gave their reports on the Leadership Day held at Vermilion recently. After the business meeting Mrs. Joe Hale and Mrs Bob Maggs of Vermilion showed some very interesting pictures taken in this area. To end a very enjoyable evening, lunch was served.

CLOTHING CLUB

On April 2nd, seven girls and three leaders motored to Wainwright to spend a very enjoyable and interesting day at a 4-H rally. The purpose of this rally was to get the girls from the Homemaker's Clubs together to exchange different ideas.

It was mostly girls over sixteen taking part in the program with demonstrations, club reports, sing-songs and other entertainment.

The demonstrations given by Marwayne girls were "how to take measurements for a pattern" by Charlotte Tupper and Betty Ann Murray. "Choosing the right clothes" was the topic chosen by Jacqueline Crichton and Gertrude Tupper. Charlotte Tupper gave the club report and Gertrude Tupper led a sing-song with several action songs.

Miss Pasochnik, 4-H supervisor, had a very colorful and suggestive dress review with two girls from each club modelling different outfits. The models from Marwayne were Jacqueline Crichton and Betty Anne Murray.

Lunch brought by the various clubs was pooled for dinner and afternoon lunch. The Wheat Pool and the United Grain Growers supplied chocolate milk for both dinner and lunch and ice cream for lunch.

The program started at 10:00 a.m. and was completed at 3:30 p.m. Everyone returned home enthused with new ideas.

The regular meeting of the 4-H Clothing Club was held on Tuesday, April 7. Roll call was answered by a hint to good grooming. A report was made on the 4-H rally at Wainwright. Plans were made for a thematic display.

The sewing is pretty well completed but there is quite a lot of work left to do in the project books.

Achievement Day will be held in the Elks Hall on Tuesday, May 12th.

The next meeting will be held Tuesday evening April 21.

When a man lacks enthusiasm it takes him twice as long to accomplish a task.

"THE DIFFICULTY IN LIFE IS THE CHOICE"

— *(Author's Name Below) —

For generations, people have depended on pharmacists to supply them with medicines and health-aids. Our required knowledge protects against improper use.

Unfortunately, desire for greater profits is influencing supermarkets, variety stores, and even door-to-door salesmen to sell medicines and health-aids, despite their lack of knowledge.

Since the prices we pharmacists charge are the same, your choice to secure all medicines and health-aids from us is wise. Without that business, which helps reduce overhead costs all drug stores would have to increase prescription prices.

A great many people entrust us with the responsibility of filling their prescriptions . . May we compound yours?

HOW FERTILIZER BOOSTS YOUR

Profit on BARLEY

YOU CAN MAKE UP TO $9.00 PER ACRE MORE!

Actual field tests show how your net profit per acre of summerfallow barley is boosted by the use of Elephant Brand Fertilizer.

In the table below, note that the increased profit figure takes the cost of fertilizer into consideration. An increased profit of over $9.00 per acre is certainly worthwhile.

Fertilizer per acre . . . 50 lb. 11-48-0 (Cost $2.70)*
Increased yield per acre . . . 10 bu. (worth $12.00)
YOUR INCREASED PROFIT PER ACRE $9.30
OR $930.00 ON 100 ACRES OF BARLEY
* Fertilizer cost figures per acre are approximate.

When properly fertilized, barley grows on stubble land will show an equally profitable return per acre . . . For greater net profit per acre from any crop on any soil, contact your Elephant Brand dealer listed below for the right information.

It pays to use
Elephant Brand

Health Unit Notes

(Continued from last week)

Past efforts to control tuberculosis were directed primarily at isolation and treatment of patients who at the time of detection were clinically ill and often contagious, many of whom had advanced disease. The current concepts of the control of tuberculosis focuses on the detection of the disease as early as possible, preferably while it's still in a primary stage prior to the development of gross involvement made evident by clinical illness and x-ray changes. Employment of the tuberculin test is a diagnostic procedure that affords the opportunity of detecting the disease in its earliest stages. Because primary tuberculosis precedes more advanced forms of the disease the best single means of controlling tuberculosis is early dagnosis of the primary infection, particularly in children. A reliable and inexpensive way of accomplishing this is through the periodic use of the tuberculin test in patients who continue to have a negative reaction to the skin test. Conversion from negative to positive status in these patients indicates that an infection with TB germs has recently occurred.

Diagnosis at this stage affords ample time for drugs to be given if necessary to prevent the onset of more serious infection. The tuberculin test serves an equally important function when used in older patients whose reaction to tuberculin is unknown. By identifying those with a positive reaction the test enables selection of those patients who should be studied further to determine whether they have contagious disease requiring immediate treatment.

To summarize then: The tuberculin test plays an important role in the diagnosis of tuberculosis, and aids in protecting the community from tuberculosis infection by enabling early diagnosis on positive reactors with the disease. The test is safe and only rarely produces a sore arm, and in these cases where a severe local reaction is got, chest x-ray and investigation are all the more important.

It is now evident that tuberculosis will not be eradicated as soon or as easily as was generally predicted when specific drugs were introduced for use against the disease. This view is supported by the levelling off of the dramatic decline in the death rate of the disease that has occurred during the last decade, and by the relative stability in the annual number of newly reported cases.

ACCIDENTS IN THE HOME

More adults and children have accidents at home than elsewhere. In the age group 1-14 years, 40% of fatal accidents happen in the home. An average of one person dies every thirty minutes as a result of a home accident. In addition, many are permanently or temporarily disabled.

Every child is curious. This is normal and it is wrong to discourage this inquisitiveness. The correct thing to do is to direct the child's curiosity into safe channels.

KITCHEN SAFETY

See that matches, knives, and poisons such as cleaning fluids are away from a child's reach. Watch pots and pans on the stove and turn the handles to the back to prevent serious scalding by the child overturning them on himself. Carefully watch electrical appliances and do not use frayed cord. Unplug all electrical appliances at the outlet when you have finished.

BATHROOM SAFETY

Leave medicines out of reach of your child and discard unwanted medicines and used razor blades. Never leave a child alone in a bathtub, a child can drown in the time it takes to answer the doorbell or telephone.

HOME SAFETY

Good lighting in your home prevents falls and this is of the greatest importance on stairs and hallways. NEVER leave children alone in a house, this carelessness often causes tragedy. Unscreened fireplaces are a constant source of severe burns.

Loose scatter rugs which cause many falls should be fastened down or equipped with non-skid attachments.

STAIRWAYS

Keep stairways well lighted always. Keep them free of articles, such as toys over which people might fall. Loose stair coverings or stair threads account for many injuries.

PREVENTION OF HOME ACCIDENTS

1. Set a good example and by teaching and showing your children safety in their home, you will be well rewarded.

2. Give your child an opportunity to do things in a safe way. If you let him light your cigarette occasionally, he will be less inclined to sneak off himself to play with matches.

3. Not CHANCE but CARELESSNESS is the reason so many youngsters die by accident in their own homes.

4. List the following telephone numbers: Your doctor, hospital, taxi, fire department, and police department and keep this list by the telephone.

5. Prepare a First Aid Kit containing at least the following: Absorbent cotton, soap to be used with water for cleansing wounds, sterile gauze pads, bandages one and two inch widths, adhesive one inch width, antiseptic solution, scissors, bandaids for minor cuts.

MARWAYNE

Afton Blades of Edmonton spent the week with her grandparents, Mr. and Mrs. Saltzberry, Stanley and James Moorhead of Bonnyville with their grandparents, Mr. and Mrs. W. Shaw.

Mr. and Mrs. Fred Gordy, after being in Vancouver for 2 years, have returned to farm the home place.

Recent visitors at the Rea home were Mrs. Rea's father, Mr. J. McKinnon of Westaskiwin and her aunt, Mrs. R. Carter of Londonderry Station, N. S. Also Miss Marion Nelson and Const. Harley Rea from Langley, B. C. The young folk drove 1200 miles to spend a day and a half at home.

Visiting at the MacDonald homes were Mr. and Mrs. Smith and two daughters and Mrs. Rumsey of Calgary, Mr. and Mrs. Edwards of Delia.

Major Harold Van Camp and family of Regina are at their home for a week.

Mrs. Reichenbaugh has returned home after spending the last 2 months with her brother and family at Long Beach, Calif.

Mr. and Mrs. Bert Dalby, Edmonton spent Easter at the home of their daughter Mrs. D. Kvill.

Mr. and Mrs. J. Milne, Mr. and Mrs. W. Meiklejohn and families went to Glendon to visit Mr. and Mrs. Bunny Arsenault on Easter Sunday.

Robin and David Elliott spent Easter week with their grandfather and aunts at Coronation. Sharon Johnson spent Easter with her grandparents at Camrose.

To honor Mrs. Thompson on her 70th birthday, a group of ladies had tea at the home of Mrs. Spence on Friday, April 3. Congratulations Mrs. Thompson.

Congratulations also to Mr. and Mrs. John Rumsey of Paddock Wood, Sask., on the birth of a daughter.

Art Berg of the R. C. M. P. has taken a course at Ottawa and is now stationed at Toronto.

Alf and Carl Tannis have bought Shortell's Hardware in Lloydminster and are moving there with their families.

Mrs. Flewell and sons have bought Fenham school and the outbuildings. Mrs. Flewell owns the quarter that the buildings are on so they will not have to be moved.

Mrs. West's son Charles, with his wife and three children arrived back in Canada after spending six years with the R. C. A. F. in Germany. They drove via Halifax, New York, Chicago, Winnipeg and report six foot snow banks as far as western Manitoba. They will now be stationed in Calgary.

Mrs. H. Hillaby is home again after a week in the hospital.

Red Cross Ships Supplies To Korea

Ten cases of clothing and bedding made by Red Cross women workers throughout Alberta left Provincial Red Cross headquarters in Calgary today for Korea.

The shipment which contained 2,820 articles valued at $1,831 will provide needed warmth and comfort for the victims of recent floods which have occurred in six provinces of Korea.

This is the second shipment of relief supplies to leave Alberta Red Cross headquarters in the past five weeks. On February 24, six [illegible] and bedding valued at over [illegible] was sent to aid disaster [illegible] and refugees in [illegible].

Mannville W. A. Plans Tea May 2nd

MANNVILLE. - Members of the McQueen Memorial United Church W.A. met in the social rooms in the evening of April 9th with twelve present. Donations were approved to the church board. Alberta college and two Hi-C youths were reimbursed after attending a recent meet at Vermilion at which two students from St. Stephens' college were present. There is an active agenda for May for which the ladies have plans well laid. Due to previous commitment, the annual May Mothers' Day tea has been changed to May 2nd. A delicious lunch was served by Jean Schock and Marion Doherty.

News from Dewberry

Congratulations to Mr. and Mrs. Albert Quickstad (nee Yvonne Butz) on the birth of a son on March 28th. Also to Grandma and Grandpa Butz and Great Grandma Allen. Grandma Butz was heard to remark that she did not feel a day older. Wait awhile Blanche. Say, George, I have found the buttons that popped off your coat.

Easter week end and holidays brought a number of visitors to Dewberry. Dean McMullen and F/O and Mrs. Gary Garnier were at B. McMullen's from Edmonton; James Jones at the home of his parents; Mr. and Mrs. Eugene Maltais at the John Maltais home; Mr. and Mrs. Roger Lamp at Philip Lamp's; Mr. and Mrs. H. Danderfer and family at the J. Kiss home; Mr. and Mrs. Russell Elliot and family and Mr. and Mrs. Robert Elliott and family at the D. Elliot home; Mr. and Mrs. Raymond Fleming at son John's; Dianne Clark at her grandmother's, Mrs. Durnin's; Miss Audrey Benson at the home of her fiance's parents Mr. and Mrs. S. Wood; Mr. and Mrs. Otto Isert at A. Isert's; Joyce Hibbert at the Bill Boyce home; Miss Mae Fluney, teacher at Preston school, spent the holidays at her parents' home, Mr. and Mrs. George Fluney; Frances Saville at home of her parents, Mr. and Mrs. Joe Saville, Chas. Saville has given up his position in the bank and is now at home helping; Mrs. H. Curtis and Vernon from Lloydminster at the Lumley home.

Mrs. Neil Thomas who teaches at Stony Plain spent the week end at the home of her parents, Mr. and Mrs. Walter Parker. Richard Parker went back with Joyce for the rest of the vacation.

Sympathy is extended to Mr. Dan Proud on the loss of his eldest brother Arthur of Darlington, Co. Durham, England, who was instantly killed by a motor cyclist a short distance from his home. Mr. Proud was 80 years old.

Mrs. Eby Walker was hostess recently at a birthday tea held in her home. Helping the guest of honor Miss E. Timanson celebrate her birthday were Mrs. Ben Timanson, Mrs. Bill Holman, Mrs. Edwin Tullson and Mrs. Davis.

A well known young farmer of the Dewberry district, Mr. Philip Porter, who has recently gone into livestock raising had a freak calf born a few days ago. The calf was born with two heads each head had a full set of teeth a tongue and eyes but only one ear on each. The animal died shortly after birth.

The Dewberry District Chamber of Commerce, just recently formed, is open to all residents of the district. The president is Mr. Hedley Dennill, vice-president Mr. Al Hatchild and the secretary is Mr. Gerald Holman. The first meeting will be on April 7th when a big attendance is hoped for.

At an Edmonton car bingo recently Councillor John Anderson was one of fifteen to declare bingo. He remained in the eliminations right down until only he and another were left but unfortunately lost out on the car. He received however a beautiful lady's wrist watch. Keep at it Johnny, next time you may be the lucky one. Several others from hereabouts also attended the bingo.

John Anderson and Jack Young are directors of Staff Course 3, taken in Edmonton. This is in preparation for the Dominion-wide civil defence exercises to be held April 21th.

A convention for caretakers and principals of all schools over one room in the Vermilion River M.D. was held in the Dewberry High school on March 31st. Over 35 attended. Mr. Bob Warring of Edmonton demonstrated for the Greer Co. Dinner for all was served in the hotel and the cafe. Coffee and cookies were also served during the afternoon. It was a very enjoyable day and all agreed it was highly informative.

More visitors to Dewberry recently were Mr. and Mrs. Jim Munro and family of N. Battleford at the Dave Munro home; Mr. and Mrs. Jim Baillie of Calgary at the home of the latter's mother Mrs. Allen. Mr. and Mrs. Baillie were visitors also to Banff to see their new grandson, he is Mrs. Allen's great-grandson; Mr. and Mrs. Jack Curtis from the coast were at the Curtis home.

The annual amateur hour sponsored by the F.U.A. was held in the school auditorium with 600 in attendance. A varied and well presented program was staged. Mr. John Anderson was chairman and introduced the participants in his own inimitable [illegible] way. All enjoy his jokes. Winners were: Junior Vocal — Vidette Keast. Junior Instrumental — 1. Rita McMullen, violin, 2. Marion Allen accordian, 3. tie, Shannon McKnight and Rhoda Fleming, piano; Intermediate Vocal — 1. Deanna Butz, 2. Winona Lunden, 3. Larry Funnell; Instrumental 1. Iris Hawreluk and Doris Lukenchuk, 2. Carol Bowman, 3. Bonnie Farberg; Recitations 1. Wayne Hale, 2. Loretta Holman, 3. Allen Davis. Adult Instrumental 1. Funnell Orchestra, 2. Ronald Golightly, 3. Golightly orchestra. Adult Vocal 1. Ronald Golightly, 2. Allene and Wes Funnell, 3. Mrs. D. Maddex; Miscellaneous 1. the Elvis Presley Group, 2. Vedette Keast and Velma Hawreluk. The E.P. Group was loudly applauded and called back to do an encore. The judges had a hard task in deciding the winners as all contestants were very good. Try again folks! Mr. Anderson congratulated Cheryl Jones and remarked that she appeared to have a brilliant future ahead of her. Cheryl was not a participant but some of the junior pianists are her pupils and did credit to her teaching ability. We wish to offer congratulations to Cheryl as she received first class honors in her grade X Toronto Conservatory piano exam held in Edmonton in February. Mrs. H. Wetendale is her teacher.

The Dewberry Shopping Center has been broken into again. Entry was obtained by breaking the glass panel on top of the door after an unsuccessful attempt was made to force the lock. The meat show case was [illegible] of its contents including [illegible] hams. Cigarettes, candy and dry goods were also among the loot and about a dozen pairs of gloves, shirts and pants. Loss was estimated to be over $300. R.C.M.P. are investigating.

The Ladies' Aid tea held on the 28th was well attended despite the fact that several other teas were held the same day. The home baking, candy and produce stall was soon cleared, also the apron counter. The ladies wish to thank all who helped and attended.

To become "contented" you need a poor memory and no imagination.

WILDMERE WINKS

It's 51 years ago today (Tuesday, April 7th) since the writer and her family left Ontario for our homestead in what was later to be known as Wildmere. What great changes have been made in that half-century! One wonders if the change will have been so great in another fifty years. As the saying goes, "the world must move forward."

The dance held at Basswood last Friday evening was a success, with a good crowd attending. Ian Clark was M. C. and Fred and Johnny Martin and Jim McFadyen furnished the music. The Wildmere Girls' Club will sponsor another dance on April 17 in the same hall. Plan to attend.

Remember the Wildmere W. I. bake sale in Macleod's store on Saturday, April 18 from 2:30 to 5:00 in the afternoon.

To all social service group convenors — Will you please send in, as soon as possible, your reports to Mrs. J. C. Wallington R. R. 3 Vermilion, constituency convener. The convention date is fast coming up and the reports must be in. So far, the Vermilion group is the only report that has been sent in.

Mr [redacted] Morand of Calgary visited with Mr. and Mrs. Bill Smith, the Cruthers family and Mr. and Mrs. Albert Smith over the week end. Mr and Mrs. Harry Phillips of Worsley, Alta., also visited relatives in the district. Noticed Ralph Baike of Bonnyville in town on Saturday.

Mr and Mrs. Bill Veitch and family of Battleview district, Kenneth Kennedy and son Colin of Auburndale and Mr and Mrs. Fred Haines and family were visitors to the Wallington home on Sunday afternoon and evening.

The April meeting of the Wildmere W. I. will be held on April 15 at the home of Mrs. W. J. Garnett with Mrs. Westman, Mrs. Wallington and Mrs. Cruthers on the lunch committee.

Mr and Mrs. W. T. Garnett and family and Mrs. David Dibben were Edmonton visitors last [redacted]

Funniest thing heard: A three year-old was struggling with the back buttons on his long underwear. Finally he gave up and trotted to his mother and said "mummy, open my bathroom door please."

PARADISE VALLEY NEWS

The Ladies Hall Club sponsored a very enjoyable pot luck supper on Monday evening. The ladies did themselves proud in the way of eats and everyone did full justice to the good things provided. After the supper a dance was held with Ole Nissen's orchestra from Irma providing the music. As a result, a nice sum was raised for the hall. Thanks everbody!

Visitors at the home of Mr and Mrs. Parke Dobson to enjoy a real Easter dinner were Mr. and Mrs L. B. Nicholson, Mr and Mrs Paul Terrier, Paul and Peter of Edmonton, Mr and Mrs Reg Dobson of Lloydminster, Mr and Mrs. Art Nicholson and family of Rivercourse and Mr. and Mrs W. A. Gunn of Paradise Valley.

Mr. and Mrs Paul Lee Douglas, Brian, Sidney and Karen of Red Deer, were recent guests at the home of Mrs Lee's sister and brother in law Mr [redacted] Fred Strett.

Mr and Mrs. Allan Holtz of Edmonton were Easter guests at the home of Mr and Mrs. E. L. Kragness.

Mr and Mrs Hugh McAmmond of Barrhead, Mr and Mrs James McAmmond and family of Enderby, B. C. were recent visitors with their many relatives in town and district.

Mr and Mrs Lloyd Fulgham and family of Millett, Alberta [redacted] visitors with their many friends and relatives in town.

Mrs Wally Safnuk and son Terry are visiting with Mrs Safnuk's parents, Mr and Mrs. D. B. Baxter. Mr Bernie Baxter was also a week end guest at his parents' home.

Don't forget that the P. V. W. A. are collecting used clothing for the Salvation Army. If you have anything to contribute, please leave the boxes at the post office lobby.

Congratulations are extended to Mr. and Mrs. Wilfred Gammel on the birth of a daughter born in the Lloydminster hospital.

Mr Jack MacDonald, C. P. R. agent, spent his Easter holiday at his home at Yorkton, Sask.

A very enjoyable time was spent by the 4-H Home Decorating Club at the district rally in Wainwright on Thursday, April 2nd. The program consisted of demonstrations, sing songs and games. Chocolate milk and ice cream were provided by the Alberta Wheat Pool and the United Grain Growers. Miss Mewha and Miss Pasuchuk were in attendance. Those attending from Paradise Valley were: Linda Stepenoff, Doreen Stepenoff, Patsy Elliott, Carol Nicholson, Sharon Dobson, Mrs. A. Levitt, Mrs Dobson, Mrs. Stepenoff, Mrs Nicholson and Mrs. Elliott. The club wish to thank Art Nicholson and Parke Dobson for transportation.

Mr and Mrs. J. E. Milner and family of Edmonton visited at the home of Mr and Mrs D. L. Clarke on Wednesday, returning to Edmonton by car. Mrs. Milner is Mrs Clarke's sister.

Mr and Mrs. Charles Clarke and Miss Kay Clarke of Sudbury, Ontario, are spending their holidays visiting relatives at Paradise Valley and Empress. They report the Paradise Valley people are all well except Mr George Kitching Sr., who is in very poor health.

Mr [redacted] Clark Richardson, Gail and Judy were down during the week end from Kitscoty visiting with old friends in the town and district.

Mrs. Iva Holmes left on Monday for Edmonton where she will take a course as a nurse's aid.

The annual meeting of the Paradise Valley Rural Electrification Company was held in the hall on Thursday afternoon. It was fairly well attended.

Mrs. R. Smith is holding open house on Thursday afternoon, April 9, it being the occasion of her 80th birthday. Many more of them Mrs. Smith or "Het" as she is better known.

Anglican Deanery Will Be Held At Mannville on May 26th

MANNVILLE — At the home of Nancy Coxford on Thursday evening, April 9th, eleven members of the Christ Church W.A. and one visitor met. President Edith Johnstone in the chair.

Following the devotional period, the reports of the secretary and the treasurer were read and adopted. Gifts of fruit and cards were reported by the sick committee while the Educational secretary, Anne Malin read an interesting chapter from the study book. Joan Lugg reported on G.A. and J.A. groups and recent G.A. conference and festival. Future dates to remember for Anglicans are May 26, Vermilion Deanery, to be held at Mannville this year, and the Bishop's visit for Confirmation on May 28th. Decision was made to purchase fifty chairs at this time, and tables are to be constructed. Next meeting will be at Anne Malin's. Edith Pedersen won the guessing contest.

The meeting then adjourned and an enjoyable lunch served by Kay Sutton and Edith Pedersen.

CHECK THIS THRILLING TRIO before you buy!

DODGE

If you're looking for the value-buy of the year, here are just a few of the reasons why Dodge gives you more: Swivel front seats, that ease you in or out of the car so smoothly, lock securely in place while you drive; Push-button controls for drive selector and heater-defroster; Torsion-AIRE Ride to tame the roughest road or tightest curve. Add to these Total-Contact brakes, Oriflow shock absorbers, independent parking brake (and many more!) and you begin to see why Dodge gives you the most car, at the lowest possible price.

DE SOTO

If you want luxury and adventure, this is your kind of car, this brilliant new De Soto. And look at the wonderful ideas that help make it so. The finest combination of agile, high-spirited V-8 go-power and safe, smooth stop-power ever mounted on a single chassis. Finger-tip driving ease for the controls you use most (TorqueFlite automatic drive; new De Soto heating system). Inspect the fresh new fashion and features that are De Soto—only! Then ask the price. We promise to turn your head—De Soto-ward!

DODGE TRUCKS

If you want the toughest, best-looking truck for your kind of job, put a new '59 Sweptline Dodge to work for you. And you can expect your jobs to be a whale of a lot easier! Big, new, luxury-styled cabs are comfort-designed. Clutch pedals are hydraulically actuated for much easier operation. Brake and clutch pedals are suspended to give you more footroom. We'll be happy to help you select the Dodge truck for your job —from this handsome new Sweptline all the way up to 49,000-lb. max. G.V.W. Power Giants. See them now!

Stop in and test-drive the value-packed Dodge...the luxurious and spirited De Soto...or a sleek, strapping new Dodge Truck today!

Dorothy-Jean Stewart Wins Final In Public Speaking Contest

Miss Dorothy-Jean Stewart won the public speaking contest for this zone sponsored by the Oddfellow and Rebekah Lodges in Irma on Monday, April 20. A Grade XI student at the Vermilion High Scholl, she is the daughter of Mr. and Mrs. E. M. Stewart of Vermilion. As each Lodge in this area was allowed one entry, the local Britannia Rebekah Lodge had selected Miss Stewart for their candidate at a local elimination held in Vermilion on April 10th.

On Monday evening, Mr. Hill of Irma, a Past Grand Master of the Grand Lodge of Alberta, I. O. O. F., introduced Mr Charlie Hughes of Sedgewick, the chairman for the evening. He called upon Miss Sharlene Saunders of Sedgewick, the 1958 winner from this zone to give a short talk about her experience in connection with the United Nations Pilgrimage last summer. She outlined briefly the trip to New York, Baltimore, Washington and other points of interest in eastern Canada and the United States.

Each of the nine constestants of the evening presented a ten-minute address on a topic pertaining to United Nations. Miss Stewart chose as her topic, "The Issue of Recognition of Communist China in the United Nations General Assembly." Her speech revealed a depth of knowledge of her subject obtained only by vast amount of research and study of the various aspects of the problem. Her material was exceptionally well organized, and convincing arguments on each side of the problem were outlined. She presented her material in a most appealing and commendable manner.

The competitors in order of their participation were: Heather Mitchell of Czar, Jim Blake of Holden, Diane Wespinski of Provost, Diane Spaight of Provost, Kathy Gares of Viking, Dorothy-Jean Stewart of Vermilion, Lillian Johnson of Lougheed, Bill W[redacted] of Chau[redacted] and Marian Cotton of Killam.

Judges for [redacted] were the Rev. D. F. Moore of Sedgewick; Mr. D. Gunn principal of the Irma school; and Past Grand Master Hill of Irma. The qualities considered in judging were: poise and posture, 10% vocabulary, 15%; development of topic, 25%; research, 25%; voice, 15% and personality, 10%. The speeches were found to be of an exceptionally high quality.

Miss Stewart's reward will be a tour to New York next July similar to the one taken by Miss Saunders last summer. If for any reason, she should be prevented from going, Mr. Jim Blake of Holden who placed second in the contest would be given the right to go by default.

Four carloads of interested Vermilion supporters accompanied Miss Stewart to Irma to hear her speak.

The local Lodge is especially grateful to Miss Fulcher for her help in coaching and to the Vermilion Rotary Club for their interest in the project and for giving our candidate an opportunity to speak to them for practice.

—S—

Sudden Death Of Oscar Anderson

Taken ill with a violent attack of the prevailing flu, Oscar Anderson, well known bachelor who has farmed south-east of Vermilion for many years, passed away at the hospital on April 19, 1959. He was 77 years of age. The deceased had moved into town for the past three years, and was living in town when taken ill.

He is survived by three sisters, Mrs. Julia Davis of Seattle, Washington; Mrs. Dena Brady of Minneapolis, Minn., and Miss Ruth Anderson of St. Paul, Minn.

Funeral services were held at First United Church, Vermilion, on Wednesday, April 22 at 2 o'clock in the afternoon. Interment followed at the Vermilion cemetery. The Rev. C. W. MacKay officiated.

Moyers were in charge of ar[redacted]

Tiny Fawn Is Sighted in Yard

Looking out from their back door at the light snowfall which covered the countryside on Tuesday morning, Mr. and Mrs. Bert Wells were overjoyed to see a tiny fawn trot across their farm yard. It was just about the cutest thing they had ever seen and wasn't at all shy of the onlookers or of the cattle in the yard.

Bert had finished seeding his oats the day before and was pleased on looking out on Tuesday morning to see the much needed moisture lying all over his seeded acreage in a blanket of white. It was then the little fawn was spotted.

Jet Black Gopher One In 100,000

The little animal pictured above may look just like an ordinary gopher to you, but in reality he is one in 100,000. The reason he is jet black! According to information gleaned at the University of Alberta, pure black gophers happen only about once in every 100,000 of the little rodents. If that is so, then the gophers around Elk Point are a distinguished group in their own animal kingdom, because in the last six months or so two black ones have been caught, one of which is pictured above.

The first of the black gophers was trapped by Peter Andrishak on Sept. 29th, 1958, just a half mile east of Elk Point. It was kept all winter by Mr. Steve Andrishak who has a wonderful collection of oddities and [redacted] ral items in his museum [redacted] Point. The little back animal has been viewed by hundreds of people during the winter being housed in a wire cage. He is now quite tame and spectators just don't worry him in the least anymore. He adjusted himself well to captivity and his new way of life never hibernated during the winter and has [redacted] interesting habits such as completely rolling himself up in his bedding until no gopher can be seen. When up and about he spreads the bedding evenly on the floor of the cage. Food supplied him consists of lettuce, celery tops, oats and other grains, and he really loves an apple, as well as young green quack grass and dandelions. Mr. Andrishak really sees that the rare black rodent gets the best of care.

[redacted] another strange episode has been written into this little black gopher's life. He now has a partner in his cage, another coal black gopher. This one was caught in in the same general area as the first, possibly about a mile apart, being snared by Robert Pichka on April 9th 1959. Bigger than the first he is also as black as coal. He too, is very much at home in the cage, and is possibly of a more tranquil nature than Blackie No. 1, as proximity of people failed to worry him even from the first day.

Mr Andrishak brought the pair into Vermilion recently and had Photocraft Studio take a picture of them. The two wouldn't pose long enough together for a photo, but this one was caught in a photogenic mood.

The two rarities may be seen at the Elk Point Museum.

The university explains that a pure black animal occurring in a species of another natural color is caused by an over-supply of color pigment, and happens much less frequently than white or albino animals, where there is a lack of color pigment.

—Photo by Photocraft.

"Guard Your Family" Is New Rallying Cry of Cancer Crusade

"Guard Your Family" is the new rallying cry of the Canadian Cancer Society Crusade which opens here April 6, plans for which were announced yesterday by Mrs. Fred Stewart, President of the Vermilion and district branch.

The family theme has been added to the phrase, "Fight cancer with a check-up and a cheque" which was used successfully last year in raising $2,790 in a joint fund-raising and educational drive.

Mrs. Stewart said the new theme was based on the fact that two of every three families in this community as well as every other town in the country will eventually experience cancer's heavy burden. The slogan also effectively expresses the Society's determined effort to save more lives from cancer.

As in previous years, the Society's April "Cancer Crusade" seeks to raise funds to continue its three-pronged program of research, education and welfare. "While research offers the best hope for victory over cancer, the nation's no. 2 disease killer," Mrs. Stewart said, "the crusade is not limited to raising funds. It is a top priority educational effort, on a national scale, to stimulate regular health check-ups among all adults for early detection of cancer. Cancer in its early stages can be cured."

Free literature about this disease will be distributed by Canadian Cancer Society volunteers throughout the crusade month.

Wins Salvation Army Youth Festival Musical Award

Two contestants tied on Sunday last for the top award in the Edmonton Citadel music festival for all Salvation Army youth throughout Alberta. Sharon Isley of Vermilion and Garry Venables of Lethbridge are pictured receiving the Mall Award from Senior Major Alfred P Simester, divisional commander [redacted] Army.

The Mall Award is given to the student showing the finest all-round musicianship. Each of the two young people will have the trophy for six months.

Sharon who is the daughter of Mr. and Mrs. Ken Isley, topped all competition in both piano and vocal divisions for those 16 years [redacted].

Third Annual Hobby Fair Is Planned At Mannville

MANNVILLE. — The Happy Centre W. I. is sponsoring its third Hobby fair at Mannville on May 23rd in the Mannville school auditorium. Exhibits will be on display during the afternoon and evening and will be well taken care of. The previous fairs of this nature have proved educational as well as entertaining. Relics from homesteading days, collections from other lands as well as individual hobbies have created a great deal of interest. Children's hobbies are also a source of interest to the public and their efforts are encouraged.

This year the adult work will not be judged, but merely displayed for public pleasure, while work of the school children will be judged and prizes awarded. As an added attraction the Canadian Utilities will have a table with a display of interest to all. Exhibits may be left at the Jack Coxford home or at the auditorium Friday evening May 22. No hobby is too small for the interest of those who attend. So folks, let's see you and your hobbies at Mannville fair on May 23rd.

Lady Ball Players To Re-organize

A re-organization meeting of the Cardinals fastball club will be held at the Rio Cafe on Monday April 27 commencing at 7:30 p.m. All girls interested in playing fastball this coming summer please [redacted]

—S—

Mannville Co-Op Plans To Build

MANNVILLE. — Mannville Co-operative Association members at a special meeting recently in the Orange Hall decided to construct a store building with an estimated value of $22,000.

A campaign will be launched immediately to sell $100 shares to the public, but part of the necessary funds will be obtained by [redacted].

The meeting was in charge of president Lee Donnenworth and secretary Alfred J. W. Scott. Speakers were Arthur Forster, manager in charge of district representatives, Edmonton, and Gerald Uhryn district supervisor, Vegreville.

The new store will follow closely the design and specifications of a new co-operative store at Thorhild, of which films were shown by the speakers, illustrating every phase of the construction.

Board of Trade To Host Mayors, Reeves, Officials at Banquet

The Vermilion Board of Trade will once again play hosts to the reeves, mayors, and board of trade officials from a wide area at a banquet to be held on Wednesday May 6th at 6:30 o'clock in the evening in the Legion hall.

Guest speaker for the occasion will be Col. Eric Cormack, athlete, soldier, farmer, teacher, who is now a member of the Department of Extension, University of Alberta. The topic of his address is "Good Neighbors".

The gathering in the past has been well attended and serves as a gathering when people from neighboring villages, towns and localities may become newly acquainted or better acquainted as the case may be.

The entertainment committee headed by Rudi Renaud has done a very good job arranging the various details, and tickets may be obtained from any member of the entertainment committee namely Rudi Renaud, Jim Champion, Leo McKernan and Warren Rosequist.

The banquet is a public affair and, everyone interested is invited to purchase a ticket and to attend.

Kinettes Meet; Plan Hospital Library

The April meeting of the Kinette Club was held on April 16 at the Rio Cafe with 15 present. It was decided to purchase a subscription to the Ladies Home Journal, True and Jack and Jill for the hospital library. Long's Drug Store has generously offered to contribute magazines regularly for this purpose. Jean Wright volunteered to act as nominating captain for the forthcoming elections.

On March 25 five couples journeyed to Grand Centre for the Charter night of Cold Lake Kinsmen Club held at the new Tropicana night club two miles south of Grand Centre.

—S—

Return Visit Of Famed Evangelist

Myrdin Lewis of Birmingham, England, famed evangelist, bible teacher and lecturer will pay a return visit to the Alliance Chapel, Vermilion commencing on April 28, and will be here until May 10. For complete details see the display advertisement elsewhere in this issue of the Standard.

Everyone in town and district would do well to hear Mr. Lewis in this series of lectures.

Mrs. Betty Shalka Is Elected President of Local C. W. L.

A delicious pot luck supper preceded the annual meeting of the C.W.L. held in the parish hall on April 6th. Reports read by [redacted] had been a very successful year both spiritually and financially.

Following the election and installation of officers for the new year plans were completed for a spring tea, bake sale and a raffle to be held in the Legion hall on Saturday, April 25th.

An executive meeting was held on April 20th when the officers were appointed to be conveners of the standing committees.

[redacted] meeting were:

Past Pres. Mrs. Kay Wil[redacted]
Pres. Mrs Betty Shalka
1st Vice Mrs Marie Edwards
2nd Vice Miss Laurie Lovett
Social Action Con. Miss L. Lovett
3rd Vice Mrs Kay Renaud
Spiritual Con. Mrs [illegible]
Sec'y Mrs [redacted] Keating
Treas. Mrs Lorna Lamoureux
Councillors [redacted] Convenor Mrs. Agnes Killen
Publicity Con. Mrs Nora Ferguson. Social Activity Con. Mrs. Vivian Dyck.

Mrs. Kay Williams assisted by Mrs Doris Keating served lunch at the close of the meeting.

Town and Country People Unite To Honor E. H. Buckingham on Retirement

Completes 31 Years Service To Province and Community

Ernest H. Buckingham, for many years District Agriculturist at Vermilion, retired from Provincial Government services on April 23 and in tribute to the service he has rendered the farming community, he was tendered a complimentary dinner on the evening of April 16, when he and Mrs. Buckingham were the recipients of a purse of money and a bouquet of mixed flowers.

Chief among the organizations taking part in the community affair were the local Board of Trade, the Vermilion Agricultural Society, the Rotary Club, St. Saviour's Anglican Men's Club, the Canadian Legion, the Reserve Army, the Civil Servants Association, the Municipal Districts of Minburn and Vermilion River, all joined together to pay a well-earned tribute.

Mr. Buckingham is a native of Bruce County, Ontario, and first came to Alberta in 1910, when he worked as a brakeman for the CPR in the Crow's Nest Pass; enlisting early in the First World War. Buck, as he has been familiarly known, served overseas and was wounded in action. On his return to Alberta he enrolled in the student body of the University of Alberta and graduated in 1921 in the faculty of Agriculture. He worked for several years with the Department of Agriculture for the province and then served for a while with the federal department, coming to Vermilion as District Agriculturist where he has served with effectiveness ever since.

In addition to his work in agriculture, Mr Buckingham has been active in various community organizations, more especially in the St Saviour's church, the Canadian Legion of which he has been secretary for several years and the Agricultural Society in which he served as director; he is a charter member of the Vermilion Rotary Club and editor of the weekly bulletin, a paper which records the activities of this local group.

Mrs. Buckingham has also been active in local organizations and is particularly well known for the fine contribution she has made to the work of the Red Cross.

A long time friend and co-worker of Mr Buckingham, Jack Kerns formerly of the School of Agriculture staff here, and now District Agriculturist at Ponoka, was guest speaker for the occasion, while J. R. Robson acted as chairman. Mr Kerns' remarks were witty and much to the point, setting out something of the contribution made by Mr Buckingham during his long service with the Government of Alberta.

His Worship Mayor Melvin Hill of the Town of Vermilion, Mr Arthur Roland Reeve of the M. D. of Minburn and Councillor Donald Wilson of the M. D. of Vermilion River all paid tribute to Mr Buckingham's work. The McCauley family provided delightful [redacted]

S. C. Heckbert, for many years secretary-manager of the Vermilion Agricultural Society and a former mayor of the town, in making the presentation to the guest of honor, paid tribute to the work among the junior and senior farmers of the district and outlined something of the effective accomplishments of Mr. Buckingham. Following the well chosen remarks Mr Heckbert presented Mr Buckingham with a purse of money, while Mrs. Jack Kneale wife of the president of the Board of Trade, presented Mrs. Buckingham with a lovely bouquet of mixed spring flowers. The evening ended with the singing of Auld Lang Syne. All who attended [redacted] ciated the opportunity of marking the retirement of a faithful public servant.

It is understood that Mr. and Mrs. Buckingham will continue to make thier home in Vermilion, where they have made a host of friends during their lengthy stay in town.

—S—

Constable and Mrs. Girling Feted At Farewell Party

DERWENT — A farewell party was held for Constable and Mrs. Roy Girling at the National hall recently on the eve of their departure.

Constable Girling has been with the Derwent detachment of the R.C.M.P. for the past four years. Both he and Mrs. Girling were active members of the community. The guests of honor were presented with a purse of money as a gift on behalf of the community. Refreshments and lunch were served to conclude the evening.

District Breeders Get Lacombe Boars

Among the successful applicants for Lacombe Boars at the recent drawing held at Lacombe were a number of district breeders including Clive Dorey of Clandonald, Don Purser of Paradise Valley; and Hugh Stewart of Vermilion.

—S—

Makes Interesting Find in Field

Harry Amos made an interesting find while picking rocks in a field on his farm 12 miles south. A rock was picked up which broke open revealing some petrified shells much like clams. Harry was sending his find along to the University of Alberta and awaits information on them with interest.

—S—

Money doesn't talk today. It just goes without saying.

Final Session for Seven M.L.A.'s

Seven M.L.A.'s attended their final session of the Alberta legislature when it closed last week. An election is expected this year.

Among those retiring from politics are Dr W. W. Cross who retired from his post as minister of health in 1957 and J. Harper Prowse who stepped down from the Liberal party leadership last year.

Both have been finishing up their terms sitting in the House as MLA's and both have announced they won't be seeking re-election. Others who have indicated they won't be back include Hugh John MacDonald the Calgary Liberal who has been by far the most valuable member of the Opposition; Geo Bell SC Gleichen; J. R. Deslon ex Liberal Grouard; Harold E. Tanner Liberal Edmonton and Nick W. Dushenski CCF, Willingdon.

Former Residents Married 60 Years

Mr and Mrs Gaylord Gibson of Cloverdale, B.C. celebrated their 60th wedding anniversary on Sunday April 12th. Two daughters Mrs Ed Schroeder and Mrs Roger Parr were able to be present but six other children live too far away and so could not attend.

Among the guests were another former Vermilion couple Mr and Mrs Tom Guilfoyle of Langley Prairie, B.C.

Mr and Mrs Gibson have besides their eight living children, twenty three grandchildren and five great grandchildren.

HOME & SCHOOL TO MEET

There will be a regular meeting of the Home and School Association on Tuesday Apr. 28th in west end elementary (brick) school.

In 1957, Canada's electrical manufacturing industry used $456,000,000 worth of materials nearly 13 times more than in 1939.

Wins Liberal Nomination

R. H. Whitson

Russell Whitson of Mannville was the unanimous choice of the Liberal nominating convention held at the Orange hall in Mannville on Tuesday evening. Mr Whitson has been the member for Vermilion constituency for the past four years. Guest speaker at the meeting was Mr. Grant MacEwan who took over the reins of the Liberal party leadership during the past year.

Mr Whitson's nomination marks the third candidate to be named in the Vermilion constituency, Conservative Mr Peter J. Franchuk of Derwent, and Ashley H. Cooper, Social Credit having been previously nominated.

Leitch Hardware 50th Anniversary

MANNVILLE — Thursday April 16th marked the official opening of the Marshall-Wells stocked Leitch hardware in Mannville which opening coincided with their 50th anniversary.

Prize-winners at the gala event were E. Hubbard, Mrs. Neil McCrimmon, Harold Warrilow, Jack Hawley, Martha Scott and Ethel [redacted]

Rotary Club Hears Contest Winners

Last week one of Vermilion's High School students spoke at the weekly luncheon meeting of the Rotary club. This charming young lady is Miss Dorothy Jean Stewart, daughter of Mr. and Mrs. E. M. Stewart, who has just won the United Nations public speaking contest for this area.

Next week Dorothy Jean will take part in the zone competition at Irma which is the final elimination for a three week's trip to New York City. The contest is sponsored all over Canada by the Oddfellows and Rebekah lodges.

Miss Stewart spoke on the admission of China into the United Nations General Assembly.

The speaker was introduced by Gordon Ross and thanked by Bill Sutherland for her wonderful speech. President Jim Robson also added his thanks.

President Robson introduced the following visiting Rotarians: Jim Nichols and Al Shelton both of Vegreville, George O'Brien of Edmonton and Doug [illegible] of Estevan club.

Let's Take Them Down

A stranger in town this week complained to a passing citizen about the post office not being open. It was pointed out to him that there was a new post office one block away and that the old stand had gone out of business. "Then why don't you take down that sign?" he asked pointing to the metal notice on the side of the building which still proudly proclaims the words post office.

The stranger has merit in his suggestion.

Another Progressive Step

Rural areas may be getting paved roads sooner than they think. The Alberta highways department plans to use lightweight blacktopping as a means of eliminating the summer dust hazard on gravelled roads. It won't be done to main highway standards, but it will be the first stage in eventual high-grade paving and strengthening can be done later. One of the first projects probably will be on Highway 21, which runs between Camrose and Bashaw.

Canadians Drop From Sight At Rate of 300 Weekly

Three hundred Canadians drop from sight every week, reports the current Maclean's in a feature article on missing persons. One year police were asked to find 11,771 missing Canadians, writes associate editor John Clare. All but 340 were found by the end of the year.

"The desire to vanish," he says, "is rarely a romantic one. It is usually born of bitterness, frustration, failure, immaturity and an attempt at partial self-destruction. These people feel that by losing their identity they may lose their problems."

Young husbands, running away from one woman and often after another, head the list of vanishing Canadians, states Mr Clare. Usually immobilized by a feeling of responsibility toward their children, women take off less frequently. Teen-agers made restive by too much discipline or not enough, account for a large number of disappearances.

"There is no central agency by which missing persons are sought in Canada. The International Red Cross, with head quarters in Geneva and representatives around the world, and the Salvation Army with offices in 85 countries provide a far flung service which has reunited thousands of families. Since the war the Canadian Red Cross has received 42,000 requests to trace missing persons believed to be in Canada and the Salvation Army gets more than 1000 a year, half of which are successful searches.

No Puny Flash

It may be hard to realize that there is more sense than nonsense in the statement of Dr. John Convey, director of the Federal Mines Branch, that a relatively small underground atomic explosion may solve the long-standing riddle of how to discover the vast reserves of oil in northern Alberta's tar sands. Explaining that a decision on the project is still a year away, the mining expert said that the plan is to drop down a six inch hole to the 1,200 foot level a $500,000 nuclear device — a two-kiloton bomb. Two kilotons is the equivalent of the explosive power of 2,000 tons of TNT. Since the first atomic bomb dropped on Hiroshima equalled 20,000 tons of conventional explosives and since more recent models are said to be many times as powerful as this, a two-kiloton bomb may seem rather puny. But Canadians can look back to 1917 to get a close-to-home perspective on the power of this proposed blast. That was the year of the Halifax Explosion, when a munitions ship carrying 3,000 tons of nitroglycerine and TNT caught fire and blew up in the harbor. In that tragedy every building in the city of Halifax was damaged, 1,630 people were killed and several thousand more injured, a square mile of the city was demolished and windows were broken at Truro 60 miles away. So it does not seem unlikely that the heat and force of a two-kiloton underground explosion would separate the oil and sand and deposit the freed oil in a 230,000 foot underground crater, as forecast.

To get your prospect lukewarm, you have to get yourself [illegible].

A straight tip on a sure thing usually demonstrates the uncertainties of life.

Alberta Report

Anders O. Aalborg, M.L.A. for Alexandra

On Thursday, April 16, the Alberta Department of Mines and Minerals received $20,274,35 from the sale of oil and natural gas leases on about seventy parcels mainly in the Swan Hills area south of Lesser Slave Lake. Several of these parcels sold for more than $1,000,000 each, and two parcels totalling 640 acres sold for nearly $2,300,000. The leases in the Swan Hills area which sold for a total of over $14,000,000 covered less than 3,000 acres. This was the largest return from a single sale since 1956 when, on one occasion, a record $33,000,000 poured into the Provincial coffers.

The news of this spectacular sale is a reminder of the very important part which the development of our petroleum and natural gas resources are playing in the economy of the Province. It is also a most encouraging sign that the prevailing restrictions on oil exports from Canada have not seriously impaired exploration and development of our oil and gas fields.

OIL AND GAS POLICY

Since the Leduc oil field was discovered in 1947 the Provincial Treasury has collected over [illegible],000,000 in the form of royalties, rentals and fees from the development of oil and gas resources. This colossal amount is far greater than the total school, municipal and hospital taxes paid by the people of the province during the same period and is greater than the total budget of the Provincial Government for the past three years. Ever since 1950 the development of oil and gas resources has been the greatest single source of revenue for the Provincial Government, reaching over 50% of the total income in some years. In other provinces revenue from the development of natural resources has never remotely approached these proportions, a fact which can be very easily verified by anyone wishing to do so.

These remarkable results have been obtained because we have been very richly blessed with material resources in the first place, and because the people of Alberta have had the good common sense not to allow themselves to be hoodwinked by the misrepresentations of Liberal, Tory and Socialist politicians. Instead, the people of Alberta have elected and kept in office a Social Credit Government that knows how to obtain the maximum benefit for the people of the province from the orderly, large scale development of these vast natural resources which are our heritage.

"GREEN ACRES"

I feel that it is indeed a privilege and a challenge to succeed Mr Buckingham as District Agriculturist as well as the author of "Green Acres." During the last month it was announced that this title is the official mast head for all Alberta D A's "Green Acres" this column, was originated by Mr Buckingham a good many years ago and it is fitting that upon his retirement on April 22, 1959, it should become the official District Agricultural newspaper column. I will endeavor in the future to keep up the high standards which have been set and convey to the readers information as it becomes available.

ONIONS

Dr. I. L. Nonnecke, head of Horticultural Section, Research Station, Lethbridge, suggests trying some of the new hybrid onions this spring. They are available from seed houses being listed in the 1959 catalogues. The most outstanding named variety on cross Canada onion trials has been Autumn Spice. Autumn Spice matures in an Alberta summer and stores better than any onion ever grown at the Lethbridge station. Onion seed can now be sown in the spring and mature bulbs harvested in autumn. These hybrids have much more vigor and vitality than old varieties and show fine flavor. For the householder any of the new hybrids will be better than what was formerly available. Autumn Spice lends itself particularly well to commercial production in Alberta. Gardeners wishing to try something new in onions would be well advised to try one of these new varieties, but be sure it is a new hybrid.

ESSAY CONTEST

The North-Central Weed Control Conference will again sponsor an essay contest in 1959. The subject is "How We Control Weeds on Our Farm." The prize is a $200.00 scholarship. Any boy or girl between the ages of 12 and 18 years whose parents are actively engaged in farming is eligible. Why not give it a try? There is an additional prize of $25.00 for the provincial winner which went to Anne King of Rimbey in 1958.

James Fretwell of Clive, presently attending University, won the scholarship in 1957. Contact your field supervisor or D. A. for further information.

PASTURE BRUSH CONTROL

Farmers living in the Park-belt are concerned about the steady invasion of good pasture by buckbrush and poplar. Three factors have contributed towards this invasion. (1) heavier than average rainfall (2) No prairie fires. (3) over grazing. Although heavy rainfall is blamed for the invasion there has been no let up during the past two years in areas where rainfall has been light. We live in a civilized land and consequently fires are impossible and dangerous. From overgrazing there is no grass left to run a fire so these are one and the same thing. Strong vigorous grass will resist bush even under moist conditions. Our farming is based entirely on directing nature to work for us. So perhaps with a little push from us the grassland could be stimulated to take over the brushland. Rotational grazing gives the grass a chance to grow. This means dividing the pasture land wherever feasible and rotating the herd. The young poplars and buck brush must be sprayed annually with a light application of 2,4-D (8 oz. is a light application for woody growth.) The ordinary farm sprayer can be used and the cost of 2,4-D can be kept down to a minimum. This treatment will not wipe out all of the brush and bluffs but it will increase the area of grass land in the pasture. For heavier stands of brush and poplar, the brush must be slashed down first, piled and sprayed with a heavy annual application of 2,4-D. 2,4-D does kill legumes as well as trees and weeds.

CUTWORMS

The cutworm forecast for 1959 was and still is that an increase is expected. This is especially true on 1958 summerfallow which was somewhat weedy during August. Red backed cutworms lay their eggs in a weedy summerfallow. At this date all we can do it watch, keeping in mind that a dry warm spring will be favorable to cutworms. Cutworms work fast but poisons are available which will give excellent control. A good rain could change the picture completely.

WIREWORMS AND SEED TREATMENT

Unlike cutworm control, wireworms can be controlled by a seed treatment. The difference being that wireworms eat the seed and root while cutworms eat the above ground growing plant. Wireworm build up is slow and certain, the eggs are laid in early spring, and hatch in about a month at which time feeding begins. The larva [illegible] from seed to seed up the [illegible] row. After the crop is up the worm feeds on the root and the plants wither and die. If you have seen patches on the side of a slope or on fertile ground that resemble no-growth spots of alkali patches, suspect wireworms. A click beetle, the parent insect can remain alive in a field for two years without food. Ten different seed treatment products are available which will give very economical control of wireworms and at the same time protect your crop from most seed born diseases. If you don't have wireworm trouble, for the sake of maximizing your returns on your investment, treat your seed with a mercurial dust, liquid or similar treatment.

H. Morley Douglas,
District Agriculturist.

FORMER ISLAY MAN DIES AT VANCOUVER, AGED 92

Thomas White, aged 92 years, passed away on April 3, 1959 at Vancouver. He is survived by one son Thomas of Regina, one daughter Mrs. Elizabeth Whyte, Vancouver, 2 granddaughters and four great granddaughters. Funeral services were held on April 6 with interment at the Valley View Memorial Gardens.

Mr White was a resident of Islay for many years and will be remembered as the painstaking and efficient caretaker of the hospital for more than 20 years.

Claysmore W. I. Notes

A very interesting meeting was held at the home of Mrs. A. Olstad on the afternoon of April 8th with nine members and three visitors present, Mrs. McCardy, Mrs. Stebner and Mrs. Pawlaw.

After repeating the Creed the members answered the roll call, 'How to clean walls and brushes'. The minutes of the previous meeting were read by the secretary Mrs J Willes, the treasurer's report was read and adopted. It was moved and seconded that all bills be paid.

The biennial convention will be held in Edmonton at the U. of A., May 26th to 29th. Mrs. J. Willes was appointed the branch delegate. The resolutions were discussed but the members decided we needed more study on them before voting.

Thank you cards were received from Mrs. Dale Williams and Phillip Willes, recent patients in the Vermilion hospital.

The handicraft list was studied and the members chose what work they would do for the conference.

The annual rest room tea and rummage sale is to be held at Mannville on April 18th from 1 to 5 p.m. and all members are asked to help make it a success.

The study topic was given by Mrs. R. MacMillan on Citizenship "Postal Service in the Yukon." It was decided to study 'Health' for the year's work instead of a new standing committee topic each month.

The W.I. is sponsoring a dance on April 17th at Claysmore.

Collection was taken and the meeting adjourned.

Mrs. Peter Pidruchney will entertain the ladies at her home on May 13th.

A nice lunch was enjoyed by all, bringing the meeting to a close.

Even a tombstone will say good things about a guy when he's [illegible].

KEEP FIT CLASSES COMPLETED FOR SEASON

The 'Keep-Fit' classes sponsored by the Kinette club for the past few months, have now been completed for the season. Owing to their popularity the classes will again be held next fall.

Hi-C Notes

The Hi-C meeting of April 12 was spent discussing future programs which will include special speakers and a social with the Vegreville Hi-C group as our guests on April 26th. Morley Marshall's group is in charge of lunch.

Margaret Roots' group obtained a film 'Family Circle' for the last meeting which was much enjoyed.

Plans were made for our forthcoming 'car wash' on May 9. If you want your car washed for $1 contact a member of the Hi-C group.

It was decided to have a leader for each group of ushers. The leader for next Sunday's group is Jack Marfleet. The other members of the group are Robert Carmichael, Dick U[illegible] and Glen Manyluk.

"Mothers' Day Car Wash" May 9th

A Mothers' Day car wash, sponsored by the United Church Hi-C will be held on May 9th. Have your car clean for Mothers' Day May 10. Phone 98, 107 or the manse and leave your name and address before May 9th and a group of young people will come to your home and wash your car. Mops and chamois will be supplied. Charge is $1. 41-3

Love-Straub Wedding Is Solemnized In Edmonton

Spring flowers provided an attractive setting in McKernan Baptist Church, Edmonton, on Saturday afternoon, when Mrs Sadie Verna Straub and Mr Davis James Love were united in marriage. The bride is the former Verna Benke of Camrose. Rev. A. Lamprecht performed the double-ring ceremony.

For her wedding the bride chose a blue silk gown in ballerina length, fashioned with a lace bodice embroidered with beads. Her hat was of matching blue silk trimmed with flowers, and she wore white elbow length gloves and white shoes. Her corsage was red roses and she carried a Bible covered in white satin.

Mrs. [illegible], sister of the bride, was matron of honor. She wore a gown of pink embossed nylon, with a matching pink hat and gloves. She carried a nosegay of pink carnations and white mums.

Best man for his brother was Mr George Love. Ushers at the wedding were Lance Love, son of the groom and Paul Straub, son of the bride. Wedding music was by Miss Inez Wahl, and soloist was Miss Sharon Isley of Vermilion.

At the reception in the banquet room of the Financial Building, Rev. A. Lamprecht proposed the toast to the bride.

For a wedding trip to the mountains, Mrs Love changed to a blin and blin suit of midnight blue, trimmed with a white mink collar. Her accessories were pale blue and she wore a corsage of red roses.

Mr. and Mrs Love will reside in Edmonton.

BUFFALO COULEE ACTIVITIES

Basketball has been the chief amusement for the past few weeks at Buffalo Coulee. Before Easter, the school girls played the Buffalo Coulee ladies and came off with a win of 21-20. The same night the boys played the men and won by a considerable margin. Since then the ladies had been practising and recently defeated the school girls by a score of 28 to 12. The high scorers for the ladies were Glennys Bauman, Mary Arthur and Hazel Macnab. On Thursday after school the Junior High School basketball team from Vermilion came to play against the Buffalo Coulee teams. In the boys' game the score was [illegible]-21 for Vermilion and in the girls' game it was 19-12 also in favor of Vermilion. Lunch was served after the games.

Baseball teams for the coming season have been organized. Jim Cameron has taken over the coaching duties for the Little League team and they will be playing in a league with Preston and possibly Woodvale. The Pony League plan to play with Preston for the coming season. Ivan McInnis is coaching the Pony League boys. The school boys' baseball team, coached by Red Arthur and the school girls' team coached by Frank Renspies and assisted by Lois Staden, plan to play four games with Minburn school in May. An interesting ball season is in store and parents are urged to get out and support the boys and girls.

A very pleasant surprise party was held at the home of Mr and Mrs. Bob Woodruff last Friday evening when some forty neighbors and friends gathered to extend best wishes to them on their departure from Buffalo Coulee. Mr Woodruff came into the district in 1904. Mr Hardy Wear, another pioneer of 1904, in a few well chosen words, presented Mr and Mrs. Woodruff with a lovely table lamp as a token of esteem from their many friends and extended best wishes to them for their future in Vermilion. The Woodruff's are having their house moved shortly, and will be living on the south side of town. The Cunningham family have bought the Woodruff farm.

Since last writing the Buffalo Coulee news, another old timer of the community has passed away in the person of Mr Fred Arthur. Sincere sympathy is extended to Mrs. Arthur and family at this time.

Brent Macnab of the Vancouver Canuck hockey team has returned home to the farm for the summer.

The Hilton family are proud possessors of a new 1959 Buick.

Quite a few people of the community have been victims of the flu.

Mrs. Ruth Haverslew returned home last week after spending a week in the Vermilion hospital.

Welfare Office Closed For Short Period

The Vermilion office of the Alberta Welfare office will be closed for three weeks as the welfare officer, Mr Robert Allen will be absent in Lethbridge. Following his return the office will be open on a full time basis as the welfare territories are being re-organized.

Epilepsy League To Meet in Edmonton

The Western Canada Epilepsy League, Edmonton and District branch, will meet Friday Apr 24th at Red Cross House 9931 100th street at 8 p.m.

Prof W B Dockrell, Director of Education Clinic, University of Alberta, will be the guest speaker speaking on the subject "The Epileptic Child in School." Refreshments will conclude the evening.

All are urged to come and help make the evening a success. Friends and other interested persons are also cordially invited.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Mr. and Mrs. R. F. Short of Calgary wish to announce the engagement of their only daughter Joan Ruth to Mr. Gerald Isley, only son of Mr. and Mrs. Cliff Isley of Vermilion. The wedding will take place in Calgary at Pleasant Heights United Church, May 9th at 4:00 p.m.

Winners of prizes at the Legion whist party on April 17 were as follows: Ladies' 1st — Mrs. Michael; 2nd — Mrs. Baden Anderson; consolation — Mrs. Osterburg. Gents' 1st — Robert Repp; 2nd — George Burton; consolation — Tom Stocker. The traveller's prize, Mrs. Simonet, Robert Repp.

The name of A. Anderson should have appeared as H. J. Anderson in the list of cancer donations made in memory of the late Otto Wolters.

Barry Bell of Edmonton spent a few days visiting at the home of brother Irvine during the past week.

Mr. Harvey Smith who spent several days in the Vermilion hospital taking treatment for a nerve disorder in his face, is now home and feeling much improved.

Mrs. A. S. Calvert of Edmonton is a visitor in town at present, a guest of Miss Beth Witherbe.

Norman Williams, district manager of the Greyhound Bus Lines, spent a day or two in town this week visiting his parents Mr. and Mrs. W. D. Williams. "W. D." has been a patient in hospital for the past week.

Mr and Mrs. Rand Calvert, Rickie and Don leave this week for Beaverlodge to reside in the future. Son Brian will remain in Vermilion until the end of the school term. Rand will open a Macleod agency hardware store in the north town.

Mr. and Mrs. W. J. McCoy of Didsbury are visiting at the home of their daughter and family, Mr and Mrs. Curtis Alfke for two weeks.

Mrs. Emile Maire of Edmonton is visiting at the home of her brother and wife Mr. and Mrs. Hugh Evans this week, and generally renewing old acquaintances around the town.

Mrs. Jack Bristow, formerly of Islay and now of Edmonton, visited her sisters Mrs. Annie Cameron and Miss Alma Cameron over the week end.

Mr. and Mrs Al Locke, Mr. and Mrs. Ken Urquhart and son Elliott, and Billy Tough were all visitors at the home of Mrs. Urquhart's sister Mr and Mrs. Tom Stack over the week end.

Mr and Mrs. Allan Gannon and two little sons, of Drayton Valley are spending three weeks holidays in town visiting their families here.

Lund-Jack Vows Pledged in Edmonton

Baskets of pink gladioli and white Shasta daisies banked the altar of Immaculate Conception Roman Catholic Church, Edmonton for the wedding of Miss Martha Eileen Mary Jack, to Mr La Vergne Conrad Lund.

The bride is the daughter of Mr and Mrs. D. Ernest Jack, of Kitscoty, and the groom's parents are Mr. and Mrs. Charles Lund of Edmonton.

The bride was given in marriage by her father at the double-ring rite. Msgr. J. R. Ketchen officiated.

A princess style gown of white delustred satin in floor length was chosen by the bride. It featured a scalloped neckline lily point sleeves and appliques of hand-clipped Chantilly lace in the skirt. Her chapel veil misted from a floral coronet and she carried a bouquet of crimson roses and white stephanotis.

Miss Marie Patch was maid of honor and the bridesmaids were Miss Betty Harrison and Miss Yvonne Lund. Their identical gowns of white organza over red taffeta were styled with round necklines and full gathered skirts with white cummerbunds forming large bows at the back. Their headpieces were of split white carnations and they carried carnation bouquets.

Mr Floyd Lund was best man and ushers were Mr Emil La Brie and Henry La Brie.

Mrs. Paul Bouret was soloist.

At a banquet and reception at the Club Mocambo, Mr Wilfred Currey proposed the toast to the bride and Mr Clair Jeffery said the blessing.

For travelling to the western United States and Mexico, the bride donned a navy blue tailored suit with navy accessories and a flowered cloche hat in coral with matching gloves and a corsage of white carnations.

Mr. and Mrs. Lund will make their home in Edmonton.

Bride-Elect Showered

Mrs. Albert Hareuther entertained at a shower in honor of Miss Joy Dalkin on April 7. Twenty-two ladies gathered at the happy event to shower Joy with many lovely gifts.

CORRECTION

The young orator who competed in the public speaking contest at Vermilion last week was Henry Robinson, not Howard as mistakenly appeared in the write-up of the event.

Mr. and Mrs. N. N. Bentley have now returned to their home on the campus after leave of absence of one year spent in Egypt and another four months spent on special work in Canada with the Dominion Department of Labor.

Mr. and Mrs. Henry Mervin of Vancouver, B.C. were recent visitors at the home of the latter's parents, Mr. and Mrs. W. J Fisk. During their two week visit here they all enjoyed seeing other members of the family, motoring to Ponoka to visit Mr. and Mrs. Jim Smith, to Mayerthorpe to see Mr. and Mrs. Ade Lovig, and while in Edmonton they visited Mr. and Mrs. Mac Fisk, Mr. and Mrs. Tom Wilcox and Walter's older brother Dave.

Mr. and Mrs. George Schurman visited the former's parents Mr and Mrs. I. Schurman over the past week end.

WEDDING BELLS

BROWN—FILGATE

The marriage of Mrs. Elizabeth Filgate and Mr. George Brown was solemnized at a well attended ceremony at the First United Church, Vermilion, on Monday, April 6th at 2:30 o'clock in the afternoon. The Rev. C.W. MacKay officiated. The wedding music was played by [illegible] M. West.

The bride was dressed in blue taffeta with light blue lace hat and white accessories. Her corsage was of red roses. The matron of honor, Mrs. William Salisbury, wore a dress of blue and her flowers were carnations.

Mr. William Salisbury gave his sister in marriage. Attending the groom was Mr Richard Filgate, a son of the bride.

Ushers were Mr. Doug Sherriff and Mr. Jack Cartwright.

Following the wedding a reception was given the couple by the Legion W.A. at the Legion hall from 4 30 to 7 00 p.m. during which time many friends and relatives called to wish Mr. and Mrs. Brown every happiness. Miss G. Craig was in charge of the guest book.

The bride's table was decorated in pink and white while china used was one hundred years old.

Out of town guests were Mr. and Mrs Richard Filgate, Elnora, Alta.; Mabel Filgate, Red Deer; Clara Filgate, Calgary; Gene Taylor, Calgary; Mrs. Evelyn Royer and children Wayne and Shirley, Edmonton; Mrs. Lynn Taylor, Beaverlodge; Mrs. Mildred Hastie, Red Deer.

SAVE almost half of what you usually spend for drug store items. Wait for the Rexall Original One Cent Sale 'Six' Big Days. Over 325 bargains! And two for the price of one, plus only one cent. Monday, Tuesday, Wednesday, Thursday, Friday and Saturday (May 4-5-6-7-8 and 9) at Long's The Rexall Drug Store in Vermilion. 41-2

Bride-Elect Feted At Many Showers

Miss Sue Carmichael whose wedding to Mr. Edward Frissell takes place on Wednesday evening, April 29, has been feted at several pre-nuptial showers during the past few weeks.

On Friday, April 10, the home of Mrs. Rose Harle was the scene of a kitchen shower with Mrs. Stewart Cooper as hostess. The gifts were presented in a decorated plastic basket surmounted with a parasol.

Contests were enjoyed and a delicious lunch served.

MISCELLANEOUS SHOWER

A miscellaneous shower with Miss Sue Carmichael as the guest of honor was held at the home of Mrs. Myrtle Senz with Mrs. Esther Young and Mrs. Joan Kowalchuk as co-hostesses. Twenty-three ladies were present.

Much amusement was caused by a mock wedding.

Little Miss Marilyn Senz presented the gifts to the bride-elect, bringing them to her in a prettily decorated wagon.

The hostesses served a dainty lunch at the close of the evening.

FETED AT VEGREVILLE

Honoring Miss Suzanne Carmichael, bride-elect of Wednesday, April 29, Miss Hazel Gafka entertained at a miscellaneous shower on April 6 at the Vegreville home of Mrs. Minnie Gafka.

Frog Lake Pioneer 90th Birthday

On April 10th Mrs. Thora Kjenner of the Frog Lake district celebrated her 90th birthday. She is a pioneer in these parts having come to take up a homestead in the fall of [illegible] [illegible] her husband and family. [illegible] the past three years Mrs. Kjenner has made her home with her daughter Mrs. Fred Bristow. Mrs. Kjenner spent a lovely day, some forty guests called with best wishes and to help her make the day a memorable one. She was the recipient of several lovely bouquets of flowers and many gifts. A delicious luncheon was served by the hostess, Mrs. Fred Bristow. Several relatives came for the week end to see her from Bawlf, Round Hill and St. Bride's.

Of Many Things . . .

By AMBROSE HILLS

CANADIAN WRITERS

Because I belong to the Canadian Author's Association, I've met many of our best Canadian writers, and I am much impressed. One of the things that impresses me most is that you seldom hear them moaning about the lack of opportunity for Canadians. The successful Canadian writers are doing pretty well.

The other day I picked up an American magazine noted for its excellent cultural content, and I immediately recognized three of the contributors as Canadians — a poet, a short-story writer, and an essayist. Quite a good score for a single issue! And their work stood out in the issue for its wonderful quality. They hadn't slanted their writing for American consumption because they all used Canadian backgrounds.

Today I picked up the wealthy, slick-papered Saturday Evening Post, and the very first item I read was by John V. Hicks, a talented writer from Prince Albert, Saskatchewan. Of course, Canadian writers have often been Post regulars — men like R. Ross Anett, Edward McCourt, Jack Paterson, etc.

Canadian writers are also being welcomed by American television networks. Mac Shoub, of Montreal, is an American favorite, for example. H. Gordon Green is another. And it is thrilling to learn that four of the hour-long GM television dramas were being broadcast by the American Broadcasting Company simultaneously with CBC. It was disappointing that one of the scheduled dramas, by John Whelan, who wrote the powerful "Maiden Voyage" in the same series, was crowded out of the foursome at the last minute.

A Canadian writer willing to work hard has a tremendous market available to him. Our own journals, such as Saturday Night, Chatelaine, Maclean's, go out of their way to encourage canuck talent and American magazines certainly place no barrier against them. Indeed, many American magazines and advertising agencies assign stories, articles and the writing of advertising campaigns to Canadian scribes, because they like the vigor displayed in a great deal of Canadian prose.

Any young Canadian who wants a writing career can be sure that if he has the talent and the willingness to work, he has a fair chance to make a decent living at it. He shouldn't be scared off by pessimistic talk about the lack of opportunity here. In reality, he probably has a better opportunity than a writer in any other country. Canadian publications give him special attention, American magazines give him an even break. What more could a writer ask?

Variety of Items Make H. & S. Meeting Interesting at Mannville

MANNVILLE — With only a fair attendance, the Home and School Association held its monthly meeting on April 16. In the unavoidable absence of president Mrs. Ronald Forsyth, past president John Misik was in the chair. A most interesting and educational film was shown during the first part of the meeting called "On the Spot," depicting the narrator and an Indian guide stranded in the water sans matches, food and other comforts. Only an axe was allowed, and the clothes in which the men were clad. Despite handicaps, the men fared extremely well, thanks to the knowledge of the Algonquin guide.

During the business part of the meeting, reports were approved. Report on the recent band concert was found favorable. Decision was made to serve lunch at the coming graduation dance. The attendance shield for the evening was once again tied with Nestor Dohaichuk and Ronald Forsyth sharing the honors. Principal Hugh Doherty gave a promising report on a travelling bandmaster, thereby offering the school a chance to perhaps have a band. The meeting advised the secretary to notify the Board that Mannville is desirous of having said band instruction. Motion from floor gave the executive authority to send the president a gift while she is hospitalized.

At conclusion of business, the gathering was favored with an excellent display of routine drill by the Mannville Drum Majorettes, attractive and graceful in their neat attire. Each step was carried out with precision and good timing. Following this, a playlet "Teen Age Problems" was heard, depicting a typical mealtime scene at home with the family. In the cast were Mrs. Betty Ramsey as 'mother'; Walter [illegible] as 'Dad' while Rev. Harry Shell took the part of 18 year old 'Tommy' and Mrs. Joan Lugg played the role of 'Janie' who was 14 years old. A lively discussion, directed by Mr. Doherty followed the play with the ultimate conclusion being that discipline fairly administered, is vitally necessary. Some very thought provoking comments were inspired by the play, and good questions posed.

McLaughlin's Self-Serve

The Homemaker

Donna Westendorf
District Home [illegible]
Lamont, Alberta.

Recently I had the privilege of attending the Alberta Home Economics association convention.

All during the convention manufacturers exhibited their products. Everything from the latest in food ideas to the newest home appliances were shown.

The program included a fashion show, presented by the McCall Pattern Corporation. Skirts were short and colors bright — coral and shocking pink being the favorites.

Miss Corrine Frerice, Director of Nutrition for the Baking Foods Foundation spoke on "the fight against food fadism."

She discussed the many fads prevalent today.

Vitamin pills and faddy diets like the yogurt-black-strap molasses, wheat germ diet are alright on a short term basis, as long as they don't deprive people of the proper diet they should be eating. Fadism becomes harmful when it is used as a health remedy to cure a condition that perhaps requires real medical attention.

People fall for literature promoting food fadist's health products because it is interesting and well written, but much of it is misinformation. What the public should know is what constitutes a balanced diet and strive to adhere to it in daily living.

Write to my office for the bulletin "What We Should Eat Every Day."

Miss Lampard, professor of Education at the University of Alberta discussed improving one's reading. Although many of us complain we haven't time to read, anyone that really wants to will find the time. Perhaps the point she stressed most was the importance of reading critically. Don't accept an article at face value, just because it is printed, especially advertising.

After reading an article you should be able to do more than agree or disagree. Know what the writer is trying to say, and what effects he hopes to produce.

Often by looking carefully, we find the facts are not complete, or presented in such a way we get the wrong impression.

The mature reader will have enthusiasm and have a tendency to read a wide variety of topics. She will be able to grasp the material, and will have a capacity for using the material read.

Most of our reading difficulties are due to a poor vocabulary. Did it ever occur to you that most pattern problems or cake failures are due to poor reading comprehension.

Miss Marilyn Pogue, Home Economist for Iron-Rite Inc., spoke on modern ironing techniques. Homemakers with an ironer should use it for every thing. You cannot expect to iron everything perfectly the first time, but with a little practice, clothes can be ironed with ease. She proved a man's shirt can be easily ironed with an ironer.

Funeral Services Are Held For The Late Fred B. Arthur

MR FRED B ARTHUR

Funeral services for the late Mr. Fred B. Arthur were held on Thursday, April 9th at the Auburndale United Church at 2:00 o'clock in the afternoon with interment in the Mount Auburn cemetery. The Rev C W MacKay officiated. The very large number of friends and sympathisers testified to the esteem and respect felt for the deceased.

Mrs. A. H. Green was the organist and the hymns sung were "Rock of Ages" and "Abide With Me".

The pallbearers were Messrs. B. H. Rogan, Harry Amos, Chester Green, Cecil Kennedy, Jim Irving and John Hull.

Fred B. Arthur was born at Bradabane, P.E.I. on June 29th, 1876. He married Phoebe Jane Arthur on Jan 28th 1905 in Dorchester, Mass., then came to Alberta in 1907. In 1908 the move was made to the Vermilion area where he farmed in the Auburndale district. This has been the family home ever since.

Mr. and Mrs. Arthur celebrated their 50th wedding anniversary on Jan. 25th, 1955. At the time of his passing they had been married for 54 years.

Surviving members of the family are his wife, two daughters Mrs. Ivan McInnes and Mrs. Garwood Delaney of Oswego, Oregon, and one son Melvin of Vermilion. Addie Clark, a younger sister residing at Denver; Ed, a younger brother living at Quinn, Mass. There are nine grandchildren.

Flowers to the house: Bud and Freda, Mrs Manyluk; Stan and Gene, Mary and Bill; Hazel, Buddy, Frank and family, Elmer and Ruby; The Willowby Group, Lois and Art Olson.

Floral tributes: Wife and family; Mr. and Mrs. John Green and Chester; Addie, Everett, Ruth and Cecil; John Hull Family; D. H. MacMillan; Mrs. H. Majury, Kay and Rita; Dorothy and Matt Majury; Gertie and Francis, Gladys and George; Stewart and Audrey; Alex, Edie and Red; Alf, Agnes and girls; Gordon, Beryl and boys; Cora and Sig, Mrs Larson and Gladys; Jessie Tweedale; Mr and Mrs. B H Rogan; Ruth, Noel and Hubert; Frank and Evelyn Manyluk; Ruth, Garwood and family; Gary and Nola Delaney.

Crippled Children's fund: Morris, Joan and family; John, Flora and family; Mrs Wm. Irving; Grace, Chris and Bill Bradshaw.

St. Saviour's Memorial fund: Mrs. Sarah Rogan.

The Auburndale United Church Memorial fund: Lorentz and Theresa Samuelson; Mrs Cleland and Willie; Jim Irving, Lloyd and Ruth Everett, George and Norah Eyben; Mr and Mrs. Tom Smith and family; Mr. and Mrs. Gilbert Harrison; George and Muriel Harrison; Mr and Mrs Fred Luchyk; Henry and Marion Eyben; Ken and Wyn Kennedy; the Cunningham Family; Mr. and Mrs. Wear and Lester; Albert and Eleanor Cleland; Grace and Bert Seale; Harold and Loretta Cleland, Alex and Bessie Stone and family; George and Ina Webb Sr., Henning and Ruth Haverslew; Ted and Ruby Marfleet; Russel and Carmen Kennedy, Macnab Families; Rose and family.

Mount Auburn Cemetery fund: Velda and Dave Bury and family; Gordon and Ruby Larsen; Mr. and Mrs. Hugh Miskimmins; Mr and Mrs. E. A. Seale; H Lawrence.

Gideon Bible Society: Mr. and Mrs. Jas. Green and family; Miss Evelyn Hetherington; Mr and Mrs. Ernest Scharman, Mr John H. Davis; Bruce and Marion Harrison and boys.

Vermilion Cancer Society: Mr and Mrs. Sheldon May, Harold Barlow and family; Hans Eyben and family; Mr. and Mrs. Geo Mead; Mr. and Mrs. Harold Everett; Vera, Wilson and family; Mr and Mrs. Staden, Dud and Lois; Bill and Jessie Crabb; Bernice and Edward Fraser, Mr and Mrs. J Wallington and family; Harry Amos; Mr and Mrs R Woodruff; Cecil and Marguarite Kennedy; Albert, Ethel and Miles Miller; Vivian and Bill Dyck; Heatherbell W.A.; Mr and Mrs. E. N Arthur; Addie and Wellington Clark.

Princess Anne W. I. Notes

Twelve members of the Princess Anne W.I. met at the home of Mrs. Norman Armstrong for their April meeting.

Our president, Mrs. George Richardson was in the chair and we welcomed five visitors, Mrs. W Cross, Mrs. J Starko, Mrs. P. McCambridge, Miss Jean West and Miss Mildred [illegible]. The roll call was to give your place of birth and showed members came from far and near.

The conveners reported on the very successful bake sale held last month. Mrs. R. Strome gave the topic which was entitled "Emigration to Canada". Then Mrs. Cross told us that the fight against cancer is progressing but that it takes money hence the door to door canvass. She explained the receipt books and gave us pointers to use in our efforts to help out with the drive.

A tasty lunch was served by Mrs. P Mudryk and Mrs. W. McIntyre assisted by our hostess, Mrs. Armstrong.

More people would stay on the straight and narrow path if the right path wasn't so often left.

Some people never hit the mark because they never pull the trigger.

Mannville and District Local News

Mrs Jack Chrysler was a recent patient in the University Hospital in Edmonton and is at present convalescing there.

* * *

Mrs. C Roland of Edmonton accompanied her sister and brother-in-law, Mr. and Mrs. James Mitchell of Busby to the home of the former's daughter and husband, Mr. and Mrs. Stan Boe at Mannville recently. While here they spent a pleasant afternoon visiting at the home of Mr and Mrs. Joe Horrocks. They attended school with Mr Horrocks.

Mrs. R. Hughes is spending some time in Edmonton visiting relatives.

* * *

Miss Elaine Rea is home after participating in award night at V. S. A. which she attended.

* * *

Mr. Jack Hawley is a patient in the local hospital, while Mr and Mrs. George Clark are both patients there.

* * *

[illegible] Sunday included Mr and Mrs George Pemberton and Mr and Mrs A E Williams.

* * *

Miss Betty Proudfoot accompanied by Miss Anna Quond was a visitor to the parental home this week end.

* * *

Members of the F Hubbard and R [illegible] families accompanied by F. D. Wright were Sunday visitors to Camrose Rosehaven Home where they saw Mrs. H Amost as well as Ned Freeburn, who asked them about all old friends at Mannville.

* * *

Mr Ivor Berg is progressing favorably in an Edmonton hospital and was visited by Mr and Mrs A F Williams on Sunday last.

* * *

Spring is definitely here according to the garden ploughing activities lately.

* * *

Mrs Ron Forsythe is progressing favorably following surgery in the Vermilion Hospital.

Sixteen Years Ago

APRIL 22, 1943

Rev. Lawrence G. Sieber minister of the First United Church here for the past three years has accepted a call to Revelstoke B.C.

Miss Marie Reid, daughter of Mr. and Mrs. F. M. Reid, formerly of Vermilion, was recently chosen from all women employees of a west coast shipyard, to christen a 10,000-ton freighter the S.S. Fort Sturgeon, just built by the yard.

Spring threshing is rapidly becoming general in the district and men are urgently needed to help farmers with the operations. Farmers are offering from $5 to $6 per day with room and board for threshing crews.

The Islay branch of the Red Cross went over the top in their recent drive for funds. The allocation o $650 was exceeded by $50, the final total being $700.

DAILY TEMPERATURES

Date	High	Low	Snow
Apr 16	36	27	
Apr 17	55	32	
Apr 18	57	22	
Apr 19	50	26	
Apr 20	64	25	.20
Apr 21	41	30	T
Apr 22	37	23	T

Light snow was falling at press time Thursday. Consensus of opinion is that a heavy fall of wet snow at this time would be just what is needed for quick growth of pastures and germination generally.

—Statistics by courtesy of the D.O.T. Radio Range & Weather Station, Vermil.

BIRTHS

HODGSON — Mr. and Mrs. Harry Hodgson of Vermilion, on April 20th, a boy. Brian Campbell.

BORN — To Mr and Mrs. Mac Fisk on Monday, April 20th at the Royal Alexandra hospital, Edmonton, a daughter, weight 9 lbs, 6 ozs.

BORN — To Mr and Mrs. Donald Fountaine (nee Joyce Barclay) at Prince Rupert, B.C. on April 9th, a son, Kenneth Edward.

Golden Age Friendship Club Held Successful Afternoon Social

The April social of the Golden [illegible] Friendship club, held in the [illegible] hall on April 15th was, [illegible] the flu bug well at[illegible]. Fifty members turned out for the afternoon of whist, of which there were eleven tables and one table of Chinese checkers. The winners of the ladies' prizes were: 1st, Mrs. Colpitts, 2nd, Mrs. Ed East, consolation, Mrs. Carl Johnson. Men's prizes were won by: 1st, Mrs. A. Cameron, 2nd, Mr H. Simmons, and the booby prize to Mr Pete Jensen. Mrs. W. Waldenberger donated the ladies' first and second prizes and Mrs. Margaret Smith the consolation. Mr Hugh Mitchell (our Chinese checker champion) donated all the gents' prizes. Many thanks for your generosity folks. After the games were finished, lunch was served, and as usual another fine job by the kitchen committee. Many thanks to them, also to Mrs. A. Cameron and Mrs. Jones who volunteered to help with the dishes after lunch. The 'Birthday' cake, so delightfully decorated, was from the Vermilion Bakery, and six members whose birthdays are in May, blew the candles out after making a wish. Heartiest congratulations to Mr. Joe Killion who celebrated his 80th birthday on Monday April 13th - it was grand having Joe present and all will be looking for him at the May social. Sincere wishes for a speedy recovery to all the members who have been hit by the flu.

President W. Waldenberger told the gathering he had received a letter from Mr and Mrs. J Miller and that Mr Miller is recovering from an operation. All the best is wished to Mr and Mrs Miller from the club members. A very nice letter was also received from Mrs F Maddex in appreciation of the get-well card she received while in hospital. All hope that you will be able to attend the May social Gertie.

Mr Waldenberger also mentioned that this is the last afternoon social. The May event will be held on the evening of the 20th in the Legion hall. Watch your Standard for the time and what will be played.

Glancing through the membership register it is noticed that there are 138 members signed up, and as the May social is the last indoor gathering before the holiday season, it is hoped that every one who can will make an effort to attend, and please bring a friend along. We have not as yet reached the one hundred mark, so let's make May the best ever. The various committees do everything in their power to make the club function, and as this is your club let's have a real get-together!

If any communities surrounding Vermilion are thinking of starting a Golden Age Friendship club, and if you would care for any help to get started, please feel free to contact the president, Mr. Waldenberger or Secretary Percy Crom. They will be pleased to give you all the help possible. These Golden Age clubs are a wonderful help to the senior citizens, we would not be without ours here in Vermilion. Getting back to our own social, the afternoon came to an end with the singing of the theme song followed by "The Queen".

W. F. Cooper Wins $100.00 Door Prize At C.O.F. Bingo

The bingo held by the Vermilion Court of the Canadian Order of Foresters last Saturday, April 18, was an undoubted success. Twelve games were enjoyed and the winners of the prizes were as follows: Betty Giles, Vermilion - car robes; John Ference, St. Paul, camera outfit. Mrs. Wasylik, Vermilion, pop-up toaster. Steve Jacula, Vermilion, portable mixer; Mrs. Len Noonan, Vermilion, electric horse clock. Mrs. John Rochford, Vermilion, set of steak knives; [illegible] Cain, Vermilion, set of [illegible]. Mrs. Michael, Clandonald, fishing set. Doug Wilson, Vermilion — canister set. Mrs. A. Tuey, Vermilion — dinner set. Mrs. Jack Hobbis, Vermilion - trilite lamp; Ulva McFadyen, Islay — day clock. The winner of the lucky draw was Mr. W. F. Cooper who carried away the $100.00 cheque.

The Foresters very much appreciate the support they received, that made the bingo a success, and would like to make special mention of the publicity given by the Vermilion Standard, the management and staff of the 5 cent to $1.00 Store for [illegible]ing the prizes in the store window, Marshall Jackson for the very fine way in which he conducted the games, at no charge whatsoever, and the general public who gave their support by attending the bingo, the Foresters say a very fervent thank you and they hope that your youngster may be reaping the benefit this coming season.

FROM CELLAR TO FINALS

Goalie Johnny Bower, left, and Gerry Ehman, whoop it up in their dressing room after Maple Leafs qualified for their first Stanley Cup final since 1951. They outbattled Boston Bruins to take the semi-final series in the seventh and deciding game in Boston. Win or lose against Canadiens in the big finals, this year's Leafs, cellar-dwellers for a good part of the season, will go down in history for their Cinderella-like climb from [illegible] against the mighty Habs.

Marwayne Home & School News

The regular meeting of the Marwayne Home and School was held on Tuesday, April 14 with a good attendance.

Another cheque of $50.15 was received from the Silver Willow district, making a total of $276.15 from them.

A motion was made that money be made available if anyone was able to attend the convention in Edmonton which is to begin on May 13.

As the track meet eliminations are to be held in Marwayne this year, it was decided that the Home and School would have the booth. The booth committee is Mrs. Peck, Mrs. Gray, Mrs. Golightly, Mrs. Hutchinson. Each family belonging to Home and School is to give a pie and hot dogs are to sell for 10 cents.

Miss Scarfe's room won the book for March.

The uniforms for the Little League ball team will be supplied by the Home and School this year and Mr. Gardiner and Mr Petryshen will do the ordering.

The H. & S. and students will hold a dance in May to honor the High School students. Those on the committee to work with a student committee are: Mrs. D. Kvill, Mrs. J. Burnett and Mrs. Peck.

There will be no meeting in May. The annual meeting will be held the second Tuesday in June and those on the lunch committee are cake - Carson, Curtis and Elliot, sandwiches — Froehill, Gardiner and Doull.

Find Grave Of Old-Timer

MANNVILLE — Accompany the E. Hubbard and R. Lugg families to Camrose last Sunday 'Capt.' E. D. Wright himself an old timer of Mannville stopped at the Daysland cemetery with the party and found the grave of his father. The headstone was still in good condition bearing the inscription "George Turnbull Wright, Master Mariner died June 1917 at Daysland". 'Cap' and his father farmed north of Mannville for a good many years until Mr Wright Sr. suffered ill health. 'Cap' as everyone knows him, went into the shoe and harness repair business and later combined the greater part of his shop into "Ye Olde Curiosity Shoppe" with many novelties and fine chinaware. He lost his shop and entire contents in a fire in December 1947 and later retired, now living in the house he had built located in the west section of the town.

LIVE BETTER ELECTRICALLY!

Surveys have shown that Canada's electrical manufacturers make 41% less average profit than manufacturers generally

Farm Young People's Week, June 2 to 11

The [illegible] annual Farm Young People's Week will be held at the University of Alberta from June 2 to June 11, 1959.

The Farm Young People's Week program is the oldest short course sponsored by the University Department of Extension, and each June it assembles on the University Campus in Edmonton young farm people from throughout the Province of Alberta.

In keeping with the needs of present-day farm young people, the Farm Young People's Week program will contain a number of changes. Both boys and girls attending the 1959 course will be able to select topics in leadership training and technical subjects, and classes in these subjects will be attended for the entire eight days. Courses in leadership training will include: Public Speaking; Parliamentary Procedure; Use of Audio-Visual Equipment; Co-operative and Credit Unions; Choral Singing; Dramatics; and Planning Social Programs and Activities. Technical courses for boys will include: Farm Record Keeping; Swine Production; Soils; Cereal and Forage Crops; Beef Production; and Agricultural Machinery and Equipment. The girls will have the option of taking such subjects as: Interior Decorating; Home Nursing; Personal Grooming; Career Opportunities; and You and Your Home.

In addition to the foregoing courses, the program will include Guest Speakers; planned Recreation and Social Activities; a Public Speaking Contest and Debate, and the Annual Meeting of the Junior Section of the Farmers' Union of Alberta.

Any rural young person between the ages of 16 and 27 is invited to attend this short course.

Further details can be obtained by writing to the Agricultural Secretary, Department of Extension, University of Alberta, Edmonton, Alberta.

Hazeldine W. I.

The Hazeldine branch of the W. I. held a meeting at the home of Mrs. A. McAfee on Tuesday, April 14.

Mrs. F. D. MacLean spoke to the meeting on the United Nations, telling of the different governing bodies, how they are formed and their duties.

Mrs. Lloyd Hanna was named delegate to the convention to be held in Edmonton the latter part of May.

Mrs. Ken MacLean sponsored a silhouette contest.

Following the business meeting lunch was served by the hostess, assisted by [illegible] Bendixon.

Mannville Girl Makes A Name For Herself

Miss Elaine Rea who has been attending Vermilion School of Agriculture has won acclaim at the college. She was awarded a certificate for typing and was a noted commentator at the recent fashion show on Award night. Elaine also was heard making her debut over the radio on April 7th.

New Appointment For Former Editor

WALTER MANDICK

The appointment of Walter Mandick as director of public relations and advertising for Canadian Utilities, was announced today by J. C. Dale, president of the company.

In making the announcement, Mr Dale said the newly created appointment was made as part of the company's overall program to keep pace with the growth of the expanding electric utility. Mr. Mandick will be responsible for planning and implementing the company's public relations program. He will also direct the utility's advertising activities, covering the press, and other media.

The 37 year old former newspaper editor joined the company in July of last year as publicity supervisor. A native of Edson, Mr. Mandick published a weekly newspaper, the Castor Advance at Castor for 10 years prior to joining Canadian Utilities. While in the newspaper field, he served as member of the executive of the Alberta Weekly Newspapers Association. During his final year in Castor, he was president of the town's active community board of trade.

"A BAD BEGINNING MAKES A BAD ENDING"
— *(Author's Name Below) —

The beginning of any illness is the best time it may be more quickly cured. Serious sickness has not yet taken full hold.

Some people begin badly by either neglecting to take care of themselves or attempting self treatment. Unless they are lucky, sickness time is prolonged and sometimes life, itself, is endangered.

A quicker, happier ending to any sickness is almost assured if you consult your physician quickly and take the specific medicines he may prescribe for your particular trouble.

A great many people entrust us with the responsibility of filling their prescriptions . . May we compound yours?

NEWS from KITSCOTY

We are pleased to report Mr Cliff Govier and Mr Tim Bootsman are home from the University hospital in Edmonton and are much improved in health.

Mr. M. K. McDonald has returned home from spending two weeks in Islay hospital and is feeling a lot better. Mrs. C. K. Miller came home on Sunday after spending a week taking treatments in the University hospital and is feeling a lot better.

Mr. and Mrs. Howard Walton and family were Edmonton visitors recently, spending the week end with relatives.

Mr. and Mrs. Ken Gray and family were business visitors to Edmonton one day last week.

Mr and Mrs Alvin Cook and family of Edmonton spent the week end here visiting with their parents, Mr and Mrs Lyle Cook.

L. A. C. Ted Conarroe from the R. C. A. F. station at Cold Lake spent the week end here with his parents Mr and Mrs. C. Conarroe and Bobby.

Mrs. Alex Johnston, who is a member of the council for retarded children motored to Moose Jaw accompanied by Mrs R. Bond of Blackfoot and another member from Lloydminster to attend a convention there last week.

Mr and Mrs J Easton (nee Joan McCourt) and Miss Helen McCourt of Edmonton spent the week end here with their parents Mr and Mrs H J McCourt and family. Mrs Easton attended a miscellaneous shower which was held in her honor on Saturday evening in the Tracy Memorial Hall where her many friends gathered to present her with gifts and good wishes for a very happy future.

Mr and Mrs. Ted Joy spent last Sunday at Riverton visiting with their old friends Mr and Mrs. T Lee, who last week celebrated their fifty-sixth wedding anniversary.

Mr and Mrs E. Tramere of Edgerton spent last Sunday visiting with Mr and Mrs. Henry Joy in the Kinnaird district.

Mr Norman McDonald of Edmonton visited here at the week end with his parents, Mr. and Mrs M K McDonald.

Mr Peter Drus of Edmonton spent the week end here with his parents Mr and Mrs Fred Drus.

Best wishes for a speedy recovery are extended to Mr Mike Zubiak who is a patient in the Lamont hospital and Mr Wilfred Clifford who is in the Islay hospital.

Last Sunday afternoon the Kitscoty volunteer fire brigade received their first call of the season to fight a fire at the C N R stockyards. The fire was caused by a spark from [redacted] garbage which ignited [redacted] litter around the fence which was badly scorched. Only the prompt action of the brigade and volunteer helpers saved the stockyards from destruction, as a strong south-east wind was blowing at the time. Fire chief Alf Franke and his men are to be commended for the prompt way they responded when the siren blew.

The Bible Today

A Gutenberg Bible more than 500 years old has been returned to a Polish Museum from which it was removed 19 years ago for safe-keeping during World War II. The Bible valued at more than $500,000 and art treasures were brought to the U. S. by officials in 1940.

Suggested Scripture reading for next week:

Sunday Apr 26th — 1 Sam. 18:1-16

Monday, Apr. 27 — Rev 7:1-17.

Tuesday, Apr 28 — Rev 8:1-13.

Wednesday Apr 29 — Rev 9:1-21.

Thursday Apr 30 — Rev 10:1-11.

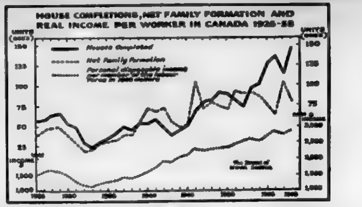
Friday May 1 — 2 Sam. 5:1-25.

Saturday, May 2 — 2 Sam. 6:1-23.

75 SERVANTS

Since 1954, 25 electrical appliances have been added to the Canadian market, bringing the total to some 75, compared to 19 available in 1930.

Next time you are talking "from the shoulder" — try a bit higher up.



WHY IMPORT?

Some 35 per cent of all refrigerators and freezers sold in Canada in 1957 were imported from the U. S.

THE LAST LAUGH

In 1891, a plan to use the power of Niagara Falls for generating electricity was publicly ridiculed.

WOODLAND HARVEST KEEPS FORESTS GREEN

Canadian Forestry Association Promotes Better Woods Use

Harvest the trees and conserve the woodlands. This is forest management. It is like farming. Modern forestry practice requires that the young trees be protected and, like other crops, harvested at maturity before they die and rot. Without the harvest, young growth is held back. And it is the young growth that keeps the forest green.

It was this concept of forest management that was discussed at the 58th annual meeting of the Canadian Forestry Association held recently in Ottawa.

The CFA, a national organization supported by the public, promotes the development, protection, and utilization of the woodlands. It provides services, including the operation of two railway conservation cars, it conducts 4-H and Junior Forest Warden programs, and manages the Tree Farm Movement, of which many farmers and other woodlot owners are members. The CFA is a service organization dedicated to increasing the forest wealth of the nation.

Another forest fact of increasing concern discussed at the Ottawa meeting was the wastage caused by forest fires. In 1957, there were 6,000 forest fires in Canada of which 5,000 were caused, directly and indirectly, by humans. Smokers and campers alone accounted for more than 2,000 fires. Altogether, almost a million acres of timber were destroyed.

Photo by Malak

A YOUNG TREE FARMER learns about forest management. That is, trees like other crops, must be harvested before they die and rot, thus providing a cash crop and making way for new growth. The Canadian Forestry Association, through the Tree Farm Movement, assists farmers and others to manage their woodlots profitably.

"Fire is the greatest single preventable enemy of the forest," said C.F.A. manager J. L. Van-Camp. "All the larger companies operating in the forests manage their woodlands on a perpetual yield basis," he said, "at the same time, the forest industries create four billions of dollars annually in national income." "Forest fires, far from generating benefits for Canadians," he continued, "not only devastate the woodlands destroying millions of trees annually, but make the soil unfit for new growth for several years."

Letters to the Editor

April 15, 1959

Editor,
Vermilion Standard,
Vermilion, Alberta.

Dear Mr. Cooper:

I will be in Saskatoon, Friday, April 17th to attend an Interprovincial Farm Union Council Executive meeting, primarily to deal with I. F. U. C. matters. On Saturday, April 18, I will meet with the Liaison committee to deal with matters concerning the recent farm delegation to Ottawa.

My feelings about this matter are these. It is now approximately a month since the delegation presented itself to the Government of Canada. Since that time various members of the government have made statements but as far as I know none have been made by either the Prime Minister or the Minister of Trade and Commerce. I feel that our various organizations have now waited sufficiently long to expect to be able to meet the Prime Minister and have further discussion with him on this matter.

Since that time the Federal budget has been brought down. It is certainly not a sensational budget by any means and it does recognize our inflationary troubles but in my opinion, does very little about it.

It was our concern on March 10th to publicize the condition of Western Agriculture. Since that time various members of government have made attempts to show an upward trend in agricultural income. This is small consolation for a group of people who have operated for the last five years at a net loss, and just because the loss is smaller does not help us to survive.

The situation we face is a serious one. Some people say we should sharply reduce the number of farmers. Doing nothing right now will do that very thing and has already reduced their numbers considerably. That still does nothing to change the price relationship and only creates more problems. Can we afford to add to our already complicated unemployment situation?

During and since the war farmers have done very little towards increasing inflation. They were the first people to accept price controls during the war. If farmers now must turn to a system of production controls in order to maintain price for their products it will change our food position in this country from one of abundance to one of scarcity. Does our society wish this to become our position? It bears some serious thought by all our citizens. The people of Canada can rest assured that farmers are still responsible people and will bear their responsibility with others.

Ed C. Nelson, President
Farmers Union of Alberta.

OBITUARY

MRS. FLORENCE FOX

Mrs. Florence Fox passed away on April 7 at 7623 — 21st S. E., Calgary. She was 75 years of age.

Born at Oleowein Town on July 3 she came to Stettler in 1909. Later living at Castor, Halkirk and Paradise Valley before moving to Calgary in 1941.

She was predeceased by her husband Martin Fox in Paradise Valley in 1928. Surviving are two daughters Mrs. John T. Rogers of Bowness, Mrs. Stanley Allin, Paradise Valley; a son Maurice, Albert Park; 9 grandchildren, five great grandsons, four brothers and one sister all in the U. S.

Services were held at the Little Chapel on the Corner on Friday, April 10 at 1:30 p.m. with the Rev R. McKay Esler officiating. Interment followed at Queen's Park.

Beautiful floral tributes were received from family and friends, as well as many memorial donations.

A MAJOR EMPLOYER

More than 81,000 persons are employed by the electrical manufacturing industry producing more than $1,222,000,000 of goods annually.

News from Tulliby Lake

A delegation from the district attended a council meeting of the M. D. V. R. to discuss the various aspects of the nursing service at Tulliby Lake. The delegation consisted of John Kay, Eric Rotherham and Tom Belsheim, and after receiving a complete report of the situation to date, it was decided to ask Mrs. Bailey from the Department of Health to attend a joint meeting of the Tulliby Lake Nursing Service Board and the Council of the municipality.

Dr. O. Smith of the Provincial Department of Health, and Dr. G. Bourke, of the Minburn-Vermilion Health Unit, joined Eric Rotherham, John Kay, Tom Belsheim and Doug Cooke with the council to discuss matters of mutual interest in the operation of the Tulliby Lake Municipal Nursing Service. After an interesting discussion, all parties felt that real progress had been made towards the solution of some of the problems which confront any sponsoring public body offering a service such as that provided in our area.

The doors of the Central School opened again on April 6. The school children have all enjoyed a week of Easter holidays. They all missed Sidney Quist's skating rink as the arrival of the spring-like weather brought an end to the ice. We feel that a word of thanks should be extended to the Quists for all the work they did in connection with this venture and the thoughtfulness which was extended by them to all.

The Tulliby Lake Home and School sponsored a card party at the Central School on April 3 with the proceeds going to the aforementioned group. A fair crowd enjoyed playing Norwegian whist until midnight when lunch was served.

Molly Ward is helping the Ingver Belsheim's with the interior alterations to their home. She is doing the painting and also helps with the household chores which always seem to pile up at a time such as this.

Cecil Trimble motored up to Elk Point on Wednesday to bring Sybil home. She has been a patient in the hospital there.

The Joe Brind family had some anxious moments Wednesday last when their little boy Alec mysteriously disappeared and could not be located around home. Juvenile Behrens found him on the highway at the bottom of the Behrens' hill about a half hour before darkness would [redacted]. Juvenile took the lad to Bjarne Belsheim's who saw to it that the boy got back safely to his anxious parents.

Mrs. Louise Huntly is expected to come home from the University hospital, Edmonton, in about a week. She recently underwent another operation on her hip which the doctors hope will enable her to walk again.

The winter card parties have come to an end. When the scores for the season were totalled up it was found that Mrs Henry Benson had won first prize of $6, Demase Nolin received $3 for second and Jimmy Beauregaard got the consolation.

Norman Lifeso showed the film "High River Appaloosa Horse Show" at the Central school on March 20th. This film is circulated by the Appaloosa Horse Club of Canada with the view of creating more interest in Appaloosa horses.

Many residents of the district attended the Geo Yarmuch auction sale in the Heinsburg district. Leonard Park came home with one of their better milk cows at a price of $250.

Jimmie Lee's knee has had still another setback. This time it became very painful causing Jimmie to journey to the doctor at Lloydminster where an injection of a cushioning fluid was made to relieve the pain.

Mr and Mrs Bill Brown visited the Roy Wagner's for awhile. They came down from Edmonton with their daughter Dorothy and her husband.

Mr John Kay has been visiting his daughter Peggy and her family who live near Rosetown Sask.

Jim Campbell has been doing some brush-clearing for Alec Nolin and Clarence Vaness.

Juvenile Behrens spent Monday and Tuesday taking treatments at the Berg clinic in Lloydminster.

[redacted] Sidener has been re[redacted] from the Lloydminster hospital after being treated successfully for a severe attack of eczema.

Mr and Mrs Tom Belsheim are taking treatments at the Berg chiropractic clinic in Lloydminster.

Mrs Tommy Carmichael has her mother down from Edmonton for a visit.

Mrs Frank Fox is enjoying a change of atmosphere in Edmonton.

Curtis and Everette Morton are having some brushing done by Jim Campbell.

The Belsheim's, the Ferris' and Doug Cooke attended the provincial government land sale in Elk Point on April 9th.

Douglas Adamson was home for a visit.

Roy Morris and Sons have set up their sawmill down in the Frenchmen's Butte area. Mrs. Morris is doing the chores at home.

The Alec Nolin's spent a holiday visiting with several relatives at Gull Lake, Sask.

Miss Freida Morris was home from Lloydminster for a rest and short holiday.

Lee Wendt was a visitor in the district last week.

The slow spring break-up of the river makes us all appreciate the bridge at Lea Park that much more. The highway running west from Onion Lake is kept busy with vehicles from the Butte, Harlan and other points east.

Roger Morris has decided to discontinue his schooling and at present is helping his dad and brothers saw lumber near the Butte.

Roy Cuthbert and Athes Powell were visitors in the community on Monday.

Mr Gunvick Ruud is home after visiting Mr and Mrs Rosaire Parentea and family and Mr and Mrs Henry Ruud and family all of Drayton Valley. Mrs Gunvick Ruud will continue to visit the above people for awhile yet. Herbert Ruud has been doing the chores at the Ruud home.

On his way home to Gunvick Ruud's one evening after visiting with the E. Wagner's Herbert Ruud heard a timberwolf howl. Herbert assures us it was not the howl of a coyote.

Mrs. Drayer Feted On 89th Birthday

PROBE MURDER OF GAS STATION OPERATOR

The brutal murder of Real Tessier, [illegible] year old service station operator in St. Thomas, Ont., is being investigated by police who are puzzled at the apparent lack of motive. Tessier's body was found beside his blood-spattered car on a lonely road near St. Thomas, his head almost blasted off by a shotgun. More than $200 was found in his wallet. He is shown with his wife in happier days.

A view of a portion of the many types of handicrafts that will be on display in the Edmonton Jubilee Auditorium April 14-18 when Albertacraft '59 holds its annual presentation. Woodworking, metalworking, [illegible] weaving, ceramics, [illegible] and many other materials fashioned by skilled fingers will be on display. The event is open to the public without charge. It is sponsored by the Cultural Activities Branch, Department of Economic Affairs.

The display will be officially opened by the Hon. A. R. Patrick, minister of the Department of Economic Affairs Tuesday at 8 p.m. The display is open daily to the public from 10 a.m. to 10 p.m.

Beautiful copperwork, silver work, ceramics and fabric work will be included among the hundreds of exhibits gathered from craft centers throughout the province. In addition, some outstanding displays from craft groups in other provinces will also be shown.

While the materials on display are not for sale many of the exhibitors will be on hand to discuss the many special types of requests for originals that arise every year at the event.

Exquisite examples of woodwork, inlaid and shaped, and intricately designed and stylishly crafted leatherwork will be displayed on the tables and counters. Many of the exhibitors themselves will discuss with members of other clubs and with the public the methods and details of their particular field of craft.

A handicraft convention will be held during the Albertacraft display, in the social room of the auditorium April 15, from 1 to 5 and 7.30 to 10 p.m. Crafts enthusiasts and the public are cordially invited, to discuss further development of handicrafts in their own district.

COOKIE DAY

Saturday, May 2nd is Girl Guide Cookie Day. Brownies and Guides will be calling at your door. Please keep this date in mind. 39-42

Check that date on your label.

A young man moved from the [illegible] one morning, and seeing his bloodshot eyes resolved never to go into a bar again. "That television," he muttered, "is ruining my eyes."

• • • •

A bachelor is a sportsman who plays at the game of love and manages to evade the amateur rating.

• • • •

"Where did you get that black eye?" "For kissing the bride after the ceremony."

"Isn't that the usual custom?" "But this was three years after the ceremony."

• • • •

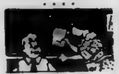
"Repeat the words the defendant used," said the lawyer. "I'd rather not. They were not fit words to tell a gentleman."

"Then," said the attorney, "whisper them to the judge."

• • • •

Gossip is like mud thrown against a clean wall; it may not stick but it leaves a mark.

• • • •



The teacher asked Percy to tell her what a hypocrite is. Replied Percy: "It's a boy who comes to school with a smile on his face."

• • • •

Customer: "I'd like to see something cheap in a straw hat." Salesman: "Certainly, sir. Try this one on, sir, and the mirror's on your left."

Health Unit Notes

CARE OF YOUR CHILD'S EARS

Formerly more than half of adult deafness resulted from neglect of ear infections in childhood. Medical attention when a child shows signs of ear trouble can check the infection and guard against loss of hearing.

There are two chief causes for serious ear trouble and defective hearing in children. One is an acute infection of the middle ear and the other is a milder [illegible] mild inflammation of the ear drum.

Acute ear infections are usually a complication of some infective disease of childhood, such as measles or scarlet fever. The symptoms of acute infection include earache, rise in temperature, difficulty in hearing and if the child is younger restlessness, crying with pain and occasionally pulling at his ears. A doctor can often check the infection before serious damage is done.

If an abscess occurs in the ear, pressure from the pus may burst the eardrum and the pus escapes from the outer ear. This is what we call a running ear and a doctor must treat this infection to prevent it becoming chronic and to save the child's hearing. Untreated the discharge may cease in a few days and the child's hearing MAY return to normal. In most untreated cases, however, the discharge persists for weeks and eventually becomes a chronic middle ear infection. Head colds and damp weather may cause the ear to run again with a progressive loss of hearing with each attack. In such cases there is often an unhealed hole in the ear drum. In this case the attention of a doctor can do much to clear it up.

When the ear is discharging, do not [illegible] absorbent cotton in it but [illegible] the pus to escape freely, wiping it off as required with absorbent cotton moistened with warm water. If there is a hole in the ear drum, do not allow water into the ear as it sets up an irritation which may result in a fresh discharge, hence the reason for ear plugs when swimming.

Mastoiditis is serious but due to modern medicine a less common complication of acute ear infection. This is manifested by an increase in temperature (often the initial temperature has subsided and the discharge has slowed down and ceased) earache and tenderness sometimes with swelling behind the affected ear. In this case the infection has spread to the bone behind the ear. Since the collecting pus cannot now escape, operation is necessary.

A type of deafness called obstruction [illegible] seen more commonly in older children is caused by mild infections in the nose and throat. The difficulty in hearing is caused by infection obstructing the eustachian tube (which runs from the throat to the middle ear). Your doctor can usually check the infection and relieve the obstruction and this results in an improvement in hearing. Enlargement of the adenoids may also block the eustachian tube resulting in difficulty in hearing. Removal of the adenoids will relieve the symptoms.

Another common cause of defective hearing in children is the pressure of some object in the outer ear canal. Sometimes this is due to wax which can swell up over night and produce sudden deafness. This wax can be removed by syringing the ear. In smaller children, they may push small stones and such like into their ears. No attempt should be made to remove this except by a doctor, since you may injure the ear lining on the ear drum.

BABY & PRE-SCHOOL CLINICS

Monday, April 27 — Vermilion (Health Unit Office) 2 to 4 p.m.

Tuesday, April 28 — Wainwright (Office) 2 to 4 p.m.

Wildmere Women's Institute Notes

The Wildmere W. I. met at the home of Mrs. W. J. Garnett with ten members and one visitor present. Roll call was answered [illegible] "a hint on the washing of curtains." Topic was given by Mrs. F. H. Gibson on "Leukemia or cancer of the blood."

Mrs. J. C. Wallington read an interesting circular letter [illegible] Dr. Lotta Hutchmanova telling of her recent trip to the Far East.

The secretary, Mrs. Noel Garnett read the correspondence with regard to the biennial convention to be held in Edmonton at the end of May and also the resolutions to be brought before the delegates at the convention. Two members were suggested as possible delegates but not definitely decided on.

Some handicraft was handed in for the July conference, and there are 3 articles left to be completed.

Johnny Jump Up was won by Mrs. J. C. Wallington.

The May meeting to be held at the home of Mrs. F. H. Gibson on May 6.

Mannville C.G.I.T. Notes

MANNVILLE. — Meeting of the C.G.I.T. was held Thursday last week with a perfect attendance in the United Church social rooms. Reports of the secretary and the treasurer were read and [illegible]. Old business was discussed as there was no new business on the agenda. A worship service was then held, followed by an interesting film entitled "You and Your Crowd".

The meeting then closed with "Taps".

By ART BEEMAN
THOSE WERE THE DAYS
ISN'T IT GREAT TO LIVE IN THIS FRIENDLY TOWN, EUSTACE?
YES--WE'VE ALL BEEN NEIGHBORS FOR AT LEAST 3 GENERATIONS!
IN THE OLD DAYS
BUT NOW WOW!
HE TIPPED HIS HAT--DO WE KNOW HIM?
I THINK HE'S THE MAN WHO'S LIVED NEXT DOOR TO US FOR THE PAST 10 YEARS!

Successful Tea and Sale At Mannville

MANNVILLE. — From a financial standpoint, the W. I. rummage sale and tea, along with a home baking and products table, was a success, despite the fact that a good percentage of the clothing was unsold. It will not be without use however, as the best part of it will be sent to mental health institutions. Held annually by this group of W.I. ladies it is the only money-raising event put forth for upkeep of library and restroom which serves Mannville and the surrounding districts.

MARWAYNE NEWS

Congratulations to Mr. and Mrs. Ken Hughes on the birth of a daughter on April 1st.

Mrs. Bobroski is going to visit her daughter Marlene and family at Morinville and then on to Pibroch where Mr. and Mrs. Walter Bobroski and family live.

Mr. and Mrs. Len Espetveidt have traded their house in Edmonton for Mr. and Mrs. L. Johnson's house in Marwayne. Welcome to Marwayne Mr. and Mrs. Espetveidt.

We are sorry to report that Mrs. C. Currie is a patient in Lloyd hospital.

Mr. and Mrs. Ted Quist and Arthur spent Easter in Victoria, B. C., visiting Mrs. Quist's mother, Mrs. Edwards and sisters. All were former Marwayne residents. Mrs. Edwards has been quite ill but is much better now and able to be out. Their visit was cut short due to the serious illness of Mrs. Quist Sr. [illegible]

Sincere sympathy of the district is extended to the Quist family in the passing of their mother Mrs. Quist Sr. The funeral service and interment took place in Edmonton on Thursday with all the family from here attending.

Mr. and Mrs. Sonley are Edmonton visitors this week returning with Mr. and Mrs. Clair Brown who were here on Tuesday and Wednesday.

Jerry Kent has returned home after spending the winter doing carpenter work at White Rock, B. C.

The W. A. of St. George's Church are serving lunch and having a sale of home baking and aprons in Mr Elliot's office on Saturday evening, April 18 from 7.30 to 10.30 p.m.

The ladies of the Catholic Altar Society are having a tea and sale of home baking in their church on Saturday, April 25.

At the meeting of the Cenotaph Committee on Thursday night the Design Committee presented their design of the monument to be erected. The design was accepted by the rest of the committee and it now goes to several construction companies for price estimates. Much credit and a vote of thanks go to Bob Dudiyke for the design.

The Canadian Legion is sponsoring the play "The Last Caveman" by the Lloydminster Little Theatre group. It is a three-act comedy and will be in the school gym on Wednesday, April 22nd at 8 o'clock. Admission is 75 cents, 50 cents and 25 cents. The proceeds of this are going to the Cenotaph Fund. Advance tickets are on sale now.

Mrs. Quist Sr., is very ill in the hospital. Her daughter Elva from Los Angeles is here and also her sons from Edmonton.

H. Hutchinson went to a school custodian's convention in Dewberry on Tuesday, March 31.

Congratulations and good wishes go to Mrs. Joe Ure on her 81st birthday on April 29.

Congratulations also to Mr and Mrs. Bert McClean on their 25th wedding anniversary.

Mr. Joe McLean of Lloydminster and Mr Lloyd Brown spoke of their trip to Ottawa at the F U A meeting held in the community hall on Monday last.

The F. W. U. A. meeting will be held at the home of Mrs. Ella Quist on Monday, April 27, instead of Lil Quist's, as previously reported.

Mr Louis Lowrie was the biggest money winner at the Elks Cash Bingo on Wednesday night, winning $10.00 for the blackout.

Mr. and Mrs. Gordon Phillips and family have moved to Wainwright and Mr and Mrs. Len Espedveidt have moved here from Edmonton into the Johnson house so the population remains the same.

The sincere sympathy of the community is extended to Mrs Kent and family in the untimely passing of her husband Keith at White Rock, B. C., on Sunday April 12. Funeral services and interment took place at the beautiful little Irwinville church on Thursday. Mr. Luther Hancock, Mrs. Kent's brother drove Mrs. Kent and the boys here and he will return to the coast on Monday. Mr and Mrs Angus Good, Mr. and Mrs. Howard McLaughlin, the two ladies being Keith's sisters, came home for the funeral. Mr and Mrs. Good returned to the coast on Saturday while Mr and Mrs. McLaughlin will be here for the summer as usual on the [illegible]

Mr Frank Cunningham has bought Mrs. Reid's house. At present he is staying with Mr and Mrs. Albert George.

Many Vital Matters Discussed By Agricultural Services Board

(Continued from last week)

[illegible]

It was recommended by the Board that the public works road construction program include provision for the removal of rocks from the ditches along newly constructed grades and the seeding down of the ditches to grass immediately upon completion of the construction. It was also to be recommended that all the councillors submit their estimated grass seed requirements at the earliest possible moment as the supply may be short. Instructions were given to advise the provincial department of highways that the ditches along parts of highway 45 have not yet been seeded down and to request that this matter be attended to during [illegible].

SEPTIC TANK FORMS

It was agreed that the council be asked to consider seriously the policy of demanding a deposit of $25 to be made when the septic tank forms are taken by any one within the jurisdiction of the municipality for their own use and of this amount $20 be refunded when the forms are returned in satisfactory condition. It was felt by the board that the supervisor should spend some time with anyone using the forms to ensure that maximum care is exercised in their use.

PURE BRED SIRE AREA

The policy of compulsion in the use of purebred sires in the cattle industry in this area was reviewed. It was agreed that a general improvement in quality of the cattle in the area was evident and that the trend, now started, would tend to perpetuate itself to the benefit of all those in the industry. The continuation of the policy in extending it to swine was considered to be another step in the right direction, but this step would require a great deal of diplomacy in accomplishing complete co-operation. It was felt that the district agriculturist and the field supervisor should attempt to do more in forwarding the implementation of the Pure Bred Sire area (Swine) by more personal visits.

BRUCELLOSIS

It was moved that this board ask the provincial government to press for the adoption of Brucellosis - testing program in the spring of 1959 rather than in 1960 and that a department of agriculture representative attend a meeting of the board in the near future to explain the provincial government's attitude in this matter.

It was moved that A. Hozack and A. R. Kay be appointed a committee to study the matter of adopting a standard agreement between veterinarians and municipalities for the operation of a 'Brucellosis Restricted Area' and make recommendations to the Veterinary Services branch of the Department of Agriculture.

RAT CONTROL

It was noted with interest that Mr Thompson had retired and that Mr Serridge had been appointed by the provincial government to act in the control of rats in the area to the north of this municipality.

Instructions were given to request from A. M. Wilson, Field Crops Commissioner, the date of the rat control conference to be held in Lloydminster in 1959 so that the board may have time to make suitable arrangements for this event.

WESTERN FARM DELEGATION

H. Haan gave a full account of the trip to Ottawa as part of the delegation which made the trip to submit to the prime minister and members of the government a brief in support of deficiency payments on wheat, oats and barley. Some 1200 western farmers made the trip which generated much goodwill and a more sympathetic understanding among members of parliament representing eastern provinces of Canada of the problems facing western Canadian agriculture and the desperate plight of the farming industry in the west at this time.

EXHIBITS AT FAIRS

It was decided by the board that the A.S.B. and the 4-H clubs should consider a joint exhibit at the fairs in 1959 as the most successful way of presenting an interesting picture to those at [illegible].

[illegible] SALARIES

The suggestion was made that the council consider the review of the salary positions of the pest control officer and the field supervisor with the object in mind of the need for a revision upward on each account.

A committee was appointed comprised of E. H. Buckingham, A. Hozack and A. R. Kay to investigate the cost of a circular to be published by the A.S.B. showing the progress of policies in operation, instituted and forwarded during the past twelve years and report at the next meeting of the board.

NEW FARM PURCHASE ACT

A joint meeting of the board and council will be arranged to discuss: Farm Purchase Credit Act; Farm and Home Improvement Act, Brucellosis Testing Program; with members of the provincial government departments including G. Sterling, the Chairman of Soil Conservation and Land Utilization committee; E. E. Ballantyne, D.V.M., Director Veterinary Services Branch, and any men from the federal department of agriculture who they feel would be interested in attending such a meeting and that the tentative date for such a meeting be set as April 16th.

The Agricultural Service Board tentative program detailing a proposed expenditure of $20,885 was recommended for adoption by the council.

Around the world spins the fame of a team of sixteen Cleator, Cumberland, schoolchildren who are exponents in hula-hooping the modern craze which is now enjoyed by the younger generation in many parts of the world.

A film of the Cleator hula hoopers was shown on British television recently and the producers reckoned that the young team was one of the cleverest groups that has come to their notice. As a result they have made seventy-five copies of the film which is to be shown on television networks in America, Europe and in all Commonwealth countries.

Eight-year-old Florence Hor[illegible] [illegible] of the [illegible] of the film seen, [illegible] can keep nine hoops spinning at one time. The team of schoolchildren is trained by Mrs Gertrude [illegible] and they have developed a remarkable skill not only in hula-hooping but in skipping and [illegible] juggling. Some of the hoops used by the team are [illegible] years old, having been handed down to the children by their parents who were enjoying the craze when they were at school.

The team of schoolchildren from Cleator is in demand for entertainments throughout Cumberland and give great pleasure when performing before hospital patients.

HOW FERTILIZER BOOSTS your PROFITS from CATTLE!
YOU CAN MAKE UP TO $32.00 PER ACRE MORE
Test work on the Prairies has shown that increased forage yields from pasture and hayland can easily be obtained with the use of commercial fertilizer. By applying fertilizer at recommended rates, yields could be doubled. 150 lbs per acre of Nitraprills (Ammonium [illegible]) an increase of 1 ton dry hay per acre. Corresponding increases could also be realized from fertilizing pasture. In the table below, note that the increased return figure takes the cost of fertilizer into consideration. An increased return of $32.00 per acre is certainly worthwhile.
Fertilizer per acre... 150 lbs. Nitraprills (Cost $6.50)*
Increased forage yield per acre (dry hay basis)... 1 Ton
[illegible]
YOUR INCREASED RETURN PER ACRE... $32.50
* Fertilizer cost figures per acre are approximate.
Your net profit per acre – your profit after you've deducted the cost of growing the crop – gets a real boost from Elephant Brand [illegible]
It pays to use Elephant Brand high analysis FERTILIZERS

NEWS from ISLAY

The W.A. Spring tea was a real success, thanks to the many folks who patronized it.

The crazy work quilt finally has been finished. The ladies quilted it last Wednesday 15th. It is really pretty and has a lovely flowered flannelette backing. It goes to the Indian school at Duffield.

On Friday night April 17th the W.A. of the United Church sponsored a social evening when they invited Mr Reckhert of Vermilion to show pictures of his trip to Europe last summer. It was a grand trip and we all enjoyed it too as the pictures were excellent. The scenery, churches, cathedrals were all beautiful and most interesting. A collection was taken for the Red Cross.

Word came by Jim Carey that Mr. Tom White had passed on. Mr White was an early settler here and for many years was janitor in the Islay hospital where he seemed to be a part of it. A very kindly gentleman. For a number of years now he had resided at the coast on Lulu Island.

We are told that Jim Carey suffered a broken ankle on his way home from the Coast recently. He got back as far as Vermilion. Hope you soon get back to Islay Jim.

The Stones had a pleasant visit Saturday morning when Mrs. E. Maire of Edmonton called and at the same time also had Mrs Nora Ronaghan.

Flu that has been going the rounds certainly hit this community. Among those afflicted are Paddy McGuigan, Dave Martin, Lloyd Brown, Shorty Robertson, Mrs Torrance, Charlie Burt, Bill Shaw and many others.

Congratulations to Mr and Mrs. Bill King on the birth of a son in the Islay hospital on April 19.

Mr MacIntosh of the Alberta Government Telephones was a welcome caller in town, investigating the trouble we are having with our telephone system.

We are glad to see Jack McNeeley back home. He has been at The Pas the past month with son Billie.

Here are some items taken from the February issue of the I.S.U. "News and Views", 1939. Remember folks, these are 20 years old.

Sport — In spite of the cold weather the Dorca Club's skating carnival was well attended. The enjoyable feature was the races. Results were: Boys 8 and under: 1 Jack Karras, 2 Hardy Ford. Boys 12 and under: 1 Don Houston, 2 George Robinson. Boys 16 and under: 1. John Bristow; 2. Harold McClelland. Girls 16 and under: 1 Willene Riley, 2 Faye McLennan. Men's Open: 1 Ross Leason, 2 Hardy Ford. Couple Race: 1 Ross Leason and Mrs M Allen; 2 Max Grant and Kathleen Gordon. Relay Race: 1 Mr Allen and Ross Leason; 2. Willene Riley and John Bristow. Fancy Dress: Small girls', Helen Houston as the devil. Small boys': Garfield Potvin as Indian Chief; Ladies' 1st: Miss Eleanor Goodwin, as a Turkish Lady. Men's 1st — Max Grant Pirate. Comic — Bob Green as a Tramp. Lois Easton was crowned Queen of the Carnival.

A New Canadian Air Service

One of Canadian Pacific Air lines new 400 m.p.h. Britannia aircraft streaks across the above layout as it will through the skies of Canada on May 4 when CPA's new daily cross-Canada service links Montreal, Toronto, Winnipeg and Vancouver. Cutting one hour, 25 minutes from existing commercial airline flying time between Vancouver and Montreal. CPA will become the first Canadian airline to provide tourist accommodation in a jet-prop plane. Upper left Capt. Jim McGuire explains to passenger the "Eye in the Sky" radar unit installed to detect weather disturbances ahead of the airliner so that the rough air may be avoided. Upper right, stewardesses and attendants from Germany, China, Holland, France and Japan who operate on CPA's international routes fanning out from each end of the new cross-Canada service. Lower left, meals on tables and continental cuisine will be feature of both tourist and first class service when operations commence. In the lower right picture, pilots learn how to fly the Britannia in a flight simulator, exact replica of the plane's flight deck. The operator seated behind the pilots, flicks switches to create every type of in-flight situation which a pilot might encounter. At bottom, route map indicates mileages and eastbound flying times between cities to be served by CPA, and also shows international connections at each end of new route.

OBITUARY

NELS TIMANSON

Funeral services for the late Nels Morten Timanson of Dewberry who passed away March 5th at the age of 87 years were held at the Riverton hall Monday March 9th with interment in the Dewberry cemetery.

The services were conducted by the Rev F F Koehler of the First Lutheran church in Lloydminster.

Moyers of Vermilion were in charge of the funeral arrangements.

The pallbearers were Frank Parr, Vic Deonill, Wm. Holmen, Cecil Sinclair, Jack Rainey and Ed Hyatt.

Mr Timanson was born at Naflinge Sohan, Kristianstad, Sweden, on Jan. 30th, 1872. He came to the United States at the age of 16 years and worked in many states of the Union before coming to Canada in 1910 where he homesteaded in the Riverton district. In 1911 he brought his family from the U.S. to the Riverton farm.

Mr Timanson took an active part in his community. In the earlier years he was a school trustee and he was on the council for two terms. In 1926 he went back to Sweden but just to visit his brother, and his mother who was then living at the age of 91 years.

Mr Timanson still resided in the same district at the time of his passing on March 5th.

He leaves to mourn his loss one daughter Ellen at home, two sons, Ben of Dewberry and Leonard of Vegreville. There are five grandchildren. He is also survived by one brother Sven of Sweden, and two sisters, Mrs. Smith in Minnesota, U.S.A. and Mrs E Tullson in Massachusetts, U.S.A.

Floral tributes and donations were received as follows:

In loving memory: The Family, Ed Tullson and family, Oliver and Tillie, Bill, Dagmar and family; Mr and Mrs R G Chapman, W Ross McKenzie, Lloyd, Helen and Darlene Mathison, Prince Charles Hotel staff, Emerson Luther and staff, Harris Fingarson, Lloydminster, Lauritz and Ebbi Eriksen; Cecil and Mildred the Donnills; Bob and Ina, Bill and Annie Andrew and Alice, Nellie, Tom and Violet, Graham Skinner; Mr and Mrs A T Hines; Riverton Ladies Club; Greenlawn Old Timers, Tom and Minnie Johns and family; Directors and Staff of Marwayne Seed Cleaning plant.

Donation to Knox Presbyterian Church building fund: Prince Charles Cafe and Coffee shop.

Donation for Gideon Bibles: Andrew Sherwick.

Cemetery fund: Mr and Mrs. Clayton Hansen; Mr and Mrs. Fred Hunt and sons; Lillian and Bill Brock and Bruce; Nancy, Bill and Susan Hyatt.

United Church fund: Mr and Mrs. Milo Hodgson; May Braithwaite.

Cancer fund: Mr and Mrs. W Protsch; Mr and Mrs. R Protsch; Mr and Mrs. W Maddex; Gordon and Mary Mathison; W Parker and family; Mr and Mrs. R. C Haskell; Mr and Mrs Harold Craige; Harold, Effie and family, the Websdales; Jack, Laura and family.

Crippled Children's fund: Mr. and Mrs Donald Vivian; Gordon and Dora Fitzpatrick; Myrtle and Sam Hyatt, Frank and Laura Parr; Mr. and Mrs. Jack Kiss; Mr. and Mrs. Ernest Garnier; Mr. and Mrs. V Sinclair; Mrs. Staley, Mr and Mrs C Kinshella, Mrs. F. Foster Parents Plan Offers Opportunity To Canadians

Yun Ja is a little girl who was found wandering and crying for her mummy in the market place of Yangsan Gun in South Korea.

A kindly woman took her to the local police station where she was kept for a few days while every effort was made to locate her mother. No trace was ever found of the woman and Yun Ja was placed in the Young Shin Won Orphanage where she now lives — an "adopted" daughter of two Canadian Foster Parents who have undertaken her financial care through Foster Parents Plan, Inc.

Her new Mom and Dad have never seen their far-off Korean "daughter" but they write to her every week and send her birthday gifts even though no one knows her real birth date. The kind people at the orphanage gave her one. Yun Ja returns their letters with hand-made gifts and precious little notes of thanks. Foster Parents' Plan translates the mail both ways, and in this way, a warm relationship is established between child and the parents. Through Plan, the parents provide $15.00 a month for the upkeep of the child.

There are literally thousands of children like Yun Ja throughout Korea and Viet Nam. These children are the victims of the bloody civil war in the 1950's. They very desperately need someone to help them. You can financially "adopt" one of these "lost babies" through Foster Parents Plan, Inc., — a non-sectarian, non-profit relief agency which has helped rehabilitate 87,000 youngsters in the past [illegible].

For further information, write today to Foster Parents' Plan, Inc., P. O. Box 65, Station "B", [illegible].

A nice blanket of snow, welcome moisture, had covered the ground when we arose Tuesday morning.

MAKE MORE

Canada's electrical manufacturing industry employs four times more people than in 1939, and pays out 12 times more in [illegible].

Church People Stage Painting Bee

MANNVILLE. — At the official board meeting of the United Church held in Minburn recently, it was decided to paint the new United Church building. The congregations of both Minburn and Innisfree offered to supply the first coat if Mannville would be responsible for the second. Hence a painting bee was organized and on Monday of this week the job was completed. During this time a picnic dinner and lunch was much enjoyed along with good fellowship. The attractive paint job adds much to the appearance of this modern church.

PUNCH HAS LAST LAUGH

Hockey fans may find this man looks mildly familiar. Without the slick hairdo, it is soon apparent that he is none other than Punch Imlach, the wizard coach of Toronto Maple Leafs. Punch, who has a lot more hockey know-how than hair, was given the tongue-in-cheek gift of a practical joker in Boston. The joke was on the Boston fans, however, for Punch wore the wig on occasion, and Leafs ousted Bruins from the Stanley Cup hunt.

Provincial Election Talk Rife As All Parties Rush Nominations

EDMONTON — Orvis A. Kennedy is one of the busiest men in Alberta these days.

As the official organizer for the Social Credit party, he's responsible for having a full slate of candidates in the field when Premier Manning decides it is time to call a general election.

At the time of writing, Mr. Kennedy had candidates accounted for in 48 of the 65 provincial ridings, and expected to have the remainder named by the end of the second week in May.

You might take this as an indication that an election isn't far off. Certainly the Socreds have been told to be ready. But Mr Kennedy claims he's as much in the dark as anybody. "I wish someone would tell me when the election will be held," he said.

So far the party has nominated 48 of its own candidates. In the Leduc riding, the local group decided to support R. Earl Ansley, rebel Social Crediter who was ousted from the party before the 1952 election and has been sitting ever since on the Opposition side of the House as an Independent Socred.

The party is still trying to decide whether Mr. Ansley will be reinstated as a member of the Social Credit League. His membership was revoked after his outbursts against government policy became too embarrassing.

The Leduc SC Constituency Association has asked that Mr. Ansley be taken back into the fold, but the decision will have to be made by the provincial executive at one of its forthcoming meetings.

Premier Manning shed no light on the situation while the Legislature was in session. W J C. Kirby, Conservative leader, leader, asked him if Mr Ansley would move over to the government side of the House after the next election.

"Thanks for conceding the election to Social Credit," replied the premier with a grin.

Mr Ansley, one-time minister of education in the Alberta government, will have to swallow some of his extreme views on a few subjects if the party takes him back. During the past couple of sessions he hasn't spoken out quite so vehemently against government policies, and he's voted fairly consistently with the government on major issues.

Mr. Ansley is sincere about his beliefs, especially when it comes to such things as fluoridation and what he terms "welfare state legislation." When such issues arise, he doesn't hesitate to make his views known.

An even bigger decision facing the party is the choice of a constituency for Premier Manning. In the past he's run for Edmonton at large, but now the city is split into nine single-member ridings. Rumor had it he might run in St. Albert, just outside the city, where he has a farm but that has been discounted.

It seems likely now he'll run in one of the Edmonton ridings. One of the ridings mentioned most often is Jasper West, where he would be opposed by Liberal Abe Miller and Conservative J Percy Page, both sitting members of the House.

As of last week, the Social Crediters still had to name eight candidates in Edmonton, two in Calgary and one each in Lacombe, Pincher Creek-Crowsnest, Stony Plain, St Albert, Lac La Biche and Spirit River.

One of the strangest chapters in the history of the Alberta government drew to a close last week as some 41,000 citizens received 1958 oil and gas dividend cheques for $17.30.

It was the final mailing of the 1958 distribution, and it brought to more than 514,000 the number of cheques sent out. The government has suspended the dividend program until the five-year development plan is completed. But some political observers say its value as a vote-getter is doubtful. In the two years it operated, it cost the government around $21,000,000 paid from oil royalties.

ELECTRICAL [illegible]

In 1957, Canada's electrical manufacturing industry used $496,000,000 worth of materials, nearly 13 times more than in 1939.

(Held over from a previous week)

EDMONTON — Last week came to a end and the Legislature was still in session.

When members came back after the Easter recess they had high hopes they'd be able to pack it up by the week end. These hopes began to sag by Friday and on Friday night they fell with a sickening thud.

There were 35 bills on the order paper for clause-by-clause study. The idea was to get through them as briskly as possible and prorogue either Friday night or Saturday morning.

But Friday afternoon members managed to get through only four of the bills, and looming on the horizon was a major discussion of natural gas prices and gas export — a last ditch attempt by Liberal forces to make gas an issue of an otherwise [illegible] session.

Hugh John MacDonald, the Calgary Liberal who has been the busiest and most effective Opposition member this session, was in the thick of things right to the end.

He picked Friday morning to give an hour-long talk in the public accounts committee blasting in his careful, precise manner the government's handling of developments at the pulp mill town of Hinton, 190 miles west of Edmonton.

Later he hammered away at the government on the natural gas question, working persistently to get an admission from Premier Manning that the government has lost control over the price the Alberta consumer pays for gas.

Mr MacDonald's main worry was that gas export companies holding control of gas fields can be in a position to arrange contracts which would increase gas rates for Alberta residents.

At adjournment time Friday, Mr MacDonald and Premier Manning were disagreeing on whether the Board of Public Utility Commissioners has all the powers it needs to see that Albertans get a fair deal. But the matter wasn't finished by any means. Mr MacDonald planned to bring it up again and aim another barrage of questions at the premier, who is also minister of mines and minerals.

52 NEW SENIOR CITIZENS HOMES

Last week was devoted mostly to committee study of bills, and progress was slow.

The bill authorizing the government to make a start on 52 homes for the aged was finally approved, with three pages of amendments which were brought in as a result of Opposition questioning of loopholes and loose wording.

Another bill approved clears the way for chronic hospitals to be brought into the province's hospital insurance plan. The initial result is that between 600 and 700 patients in chronic hospitals are now paying $1.50 a day, compared with the $100 to $300 a month they have been paying.

The lieutenant governor, Hon Dr. J. J. Bowlen, was called into the House to give Royal Assent to these two bills and nine others which had to be in effect when the new fiscal year started April 1st.

SPEED LIMITS

Jack Hillman, the Social Credit member for Sedgewick, gained himself a measure of notoriety last week by standing up and taking issue with the government twice in one day.

The first time he objected to an amendment to the Vehicles and Highway Act which permits the government to set a speed limit of 65 m.p.h. on four-lane highways. The present limit is 60.

Mr Hillman moved that the 65 m.p.h. provision be deleted and he received some support from both sides of the House. But the votes for his motion were drowned out by those who favored the increased speed limit for four lane roads.

The same bill incidentally allows the government to set speed limits below 60 m.p.h. on gravel roads, where 60 is considered unsafe.

Mr Hillman differed with the government again on the five per cent interest rate charged on provincial farm purchase loans. He felt it should be three per cent.

Opposition members agreed with him and invited him to cross the floor of the House but he declined the invitation and remained sitting with the Social Crediters.

25 BEDS MINIMUM NEW HOSPITAL

Committee of the whole studied a bill which cuts down the size of crown grazing leases in southern Alberta to enough land to support a maximum of 600 head of cattle.

It was revealed that since the government has taken over the capital cost of hospitals it won't authorize the construction of any new ones with less than 25-bed capacity.

J H McLaughlin (L — Stony Plain) introduced a motion calling on the government to help provide better telephone service for rural areas.

—S—

How about your will? Check that date now.

AROUND TOWN

Released by APA Smith Service

WILDMERE WINKS

Work on the land is slowly getting started in our corner. Some new tractors have come into the district, Frank Gibson and Noel Garnett have new John Deere engines and we hear Lloyd Howard is getting a new tractor too.

Several new deep freezes have come into the district of late. Mrs. W J. Garnett, Mrs. Roy Dibben, Mrs. R. C Smith, Mrs. Wm. Smith and Mrs. A. Holte are all proud owners of new ones.

Mrs. A Holte received word from the student minister who is coming on our field for the summer. He is Robert Nichol of Kingston, Ont. He will hold his first church service here on May 3rd.

Not too many out to church on Sunday when Rev. MacKay, assisted by Mr. Schurman, gave a very interesting sermon on the fourth commandment, "Keep the Sabbath holy". He will hold church here again on April 26th. After that our student minister will take over for the summer.

On Saturday, Adam Smith who has spent the winter at the coast with his mother, returned to Wildmere to commence farming operations. Mr Jim Carey who accompanied him to the coast and also returned with him, had the misfortune to slip and break a bone in his ankle when they were out looking at some grass on the Lange farm near Claresholm. However he came on with Adam and is now a patient in Vermilion hospital.

There was a huge crowd at J. C. Wallington's sale and everything sold well. It was a nice day. Some former neighbors attended, including Mr. and Mrs. Harry Howard and Dick Gilholme of Edmonton; Mr. and Mrs. Harry Phillips of Worsley, and Mr Chas. Morand of Calgary. They met many of their old friends at the sale and really enjoyed the day.

The Wildmere Curling club held their annual banquet in the Basswood hall on Friday evening when over 100 curlers and friends enjoyed a bountiful buffet supper followed by a short program and a dance. President Forest Seale was M.C. of the program and Chas. Sweeney for the dance. It was unfortunate that several curlers were unable to attend on account of illness. All are now looking eagerly forward to next season and another banquet. Jeff and Freddie Martin furnished the music for the dance.

Councillor Wilson is having the mile of road west to Smith's and Cruthers' re-gravelled this week.

Frank Watson and Reg Proctor of Hindville called at the Wallington home Sunday evening.

Mr. and Mrs. Wallington called on the Friesen home Monday evening. Glad to see Mrs. Webster is regaining her health.

We were pleased to see such a good crowd at the variety program sponsored by the Union Community club. Mrs. B Rogan kept everyone livened up with her splendid piano playing before the concert started. All the numbers were enjoyed very much. Art, we hear you won your bet. Johnny Webb's songs were really good. We hope this club can again put on another [illegible] program in the near future.

The Wildmere Beavers Girls' club had a very successful dance on Friday evening last with a good crowd and a fine time enjoyed. Freddy Martin and Jim McFadyen furnished the music with Howard Lumley as M.C.

A carload attended the Social Credit nomination convention at Mannville last Wednesday evening where Ashley Cooper was the winning candidate. The hall was too small to hold the large crowd in attendance.

700 POUNDS OF SUCCULENT APPLE PIE

E. Di Tomasso, left, eagerly awaits his portion of world's largest apple pie as Toronto Mayor Phillips enjoys his with gusto. James McAvitty, president of Canadian Tourist Ass'n, officially opened the Canadian Restaurant Ass'n convention show in Toronto by cutting sample slices of the pie which was presented by the Canadian Horticultural Council on behalf of Canada's apple growers. The 700-pound pie, 86 inches in diameter, took eight hours to make.

"I've driven ten thousand miles in my new Buick and, I must confess, every one of them was a real pleasure. This year's Buick has improved on everything I have always admired in Buick."

TAKE THE WORD OF A BUICK MAN

BETTER AUTOMOBILES ARE BEING BUILT AND BUICK IS BUILDING THEM!

Rowe & Sons Ltd.
Phone 106 Vermilion

Top seller in Canada among British-built cars, the Vauxhall Victor for 1959 has been restyled to give it a longer, wider and lower appearance. A single rib line on the hood replaces two shorter lines of the old models. Bumpers sweep in a smooth line around the fenders. The sculptured curve in the rear door has been eliminated to create a graceful front to rear sweep. The radiator and fan have been enlarged to improve cooling of the four-cylinder motor. A new model — the Victor Deluxe — has been added. It features individual front seats and luxurious interior styling. Above is the Victor Super. Other models in the line are the standard Victor and the Victor Estate Wagon.

Wampum, which Indians sometimes used as a form of money, was beads made of shell. Very early settlers occasionally paid tax bills with wampum.

NEWS from ALLANDALE

We are enjoying remarkable weather. So far however, no moisture has come our way.

More land is exchanging hands in our corner. Idelore Nelson and Sons have bought the Sellas Lee farm while Ralph Strome has purchased the quarter of 17 adjoining his land on the east from Mr Bielech.

Another ice breaking on April at the Nelson farm. Same pond as the cattle went through. They had the hole surrounded and were going to pull the things away when their Caterpillar went through just leaving the exhaust pipe visible. Lee was the driver and got a good soaking. They had to have Mix from town pull it out.

A great improvement has been made on the Allandale church. Willing workers from Campbell Lake and Allandale built a porch on the church. The inside will be finished later.

The Allandale W.A. met at the Idelore Nelson home on April 9th. For the May meeting all are invited to join the Clandonald W.A. in the evening of May 14th at the Clandonald United church. June meeting will be at the Throndson home in town in the afternoon. Lunch: Mrs. E. Nelson and Mrs. E. Omness.

On April 12th Mr and Mrs. George English (nee Alberta Dow) from Two Hills, were visitors at the Omness home. In the afternoon George and Orley called on friends north of Dewberry.

Mrs. Bessie Moore and daughter Edna from Deer Lake went by bus on April 10th to the city where Edna visited friends and Mrs. Moore went on to Ponoka to visit the Magistad family. They enjoyed the week end immensely. Mr and Mrs. Ed Magistad and son Morley send greetings to relatives and friends hereabouts. Bessie and Edna returned home Sunday evening.

A belated 'happy birthday' to Mr. Joe Killion of town on his 88th birthday April 13th. May you enjoy many more.

Orley Omness went north with Jack Cross on April 10th in search of telephone poles. They located what they wanted at Bonnyville making a trip for them on the 14th. Jack made a second trip the next day.

On April 17th Miss Myrna McPhee had her tonsils removed at the Vermilion hospital.

The same day Mrs. Mossy McPhee taught school at Clandonald, a sub teacher for Mrs. Mead.

Mr. and Mrs. Idelore Nelson went to Elk Point on April 17. The latter's mother Mrs. Ockerman is a patient there at the hospital. They will be calling at the Ockerman home in Ferguson Flats.

On April 16th Mr and Mrs. Herb McPhee, Herb's sister Mrs. Edna David from town and Mrs. Omness attended the funeral of the late Mr Keith Kent of Irvinville. Our deepest sympathy to Mrs. Kent and sons and relatives on their bereavement. Mr Ray Clennett spoke highly of the deceased, may the mourners find comfort in such endearing words "sincere and kind in heart and mind, what a beautiful memory he leaves behind".

From all reports the dance at the centre on April 17th proved a huge success. Our most efficient Melody Ranch orchestra is tops. At lunch hour they favored the folks in their usual jovial manner with duets which were enjoyed and appreciated very much.

Mitchell's gravelling trucks of Kitscoty have the contract to gravel the roads in the district. From Dewberry-Islay road to highway 41 a mile past each way from the centre to Idelore Nelson's and a new road at Campbell Lake by Geo. Mead's. Some gravel was obtained from the Wm Armstrong farm but there seems to be a scarcity in these parts.

Jimmie Martin and Frances Monahan Jr are cutting the bush in the road allowance from Herb McPhee's to the church corner.

It seems strange at such an early date to see farmers in the fields, lovely wild flowers, the perennials shooting through and rhubarb well on its way. We hope Jack Frost has bid us good bye!

To "just an old timer" so many will know you and many more won't. How very nice to put your wishes in poetry so well done we sincerely hope you got them. It would benefit a great many and is definitely a necessity.

Closing thought: "Worlds has always been a part of living. Life itself is a free gift to man but possession of many good things must become ours through labor."

QUAKER FLOUR

MARWAYNE

Mrs. Harriet Reisbus was in hospital in Edmonton but is back teaching again.

Mr Richardson, principal of Kitscoty High School, was in Marwayne on Friday for parent-teacher interviews for the grade twelve students from Marwayne attending school in Kitscoty.

Betty Ann Murray and Shiela Robbie joined the United Church on Sunday, April 5 with the Communion service following.

The C G I T. are having their Affiliation service on Thursday, April 30.

The Marwayne Athletic Association are having a rummage sale around the first of May. If you find any White Elephants while spring cleaning, just donate them for this very [illegible] cause. For information contact John Spence or Gene Chester. By the way, John and Gene, along with a group of boys were raking and cleaning up the ball diamonds on Wednesday night. Your support is needed to make this one of the best ball seasons ever. The Home and School Association are buying uniforms for the Little Leaguers.

The Altar Society of the Catholic Church are having a tea in their church on Saturday afternoon, April 25 from 2 to 5 p.m.

Mrs. G. Kent and Mrs. R. A. Swanson went to Three Hills to visit their daughters there.

Mr and Mrs. A. Swanson, Teddy Kent and Miss Barbara Hancock were Edmonton visitors and they also went to Three Hills recently. Cam Hancock returned with them.

PAID YOUR SUB. LATELY?

And How Do Dry Cleaners Treat Your Good Clothes?

The average Canadian spends only half as much as an American on dry cleaning his clothes each year. He entrusts his haircutting to a barber and his footwear to a shoemaker but when it comes to cleaning his clothes, he'll struggle endlessly with spot remover before yielding his suit to a cleaner.

In investigating this Canadian peculiarity, the dry cleaning industry has found that many people believe dry cleaning is hard on garments. They have no idea what goes on after they pass their clothes over a cleaner's counter — and they fear the worst. Actually, so much scientific progress has been made in recent years that a modern dry cleaner can prolong the life and good looks of clothes — if he receives them regularly.

The sceptic should tour a modern cleaning plant and see just what happens.

First the garment is labelled, so it won't be mislaid, and sent along for inspection to catch any stains. These will be partially removed before the actual cleaning begins.

Then it is placed in the cleaning machine, a large cylindrical basket which slowly rotates, rolling garments in a constantly changing solvent bath. The solvent is continuously filtered so that all loose soil is carried away. After about 10 or 15 minutes, they go into the drier, another basket which rotates as a jet of warm air wafts through the fabric.

Next comes another inspection for spots and stains not taken out by the cleaning. The finishing department takes care of the pressing. After still another inspection, the suit is neatly packaged, often in polythene plastic film, to keep it immaculate until ready to wear.

Freshly cleaned clothes no longer need carry an odor with them. This is because up-to-date cleaners have adopted a synthetic solvent called perchlorethylene Perluxe, which evaporates quickly in the drying process. This solvent is non-inflammable and makes possible safe operation of cleaning plants right in the heart of a city or in suburban shopping centres.

Dry cleaners are pleased with their progress but they admit they could give better service with better co-operation from their customers. For instance, they wish people would stop trying to remove spots. In most cases, they only succeed in fixing the stain. They would also appreciate having a note attached to a garment identifying a stain . . . coffee . . . ketchup . . . paint . . . . grease? And with all the new textile fibres on the market, they would like to find a note or label advising what the garment is made of then it can receive special handling if necessary.

THE VERMILION STANDARD

Vol. L. No. 42. $2.50 a Year Vermilion, Alberta, Thursday, April 30th, 1959. 12 PAGES Single Copy 10c

Two contestants tied recently for the top award in the Edmonton Citadel music festival for all Salvation Army youth throughout Alberta. Shown in the above photo is Sharon Isley of Vermilion and Garry Venables of Lethbridge receiving the Mail award from Senior Major Alfred P. Simester, divisional commander of the Salvation Army. Sharon topped all competition in both piano and vocal divisions for those 16 years and under. The Mail award is given to the student showing the finest all-round musicianship. Each of the young people will have the trophy for six months. Sharon is the daughter of Mr and Mrs. Ken Isley.

Society Will Launch Greatest Cancer Crusade

Vermilion and district will be the target in a barrage of words this month when the local branch of the Canadian Cancer Society launches its 1959 crusade, announced as the "greatest offensive ever mounted against cancer."

Curtis J. Alfke, crusade manager, who revealed plans for the drive, said today, "It's our intention to besiege the entire community with information that could save lives from cancer. It seems strange but it's certainly true that words can be a potent weapon in the fight against cancer.

"At least 1,000 leaflets will be given away in our house-to-house canvass here," Mr. Alfke said. "They will also be available at Canadian Cancer Society information centres. The leaflets are designed to save lives that might otherwise be lost to Canada's number two disease killer by alerting those who receive them to the dangers of neglect and delay."

He explained that while more lives are being saved every year due to improved methods of treatment, needless deaths will occur because the disease is not diagnosed in time. Regular health check-ups are the best safeguard, he pointed out, to protect the family and the home.

Mr. Alfke was confident that one day cancer, like some other diseases of our time, will be brought under control. "But until that day comes", he said, public knowledge of the facts of cancer is still one of the best means of saving lives."

The Canadian Cancer Society Crusade will be a combined educational and fund-raising Crusade.

LEGION NOTES

Last week there was a lot of activity in and around the Legion. The club room has been entirely re-decorated and a fireproof acoustic ceiling was installed.

President Tommy Thompson and Zone Commander Vic Tillett will represent Vermilion Branch at the Provincial convention to be held in Banff from May 31st to June 2nd.

Several ex-servicemen joined the branch recently and are as follows: Russell Cochrane, John Hurst of Islay, Gordon Dickson, Clarence Free, Eric Bryant, Mike Prybylski and Fred Haines; also Russell Carroll and Clarence Barber were made honorary members.

There are now about 170 ex-service men and women in the Vermilion Branch but there is still room for lots more who have often thought of joining but never got around to it. See E. H. Buckingham, secretary, or any member of the Legion.

Longer Shopping Starts Saturday

To accommodate shoppers Vermilion stores will remain open hereafter until 9 o'clock every Saturday evening. The longer hours will remain in force until the last Saturday in December.

Lake Level To Be Dropped For Spring Cleaning

Water is being drained from the Vermilion park lake to allow for some much-needed clean up operations on the lake bottom.

A labor crew of some forty men is waiting for the water to be lowered enough so that work can be started on clearing willow growth, roots, and otherwise cleaning the bottom of the lake, particularly along shore lines. This will make for better boating and generally greatly improve appearances.

—S—

Runs Over Fire Hose; Fined $30

For running over a fire hose during a call to a blaze behind the pool hall on April 19th, a motorist was summoned and later fined $30.00.

This is quite a serious offense and should be taken as a warning by all to avoid running over or interfering with fire hoses at any time, particularly during a fire call.

Elk Point Museum Open This Sunday

The Pioneer Museum in Elk Point will be open this coming Sunday, May 3 from 1 p.m. in the afternoon till 10 p.m. in the evening. Admission is by silver collection. Proceeds to be used for improvement of the museum. It is situated kitty-corner from the Elk Point Clinic on the main highway passing through town.

4-H Clubs Hold Speaking Contests

On April 27, a joint meeting of the 4-H Calf and Turkey club was held in the court room. As this was Public Speaking night, Mr M Douglas and Mr W. Dietz, acting as judges, declared the following winners: Calf Club - senior section Anthony Dixon; junior section Donald Stewart. Turkey Club - senior section — Josie McDonald; junior section -- Barry McDonald.

Both Anthony and Josie will attend the elimination night at the School of Agriculture. The winner will then travel to Olds for the finals.

The 4-H Turkey and Calf clubs would like to take this opportunity of wishing Mr and Mrs. Buckingham health and happiness in their years of retirement. The members in this district enjoyed working with Mr Buckingham and have gained a great deal of profitable experience as well as pleasant memories of their club work.

Cardinals Re-organize For Coming Season

Last year's Alberta Intermediate "B" champions have now re-organized for the coming season.

At the opening meeting held in the Rio Cafe last Monday evening, Elsa Martin was re-elected president and Lila Porter has taken over duties of secretary treasurer. Herman Rowher, who very capably managed the girls last year has accepted the position for another season.

Coaches and players are badly needed and a large crowd of both are anticipated at the first practice to be held on Sunday, May 3 at 2 p.m. on the girl's diamond at the fair grounds.

All girls who have any knowledge of softball or are interested in playing this season, and any men who have coached ball teams or are willing to help, PLEASE ATTEND!

Social Credit Govt. Plan 1960 Projects

A cabinet sub-committee, headed by the Hon. A. R. Patrick, Minister of Economic Affairs has been named to work out details of the 1960 projects of the Alberta Government's Five Year Program.

When originally announced, the announcement said in part, "For 1960, the special project will be a 10 million dollar program for local community improvements including street paving in some 200 major towns, villages and hamlets and the provision in strategic centers of local recreation facilities such as parks, swimming pools, picnic and campsites, youth projects etc. The object is to improve living standards and provide recreational facilities readily accessible to and within financial reach of all people."

Municipalities proceeding with a recreational development scheme on their own prior to decisions as to details of the government's program will not prejudice their position in the overall provincial program.

Rotarians Mark Fourth Anniversary With Banquet

Rotarians and their ladies to the number of over one hundred, sat down to the fourth anniversary dinner of the Vermilion club on Saturday evening. Visitors were present from Lloydminster, Vegreville and Edmonton clubs.

President Jim Robson of the Vermilion club presided at the dinner and program which was held in the Elks hall. Catering was by the Royal Purple. A social evening and dance concluded the evening's program.

The guest speaker for the occasion was Professor J. Gordon Parr of the Faculty of Engineering, University of Alberta. Dr. Parr gave a very humorous address entitled "Let's talk about graves." The speaker was introduced by Gordon Ross and the thanks of the club were extended at the conclusion of the hilarious talk, by Claude Brennan.

The toast to the visitors was given by Gil Rampling and responded to by Marshall Tindall of the Lloydminster club. Ernie Buckingham, a noted ladies man, proposed the toast to the fair sex, bringing forth a reply from Rotaryanne Maxine King.

The entertainment and music was under the direction of Randy Sunderland and his instrumentalists from the Lloydminster club, while Dr Ben King led the community singing during the evening in his usual competent and active manner.

Tax Rate Cut Three Mills

Billy, Leona McLaughlin To Holiday For Year

Billy and Leona McLaughlin, proprietors of McLaughlin's Self Serve, will close that popular food store at the end of May, and will enjoy a well-earned holiday for possibly a year or thereabouts.

During that time the store will be closed. Bill and Leona will re-open it in time, renovated and modernized. Throughout the year they plan to visit relatives at the Pacific coast and in Eastern Canada, but some of the time, especially the curling season, will probably be spent right here in Vermilion.

Back in 1946 Bill and Leona opened McLaughlin's Self Serve, located on Main Street, and the first of its kind, in Vermilion. At that time they planned to take a prolonged holiday after ten years. The ten years has lengthened to thirteen, and now they will take the long-awaited vacation, free from business entanglements and worry, and able to come and go as they please for one whole year.

So McLaughlin's Self Serve will close at the end of May, but first class service will be continued to all customers right up to closing time. After a good holiday Bill and Leona will be back again . . . and the street which will be strange without them . . . will become normal again.

'Good Neighbors' Subject For Banquet Address

The Vermilion Board of Trade will once again play hosts to the reeves, mayors, and board of trade officials from a wide area at a banquet to be held on Wednesday, May 6th at 6 30 o'clock in the evening in the Legion hall.

Guest speaker for the occasion will be Col. Eric Cormack, athlete, soldier, farmer, teacher, who is now a member of the Department of Extension, University of Alberta. The topic of his address is "Good Neighbors".

The gathering in the past has been well attended and serves as a gathering where people from neighboring villages, towns and localities may become newly acquainted or better acquainted as the case may be.

The entertainment committee headed by Rudi Renaud has done a very good job arranging the various details, and tickets may be obtained from any member of the entertainment committee, namely Rudi Renaud, Jim Champion, Leo McKernan and Warren Rosequist.

The banquet is a public affair and everyone interested is invited to purchase a ticket and attend . . and don't forget to bring the ladies.

Vermilion Doctor Awarded Scholarship

Dr. E. G. Evans of Vermilion was awarded one of 25 scholarships worth $500 each presented in Toronto Wednesday to Canadian family doctors by the College of General Practice of Canada. The money is to be used for obtaining extra training at teaching hospitals anywhere in North America.

Career Night At V. H. S. May 5th

A good number of parents attended the regular meeting of the Home and School on Tuesday, April 28th.

Mrs. Wilson's room won the attendance shield, thus getting the treat of the month. Miss Wilson was the runner up.

"Career Event" will be held at the High School next Tuesday afternoon, May 5 starting at 1:15 p.m. Pupils from grade nine to twelve inclusive will be in attendance and it is hoped that parents will attend also. There will be some excellent speakers giving information and guidance to students leaving school.

A very interesting film was shown at the meeting by Mr Stewart entitled "Family Circle". Many excellent points were emphasized, taking in both the home and the school.

The next meeting will include the election of officers for the coming year and a special speaker at the meeting from the Home and School Association who will speak on "School Discipline".

Lunch brought the meeting to a close.

—S—

Scout Commissioner Reviews Troop

MANNVILLE -- Provincial Scout Commissioner for Alberta Mr H. P Holloway inspected the Mannville scout troop under the leadership of Scoutmaster Harry Allen.

Commissioner Holloway saw the scouts go through their routine exercises, and gave them a very instructive talk.

Following the inspection Mr Holloway met with Scout officials and promoters of the Mannville troop and outlined a new program to interest more boys.

Explorers Affiliation

The Explorers will hold their annual affiliation service with the Women's Missionary Society of the United Church on Tuesday, the 5th of May at 4 15 p.m. in the United Church hall. Mothers of the Explorers, members of the W. M. S. and all others interested in the younger groups in church work are invited to attend. There will be a brief program and display of work related to the mission project done by the girls.

Jr. High Students Plan Play Night

Students of the Vermilion Jr. High school are planning a play night for Thursday, May 7th. At this time the students from the grade 7 dramatics class and students from the grades 8 and 9 Drama club will present three one-act comedies.

The grade 7 class is having a one-act play entitled "Wanted A Housekeeper".

For their two plays the Drama club has chosen "Quiet Home Wedding", and "No Time For Skirts". Curtain time will be 8 p.m. and the place will be the High school auditorium, Thursday May 7th. Admission is 50 cents for adults and 25 cents for students.

Dorothy Taylor Wins Lake Break-Up Prize

The prize for guessing the closest to the day, hour and minute of the break up of the ice on the Vermilion park lake was won by Miss Dorothy Taylor of 733 118 street, Edmonton, daughter of Mrs. J. Raymond Taylor of Vermilion. The time was March 31, 15½ seconds before 5 p.m. The contest was conducted by the Boy Scouts Association and Miss Taylor won a transistor radio.

Local Lady Bereaved By Death of Father

Mr John Arthur Kett of Lloydminster, passed away at his residence there on Friday, April 24, aged 76 years. Mr Kett is survived by his loving wife, two daughters, Mrs. I. P. Williams of Edmonton, and Mrs. Art Morgan of Vermilion. There are three brothers, Bert of Wainwright, Chester and Cecil in Ontario, two sisters, Mrs. Arthur Hart and Mrs. Harold Thompson reside in Ontario also. There are three grandchildren.

Funeral services were held on Monday, April 27 at 2 p.m. from Grace United Church, Lloydminster, Rev. J. Shortt of Kitscoty officiating. Interment took place in the Lloydminster cemetery.

Moyer's Funeral Home were in charge of arrangements.

—S—

Mr. and Mrs. J. Wahlstrom and Mr and Mrs. Clifford Wahlstrom all from Buchholm, Sask., are visiting with their daughter and sister, Mr. and Mrs. Wm. Murrey and family for several days.

Progressive Administration Reverses Upward Trend

At the budget meeting of the Vermilion town council held on Monday night a further three mills was lopped off the mill rate for 1959. The rate now drops from 50 to 47 mills. Last year at this time it was also lowered three mills, from 53 to 50.

Back of the ability to drop the mill rate in the face of a greatly increased school requisition, was the steadily increasing assessment of the town, plus the province taking over a greater share of the hospital costs, under the new equalization plan, and the fact that over the years Vermilion town councils have kept pace with the development of the town in the way of more sidewalks, roads, the hard surfacing and road oiling program. Many towns experience a surge of growth, fall far behind with their utilities and services and thus find a need to try to catch up within a short space of time. The Mayor and councillors of the present are to be commended for their able and foresighted administration.

Practically every town in announcing tax rates this year has announced increases. One or two have made much of the fact that they were able to hold the line. That Vermilion reverses the upward trend completely and is able to ease the burden on the taxpayer is a remarkable achievement in this day and age of rising prices and inflation.

The total rate this year is 47 mills and the division of the rates are: —

	[illegible]	1959
School	[illegible]	28.5
Municipal	16.75	13.5
Hospital	7.25	3
	50	47

Besides taxes the town receives a very nice grant from the provincial government under the municipal assistance act. Last year this amounted to $24,043.14.

In actual dollars the schools will receive $63,302.06 for municipal purposes $30,450.00 is required.

Taxes are based on the assessment of $2,537,410.00.

—S—

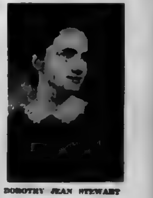
New Rector Arriving For St. Saviour's Anglican Church

Word has just been received from Bishop Clark of Edmonton Diocese that the Rev. W. A. Champness of Swan River, Man. will arrive in Vermilion next week to take over the appointment of rector of St. Saviour's parish.

The Anglican church here has not had an incumbent since the Rev. Kells Minchin left for his new post in Sudbury, Ont. last December. Services have been conducted for the past four months by ministers from Kitscoty, Mannville and Wainwright and by the laymen of the parish.

Induction Service At St. Saviour's May 5th

Rt. Rev. H. H. Clark, Bishop of Edmonton, has informed the wardens of St. Saviour's church that he will hold an induction service for the new incumbent the Rev. W. A. Champness on Tuesday evening, May 5 at 7 30 p.m. in the church. All parishioners please make an effort to attend.



DOROTHY JEAN STEWART

Miss Dorothy Jean Stewart, a grade 11 student in the Vermilion high school who won the public speaking contest for this zone sponsored by the Oddfellow and Rebekah Lodges in Irma on April 20. Miss Stewart had previously won the local elimination. Her reward will be a tour to the United Nations at New York in July with many visits to other interesting centres. Dorothy Jean is a daughter of Mr and Mrs. E. M. Stewart.

—S—

Board of Trade Meeting Cancelled

The Board of Trade has cancelled the regular noonday luncheon next Wednesday. All members are asked to attend the spring time banquet at the Legion hall that same evening at 6.30.

H. MORLEY DOUGLAS

E. H. BUCKINGHAM

The announcement has been made by the Hon. L. C. Halmrast, minister of the Department of Agriculture of the appointment of H Morley Douglas as district agriculturist at Vermilion. Mr Douglas succeeds Mr Buckingham who retired after serving the province for 31 years.

The retirement of E. H. (Ernie) Buckingham as District Agriculturist at Vermilion, has been announced by the Hon. L. C. Halmrast, Minister of Agriculture.

Mr Buckingham was born at Ripley Ont., in 1894. He moved with his parents to Claresholm, Alberta, where he farmed and was employed as a brakeman for the Canadian Pacific Railway. He took an active part in the first world war and then farmed at Bindloss, Alberta. He received his B.Sc degree in Agriculture in 1921 and was then employed as farm manager and instructor at the Vermilion School of Agriculture. He was appointed seed inspector for the Federal Department of Agriculture and served in that capacity from 1925 to 1929. The same year he was appointed assistant field crops commissioner and served until 1940. He [illegible] for military service and served as Captain. He was awarded the Coronation Medal in 1937 and the Efficiency Decoration in 1950. He continued to take an active interest in the Reserve Army and the Canadian Legion. In 1942 he was appointed District Agriculturist at Vermilion where he has served until his retirement. In addition to his many other activities he has been a leader in the Anglican church at Vermilion and in the Edmonton diocese.

Mr Buckingham is being succeeded by H. Morley Douglas, formerly assistant District Agriculturist at Vermilion. Mr Douglas was born at Fairfax, Man., where he farmed and received his early education. He obtained his degree in Agriculture from the University of Manitoba in 1949. He served as assistant agricultural representative for the Province of Manitoba for four years and for the University of Manitoba as soil research officer. He was appointed as assistant D.A. at Vermilion in 1957. Mr. Douglas has already taken over his new duties.

Battle in the Barnyard

When it comes to farm management, an "ounce of prevention" can be worth literally millions of pounds — pounds of meat and poultry and dairy products [illegible] which the nation stands to [illegible] through animal diseases. [illegible] livestock products account for 60 per cent of farm income, protecting animals from disease is a major problem for Canadian farmers.

Livestock diseases often hit hardest in spring months, when the newborn animal population reaches a peak. The young animals fall easy prey to deadly microbes during the first few weeks of life, before natural defenses can be mustered.

This spring, millions of pigs, calves and chicks will be added to the nation's barnyard population. But unless preventative measures are taken, diseases such as scours and pneumonia will cut down three out of 10 pigs and three out of 12 calves. Thousands of chicks, too, will be stricken.

Although the newborn animals themselves are defenseless against microbial onslaught, modern science in recent years has developed some effective means of protecting them against such deadly diseases. Terramycin, for example, a powerful antibiotic, has proved effective in preventing and treating scours, pneumonia and other diseases of pigs and calves, and in clearing up open-wound infections. Added to drinking water, Terramycin wards off infection and helps both to reduce chick mortality and end laying slumps.

Animal diseases are still plundering farm revenues for millions of dollars each year. The Canadian Department of Agriculture believes, however, that much of the loss can be prevented by presently available means. And, the Department adds, "much more can presumably be prevented by further research."

Salvation Army Appeal in May

"Completely unprecedented" expansion of Salvation Army facilities in Canada was reported by the Rt. Hon. Arthur Meighen, P.C., Chairman of the Salvation Army's National Advisory Board when announcing the $2,494,834.00 national objective of the 1959 Annual Red Shield Appeal which is scheduled for the month of May.

Mr. Meighen described the 1959 objective as "a minimum necessity in order to maintain existing facilities and services." The Canadian public would be asked only to meet the deficit on such operations.

"Increased services, however, can only mean increased maintenance costs," Mr. Meighen declared. The Salvation Army has achieved remarkable success in its expansion program, he said, and the Canadian public will make certain that the 1959 Red Shield Appeal will be "an unqualified success," so that these services, vitally needed, will be adequately supported.

A coast-to-coast broadcast, carried by the Dominion network of the C.B.C. Thursday evening, April 30 at 8:00 p.m. (E.T.) will launch the Appeal, Mr. Meighen stated.

Big Crop of Teen-Agers

From high schools all across the country there will emerge this summer some 200,000 young graduates. Of these about 10% or more, will be heading for university. Others will stay outside the permanent labor force for other reasons including, in the case of the young women, matrimony. But there will remain a larger number of eager young first-time job applicants than our economy has been accustomed to absorbing.

This year's graduates, of course, are just the leading edge of the wave of young Canadians born in the days of the baby boom.

From now on we will have to deal seriously and effectively with the problem of fitting these young people smoothly into jobs.

CHANGES IN SAFETY REGULATIONS FOR LAKESIDE RESORTS

Tourist operators, particularly those situated near lakes, should familiarize themselves with changes in safety regulations affecting pleasure boat operation. A fire extinguisher must be carried on crafts under 18 feet if the fuel tank is fixed to or built into the boat, or [illegible] in heating and cooking stoves are carried. Boats towing water skiers, water sleds or surf boards will require two occupants — one to steer and the other to watch the skier. Maximum penalties for breaking regulations remain at a $500 fine or six months in jail.

Train your dog to sit or lie in a certain place in your car so that he won't bounce around and distract the driver. A well-trained dog can be a great travelling companion, states The Canadian Kennel Club, or he can be an accident maker.

Gets Pretty Hot Every Now And Then

"GREEN ACRES"

by H. MORLEY DOUGLAS,
District Agriculturist.

POTATOES

J. B. Gurba, Supervisor of Crop Protection says that Bacterial Ring Rot is always a very serious threat to Alberta potato growers. The disease decreases yield, rots the tubers in storage and reduces quality. There are two musts in control — new seed and rotation of the potato patch.

PURE BRED SIRE AREA

Apparently a few people in Vermilion River M.D. have forgotten that it is illegal for a farmer or anyone else in the municipality to own or possess a bull without certificate of registration. Several bulls were picked up during the winter and bulls were found in Clandonald and Blackfoot during the last week. The only person who is beaten by bringing in a scrub bull is the fellow who uses it or the people who live in the area where it gets loose. Any complaints about scrub bulls should be directed to Mr. Hosack, Field Supervisor, M.D. of Vermilion River, Kitscoty. Twenty per cent assistance is available to anyone purchasing a pure bred bull through the provincial assistance policy.

CREAM FLAVOR

This is the time of year for cream flavored by weeds. The pastures are still short and usually the first thing to grow are stinkweed and garlic. If milk cows get into a weed infested field the cows should be moved to a clean pasture or be fed good clean hay three or four hours before milking. The hay feeding will do a lot to eliminate the flavor in the milk.

4-H SHOWS AND SALES

The Lloydminster 4-H show and sale date is set for June 5th. Three hundred and twenty calves are expected from seventeen clubs. Alberta clubs taking part come from Tulliby Lake, Durness, Dewberry, Marwayne and Paradise Valley. Edith Teasdale of Paradise Valley won the championship of this large inter-provincial show in 1958.

BULL SALE

Lloydminster Bull show and sale May 4th and 5th has 198 bulls listed in the 1959 sale catalogue. The 20% assistance can only be paid on bulls contributed by Alberta breeders and sold to Alberta farmers.

FARM SAFETY

Spring is here and with it the usual spring rush. Whatever you do don't forget that farming, whether we like to believe it or not, is a hazardous occupation. It appears to be hazardous because of past records. Make certain that your farm doesn't contribute to the record this year by doing everything possible to make your farm safe.

WATER HEMLOCK

In Alberta this plant is sometimes known as poison parsnip, cowbane or beaver poison. The upper parts of the plant are not poisonous but the root is quite poisonous to livestock. This root consists of a bunch of fleshy tapering projections resembling small parsnips, growing quite close to the top of the ground. The plant is located in low, wet marshy land. There have been two cases of poisoning of livestock this spring which seems to have been caused by Water Hemlock growing around a spring. If this plant is suspected spray it with 2,4-D or do anything to destroy it.

DEHORN THOSE CALVES

It is a well known fact that cattle are better if dehorned early. The best time is by two weeks of age, using caustic paste, pencil or electric dehorners. It really doesn't matter how it is done but do it and make yourself $2 a head when the cattle go to market.

LACOMBE BOARS

Five farmers living in the Vermilion River M.D. obtained boars in the recent draw held at the Experimental Farm, Lacombe. Three more boars went into Minburn M.D. Those people receiving this breeding stock will be doing service by letting their neighbors and D.A. know how they like this relatively new breed.

SORGHUM ALMUM

This area has been exposed to a lot of salesmen this spring selling Sorghum Almum grass at an extremely high price. Your District Agriculturist does not recommend sowing this grass under any conditions.

Travelling salesmen for Sorghum Almum have used glowing phrases to describe the virtues of this southern grass. According to these men and the literature they distribute, Sorghum Almum is a wonder grass, the equal of which has never been heard of before.

They fail to mention, however, that none of these claims can be substantiated by an experimental data under Alberta conditions. Nor is any mention made of the fact that in the state of Washington, Sorghum Almum has been placed on the primary 'prohibited' noxious weed lists, effective April 1st, 1959.

Farmers should bear these facts in mind when considering buying seed of an unproven grass at a high price from an over enthusiastic salesman, advises O. G. Bratvold, Supervisor of Crop Improvement Service, Alberta Department of Agriculture.

CUBS BOTTLE DRIVE

Cubs bottle drive, Saturday May 9th. House to house canvass or bottles may be left at the Scout hall on that day. 43-3

Wainwright Kin. Newspaper Bingo

Alberta Report

Anders O. Aalborg, M.L.A. for Alexandra

Last week I reported in this column the results of the recent sale of oil and natural gas leases which netted the Alberta treasury over $20,000,000.00 and pointed out that since the now famous Leduc oilfield was first discovered just over twelve years ago the income derived by the Government of the Province in royalties, rentals and leases from the orderly development of oil and natural gas resources has reached the amazing total of $[illegible]0,000,000.00.

BENEFITS RECEIVED FROM OIL REVENUES

The policies followed by the Social Credit Government of Alberta in obtaining for the public treasury such very large revenues from the development of these natural resources has brought many benefits to the people of the province which are not nearly as evident elsewhere in Canada. The main benefits may be summarized as follows:

-- The funded debt of the province has been reduced to less than $30,000,000.00 and surplus funds have been built up which stood at about $[illegible]000,000.00 at the close of last year. The bulk of this surplus has been used to buy debentures issued by Alberta municipalities, school districts and hospital districts thus enabling these local governing bodies to finance the construction of hospitals, schools, public buildings and water and sewer facilities with loans at low rates of interest.

Some forms of provincial taxation have been reduced or eliminated such as the 1 cent tax on farm and industrial fuel, the unearned increment tax, car license fees, and the amusement tax.

The Department of Public Works and the Department of Highways have been able to undertake vast programs of road and bridge construction on a pay as you go basis. During the past four years alone these Departments have spent over $120,000,000.00 in the grading, gravelling and hard surfacing of roads, the building of many new bridges and erection of many new public buildings.

-- Assistance to municipalities, schools and hospitals has been provided on a generous scale. Since 1954 the Government of Alberta has distributed no less than $465,000,000.00 in the form of grants and loans to municipal councils, school boards and hospital boards to enable these local governments to provide more and better services for their people.

Social services have been quickly expanded and improved. Since 1954 the three Departments of Health, Welfare and Education have spent over $[illegible]00,000,000.00. These expenditures have provided more generous rates of pensions and public assistance for our elderly citizens, the disabled and the unfortunate. Hospital and school services have not only kept pace with the ever increasing demands, but have shown marked improvement in many ways.

Evidence of the aforesaid benefits may be seen every day in all parts of Alberta. Let us look quickly at a few tangible examples in the constituency of Alexandra.

New bridges have been built at Elk Point and at Lea Park at a cost of well over $1,000,000.00. Highway 45 from north of Vermilion to the provincial boundary has been completed at a cost of well over $1,100,000.00. Highway 16 has been hard surfaced from Lloydminster westward. During the past four years large scale new school construction programs have been completed in the Vermilion School Division and in the City of Lloydminster. Government of Alberta grants to these programs exceed $800,000.00 in amount. The M. D. of Vermilion River has done a great deal to improve roads within its area. Since 1954 roads grants paid by the Government of Alberta to this municipality exceed $300,000.00. Many more examples could be cited. Only a few of the local highlights have been mentioned.

GREENLAWN Goodwill Club

The April meeting of Greenlawn Goodwill club was held at the home of Blanche Stone with sixteen members and one guest present.

The roll call was taken by each member revealing their greatest wish. If all the wishes come true the most of our members will be out at the coast.

A committee was nominated to look after the sending of good used clothing to Korea. Anyone having any old duds, clean and mended, could leave them with Mrs. W. Jones. We are also sending old woollens away for blankets. [illegible] can be left with Josephine Gray by the first part of May.

Material for a layette was given out to the members to be made for showing at the fair.

There will be a Ronald party at Bob Gray's on the eve of June 4th. This is a nylon product being presented by Mrs. Joyce McGillvary of Edmonton, formerly of Clandonald.

The door prize was won by Annabelle Stone. The next meeting will be at the home of Ruby Thomson.

The meeting ended with a delicious lunch served by the hostess and assisted by Verna and Gladys.

Islay 4-H Food Club Members Entertain Mothers At Banquet

On Wednesday evening, March 25, the Islay 4-H Food Club entertained their mothers at a mother and daughter banquet in the church hall.

The tables were beautifully laid with Easter decorations. Twenty-five people in all partook of the supper. The girls sang their 4-H grace before those present sat down to a meal which had been cooked and baked by the members of the food club. Everything was very tasty and many comments were heard about the lightness of the baking powder biscuits which were delicious.

Lynn Davidson, president of the club, proposed the toast to the Queen and Sharon Redmond, club secretary, proposed the toast to the mothers to which Mrs. Axley ably replied. In making her speech, Mrs. Axley thanked the girls for such a lovely supper and their leaders, Mrs. Moncrieff and Mrs. Redmond for all the time and work they give so freely to this worthwhile club. Lynn Davidson then expressed the thanks of the club to Mrs. Sweet, W. A. president, and who was a special guest at the affair, for the use of the equipment in the hall and to Miss Anderson for the use of the church hall. Mrs. Sweet, in her reply, stated that the W. A. were glad to give the girls the use of their equipment as the W. A. felt that the 4-H work is very worthwhile.

The members of the club cleared the tables and while the dishes were being quickly washed Lynn and Joan conducted a contest for the mothers, one concerning flowers and the other cars, both of which were [illegible].

Following the contests, Mr. Fleming arrived to show films, the first being a wonder picture and the second entitled "A Holiday in Bermuda," followed by one about a journey through Holland. To end a most enjoyable evening, the Easter bunny arrived with big chocolate eggs for everyone present.

It takes wise parents to know that their own child was as much at fault as the neighbors'.

SAVE almost half of what you usually spend for drug store items. Wait for the Rexall Original One Cent Sale. 'Six' Big Days. Over 325 bargains! And two for the price of one, plus only one cent. Monday, Tuesday, Wednesday, Thursday, Friday and Saturday (May 4-5-6-7-8 and 9) at Long's The Rexall Drug Store in Vermilion. 41-2

W.I. Have Two Wheel Chairs, Crutches, For Community Use

The Vermilion W. I. held its regular meeting on April 14 at the home of Mrs. Jo McCaig with 15 members present. All were happy to welcome two visitors, Mrs. Percy Sloan of Mannville, constituency convener, and Mrs. Kathryn Reid of Wainwright, sister of Mrs. McCaig. During the month, 13 get-well cards, and one sympathy card were sent as well as 34 sick calls being made.

Mrs. W. J. Bell reported on the two wheel chairs that the W. I. has for loan for anyone having need of them. At present both of these chairs are being used. Three pair of adjustable crutches have now arrived, two pair of adult size and one for children. One pair has already been spoken for.

The subscription to the Reader's Digest for the local hospital has been renewed.

Mrs. Joe Green is to be the delegate from Vermilion W. I. to attend the Jubilee convention to be held in Edmonton from May 26 to 29th.

Mrs. Sloan was the guest speaker at the meeting and her topic took the form of a quiz on W. I. work which proved to be both instructive as well as very entertaining.

Mrs. Mabel Lee gave a short talk on education and read an item from a magazine of the value of education.

The mystery box was won by Mrs. Wemp.

A delicious lunch was served by the hostess Mrs. McCaig and her sister Mrs. Reid, at the close of the meeting, after which a social hour was enjoyed.

OBITUARY

JOHN PESKLIVETS

Mr. John Pesklivets of Mannville passed away on April 26th at the age of 61 years. He is survived by his loving wife, one son Alexander of Strathmore, one daughter Jeannette of Mannville, one sister Mrs. Nick Sherbon of Hafford, Sask., and four brothers.

Funeral services were held on Wednesday, April 29th at the Anglican church, Mannville at 2:0 p.m. Rev. H. Shell officiated. Interment followed in Mannville cemetery.

Moyers Funeral Home of Vermilion was in charge of arrangements.

"The House that Service Built"

Sixteen Years Ago

APRIL 29, 1943

Members of the Vermilion Golf Club have re-organized and elected Jack Beresford as president for 1943, Baden Anderson as vice-president and H. R. Parker, secretary-treasurer.

Two well known businessmen, Bernard Riddale and George Nairn, have joined the Canadian Active Army.

The weather has been extremely unsettled all week, sunshine, squalls, showers and frost being all mixed up into a short period of time, almost every day. A heavy rain fell for several hours last Friday night.

William John Blair, one-time M.P. for Battle River riding, died on Saturday at his home in Ontario. He was 63 years of age.

Although it sounds strange, threshing is once again in full swing, and this mixing of the seasonal farm work is not proving very popular with the farmers.

A trans-Atlantic air record of 12 hours, 37 minutes has been established by a trans-Atlantic transport command plane flying from Canada to London.

32 Years Ago

APRIL 23rd, 1927

A bad spell of inclement weather set in last Saturday and Monday saw a real old time blizzard resulting in the country being blanketed by snow on Tuesday and a general tie-up of work on the land and business in the town. The snow had begun to melt at press time.

The school board is planning beautification of the public school grounds. The work outlined will take several years as only small amounts can be spent each year. The grounds will be all fenced, plowed and prepared for planting of trees next year. The tennis courts will be removed to another part of the property.

Mr and Mrs. J. Raymond Taylor and four children have taken up residence in town, moving in from the farm.

Mr Wm. Graves, well known Clay[illegible] farmer since 1906, has left to live in Oregon.

48 YEARS AGO

APRIL 23rd, 1911

Grass is turning green and seeders were at work on the land this week.

W. R. Hayward received his handsome new "Greyhound" auto the end of last week and has already touched the high spots in a round trip of 38 miles south of town. E. H. Nay[illegible] has recently purchased a Cadillac auto.

On motion a grant of $250 was made by the town council to the board of trade to assist them in their work.

The rate for 1911 was set at 25 mills, 15 being for school and 10 for general and debenture funds.

St. Saviour's Church, Vermilion was the scene of a very pretty wedding Thursday which united in marriage Henry Joseph Payne to Annie Elizabeth, daughter of Mr and Mrs. Geo. Maggs. The ceremony was performed by Rev. H. A. Edwards of Islay.

A man who knows his own imperfections is just about as perfect as it is possible for anyone to be.

There are about 13,000 buffalo in Canada, most of them in Wood Buffalo National Park, htat lies across the border of Alberta and the Northwest Territories.

Mr. Farmer

MAKE THE ARMY YOUR CHURCH HOME

Box 792, Vermilion.
April 27th, 1959.

The Editor,
Vermilion Standard,

Dear Mr. Cooper:

Last week we received a notice from the post office poin[illegible] out the necessity of putting our box number on the outside of our envelopes. During the last four months I have had a great many 'get well cards', for which many thanks, and only one had the sender's box number on it. Of course many were general delivery, but I know [illegible] have boxes. How can we address the right box number if we don't know it. In the early days it did not matter so much as everybody knew everybody else, but it must be a headache to the post office [illegible]. The best place is on [illegible] [illegible] hand corner on the front of the envelope. It should be in the letter as well, but few people except business men bother. We were [illegible] to put our address, the d[illegible] [illegible] our signature, but nowadays I get a letter with the name of the place — Tuesday — and signed Jane or whatever the letter writer's name is.

It is possible to get printed slips you put on the envelope with your name and address, or a rubber stamp.

Grace A. Bury.

CLANDONALD HALL

"Right Across the Street from the Biggest Parking Lot in Vermilion"

LOCAL NEWS

A former well remembered Vermilion man, George Braithwaite, formerly with the wheat pool and now farming near Red Deer, was chosen by acclamation as the C. C. F. candidate for the Red Deer provincial riding.

Mr. Wilbur Nixon was a guest at the home of Mr. and Mrs. John Stewart near Claysmore. Mr. Nixon flew his plane here, from Edmonton, landing in a field near the Stewart farm.

—S—

Doris and Walter Coulter have had as their guests during the past week or so Arlene Karek and the two children Sherry and Murray. The Kareks now make their home at Lac La Biche where Duane, who will be remembered as assistant game warden here, is warden for that area. While on holiday here Duane has been busy trapping beaver in the Saskatchewan River.

Mr Gordon Hay of Hanna was a visitor in town last Sunday, calling on several old friends here. He was on his way to attend a meeting on Monday morning.

Here to attend the Frissell-Carmichael wedding is Mrs. Robert Hall, (nee Marina Capatos) from Oliver, B. C. Marina has recently returned from a honeymoon trip to New Zealand, Australia and Europe. Oliver is only about 15 miles from Penticton where Mr. and Mrs. Capatos live.

Steve Warawa of Cudmore's Plumbing and Heating, is attending a month's plumbing school at the Provincial Institute of Technology at Calgary.

Mr. and Mrs. Donald McNiven (nee Iris Lind) of Edmonton, were at home to their [illegible] on Saturday, April 25, the occasion being their first wedding anniversary.

Ray Jones writes from Ladysmith, Vancouver Island and that is apparently where he and Mrs. Jones are presently making their home. Ray says in part, "have just returned [illegible] 18 holes of golf, played in our shirt sleeves, an must confess that I am much in favor of the B. C. climate. Fanny and I suffered thru the wet season of Feb. and March, and found it very difficult to keep warm, due to dampness, and the natives do not keep their homes as warm as the Albertans do."

"Spent a very pleasant day with Bill Barr out fishing in his cabin cruiser and can honestly report a good catch of what they call blue-backs, apparently a young salmon. The coastal water fishing requires an entire new outfit of equipment to what we use in Alberta and I am gradually acquiring the odd bit to my collection, and am looking for a suitable boat in the not too expensive class." The address of Mr. and Mrs. Jones is Box 1113, Ladysmith, B. C.

CARD OF THANKS

The matron and staff of the Vermilion hospital wish to thank the Explorer group for the Easter place cards for the patient's trays, and the cups for the May Day baskets for the older patients in the hospital. These were all much appreciated.

—S—

CARD OF THANKS

I wish to thank all those who sent cards and visited me during my stay in the Vermilion hospital. Also, thanks to Dr. Evans, the nurses and hospital staff who were so kind to me.

Al Coker

CARD OF THANKS

We wish to extend our sincere thanks to Dr King and the nursing staff at the Vermilion hospital and the Rev C. W. MacKay for help, sympathy and kindness received during our bereavement by the death of our brother Mr Oscar Anderson and to those who sent the beautiful floral tributes and memorial donations.

Miss Ruth Anderson, Mrs. Julia Davis, Mrs. Dena Brady

—S—

IN MEMORIAM

In loving memory of
JOHN HENRY BATKE
who passed away Apr 29, 1955
"The years may wipe out many [illegible]
But this they'll wipe out never
The memory of those happy days
When we were all together
We think of you in silence
Your name we oft recall
But there is nothing left to [illegible]
But your picture on the wall
Just when your life was bright [illegible]
Just when your hopes were [illegible]
God called you from among [illegible]
To a home of eternal rest."
Ever remembered and sadly missed by his loving [illegible] [illegible], [illegible] and [illegible].

ENGAGEMENT ANNOUNCED

Mr. and Mrs H. Mawhinney wish to announce the engagement of their daughter Margaret Louise Keast to Mr. Roy Philip Drabble, son of Mr and Mrs. P. C. Drabble of Speers, Sask.

The marriage will take place on Saturday, May 16 at 2:00 p.m. in the United Church at Dewberry.

—S—

Peter Kather R. C. A. F. who has been stationed in Europe, arrived home on Wednesday being called by the serious illness of his mother. Peter has a months leave and will then be posted to Namao.

—S—

Mr. J. H. Coward of Easyford, Alberta spent a week recently in and around Vermilion renewing old acquaintances. While here he was a guest of his sister-in-law, Mrs. Lily Giles.

—S—

A further donation in memory of the late Mr. Fred Arthur to the Cancer Society has been received form Mr. and Mrs. G. W. Clark, Denver, Colorado.

Bride-Elect Showered

Mrs. Alf Logan's home on Friday evening, April 17 was the scene of a pleasant surprise for Miss Sue Carmichael where members of the Rebekah lodge gathered for a shower.

After several hilarious contests, Sue was dressed in bridal attire to have her picture taken and developed. The picutre of the bride turned out to be a lovely tri-light and several plastic refrigerator bowls. The bride-to-be very fittingly thanked the ladies and extended an invitation to the wedding. Everyone then enjoyed a delightful [illegible].

Members of the Ottawa Mutual Telephone Company may obtain their new directories by calling at the home of the secretary Mr. Dick Good. 42-43

Junior Red Cross Hold Doll Show

Grade 5B Junior Red Cross had a doll show on March 26 to earn money to make Health Kits. In getting ready for the show, posters were put up, and two members went to each class room in the west end schools to advertise.

At the show, members were posted to explain about each doll. There was a bridal party, a forty year-old doll, a one hundred fifty year old china doll dressed in paper and many others. We wish to thank grades four, five and six, pupils and teachers who helped to make it a success. The amount we earned was $20.70.

This money was used to buy Health Kits. There were eight of them. They are made of flannel and contain a towel, a face cloth, a nailfile, toothpaste and toothbrush, soap, needle and thread, pad and pencil, three [illegible] [illegible] toy [illegible] and a [illegible].

The kits will be sent to the Junior Red Cross Headquarters in Calgary. From there they will be sent to where they are [illegible] [illegible].

—S—

Even with the inclusion of Alaska and Hawaii, Canada will be larger than the United States by an area equal to that of the province of Manitoba.

Charges Hurled In Commons; Cliff Smallwood Replies

OTTAWA. — Clifford S. Smallwood (PC-Battle River-Camrose) said in the Commons on Thursday that Jack Wesson, president of the Saskatchewan Wheat Pool 'betrayed' western farmers by backing a wheat agreement with Britain in 1946.

Mr Smallwood, a farmer was answering Hazen Argue, CCF House leader, who said Conservative MPs from the West had betrayed the farmers by declining to support a policy of grain deficiency payments.

He said Mr Wesson "suggested pressure be put on the government" to sign that agreement which "cost the western farmers over $800,000,000 and now they want this government to give it all back in one year."

Flies Down Chimney [illegible] Warmth; Bird

A blackbird evidently concluded it had come back to Alberta too soon during the snow storms last week, and seeking a warm spot flew down the chimney at the John Hilton home south west of town. Fortunately the oil heater was not burning and the bird was rescued unhurt and [illegible] the worse for his experience [illegible] though he might easily have been cooked.

Pioneer Auto Wreckers, Lloydminster, ph. 3105 (after hours phone 3421). 5atf

News from Tulliby Lake

The Behrens have moved their cattle to the east pasture which borders Cecil Trimble. On Friday one of their cows gave birth to a perfectly strong healthy calf. The next morning Juvenile walked back to see how things were coming. He found that sometime during the night an unknown intruder had killed the calf and had eaten out all its insides, leaving the rest of the calf intact.

On Friday a fire broke out on the Indian reserve just east of Dennis Ruud's. With the aid of a high wind it swept northward by Rotherham's and the Tommy Lovell quarter. After burning for three days it was eventually brought under control along the main road east of Tommy Carmichael's. Many acres of valuable hay and land pasture land were devastated by the blaze.

Tom Belsheim's hired man Carl Kritz had another runaway with a team of horses. This time he was dragged for a considerable distance. Carl was taken to the Elk Point hospital where he received treatment for multiple cuts and bruises.

The 4-H Calf club has recently purchased signs which read "4-H Club Member Lives Here". These have been posted at the main road entrance to each of the members' homes.

May Wagner and Ed Petrea were visitors in the district last week.

Deanna Adamson spent the week end at home.

Failure demonstrates the fact there is also plenty of room at the bottom.

Mannville and District Local News

Sympathy of the town and district is expressed to the members of the late John Puskilvets family.

• • •

Mrs. Carl Lindbeck, daughters Pat and Debbie are visiting at the home of Mrs. Lindbeck's parents, Mr. and Mrs. D. Croft.

• • •

Mr. and Mrs. Maurice Mercer and Gail spent the week end in Edmonton.

• • •

Mrs. Ruth Hughes has returned from a visit to the city of Edmonton.

• • •

Mr. Peter Schepanick is a patient in the Mannville hospital.

• • •

Home over the week end were Doreen Gerhart and Bernie Chrysler of Edmonton.

• • •

Mr. and Mrs. Don Upton accompanied by Mary and Bob Christianson of Woodvile, attended the recent square dance jamboree at the Edmonton Gardens, and report having a wonderful time. There were people there from Winnipeg, as well as Vancouver. The caller was Joe Haas from Seattle.

• • •

Mrs. Forsyth Sr., has returned to Edmonton after spending the last two weeks at the home of her son Ronald.

• • •

Stanley parties have been most popular in the western section of town lately, advertising the products of the Stanhome Company.

• • •

News of the accident in which Larry Heap of Gwynne lost his life reached Mannville, where it was learned that he is the stepson of Joe Nafziger, a former Mannville man.

• • •

Mrs. Ted Allen has returned from a pleasant trip to British Columbia.

• • •

Mr. and Mrs. Ralph Boe accompanied Mr. and Mrs. Bruce Scott to Edmonton recently to visit relatives there.

• • •

Miss Elaine Rea was a recent patient in the Vermilion hospital for a few days.

WILDMERE WINKS

Now that the Winks have been brought up to date, we must say a few words about a good friend who passed away a short time ago, in the person of Mr. Fred Arthur. He truly was an old timer, one who always worked for the betterment of the community. He was a good neighbor and one always enjoyed a visit with Mr. and Mrs. Arthur. His cheery greeting and pleasant smile will be missed for a long while. The sympathy of the writer and of the entire community is extended to his loving wife and the family.

To all the sick folks, and there seem to be quite a number these days, we wish a speedy recovery, especially Johnny Martin, Mr. Fisk and Mrs. Kather. Flu has certainly made the rounds this spring. Laverne Howard and little Richard Dibben were hospital patients with it.

And now, congratulations to the following newlyweds for a long, happy married life: Mr. and Mrs. George Brown of Vermilion, Mr. and Mrs. Davis Love of Edmonton (Davis lived in Wildmere and Buffalo Coulee for a number of years) and Mr. and Mrs. L. C. Lund of Wildwood East, and Edmonton. The very best to you all.

Mr. and Mrs. Wm. Smith, Linda and Adam Smith were supper guests on Sunday, April 19 at the home of Mr. and Mrs. W. T. Garnett of Basswood.

On Sunday last, Rev. Mackay and Mr. E. Schurman held church in Preston school. It was the last service out here for Rev. Mackay until Fall as the student minister will be here for church services during the summer. It is planned that service will be held in Wildmere church this Sunday, May 3 at the usual time in the evening. Plan to attend and hear Robert Nichols, our student. We truly enjoyed having Rev. Mackay out every two weeks all winter and the attendance has been very good every Sunday.

On Friday the writer and husband took part in the Civil Defence operations under the direction of Mr. George Martin. Mr. Martin was handicapped owing to a short staff, but it all was very interesting and is good training should the real thing occur. Did you get home alright Mrs. Spencer? Hope the roads were not too slippery with the melting snow.

At our Home and School meeting on April 20, we had the pleasure of a very interesting talk by Mr. Carl Heckbert of Vermilion on the trip he and Mrs. Heckbert and Dr. and Mrs. Clark took to Europe last year. He also showed slides which everyone enjoyed very much. We hope to have Mr. Heckbert come back again sometime as he has more slides to show. Thanks again Mr. Heckbert.

On Friday evening the Wheat Pool, with Mr. Fleming, Mr. J. Jackson and Mr. Frank Wilkinson, held a meeting and showed pictures to a good crowd at the Preston school. The children really enjoyed the film shown for them and Mr. Fleming and Mr. Jackson gave very enlightening talks topped off with some humorous parts which caused plenty of laughter during the evening.

Mr. Frank Clark of Drayton Valley has been visiting his mother Mrs. W. Clark and his sister Mrs. H. Dumley and brother William all of Triangle district for a few days.

Laurence Graham is at present working at Kelfield, Sask., where he worked last year for the same farmer.

Bobby Graham is helping Lewis Alexander with his farm work this spring.

It is very dry and clouds of dust just rolled up today (Monday) with the high wind. It thundered but no rain came.

Congratulations to Mr. Wilson Ford of Vermilion, who celebrated his 90th birthday on April 21. A birthday dinner was enjoyed at the home of his daughter on Sunday the 19th along with his son Dan and family of Edmonton.

THE Homemaker

Donna Westendorf
District Home Economist
Lamont, Alberta.

Write me for any of the following bulletins that you would find helpful. They are all free. "Cereals and Their Uses", "Economical Supper & Luncheon Dishes", "Eggs", "Fish the Way You Like It", "Sandwiches", "What We Should Eat Every Day", "Poultry Selection and Cookery", "The Salad Bowl", "Variety Meats", and "Rhubarb Recipes".

Rhubarb will soon be ready for use so plan to use yours for economy and variety in meal planning. Following are two of the many recipes found in the bulletin "Rhubarb Recipes".

RHUBARB PUDDING

2 lbs. rhubarb cut in pieces
Place in casserole or pie dish and cover with:
½ cup water
1 tsp. cinnamon
Blend together:
¾ cup flour
½ cup shortening
1 cup sugar
½ tsp. salt
Spread over fruit. Bake at 375 degrees F. for one hour.

RHUBARB BETTY

2 cups cut rhubarb
2 cups bread crumbs
1 cup sugar
1 tsp. butter

Put a third of the bread in the bottom of a buttered dish. Add half the rhubarb mixed with half the sugar. Now add third more and half the butter. Now remaining rhubarb and sugar and then bread and butter. Cover and cook in a slow oven for an hour, removing cover at the end so as to brown lightly.

FURNACE CARE

Even though winter has just passed your furnace needs attention now. It should be cleaned once a year to remove accumulation of fly ash. A layer of fly ash one-sixteenth of an inch thick cuts heating efficiency 25%.

The best time for cleaning is in the spring. The year's accumulation of fly ash should not remain during the summer. Moisture will combine with the soot to form sulphuric acid which will eat into the metal parts of the furnace.

The smoke pipe leading to the chimney should be taken down every spring and the pipe collar plugged with heavy paper. Leave it disconnected until fall. As an alternative light furnace periodically to keep the smoke pipe dry.

PREPARING MATERIAL FOR SEWING

Take the time to prepare the material adequately before starting to cut out garments.

To test fabric for shrinkage, measure and mark off twelve inches along the salvage edge with a ruler and pencil. Wet the edge and iron dry. Measure again. If the marked portion measures less than 12 inches preshrink the goods.

To preshrink cotton, linen, slub rayons, leave the material folded, then place in a large pan or a bathtub. Completely cover the material with cool water. Soak at least 30 minutes. Squeeze out water but do not wring. Hang the material across a straight rod or the top of a door and straighten material so that the ends are even.

For preshrinking wool, dry cleaners will usually preshrink wool materials or the home method may be used. Wring out a sheet in water then spread the wool material out on the wet sheet and roll up both together. Leave for several hours until the material is quite damp, then press on the wrong side with light pressure, being careful to run the iron parallel to the salvage.

Perfect Crib Hand? Or Phoney?

Playing Cribbage with Ed Duddy on Friday evening, Andy Sherwick was dealt 3 fives, Hearts, Diamonds and Clubs and the Jack of Spades. As they played two jokers wild, a Joker was turned up and called the five of Spades. This hand therefore might be called phoney. Nevertheless, Andy got quite a kick out of it as after fifty years of playing the game this is the first time he could count 29 in his hand.

DENTAL OFFICE CLOSED

NEWS from ISLAY

Mr. Sid Guerney has returned home after some time spent in Islay hospital.

Miss Betty Martin, Miss Katherine Carey and Jimmie McGulgan spent the week end at their respective homes. Jim will take up teaching duties at Paradise Valley beginning in May.

Congratulations to Mr. and Mrs. Lloyd Gould on the birth of a son in Islay hospital.

Mr. and Mrs. Norman Lambert of Edmonton visited Mrs. Lambert's father, Mr. Jack McNeeley.

Mrs. Hilda Bell was an Edmonton visitor last week.

The Islay Amateur Hour on Friday night drew a larger crowd than ever. Standing room was at a premium, and though the contestants were allowed only one appearance, there were still 47 items on the program. People began to gather in the hall at 6:30 p.m. Prizes were awarded to: Junior vocal — Charlotte Wolters, Shannon McKnight, Wendy Cameron. Vocal 11-14 years: — Larry Funnell, Ronald Allen, Phyllis Brady. Vocal 15-16 years — Dorothy Axley, Elaine Hanna, Darlene West. Senior Vocal — Iris Hodgson, Charlie Young, Bob Parker. Instrumental — 1st — Old Time Fiddlers: 2nd — Funnell group: 3rd — Happy Hill Billies.

Piano solo — Gerald Inman, Bruce Gould, Shirley Van den Dolder.

Vocal duet — Harold and Jean Welch, Gerry and Russell Kada, Doris Allen and Elaine Hanna.

Comic group — Mr. and Mrs. Round Bottom, Archibald and the Three Little Pigs.

On Sunday, May 3, Rev. Chas. J. Smith of the 'Mission to Lepers' will visit the Islay Sunday School in the morning and will address the congregation at the afternoon service at 3 p.m. Mr. Smith has some fine colored pictures dealing with trips he has taken to such places as India, Burma, Hong Kong, Formosa and Korea. You are invited to share in this work, so come Sunday, May 3 at 3 p.m.

The Islay Drug Store is being renovated by Charlie Hanna. A new ceiling put on and painted.

Ken Gunn and Gerry Maire had a week end trip to Saskatoon and they drove back in a car which Ken purchased.

Mr. and Mrs. Dave Clark and three boys of Paradise Valley attended the Islay Amateur Hour.

MAPLE LEAFS RICHER BY $100

Mayor Harry Veiner of Medicine Hat, Alta. is such an ardent Maple Leaf hockey fan that he promised each player $100 if they defeated Boston in the semi-finals of the Stanley Cup. Mayor Viner travelled east to cheer the Leafs in the finals against Montreal and to present captain George Armstrong, right, with a cheque for $1,800.

Clandonald and District Activities

Flu and jaundice have claimed quite a number of victims in the district during the past few weeks. Latest to be hospitalized with jaundice is Mrs. Arnold Olson. Some time ago Jerry McGukin spent several days in Elk Point hospital while Hugh Logan also was off work for some time with the same disease.

So far the flu seems to be mostly isolated cases.

Phil Zaff, manager of the Beaver Lumber, left hurriedly last week, summoned to the bedside of his father in Regina who was reported seriously ill.

We regret to report that Mrs. Mary Convey, who makes her home with her daughter Mary and family, has not been enjoying good health lately. Long-time friend Mrs. Ethel Rowntree and also Mrs. George Convey spent a recent week end in Saskatoon with Mrs. Convey Sr. Latest reports are that she is somewhat improved but will have to take things very quietly in the future.

Mr. and Mrs. Hugh Hagen and Anne were visitors at Blackfalds recently where former district residents, Mr. and Mrs. Rob Hagen have their farm home since returning from a visit of several months in Ontario. Rob had not been feeling very well but we are glad to report he is showing considerable improvement now. While away, the Hagens attended the Graumann wedding in Edmonton. Also present from Clandonald at the wedding was Mrs. Frances Zlomek, aunt of the bride.

Monday morning the dread sound of the fire siren brought citizens out on the run to help quell a blaze which was confined to a welding outfit at Theisan's welding shop. The fire was soon put out but the damage to the machine appeared heavy although we understand it was not a total loss.

Friends of the Kent families at Irwinville were shocked to hear of the passing of Keith Kent out at the coast where he had moved with his wife and two sons last fall. Although it was known he was suffering fro man incurable disease, great hope was held that it might be held in check for some years. Deepest sympathy goes out to Mrs. Kent, the two boys and other relatives.

It was quite a pleasant surprise to be held up recently on the road while pursuing a leisurely course during the recent blizzard.

Mr. and Mrs. Will Porter are quite recently back from their home at the coast to help son Philip put in the crop. On their way to Clandonald on business they stopped for a few minutes to say hello. Information from a usually reliable source is that there is to be a wedding in the Porter family in the not too distant future.

Work on the land has been in progress by fits and starts for quite some time now due to the unusually early spring. Good progress has been made with root and rock picking but so far we have not heard of any seeding being done in this particular area. However, with the advent of warmer weather no doubt operations will soon be in full swing. Moisture conditions are very poor on stubble land and pasture is also greatly in need of rain and higher temperatures.

We learn with regret of the retirement of Ernie Buckingham, D. A. in Vermilion for many years. However, the news that Mr. and Mrs. Buckingham plan to continue to make Vermilion their home is good indeed and we feel sure that retirement will only be in the official capacity.

CARD OF THANKS

We wish to heartily thank all our friends and neighbors who gathered together at the Basswood Hall on the evening of April 14 to present us with the beautiful tri-light lamp and the purse of money. A special thanks to Linda Ruth Smith and Maureen Cruthers who sang "May You Always" and to the members of the Wildmere Beavers girls club who sang "Our Best To You," just especially for us. It was all very touching. Mr. and Mrs. Wm. Smith furnished the music for a short dance and Mr. Albert Smith acted as M.C. for the occasion.

John Wilson, who was formerly a close neighbor of ours, read a paper which had been composed by his wife on our lives in the Wildmere district, which was interesting and very much appreciated. Thank you, Irene. John then presented us with the lamp and the well-filled purse of money, with which we intend to buy something to remember you all by. Following the presentation, everyone joined in the singing of "For They are Jolly Good Fellows" and "Auld Lang Syne", bringing the never-to-be-forgotten evening to a close.

Thanks also to Mrs. Cruthers and Mrs. Gibson for their part in making the evening such a success.

Maudie and Jim Wallington.

Canada's northland, that is the space north of the 55th parallel, comprises two thirds of the country.

Dewberry Home & School Make Plans For Graduation

The April meeting of the Dewberry Home & School was held in the high school on the 9th was over forty in attendance.

The chairman, Mr. J. Whiteside, opened the meeting with the singing of "O Canada". The secretary read the minutes of the last meeting and the financial statement.

It was agreed that no delegate be sent to the convention.

As the Home and School are catering for the graduation banquet to be held on May 22nd, volunteers were asked for the lunch committee. Mrs. Holman, Mrs. McAfee, Mrs. H. Craige, Mrs. N. Jones, Mrs. W. Mathison and Mrs. McMullen offered their services.

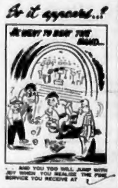
The question box on being opened was found to have many and varied questions which were read and discussed.

Playground equipment was taken over and the Home and School agreed to help finance same as time and finances permitted.

A film 'Borderline' was shown following which Miss J. Filipkowski conducted a question period. The teen-agers' behaviour and problems were discussed as were the parents. The answers given showed that these problems are very real on both sides and proved both instructive and interesting.

Next meeting of the Home and School will be on May 14th.

While some men battle their way to the top, others bottle their way to the bottom.



So it appears..!

"OBEY THAT IMPULSE"
— *(Author's Name Below) —

All of us have the impulse to live as long as possible. Each year the opportunity of granting this desire is increasing.

Modern physicians have greater knowledge of the cause and treatment of disease. Many recently perfected hormones, vitamins and other medicines help the body to resist old age.

Obey that impulse to live longer by regularly consulting your physician about what you can do to help your body. Should any medication be needed, we welcome the privilege of supplying it.

A great many people entrust us with the responsibility of filling their prescriptions . . May we compound yours?

HARWAYNE

Mrs. Meiklejohn was an Edmonton visitor for several days and Mrs. Lucas for a week, visiting with a sister.

Sorry to report that Patsy, infant daughter of Mr. and Mrs. Alec MacDonald, and Mrs. Sonley, are patients in the Lloydminster hospital. Mrs. Robert Milne is out and about again after eight weeks in hospital and several weeks convalescing at home.

A very large crowd attended and enjoyed the play "The Last Caveman" in the school auditorium on Wednesday night. The proceeds from this are to buy the plaque for the cenotaph. May 7th will be "family night" in the United Church when the Explorers will have their affiliation service.

The 4-H Clothing Club will have their achievement day on Tuesday, May 12 in the Elks hall. Program will start at 8:00 o'clock. Everyone is welcome to attend and see what the girls have accomplished this year.

Remember the chest x-ray in the Elks hall on May 1st, 2nd and 4th. It is very imperative that everyone in this area be x-rayed, so please attend.

Mr. Don Killam was the holder of the lucky ticket for the quilt raffled by the grade 5 room, which is taught by Mrs. Milne. The sum of $32.00 was realized from the sale of tickets for the Junior Red Cross.

A large number of neighbors and friends gathered at South Ferriby school on Saturday, April 25 to honor Mr. and Mrs. Bert McClean on their 25th wedding anniversary. Mr. Curtis presented them with a Westminster chime clock, a gift from the community for which Mr. and Mrs. McClean very graciously replied. John Doull Jr., showed his very lovely pictures and a bountiful lunch was served by the ladies of the district.

$100.00 Each

What is the cold war costing Canada?

Plenty, answers The Financial Post.

For defence, defence production and civil defence, Ottawa is planning to spend this year a total of $1,705.8 million. That's $100 apiece for every man, woman and child in Canada. It's more than a quarter of all federal government expenditures, and $300 million more than we will spend on family allowances, old age pensions and federal hospital insurance all put to-gether!

Conventions will draw more than 11,000 persons to Banff and Jasper Parks this season.

Giant sized swimming pool at Waterton won't be ready till the 1960 season. The long wanted facility will accomodate 600 bathers at one time.

Health Unit Notes

FEAR AND YOUR CHILD

It is normal for your child to be frightened at times. But if his fears are too intense or too prolonged they can be harmful and cause much permanent damage to his developing personality. For this reason take his fears and worries seriously and make every effort to relieve them.

Some fears are brief and immediately forgotten, like a loud noise or a scary Hallowe'en mask. Others are lasting and deeply injurious. Fear of authority may develop from a father who is too stern: fear of scolding for getting dirty during play. This list is a long one. Whatever seems to make you withdraw your love will worry your child because he loves and needs you so much. Avoid the growth of such fears in your child by being tolerant and friendly about his progress, or lack of it, in his eating, playing or keeping dry. Praise him for his efforts even if they are clumsy. If you make him feel like a failure he will be full of fears.

Afraid of being alone in the dark at bedtime is common — and the child cannot be persuaded there is nothing to fear. Ridicule or stern measures only make it harder for him. He is showing how badly he needs comfort, love and reassurance, not just at bedtime but during the day too. The usual cause is a lack of self-confidence. Ease up on your scoldings. They make him feel guilty, a failure. Halt the battles over toilet training, and eating. And if Dad has been using the "stern father" method, he'll soften up when he realizes his child needs less managing and more affection and approval. Praise the child's little successes and so build up his inner security.

For the two-year old, leaving the bedroom door partly open will help. Fear of bed-wetting can make a child of his age afraid to go to sleep. His bladder control is not yet perfect and he may be afraid he'll lose his mother's love if he wets his bed. Such a child needs to be told his mother loves him wet or dry.

THIS WORLD CAN BE FRIGHTENING

A child of three or four often fears thunderstorms, snakes, cats or dogs, etc., especially if the parent has shown similar fears in his presence. Or he may imagine frightening things. Reassure him and avoid ridicule. He needs affection to help him over the insecurity that is the basis for such fears. And show him that you are not afraid, but appreciate his feeling the way he does.

Your child is more disturbed about family matters than you probably realize. Discuss such domestic troubles out of his hearing. Fear of death shows up at this age and you can allay his worries by treating the subject reassuringly, telling your child that people don't usually die until they are old and (with a cheerful hug) "we'll all be together for a long time!" Meet his questions honestly and cheerfully. If your child is sure of himself and not being punished or crossly scolded he won't be much worried by imagined fears.

Family quarrels can produce an uneasy fear in your child which may endure and become most damaging. He may not understand the bickerings, but they can profoundly affect the child. He feels that something is wrong with the two people who mean the most in his world.

Parents often promote a child's fears through ambition for him to shine. If you want him to be the tidiest, best-dressed and best-mannered of all children and push him too hard to reach unnatural and impossibly high standards, he'll very likely react by not showing off as you desire. Instead, he'll show symptoms of fear, maybe not obviously but in some "nervous habits."

DO YOU CRITICIZE TOO FREELY?

Many parents criticize a child constantly. They feel that unless they do this he won't have the urge to improve and grow up properly. Criticism is a form of punishment. It can make your child feel afraid and insecure. Don't withhold your praise and admiration because you think your child will be conceited. He should know that his parents are always ready to appreciate and enjoy him. He will come along faster if you tell him now and then what a wonderful child he is.

A child who cringes as a result of harsh or frequent punishment has been made emotionally sick. His days and nights are full of fears. He may start lying and deceiving just to protect himself aginst pain and humiliation. No thoughtful parent will use such punishment.

SIGNPOSTS OF FEAR

Fears show up in many ways. Some are easily seen. Others are hard to detect. But fears will always show up somehow! Your child may be afraid of the dark, even afraid in the daytime to be alone in some part of the house. He may have nightmares, start wetting the bed, suck his thumb, bite his nails or have a twitching in his face. He may be cruel to his pets, or not play well with other children.

A child who is restless, irritable and who 'flies off the handle', is often called nervous. The most frequent cause is fear. Your child's fears and worries may seem silly to you but they're real to him. And the most harmful, common fear is that you will cease loving and caring for him.

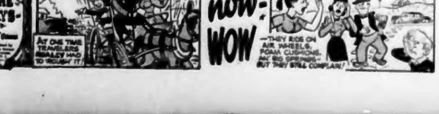
THOSE WERE THE DAYS

By ART BEEMAN



THOSE WERE THE DAYS
HOLD ON, DAISY— THIS ROAD IS A BIT BUMPY!!
OH, NO—THIS IS FUN, ISN'T IT—CHILDREN!
AT ONE TIME TRAVELERS REALLY HAD TO 'ROUGH' IT!
But now: WOW
NO MORE LONG RIDES FOR ME!! OH—MY ACHING BACK-SIDE!!
—THAT AWFUL BOUNCING OF THE AUTO MAKES MY STOMACH ILL!
—THEY RIDE ON AIR WHEELS, FOAM CUSHIONS, AN' BIG SPRINGS— BUT THEY STILL COMPLAIN!

Canadian National Railways inaugurated six new Railiner runs during 1958. Four are in Saskatchewan and Alberta, while the other two are in the Maritimes and Quebec. At year end, Railiners were in operation on 19 inter-city runs.

How about that SUB. date?

Death and Funeral of Keith S. Kent of Irwinville District

A long time resident of the Irwinville district, Keith Samuel Kent, aged 52 years, passed away in the White Rock, B. C. hospital on April 11, 1959. Although stricken with illness last summer, he had made such a good recovery that the district was shocked by the news of his passing following a sharp relapse.

Born in Jocelyn, St. Joseph Island, Ontario, in 1906, he came to the Irwinville district with his family in the spring of 1908 where he grew up and had resided since. In 1940 he was married to Miss Oneta Hancock of Marwayne, Alta. The past two winters were spent at White Rock, B. C.

He leaves to mourn, his loving wife Oneta and two sons, Lyle and Arthur at home two sisters, Mrs. Howard McLachlan (Ivy) of Marwayne, Alta; and Mrs. Angus Good (Margaret) of White Rock, B. C.; two brothers, Gerald R. Kent of Marwayne and Noel W. Kent of Hazeldine. He was predeceased some years ago by two children, Thomas Wesley and Doris Oneta.

The funeral service, conducted by the Rev. R. T. Clennett of Frog Lake, Alta., assisted by Mr. Preston of Clandonald, was held on April 16 at Holy Trinity church, Irwinville, followed by burial in the beautiful cemetery there. Moyers of Vermilion were in charge. The pall bearers were Messrs. Gerald Kent, Noel Kent, Howard McLachlin, Angus Good, Arthur Hancock and William Hancock. At the organ, Miss Janet Kent played appropriate music and during the service Keith's favorite hymns — "The Strife is O'er, the Battle Done," Safe in the Arms of Jesus," and Abide With Me." During the recessional the "Nunc Dimittis" was sung.

In his message of comfort to the bereaved families, Mr. Clennett said that it was only fitting that one so deeply loved should be so widely mourned. Keith's life, though short, had been so filled with loving service to his family, his church and his community that it was complete before God. He had served the Irwinville church faithfully, having helped in its construction and adornment, as a warden, organist and superintendent of the Sunday School. His great love of beauty of every kind had enriched all with whom he had come in contact. His life had set an example for all to follow.

Keith's home has long been a beauty spot, he had been a member of the Lloydminster Art club and his wedding cake decorating had enhanced the joy of a great many bridal couples. He was very fond of children and young people as he, himself, was always so young of heart.

The large attendance at the funeral, the beautiful floral tributes, donations in lieu of flowers and messages of sympathy bore testimony to the love and esteem in which he was held.

Floral tributes were received from: In Loving Memory — Oneta, Lyle and Arthur; Gerald, Edith, Teddy, Gerry and Phyllis; Noel, Betty and Beth; Margaret and Angus; Ivy and Howard; Bill, Janet and girls; Garfield, Olly and boys; Lue and Grandma Hancock; Irene, Dave, Betty and Donnie; Art, Queenie, Janet, Peg and Phil; Dot and Tuck.

With Sincere Sympathy — Roy and Olive; Graham and Marjorie; Belle, Bob and family; Lenore and Dever; Peggy and Eric; John and Elsie Tyner; Carl and Ida Wellman; Gordon Good; Winnie Smythe; Mr. and Mrs. Willoughby, White Rock, B.C.; George, Martha, Stanley and Helen.

Flowers to the house: The Irwinville W. A.; Madge and Joe.

Irwinville Church fund: Brian, Ella, Miriam and Kathy; Mac, Sheila, Patrick, Reg and Peter; Betty Lou and Robyn; Bill and Joan Micklejohn and family; Lawrence Perks; Mr. and Mrs. R. S. Pidcock; Muriel and Gladys Stone.

HOW FERTILIZER BOOSTS YOUR PROFIT ON WHEAT

YOU CAN MAKE UP TO $8.00 PER ACRE MORE!

Actual field tests show how your net profit per acre of summerfallow wheat is boosted by the use of Elephant Brand Fertilizer.

In the table below, note that the increased profit figure takes the cost of fertilizer into consideration. An increased profit of over $8.00 per acre is certainly worthwhile.

Fertilizer per acre ...... 50 lb. 11-48-0 (Cost $2.70)*
Increased yield per acre ...... 9 bu. (worth $10.80)
YOUR INCREASED PROFIT PER ACRE $8.10
OR $810.00 ON 100 ACRES OF WHEAT
* Fertilizer cost figures per acre are approximate.

When properly fertilized, wheat grown on stubble land will show an equally profitable return per acre . . . For greater net profit per acre from any crop on any soil, contact your Elephant Brand dealer listed below for the right information.

It pays to use

Kathleen Sutton Becomes Bride At Rites in Mannville

MANNVILLE — At an attractive afternoon ceremony in Christ Church, Mannville, Miss Kathleen Sutton, daughter of Mrs. Sutton of Mannville and the late Mr. Robert Sutton became the bride of Mr. Harold Cockle.

Spring bouquets decorated the church for the wedding service, performed by Rev. Harry Shell.

The bride was given in marriage by her brother-in-law, Mr. Walter Jackson. She wore a waltz-length gown of blue nylon over net, designed with a torso waistline. A matching headdress held in place her chapel-length veil and she wore matching gloves. Her bouquet was of white carnations.

Mrs. Walter Jackson was her sister's matron of honor, and Mrs. Ronald Forsyth also attended the bride. They wore identical cocktail length gowns of pink nylon chiffon, fashioned with floating back panels. Each wore a matching pink bandeau and white accessories. They carried colonial bouquets.

Mrs. Sutton chose an afternoon frock of navy blue lace, accented with white accessories and a corsage of white feathered carnations.

The groom was attended by Mr. Jack Brandrick and Mr. William Kudrick. Ushers were Mr. Kenneth Saint and Mr. Reginald Lugg. Mrs. Lugg was soloist and Mrs. James Johnstone played the wedding music.

At a reception in the Orange Hall following the ceremony Mr. W. R. Cornish proposed a toast to the bride.

For travelling, the bride donned a two-piece suit of navy linen, topped with a navy coat and complemented with white accessories.

Mr. and Mrs. Cockle will make their home in Chailey and Mannville.

Sell More Uranium?

A possible solution to Canada's uranium - selling problems has been hinted at by the man who does the uranium buying for the U.S., or largest market, says Frank Kaplan in The Financial Post.

Briefly, the solution is this: Cut the price.

This is the interpretation placed on a carefully-worded explanation of the U.S. Atomic Energy Commission's uranium - buying policies given by Jesse C. Johnson, director of the raw materials division.

Alberta To Supply $70 Million For Capital Works Projects

EDMONTON — The Alberta government boasts about its debt-free status, but in the coming months it is going to assume indirect debt to the tune of approximately $70,000,000.

That's the amount the government-sponsored Alberta Municipal Financing Corporation expects to borrow on behalf of municipalities to finance capital works projects in the coming year.

Technically, it won't be provincial debt. But the government will guarantee the principal and interest so it is in effect a liability on the province. If the municipalities default on their repayments, the government would have to foot the bill.

The Municipal Financing Corporation was set up in 1957 when it appeared the government no longer had enough money to continue the policy, started in 1950, of making capital loans to municipalities out of surplus revenues. The idea was to borrow on the open money market at interest rates made as low as possible through provincial guarantee.

MFC operated only in 1957 on $35,000,000 invested in it by the government. In 1958 its operations were suspended — partly because the government didn't want to assume indirect debt, partly because interest rates were such that it wouldn't effect much of a saving.

As a result of the suspension, many municipalities were left to borrow on their own as done in all other Canadian provinces. When he announced the five-year plan last August, Premier Manning promised the MFC would be revived. Legislation was passed this year putting MFC back into business and increasing its borrowing powers.

On the basis of preliminary estimates from municipalities, the corporation will have to borrow $70,000,000. Negotiations are in progress now for the first $30,000,000. The remainder will come later.

A cabinet committee has been set up to decide how the government should spread $10,000,000 among Alberta municipalities next year.

Specifically, the committee's job is to map out details of the 1960 phase of the government's five-year plan. As outlined in the original announcement, the 1960 project will involve street paving in some 200 "major towns, villages and hamlets," and the establishment of recreational facilities such as swimming pools and parks in "strategic centres."

The spreading around of all this wealth is going to be a tricky job, and it will be interesting to see how the cabinet committee goes about it.

The supreme court of Alberta is being asked to rule on the validity of a bill passed at the recent session of the Legislature.

The bill is designed to provide a measure of protection for debtors. Under its provision, anyone struggling under a burden of personal debts may apply to the district court for a consolidation order.

When a consolidation order is in effect, the debtor would pay regularly amounts set by the court, and the court would distribute the money pro rata among the creditors. Once a consolidation order goes into effect, a creditor would be unable to slap a garnishee on the debtor's earnings.

The question the court must decide is whether the provincial bill (entitled the Orderly Repayment of Debts Act) conflicts with federal legislation concerning bankruptcy. If it does, the Alberta bill is beyond the power of the Legislature and would be ruled invalid.

An order-in-council was passed by the provincial cabinet this week referring the legislation to the appellate division of the Supreme Court. Some lawyer members of the Opposition questioned the validity of the bill when it was discussed in the Legislature. Premier Manning, as attorney-general, said at the same time there was some doubt about the matter.

A hearing on the question will probably be held soon.

Test Pilot Honored

Jan Zurakowski, former test pilot for Avro has been awarded the McKee trophy for his outstanding contribution to Canadian aviation. The trophy is awarded for meritorious service in the advancement of Canadian aviation. The emphasis is laid on performance throughout the year rather than on any single achievement. The ace pilot won the trophy for test-flying the Avro Arrow.

PARADISE VALLEY NEWS

CEREMONY MEETING OF THE 1st P. V. BROWNIE PACK

The first Paradise Valley Brownie pack held a ceremony meeting on Tuesday night at 7:30 p.m. There were about fifteen mothers in attendance and Mrs. Gillanders, Commissioner from Lloydminster was present. She enrolled five Brownies and presented one golden bar and three golden hands. The recruit Brownies enrolled were Gail Greenwood, Linda Shaw, Sandra Orbeck, Eleanor Davidson and Noreen Gallagher. The golden bar Brownie was Lillian Lever and the golden hand Brownies were Sharon Holgate and Valerie Teasdale and Doreen Stepanoff. A word of praise for work well done goes to the three girls receiving the golden hand awards. Congratulations girls, you have been good workers in your pack for a number of years and have surely earned the honor.

The commissioner gave a nice talk to the mothers on local associations and how very important guiding is to her. The Brownies then gave the Commissioner the grand howl and a special thank you to Mrs. Laber for bringing her to the meeting. Doughnuts and coffee were then served by the leaders and Sixers. The meeting closed with Taps.

On April 9 to April 11, the 30th annual meeting of the Girl Guide Association was held in Edmonton at the MacDonald Hotel. Mrs. Emil Knor, Brown Owl and Mrs. Donald Levitt, Tawny Owl attended this meeting and a great source of information was gained. The theme this year was "Years Ahead — Can We Count On You?" was carried throughout the conference. Mrs. Schlosser, the Provincial Commissioner assured all that we could count on them, so with the support of mothers and leadership, we at Paradise Valley hope to have successful "years ahead."

The 1st P. V. pack held a Bake Sale in Gunn's Store on Thursday, April 23. A thank you is extended from all the leaders to all who helped make this sale a success and to Mrs. Shirley Leighton for giving space in her store.

A very enjoyable afternoon and evening was spent at the home of Mrs. Henrietta Smith on April 9 when she celebrated her 80th birthday by having open house for her many friends. Many relatives and friends came from as far away as Lloydminster and Kitscoty, numbering over one hundred. A telegram was received from friends in Edmonton. Two beautiful bouquets of cut flowers were among the lovely gifts which she received. It will be a day long remembered by Mrs. Smith and we all wish her many more happy birthdays.

The P. V. W. A. met at the home of Mrs. L. Knutson on April 7 at 2:00 p.m. with Mrs. H. Deaville as co-hostess. Mrs. Gunn was in the chair and Mrs. Ball led in the devotions. The religious study was in the form of a skit, to study the congregation of the church, the various officers, their duties etc. The following ladies took part: Mrs. Thibodeau, Mrs. Deaville, Mrs. Venner, Mrs. Gordon, Mrs. Kragness and Mrs. Elliott. A motion was passed that meetings be held in the evenings at 8 o'clock for the busy summer months. The next meeting will be held on Wednesday, May 6 at the home of Mrs. P. Wolfe at 8:00 p.m. Mrs. E. Kragness will be co-hostess. Please note the change of day, as Tuesday conflicts with other activities this month. The strawberry tea was discussed and the date set for May 21st.

The 4-H Girls Home Decorating Sewing Club will hold their achievement day on Tuesday, May 5 in the High School Auditorium. The judging will take place from 6 to 8 p.m. by judges from the Department of Agriculture. Program will start at 8 o'clock. Everyone is welcome to this program so come and give your support and encourage this very worthwhile project.

To all Paradise Valley folks in hospital, we wish a speedy recovery.

Congratulations to Mr. and Mrs. George Guy on the birth of a daughter on April 21.

On Monday evening, April 20, a lovely shower was held in the basement of the Church of God, in honor of Miss Marilyn Adams whose wedding will take place in that church on April 25.

Mrs. Myrtle Fair visited at the home of Mrs. Gunn on Monday and Tuesday. She will be leaving Vermilion shortly for Matsqui, B.C., where she will make her home for some time with her son Robert and family. Another son, Rev. Lester Fair, now has a church in Minneapolis, where he and his family reside.

Mr. R. McElhinney spent a few days in the district. He reports the family all well and Mrs. Henderson well and active.

WHAT CAN I DO FOR YOU?
Your bank manager is easy to meet—and a good man to talk things over with. Not just because he knows a lot about banking, but because he can be counted on to apply that knowledge and experience to your particular need.
To him, banking is more than dollars and cents, more than figures in a ledger. To him, banking is the opportunity to work with people—through bank services to help with your problems, your hopes and plans.
That is what he has been trained to do. That is what he likes to do. You'll find he's a good man to know.
